I. INTRODUCTION

INTRODUCTORY STATEMENT

This Employee Handbook has been prepared for professional staff members including teachers, librarian media specialists, school psychologists, school counselors, and administrators. The provisions described herein are the terms and conditions governing employment in the Wilmot Union High School District and compliance with them is required.

This Employee Handbook is a collection of selected employment policies and administrative guidelines, as well as rules and regulations of Wilmot Union High School District ("District"). It has been prepared to inform all professional staff members with the policies and administrative guidelines, rules, and regulations that govern their employment in the District, and to provide for the orderly and efficient operation of the District.

It is each professional staff member's responsibility to read and become familiar with this information and to comply with the policies adopted by the Board and/or the administrative guidelines promulgated by the District Administrator that are available electronically on the District website, as well as the rules and regulations contained herein.

If you have questions regarding any of the Board policies and/or District Administrator's administrative guidelines, and/or the rules or regulations set forth in this Handbook, or about matters which are not covered, please direct them to your immediate supervisor.

DISCLAIMER STATEMENT

This Employee Handbook has been prepared for informational purposes only. None of the statements, policies and administrative guidelines, rules, or regulations contained herein constitutes a guarantee of employment, a guarantee of any other right or benefit, or a contract of employment, express or implied. All of the District's employees are employed, "at will", and employment is not for any definite period, unless otherwise provided by individual contract. Termination of employment may occur at any time, with or without notice, and with or without cause, at the option of the District or the employee. The District's professional staff members employed under individual contracts with the Board may be terminated or non-renewed consistent with the terms of the contract, applicable law and consistent with Board Policy.

Furthermore, any professional staff member who violates any of the terms and conditions of employment set forth in this Employee Handbook may be subject to disciplinary action in accordance with Policy 3139 – Staff Discipline and Policy 3140 – Non-Renewal, Resignation and Termination.

The provisions set forth in this Handbook may be altered, modified, changed, or eliminated at any time by the District, with or without notice. This Employee Handbook supersedes any and all previous handbooks, statements, policies and administrative guidelines, rules, or regulations given to employees, whether verbal or written.

STATEMENT OF PHILOSOPHY

The Board of Education believes that the purpose of education is to facilitate the development of the potential of each student. In a free society, every individual has both the right and responsibility to make choices and decisions for himself/herself and for society. A prerequisite for every member of such a society in meeting those responsibilities is competence in the use of the rational thought processes needed to make intelligent, ethical choices and decisions. If our society, as originally conceived, is to survive and function effectively, its young people need to be prepared to exercise their rights and their responsibilities in ways that benefit them and the society. Likewise, if individuals are to be able to achieve their life goals in a free society, they need to be competent to choose among the myriad alternatives that are and continue to be available to them.

The enculturation process in our society focuses on preparing the young to meet certain expectations and to avail themselves of opportunities to attain personal goals within that society. The District's program should reflect the formal aspect of the enculturation process, and, therefore, needs to focus on both the areas of societal expectations and personal opportunity available in our society.

With regard to societal expectations, people in this society are expected to:

A. be self-sufficient -- that is, to meet their own needs, to the extent they are able, in their own way and without inhibiting others' opportunity to do the same;

B. fulfill their responsibilities to contribute to the "common good" by actively participating in affairs affecting all members of society.

Today there is ample evidence that many students are not learning how to make effective, rational, responsible, or ethical choices or decisions in regard to how they treat their minds and bodies, how they plan their futures, how they cope with frustration, or how they solve personal, social, and economic problems.

The Board and staff believe that the thought and action process involved in taking intelligent, ethical action can be learned just as any other set of procedures can be learned, provided students are given consistent, appropriate opportunities to:

A. see the procedures modeled;

B. learn what the procedures are;

C. practice using the procedures and correct ineffective use of them;

D. apply the procedures to a variety of relevant situations.

The District is committed to ensuring adequate provision for such opportunities and to the applications of these processes to achieving the other educational goals associated with the District's mission.

CHAIN OF COMMAND – ORGANIZATIONAL CHART

The chain of command is the formal line of authority, communication, and responsibility within the District.

See Policy 3112 – Board-Staff Communications

II. EMPLOYMENT

EMPLOYEE CODE OF CONDUCT

The following is the Code of Conduct for Professional and Support Staff as adopted by the Board of Education in August of 2020.

Employees are representatives of the District, both in and out of the District. Employees are expected to model positive, effective behaviors and to adhere to the highest standards of their professions. To assist with the efficient operation of the Wilmot Union High School District and to ensure the safety and well-being of those at the District, the following rules of conduct are in force. The rules of conduct are not intended to restrict the legitimate rights and activities of employees, but rather are intended to help employees by defining and protecting the rights and safety of all persons working, attending, or visiting the District. Employees are expected to acquaint themselves with these rules as well as with other work rules specific to their department. The conduct defined below (and specific department work rules) will subject employees to corrective action, up to and including termination, depending upon the severity of the violation. The following list of general rules of conduct is by no means exhaustive and other conduct may subject an employee to discipline. Violations of policy include, but are not limited to:

- A. Falsification or unauthorized altering, deletion or omissions of records, employment applications, time sheets, time cards, work reports, departmental records, or other documents related to District operations.
- B. Unauthorized disclosure of confidential or privileged information.
- C. Unauthorized use and/or possession of intoxicating beverages, narcotics or drugs on District premises; or reporting to work under the influence of intoxicating beverages, narcotics or drugs; being in an unfit condition to work.
- D. Threatening, intimidating or harassing others in the workplace or on District premises.
- E. Carrying weapons onto District premises unless specifically preauthorized to do so.

