THE BUDGET

The Wisconsin Department of Public Instruction requires school districts to account for expenditures and revenues in distinct separate funds based upon their specific purposes. The funds in use by the Wilmot Union High School District are as follows:

General Fund 10	Capital Expansion Fund 41
Special Revenue Fund 21	Capital Project Fund 49
Special Education Fund 27	Food Service Fund 50
Debt Service Fund 38	Community Service Fund 80
Debt Service Fund 39	Coop Program Fund 99

Every fund has its own revenues, expenditures, and fund balance. Since the purpose determines where revenues or expenditures are recorded, an example can be shown with lunch money received by the district. Since it is for the food service program, it would be recorded in Fund 50. The General Fund, or Fund 10, is the main operating budget of the district and far exceeds the budgets in the other funds.

The following is a review of the various funds:

➤ **General Fund 10**

The general fund is used to account for all financial transactions relating to the district's current operations, except for those required to be accounted for in other funds. Revenues will include the State general equalization aid and property taxes. The State has a revenue limit formula that establishes the maximum amount the District will receive from equalization aid and property taxes. A decrease in equalization aid will result in an increase in property taxes.

The major factor involved in the equalization aid and revenue limit formulas is student enrollment. The student enrollment figure is unknown until after the count is taken on the third Friday of September. This unknown delays the computation of the tax levy until October. This is when the tax levy can be finalized by the Board of Education.

➤ **Special Revenue Fund 21**

This fund is used to account for the proceeds of non-trust revenues of which the expenditures are limited to specified purposes related to district operations. The most common source of such funds is gifts and donations. There may be a fund balance in this fund.

➤ **Special Education Fund 27**

This fund is used to account for the excess cost of providing special education and related services for students with disabilities during the regular school year or extended school year. Also included are charges for services provided to other districts as a result of being a host district for a special education package or cooperative program. School Age Parent costs are also charged to this fund. No fund balance or deficit can exist in this fund.

➤ **Debt Service Fund 38**

This fund is used to account for transactions for the repayment of debt issues that were either: not authorized by school board resolution before August 12, 1993, or incurred without referendum approval after that date. A fund balance may exist in this fund. The current general obligation bonds and notes issued by the district are as follows:

2014 High School Energy Project (G.O. Obligation Bond)	\$3,560,000
--	-------------

➤ **Debt Service Fund 39**

This fund is used to account for transactions for the repayment of debt issues that were either: authorized by school board resolution before August 12, 1993, or approved by referendum. A fund balance may exist in this fund. The Debt Service fund has been established to account for the receipts of property taxes and expenditures of the principal and interest payments associated with district long-term borrowing. Outstanding long-term borrowing is based upon general obligation bonds and promissory notes. The current general obligation bonds and notes issued by the district are as follows:

2004 High School Addition (G.O. Obligation Bond)	\$39,900,000
--	--------------

➤ **Capital Expansion Fund 41**

Projects financed with tax levy per statute 120.10(10m). State statute restricts the use of this fund for capital expenditures related to buildings and sites. Equipment cannot be acquired through the use of this Fund. For the purpose of determining eligible expenditures from this Fund, the DPI defines “capital expenditures related to buildings and sites” as being expenditures for acquiring and remodeling buildings and sites, and maintenance or repair expenditures that extend or enhance the service life of buildings and building components, sites and site components.

➤ **Capital Project Fund 49**

This fund is used to report capital project fund activities. A fund balance may exist in this fund.

➤ **Food Service Fund 50**

All revenues and expenditures related to pupil food service activities are recorded in this fund. Any fund deficit at the end of the year must be eliminated through an operating transfer from the General Fund. Any fund balance must be retained for future use for Food Services. Wilmot Union High School District currently contracts with Taher, Inc. for the operation of their food service program. The District currently offers a food court hot lunch and breakfast program.

➤ **Community Service Fund 80**

This fund is used to account for activities such as adult education, community recreation programs such as evening swimming pool operation and softball leagues, elderly food service programs, non-special education preschool, day care services, and other programs which are not elementary and secondary

educational programs but have the primary function of serving the community. Actual, additional expenditures for these activities, includes salaries, benefits, travel, purchased services, etc. are to be included in this fund to the extent feasible. The district may adopt a separate tax levy for this Fund. Wis. Stats. § 120.13(19) permits a school board to establish and maintain community education, training, recreational, cultural or athletic programs and services, outside regular curricular and extracurricular programs for pupils, under such terms and conditions as the school board prescribes. The school board may establish and collect fees to cover all or part of the costs of such programs and services.

The school board must establish a Community Service Fund pursuant to Wis. Stats. § 120.13(19). A budget for the Community Service Fund must be adopted as required by Wis. Stats. § 65.90. Any tax necessary to operate the Community Service Fund is considered an "operation" levy subject to Wis. Stats. § 120.10(8) and Wis. Stats. § 120.12(3).

Access to Community Service Fund activities cannot be limited to pupils enrolled in the district's K-12 educational programs. Other funds, such as the General Fund and the Special Revenue Funds, carry out the day to day K-12 educational operations of the district. All activities associated with a well-rounded curriculum (curricular and extra-curricular activities) are to be accounted for in these funds and in pupil organization accounts contained in the Custodial Fund (Fund 21).

Excluded from a Community Service Fund are any academic subjects and extra-curricular activities available only to pupils enrolled in the district. Student activities such as inter-scholastic athletics and other extra-curricular activities, pupil clubs, dances, field trips, student seminars and symposiums also may not be funded through Community Service.

A school board may, under Wis. Stats. § 120.13(17), grant temporary use of school grounds, buildings, facilities or equipment, under conditions, including fees as determined by the school board. A Community Service Fund should not be established for providing access to district property for organizations such as youth, theater, and other groups not under the control of the school board unless the district is incurring additional direct cost that will not be recovered through fees, therefore requiring a tax levy subsidy.

➤ **Cooperative Fund 99**

This fund is to be used for all other types of cooperative instructional funds such as cooperative programs with other Districts. No fund balance or deficit can exist in this fund.