- F. Behaving in an overtly discourteous, abusive or disrespectful manner toward a fellow employee, supervisor, student or any other member of the District community.
- G. Stealing, unauthorized removal, unauthorized use, loss, damage, or destruction of property belonging to the District, employees, students or visitors of the District.
- H. Refusal to follow a work directive, carry out assigned job duties or insubordination toward a manager, supervisor or management representative.
- I. Demonstrating any conduct or behavior which constitutes harassment, abuse or discrimination.
- J. Being tardy, leaving early or absent from work without permission or proper notification. Fraudulent requests for time off or fraudulent absence allegedly due to illness.
- K. Taking breaks at unauthorized times or places.
- L. Fighting, gambling, use of obscenities or abusive language on District premises.
- M. Violating or ignoring workplace safety and sanitary standards and expectations.
- N. Unauthorized or misuse of e-resources or District software.
- O. Any and all other standards of conduct which the District has established or reasonably has the right to expect in conducting its business.

The aforementioned list constitutes some, but not necessarily all, of the kinds of conduct that will result in disciplinary action, up to and including termination. The District reserves the right to determine the appropriate discipline, up to and including termination, based on the circumstances of the individual incident. This provision does not alter the at-will employment relationship and the District may terminate the employment relationship at any time.

NOTICE OF VIDEO SURVEILLANCE

The Board authorizes the use of video surveillance and electronic monitoring equipment at various school sites throughout the District and on school buses. Wherever the terms video surveillance or electronic monitoring are used, such reference includes both video and audio surveillance as possible technologies employed.

The District Administrator is responsible for determining where to install and operate fixed-location video surveillance/electronic monitoring equipment in the District. The determination of where and when to use video surveillance/electronic monitoring equipment will be made in a nondiscriminatory manner. Video surveillance/electronic monitoring equipment may be placed in common areas in school buildings (e.g. school hallways, entryways, the front office where students, employees and visitors are permitted to freely come and go, gymnasiums, cafeterias, libraries), the school parking lots and other outside areas, and in school buses. Except in extraordinary circumstances and with the written authorization of the District Administrator, video surveillance/electronic monitoring equipment shall not be used in areas where persons have a reasonable expectation of privacy (e.g. restrooms, locker rooms, changing areas, private offices (unless there is express consent given by the office occupant), or conference/meeting rooms), or in individual classrooms during instructional times.

Any person who takes action to block, move, or alter the location and/or viewing angle of a video camera shall be subject to disciplinary action.

Legible and visible signs will be placed at the main entrance to buildings and in the areas where video surveillance/electronic monitoring equipment is in use to notify people that their actions/behavior are subject to being monitored/recorded, which may include video and audio recording or both.

The Board will not place video surveillance/electronic monitoring equipment for the purpose of obtaining information for routine staff appraisal/evaluation or monitoring; however, video footage captured in the normal course of surveillance which shows information pertinent to staff performance or conduct may be used for that purpose.

See Policy 7440.01 – Video Surveillance and Electronic Monitoring

The grievance process is included in Policy 2266 – Nondiscrimination on the Basis of Sex in Education Programs or Activities. The grievance process specifically addresses how to report or file a complaint of sex discrimination, how to report or file a formal complaint of Sexual Harassment, and how the District will respond.

See Policy 2266 – Nondiscrimination on the Basis of Sex in Education Programs or Activities

SECTION 504/ADA PROHIBITION AGAINST DISCRIMINATION BASED ON DISABILITY

Pursuant to Section 504 of the Rehabilitation Act of 1973 ("Section 504"), the Americans with Disabilities Act of 1990, as amended ("ADA"), and the implementing regulations (collectively "Section 504/ADA"), no otherwise qualified individual with a disability shall, solely by reason of his/her disability, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. The Board does not discriminate in admission or access to, or participation in, or treatment in its programs or activities. As such, the Board's policies and practices will not discriminate against students with disabilities and will make accessible to qualified individuals with disabilities its facilities, programs, and activities. No discrimination will be knowingly permitted against any individual with a disability on the sole basis of that disability in any of the programs, activities, policies, and/or practices in the District.

EQUAL EMPLOYMENT OPPORTUNITY

The Board does not discriminate in the employment of professional staff on the basis of any characteristic protected under State or Federal law including, but not limited to: race, color, age, creed or religion, genetic information, handicap or disability, marital status, citizenship status, veteran status, military service (as defined in Section 111.32, Wisconsin Statutes), sexual orientation, national origin, ancestry, arrest record, conviction record, use or non-use of lawful products off the District's premises during non-working hours, or declining to attend an employer-sponsored meeting or to participate in any communication with the employer about religious matters or political matters or any other characteristic protected by law in its employment practices.

Reasonable accommodations shall be made for qualified individuals with a disability, unless such accommodations would impose an undue hardship on the District. A reasonable accommodation is a change or adjustment to job duties or work environment that permits a qualified applicant or employee with a disability to perform the essential functions of a position or enjoy the benefits and privileges of employment compared to those enjoyed by employees without disabilities.

Requests for accommodations under the Americans with Disabilities Act or under the Wisconsin Fair Employment Act from current employees must be made in writing in accordance with District policy. (Policy 3122 - Nondiscrimination and Equal Employment Opportunity)

If the professional staff member has questions regarding Equal Employment Opportunity or how to file a complaint regarding equal employment (s)he should contact the district Compliance Officers.

ANTI-HARASSMENT POLICY

The Board is committed to a work environment that is free of harassment of any form. The Board will not tolerate any form of harassment and will take all necessary and appropriate action to eliminate it. Any member of the School District community who violates this policy will be subject to disciplinary action, up to and including termination of employment. Additionally, appropriate action will be taken to stop and otherwise deal with any third party who engages in harassment against our employees.

For purposes of anti-harassment, "School District community" means individuals subject to the control and supervision of the Board including, but not limited to, students, teachers, staff, volunteers, and Board members. "Third party" means individuals outside the School District community who participate in school activities and events authorized by the Board including, but not limited to, visiting speakers, participants on opposing athletic teams, and vendors doing

business with, or seeking to do business with, the District.

Harassment consists of unwelcome conduct, whether verbal, physical, or visual, that is based on a person's protected status, such as sex, color, race, ancestry, creed, religion, genetic information, national origin, age, handicap, disability, marital status, veteran status, citizenship status, sexual orientation, arrest record, conviction record, or other protected group status, which affects tangible job benefits, interferes unreasonably with an individual's work performance, or creates an intimidating, hostile, or offensive working environment. Harassment may occur employee-to-employee, employee-to-student, male-to-female, female-to-male, male-to-male, or female-to-female.

The Board will investigate all allegations of harassment and in those cases where harassment is substantiated, the Board will take immediate steps calculated to end the harassment, prevent its recurrence, and, if applicable, remedy its effects. Individuals who are found to have engaged in harassment will be subject to appropriate disciplinary action.

JOB DESCRIPTIONS

The Board recognizes that it is essential for purposes of accountability that each professional staff member is fully aware of the duties and responsibilities of his/her position. Job descriptions document and describe the essential functions for professional staff positions and thereby promote organizational effectiveness and efficiency.

For more information regarding job descriptions, professional staff members shall refer to Policy 3120.01 – Job Descriptions. Further, if a copy of a job description is required or desired, the professional staff member shall ask their immediate supervisor or go to the District office and request a duplicate copy.

HIRING OF RELATIVES (NEPOTISM)

The District has established clear rules regarding the employment of relatives (nepotism) that can be found in:

See Policy 3120 - Employment of Professional Staff

IMMIGRATION REFORM ACT COMPLIANCE

The District complies with the provisions of the Federal Immigration Reform and Control Act of 1986, including, but not limited to, requiring verification of authorization to accept employment in the United States from all employees.

For more information regarding this compliance, please refer to the following:

See Policy 3111 - Creating a Position

See AG 3111B – Verification of Employment Eligibility

CONFLICT OF INTEREST

The proper performance of school business is dependent upon the maintenance of unusually high standards of honesty, integrity, impartiality, and professional conduct by Board members and the District's employees, officers, and agents is essential to the Board's commitment to earn and keep the public's confidence in the School District. Thus, professional staff members are expected to maintain high standards of honesty, integrity, impartiality, and professional conduct. Further, professional staff members are expected to perform their duties in a manner free from conflict of interest pursuant to Section 19.59 Wisconsin Statutes.

See Policy 1130 - Ethics and Conflict of Interest

See Policy 3230 – Ethics and Conflict of Interest

OUTSIDE ACTIVITIES OF PROFESSIONAL STAFF

The Board expects professional staff members to avoid situations in which their personal interests, activities, and associations may conflict with the interests of the District. If such situations threaten a staff member's effectiveness within the School District, the District

Administrator shall evaluate the impact of such interest, activity, or association upon the professional staff member's responsibilities. Staff members are expected to notify the District Administrator of their involvement in any outside organization, association, or the like if the staff member identifies him or herself as a staff member of the District as part of his/her involvement, or if the staff member will receive compensation for any outside activities (refer also to Policy 3230 - Conflict of Interest).

For more information regarding the Board's expectations concerning interests, activities or associations that may conflict with the interests of the District, professional staff members should review the following:

See Policy 3231 - Outside Activities of Staff

COMMUNICATIONS AND SUGGESTIONS

The Board desires to maintain open channels of communication between itself and the staff. The basic line of communication will, however, be through the District Administrator.

A. Staff Communications to the Board

All personnel shall refer matters requiring administrative action to the administrator immediately in charge of the area in which the problem arises. The administrator shall refer such matters to the next higher authority when necessary. All employees shall have the right to appeal any decision made by an administrator to the next higher authority and through appropriate successive steps to the Board.

All communications from staff members to the Board or its committees shall be submitted through the District Administrator. This procedure is not intended to deny any staff member the right to appeal to the Board on important matters through established procedures.

If any matter is not resolved in the above procedures, a written appeal may be made directly to the President of the Board.

B. Board Communications to Staff

All official communications, policies, and directives of the Board of staff interest and concern to the staff will be communicated through the District Administrator, who shall also keep staff members fully informed of the Board's problems, concerns, and actions. Board member communications with staff shall also be consistent with the expectations in Board Bylaw 0144.5 - Board Member Behavior and Code of Conduct.

C. Social Interaction

Both staff and Board members share a keen interest in the schools and in education generally, and it is to be expected that when they meet at social affairs and other functions, they will informally discuss such matters as educational trends, issues, and innovations, and general activities of the District. However, since individual Board members have no special authority except when they are convened at a legal meeting of the Board or vested with special authority by Board action, discussions between staff and Board members of personalities or personnel grievances will be considered to be unethical conduct.

D. Request for Information

During strategic planning, program evaluations or updates, the Board may call upon staff for their professional opinion or feedback about their experience. Staff are encouraged to be forthcoming with their feedback. There will be no threat of retaliation from the board for staff assistance in improving school systems or programs.

See Policy 3112 - Board-Staff Communication.

POLITICAL ACTIVITIES

Employees may exercise the rights and privileges of any citizen in matters of a political nature consistent with the following restrictions:

- A. No school employee shall, during hours for which pay is received, use any time for the solicitation, promotion, election, or defeat of any referendum, candidate for public office, legislation, or political action.
- B. No school employee shall use in any way the classrooms, buildings, or pupils for the purpose of solicitation, promotion, election, or defeat of any referendum, candidate for public office, legislation, or political action.
- C. No school employee shall make use of school equipment or materials for the purpose of solicitation, promotion, election, or defeat of any referendum, candidate for public office, legislation, or political action.

Further, it is the intention of the Board to regulate political activities on all Board owned or used property, within all school buildings and at all school sponsored activities.

See Policy 3231 – Outside Activities of Staff

See AG 3231A – Participation in Political Activities

STAFF ETHICS

An effective educational program requires the services of men and women of integrity, high ideals, and human understanding. To maintain and promote these essentials, the Board of Education expects all professional staff members to maintain high standards in their working relationships, and in the performance of their professional duties, to:

- A. recognize basic dignities of all individuals with whom they interact in the performance of duties;
- B. represent accurately their qualifications;
- C. exercise due care to protect the mental and physical safety of students, colleagues, and subordinates;
- D. seek and apply the knowledge and skills appropriate to assigned responsibilities;
- E. keep in confidence legally-confidential information as they may secure;
- F. ensure that their actions or those of another on their behalf are not made with specific intent of advancing private economic interests;
- G. avoid accepting anything of value offered by another for the purpose of influencing judgment;
- H. adhere to the policies of the Board;
- I. refrain from using position or public property, or permitting another person to use an employee's position or public property for partisan political or religious purposes. This will in no way limit constitutionally or legally protected rights as a citizen.

See Policy 3210 – Staff Ethics

UNAUTHORIZED WORK STOPPAGE

The Board is obligated and committed to provide certain basic services to students participating in District programs.

Recognizing the fact that the District, for various reasons, could experience an unauthorized work stoppage, the Board remains committed to providing educational and related services.

Professional staff members who fail to perform their normal duties when so required as part of a concerted unauthorized work stoppage will be subject to loss of pay and fringe benefits, including paid insurance coverage, as well as disciplinary measures in accordance with the laws of the State.

See Policy 3531 - Unauthorized Work Stoppage

CROWDFUNDING

Crowdfunding activities aimed at raising funds for a specific classroom or school activity, including extra-curricular activity, or to obtain supplemental resources (e.g., supplies or equipment) that are not required to provide a free, appropriate, public education to any students in the classroom may be permitted, but only with the specific approval of the Principal or Athletic/Activities Director.

See Policy 6605 – Crowdfunding

FRAUD

The Board is committed to protecting the financial assets of the District. Fraudulent behavior by School District employees, any contracted entity, or other individual will not be tolerated.

Fraudulent behavior includes, but is not limited to, theft, embezzlement, lying or providing false information to obtain a material benefit, including falsification of employee time records or other manipulation of time records to obtain compensation for time not worked, purchasing property for personal use with School Board funds, and inappropriate personal use of School Board property.

All employees have an obligation to report fraud to their supervisor or directly to the District Administrator, or to the Board President when a fraud report concerns the District Administrator. The failure to report known fraudulent actions or actions that reasonably appear to be fraudulent may be grounds for discipline.

See Policy 8900 - Fraud

III. EMPLOYMENT STATUS AND RECORDS

EMPLOYMENT CATEGORIES

All employees other than the District Administrator or Support Staff Members are considered Professional Staff Members.

See By-Law – 0100 - Definitions

PERSONNEL FILES

An employee shall have the right, upon request and consistent with the timelines and content limitations specified in state law, to review the contents of his/her personnel file, at least two times per calendar year, while in the presence of the administrator or his designee. The employee shall be entitled to have a representative accompany him/her during such review. This examination must be accomplished in the presence of the person officially charged by the District Administrator with custody of those files.

See Policy 8320 – Personnel Records and State law.

PERSONNEL FILE RECORD CORRECTION

If there is any disagreement with the content or information contained in an employee's personnel record, the employee will follow the process established in Policy 8320 – Personnel

Records to either have a correction made to the information in question, or to have the content in question removed from the file.

PERFORMANCE EVALUATION

The District Administrator has established and will implement a program of staff evaluation.

The Board is responsible for the employment of all personnel. To carry out this responsibility, it delegates to the District Administrator the function of developing professional staff job descriptions for Board approval in accordance with Policy 3120.01 - Job Descriptions. The District Administrator is responsible for implementing approved job descriptions, a program of personnel assessment that identifies specific criteria and a systematic procedure to evaluate staff. This procedure shall include an appropriate and approved Educator Effectiveness program for the evaluation of teachers and principals in the District.

It is the purpose of the program of staff assessment to:

- A. strive for the improvement of the total District program;
- B. stress the importance of personal improvement on the part of individual professional staff members so that each student may be provided a quality education;
- C. ensure the continuous improvement of administrative and supervisory services provided by professional staff members.

The staff evaluation program shall aim at the early identification of specific areas in which the individual professional staff member needs help so that appropriate assistance may be provided or arranged for. A supervisor offering suggestions for improvement to a professional staff member shall not release that professional staff member from the responsibility to improve. If a professional staff member after receiving a reasonable degree of assistance fails to perform his/her assigned responsibilities in a satisfactory manner, dismissal, or non-renewal procedures may be invoked. In such an instance, all relevant evaluation documents may be used in the proceedings.

A professional staff member shall be given a copy of any documents relating to his/her performance that will be placed in the personnel file.

Licensed Teachers

Evaluations shall be conducted in the first three (3) years of employment and at least every third year thereafter, or more frequently as determined by the administration or the protocols of the Educator Effectiveness program adopted and used by the Board. Pursuant to Wisconsin's Educator Effectiveness law, the Board delegates to the District Administrator the task of

selecting and implementing an approved Educator Effectiveness program such that the District is in compliance with State law.

Evaluations shall be conducted based on the model in place at the time and consistent with applicable State law, and the District's guidelines.

The administration is authorized to implement additional evaluation procedures for specific personnel in need of additional or alternative evaluation in addition to the educator effectiveness program. A positive rating from the educator effectiveness model does not necessarily preclude the District from taking adverse employment action towards an employee for other performance or conduct related reasons, or from implementing remedial or performance improvement measures.

Licensed Administrators

Evaluations shall be conducted, at a minimum, annually.

See Policy 3220 - Staff Evaluation and Educator Effectiveness

See AG 3220A - Evaluation of Staff

See AG 3130 - Assignment and Transfer of Professional Staff

REDUCTION IN STAFF

It is the responsibility of the Board to provide the staff necessary for the implementation of the educational program of the District and the operation of the schools and to do so efficiently and economically.

The Board reserves the right to abolish positions in the District and to reduce the staff whenever reasons of decreased enrollment of students, return to duty of regular professional staff members after leaves of absence, suspension of schools or territorial changes affecting the District, or other circumstances warrant.

Where appropriate, attrition may be used to achieve the necessary number of position reductions.

Selection of staff for reduction once positions have been identified will be based on the following considerations:

- A. qualifications of the employees being considered for reduction
- B. performance of employees, based on performance evaluations
- C. input from direct supervisors

The District Administrator shall determine the appropriate employees for reduction considering all factors that s/he deems important and in the best interests of the District.

No employee whose position has been eliminated shall have any right to be contacted by the District in the event that a vacancy opens in the future for which the laid off employee may be qualified. Likewise, no such employee is entitled to a future position or is provided any preference over other applicants. Any employee whose position was eliminated under this policy may file a grievance under Policy 3340. Staff whose employment ended with the District due to a reduction in force, shall not be prevented from applying for future positions with the District.

See Policy 3131 – Reduction in Staff

See AG3131 - Reduction in Staff

The Board provides a competitive and comprehensive package of benefits to its employees. The Board retains the final authority to establish, modify, rescind, add or in any way affect employee benefits. Annually, in conjunction with the budget process, the anticipated share cost of all employee benefits, specifying both the employee and employer share shall be approved through Board action.

Leave taken for this purpose is unpaid, however, an employee is eligible to substitute available accrued paid leave for all or some of the leave taken under this policy. An employee must provide as much advance notice as possible so as not to unduly disrupt the District's operations. The employee will be returned to the same position upon return or if that position is no longer available an equivalent position and shall not lose any benefits during leave, including the right to continue health insurance coverage as provided for in the District's FMLA policy, Policy 3430.01.

Leave for voting is provided on an unpaid basis. However, the District Administrator may approve the leave with pay or allow the employee to substitute paid leave for the unpaid Election Day leave. Staff members may not be penalized for using voting leave.

Election Day Official

The District Administrator shall approve a one (1) day unpaid leave of absence for any staff member who is appointed to serve as an election official, provided the staff member has given the District at least seven (7) days' notice of the leave. V. WORKING CONDITIONS AND HOURS OF WORK

DRESS CODE

The Board of Education believes that professional staff members set an example in dress and grooming for their students to follow. A professional staff member who understands this precept and adheres to it enlarges the importance of his/her task, presents an image of dignity, and encourages respect for authority. These factors act in a positive manner toward the maintenance of discipline.

The Board retains the authority to specify the following dress and grooming guidelines for staff that will prevent such matters from having an adverse impact on the educational process. When assigned to District duty, all professional staff members shall:

- A. be physically clean, neat, and well groomed;
- B. dress in a manner consistent with their professional responsibilities;
- C. dress in a manner that communicates to students a pride in personal appearance;
- D. be groomed in such a way that their hair style or dress does not disrupt the educational process nor cause a health or safety hazard.

ATTENDANCE AND REPORTING ABSENCES

The District expects all employees to assume responsibility for their attendance and punctuality as an integral part of their employment. Regular attendance is expected of every employee. Punctuality means that each employee is to be at their work station ready to work at the designated times. Employees should recognize that absences are disruptive to the work environment and decrease productivity and employee morale. Staff should realize that they are obligated not to make commitments during the day that may be scheduled at an alternative time. Should an employee be unable to work because of illness, injury or any other reason, he/she is required to notify his/her immediate supervisor as far in advance as possible, but no later than a half-hour before the normal starting time on each day of absence. The District may require evidence to support a sick leave claim. Teachers or Education Assistants requiring a substitute should use the AESOP link through Skyward to enter their absence by 6:00 a.m. or earlier. Some departments may require additional notification procedures for unplanned absences. All employees requesting planned days off from work need to enter time off requests into Skyward for his/her supervisor's approval. See your supervisor for specific departmental requirements. Staff requesting professional leave should complete the Professional

Meeting/Visitation Request form (Form 3243 F1). Employees who are absent or tardy are subject to corrective counseling and, when appropriate, disciplinary action. In cases where absence has been for three or more consecutive work days due to illness, an employee may be requested to bring a physician's release before being allowed to return to work. Absences of three consecutive days without proper notification and approval will be construed as job abandonment and will constitute the employee's resignation from the District without proper notice.

TEACHER ABSENCES

Teacher absences that require a substitute for any time period must utilize Skyward. If there is a pre-arranged absence such as a personal day, professional development day, approved field-trip, etc., teachers must follow the procedures for approval, notify the designated high school office personnel, and enter the time into Skyward (checking the box for "sub needed"). Please note that if a staff member has a sudden illness or family emergency during the day and it requires their immediate absence, the teacher must inform his/her department supervisor (administrator). In-house absences will be coordinated by the designated high school office personnel.

PERSONAL COMMUNICATION DEVICES

Use of personal communication devices ("PCD") (as defined in Bylaw 0100) has become pervasive in the workplace. Whether the PCD is Board-owned and assigned to a specific employee or school official or personally-owned by the employee or school official (regardless of whether the Board pays the employee or school official an allowance for his/her use of the device, the Board reimburses the employee or school official on a per use basis for their business-related use of his/her PCD, or the employee or school official receives no remuneration for his/her use of a personally-owned PCD, the employee or school official is responsible for using the device in a safe and appropriate manner and in accordance with District policy and its accompanying guideline, as well as other pertinent Board policies and guidelines.

Professional staff are subject to all applicable policies and guidelines pertaining to protection of the security, integrity, and availability of the data stored on a PCD regardless of whether they are Board-owned and assigned to a specific employee or personally-owned by the employee.

Communications, including text messages, instant messages, and e-mails sent and/or received by a professional staff member on his/her PCD, that are public records or student records are subject to retention and disclosure, upon request, in accordance with Policy 8310 - Public Records. Cellular/Wireless communications that are student records should be maintained pursuant to Policy 8330 - Student Records.

See Policy 7530.02 – Staff and School Officials Use of Personal Communication Devices

See Policy 7530 – Lending of District-Owned Equipment

[X] USE OF PERSONAL PROPERTY AT SCHOOL

Employees may wish to bring personal property to school either for reasons associated with their professional responsibilities or for use during off-duty time. This practice is authorized provided it is understood that the District will not be responsible for any loss, damage, or misuse of such property.

See Policy 3281 – Personal Property of Staff Members

EMERGENCY CLOSINGS

The District Administrator/designee may close the schools, delay the opening of school, or dismiss school early when such alteration in the regular session is required for the protection of the health and safety of students and staff members.

The District Administrator shall have the authority to determine which school-related activities may be conducted if the school is closed for a period of time.

The District Administrator may also mandate staff and/or faculty to report for duty, despite students not having to report. An example of this would be school closing on a day due to extreme cold or wind chills.

See Policy 8220 – School Day

TRAVEL EXPENSES

The Board of Education may provide for the payment of the actual and necessary expenses, including travel expenses, of any professional staff member that is incurred in the course of performing services for the District, whether within or outside the District, under the direction of the Board and in accordance with the guidelines established by the District Administrator .

See Policy 3440 – Job-Related Expenses

See AG 3440A – Job-Related Expenses

See AG 3440B – Use of Private Car for School Business

USE OF ESSENTIAL OILS

All staff wishing to use essential oils in the school must seek prior approval from the Building Principal.

CALL-BACK NIGHTS

At times, it is necessary for professional staff to be called back to work for evening events. Examples include, but are not limited to, back-to-school night, parent-teacher conferences, open house, etc. Professional staff members shall be given at least two weeks notice before a call-back night. Call-back nights are considered professional obligations and as such, will not result in additional compensation for professional staff members. If a professional staff member does not attend a call-back night for reasons other than professional leave, sick leave, and other leaves defined in Policy 3431 - Employee Leaves, then personal time must be used. The District Administrator will strive to limit call-back nights to only the most important district events.

VI. SAFETY AND HEALTH

USE OF TOBACCO

The Board recognizes that the use of tobacco products, as well as other nicotine delivery systems, such as electronic smoking devices, are a health, safety, and environmental hazard for students, staff, visitors, and school facilities. The Board is acutely aware of the serious health risks associated with the use of these products, both to users and non-users, and that their use or promotion on school grounds and at off-campus school-sponsored events is detrimental to the health and safety of students, staff, and visitors. The Board also believes accepting tobacco industry gifts or materials will send an inconsistent message to students, staff, and visitors.

It shall be a violation of this policy for any professional staff of the District to use, consume, display, promote, or sell any tobacco products, tobacco industry brand, tobacco-related devices, imitation tobacco products, or electronic smoking or vaping devices, regardless of content, at any time on school property or at off-campus, school-sponsored events.

See Policy 3215 – Use of Tobacco and Nicotine by Professional Staff

PERSONAL PROTECTIVE EQUIPMENT

The District Administrator may incorporate requirements for the use of Personal Protective Equipment (PPE) which may include requirements that all school staff, volunteers, and visitors (including vendors) wear appropriate face masks/coverings inside District buildings and/or outside on school grounds unless it is unsafe to do so or where doing so would significantly interfere with the District's educational or operational processes. Individuals with valid medical reasons for not wearing a face covering may be exempted from this requirement, as determined by the District Administrator.

See Policy 8450.01 – Personal Protective Equipment During Pandemic/Epidemic Events

TRAINING

Professional staff members for whom training in the following areas is deemed necessary and appropriate, shall be trained in:

- A. the use of automated external defibrillators (Policy 8452 – Automated External Defibrillators),
- B. the control of blood borne pathogens (Policy 8453.01 - Control of Blood-Borne Pathogens)
- C. the control of casual-contact communicable diseases (Policy 8450 –Control of Casual Contact Communicable Diseases), and
- D. understanding the method of transmission and prevention of diseases that are direct contact communicable diseases (Policy 8453 – Direct Contact Communicable Diseases).

REPORTING WORK RELATED INJURY

Any accident that results in an injury, however slight, to an employee of the Board, must be reported promptly and in writing to the District Office in compliance with Policy 8442 – Reporting Accidents. The injured employee shall complete a form that includes the date, time and place of the incident; the names of persons involved; the nature of the injury to the extent that it is known; and a description of all relevant circumstances.

In the event an employee has suffered an injury or illness in the course and scope of employment that limits him/her from returning to work at full-duty status, the District may offer you temporary light duty assignments during your healing period, consistent with the restrictions prescribed by your medical provider.

In such circumstances, it is the employees' responsibility to keep the District informed as to the status of the restrictions and any changes to them. The District will assign employee tasks consistent with medical provider restrictions, but it is the employee's responsibility to notify his/her supervisor if the tasks assigned cause him/her further pain, discomfort, or injury. Moreover, the restrictions prescribed by the medical provider are not limited to the workplace. The District expects employees to follow all such restrictions during the period of convalescence and healing, whether at work or away from work. If the District learns that the employee has engaged in conduct at or away from the workplace that conflicts with the prescribed restrictions, such information will be reported to the District's Workers' Compensation carrier, if appropriate.

REPORTING OF SUSPECTED CHILD ABUSE OR NEGLECT

Each District employee who has reasonable cause to suspect child abuse or neglect has occurred or is occurring, or has reasonable cause to believe a child has been threatened with abuse or neglect and that abuse or neglect is likely to occur shall be responsible for reporting immediately every case, whether verified or suspected, the circumstances giving rise to the reasonable cause.

Reporting is mandatory even if the staff member has reason to believe that the abuse or neglect occurred, but is no longer occurring (for example, the child is no longer living with the suspected abuser). Staff members should make reports based on reasonable cause to suspect abuse or neglect and are not permitted to first investigate the circumstances in an effort to verify abuse or neglect. This can cause a loss of time and jeopardize law enforcement or social services investigations into child welfare concerns.

See Policy 8462 – Child Abuse and Neglect

REPORTING – THREATS OF VIOLENCE

An employee, regardless of position, shall immediately inform, by telephone or personally, a law enforcement agency of the facts and circumstances contributing to the belief that there is a serious and imminent threat to the health or safety of a student or school employee or the public. The report shall contain detailed information concerning the nature of the threat. The staff member shall cooperate fully with law enforcement. When such a report is made, the staff member shall also inform the building administrator or District Administrator, as well as the School Resource Officer, if available. If a threat is reported to the building administrator, s/he shall immediately notify the District Administrator and coordinate the District's coordination with law enforcement, students, and parents as the circumstances require.

See Policy 8462.01 – Threats of Violence

THREATENING BEHAVIOR TOWARD STAFF MEMBERS

The Board believes that a staff member should be able to work in an environment free of threatening speech or actions.

Threatening behavior consisting of any words or deeds that intimidate, or are intended to intimidate, a staff member or are reasonably likely to cause concern for his/her physical and/or psychological well-being is strictly forbidden. Such actions by any student, parent, visitor, staff member, Board member, contractor, or agent of the Board is prohibited, and the Board authorizes appropriate corrective and remedial action including disciplinary action where appropriate, referral to law enforcement, or pursuit of other remedies, including injunctive relief if appropriate. This policy should be read consistent with, and in conjunction with, school safety and the mandatory reporting of threats of violence in Policy 8462.01 - Threats of Violence.

See Policy 3362.01 – Threatening Behavior Toward Staff members

WEAPONS

Concealed Carry Permit Holders

Nothing in this policy prohibits an employee with a properly issued permit to carry a concealed weapon from exercising his/her rights consistent with Wisconsin's concealed carry law and the State and Federal gun free school zones laws. However, a staff member who is the holder of a concealed carry permit license issued or recognized by the State of Wisconsin may not, by virtue of Wis. Stat. 948.605(2)(b)1r, possess a concealed weapon anywhere in or on school grounds, including parking areas.

All users of District technology resources are required to confirm their agreement to abide by the terms and conditions of Policy 7540.04 and its accompanying during the Employee Handbook receipt and acceptance process.

The due process rights of all users will be respected in the event there is a suspicion of inappropriate use of the Network. Users have a limited privacy expectation in the content of their personal files and records of their online activity while on the Network.

EMAIL

The Board is committed to the effective use of electronic mail ("e-mail") by all District staff and Board members in the conduct of their official duties. When available, the District's e-mail system must be used by employees for any official District e-mail communications.

Employees are required to keep their inbox and folders organized by regularly reviewing e-mail messages, appropriately saving e-mails that constitute a public record or student record and e-mails that are subject to a litigation hold, and purging all other emails that have been read.

The District complies with all Federal and State laws pertaining to electronic mail. Accordingly, e-mails written by or sent to District employees may be public records, or education records if their content includes personally identifiable information about a student. E-mails that are public records are subject to retention and disclosure, upon request, in accordance with Policy 8310 – Public Records.

The District retains the right to monitor or access any District e-mail accounts at any time. Users should not expect that their communications sent or received through the District e-mail system will remain confidential and personal.

The District neither encourages or discourages employees’ use of social media for personal purposes. The District regulates employees’ use of social media for purposes related to their District assignment to the same extent as it regulates any other form of employee communication in that regard.

Employees are permitted to use District technology resources (as defined in Bylaw 0100) to access social media for personal use during work hours, provided it does not interfere with the employee's job performance.

They are reminded that the District may monitor their use of District technology resources.

Staff members are expressly prohibited from posting any picture, video, meme, or other visual depiction or comment pertaining to any student on personal or unauthorized social networking media or similar forums.

See Policy 3213 – Staff Supervision and Welfare

See Policy 7544 – Social Media

VIII. EMPLOYEE CONDUCT AND DISCIPLINARY ACTION

STAFF DISCIPLINE

The Board retains the right and the responsibility to manage the workforce. When the discipline of a staff member becomes necessary, such action shall be consistent with the requirements of any applicable Board policy, and State and Federal law. The District Administrator may issue discipline when s/he deems appropriate; however, student performance on examinations may not form the basis for staff discipline.

Investigation of Possible Criminal Activity

The District may be required to investigate potential wrongdoings on the part of its employees. Such investigations may require that the employee answer questions relating to the activity. Employees may be required to answer such questions. Failure to cooperate in an investigation may result in discipline, up to and including termination of the employee. In cases where this possible wrongdoing may involve criminal activity, the District shall inform the employee that answers to questions relating to the employee's conduct may be used by the District for determining appropriate discipline, but will not be provided to law enforcement officials in the course of their independent criminal investigation, unless otherwise required by law. Employees must also be informed that refusal to answer questions may be considered in determining discipline.

Staff may be disciplined for violations of Board policy or for other failures to meet the expectations and obligations of their position. No staff member may be subject to arbitrary or capricious disciplinary action, or disciplinary action that is otherwise in violation of law or public policy.

The District Administrator may issue discipline to staff members when s/he deems appropriate. The level of discipline may range from oral reprimands to suspension or termination consistent with the process established for termination as set forth in Policy 3140 - Non-Renewal, Resignation, and Termination. The level of discipline shall be consistent with the seriousness of the offense as determined by the District Administrator.

Management efforts engaged to improve an employee's job performance or address specific performance concerns, including letters of direction, performance improvement plans, mandatory training, etc., are not disciplinary in nature and are not subject to this policy or to Policy 3340 - Grievance Procedure.

All instances of staff discipline are subject to the employee grievance procedure, set forth in Policy 3340 - Grievance Procedure.

NON-RENEWAL, RESIGNATION, AND TERMINATION

A critical function of the Board is maintaining personnel necessary to carry out the District's educational program and mission. In the course of carrying out this function, the Board will at times find it necessary to end an employment relationship with a member of the professional staff. This policy governs the process of non-renewal and termination of employees, as well as the conditions under which a resignation may be accepted.

Full-Time Teachers

All full-time teachers are required to be under contract with the District. A full-time teacher's employment contract is automatically void and employment ended if the teacher does not have an appropriate teaching license issued by the DPI. Otherwise, a full-time teacher's employment shall be subject to non-renewal, termination, or resignation as follows:

A. Non-Renewal

In the event that the District Administrator intends to recommend the non-renewal of a full-time teacher's contract, all applicable statutory non-renewal procedures and timelines will apply, including both preliminary and final notice of non-renewal. No teacher may be non-renewed solely on the basis of the results of mandatory student examinations. The District Administrator shall be responsible for notifying the affected teacher of his/her rights relative to the non-renewal process.

Teacher contracts may be non-renewed upon a majority vote of the full membership of the Board.

B. Termination

A full-time teacher's contract may be terminated only by a majority vote of the full membership of the Board. The District Administrator shall, if deemed appropriate, recommend a teacher's termination to the Board. The District Administrator is responsible for providing the teacher with appropriate notice regarding the hearing and for taking the necessary steps to present any such recommendation to the Board.

The District Administrator may engage in negotiations with the teacher for purposes of resignation short of a hearing, subject to final Board approval.

C. Resignation

A full-time teacher may resign from his/her position only upon approval of a majority of the full membership of the Board. The District Administrator may negotiate terms of resignation with such a teacher as appropriate and present those terms to the Board in an appropriately noticed, regular or special Board meeting, as necessary. A resignation is only in effect once approved by the Board. A resignation, once accepted by the Board, may not be rescinded without approval by the Board.

Part-Time Teachers

Teachers employed less than full-time, but not including substitute teachers whose employment is covered by Policy 3120.04 - Employment of Substitutes, and whose employment contract does not specify procedures for termination of contract, may be terminated either by the District for appropriate reasons or through resignation . A resignation, once accepted, may not be rescinded by the teacher.

A part-time teacher whose contract does not specify otherwise is not entitled to notice of intent to renew or of intent not to renew his/her contract for a subsequent school year.

The terms of the part-time teacher contract shall apply when the contract provides for procedures different than those noted in this policy.

Administrators

The Board employs administrative employees under a variety of employment arrangements. Generally, those arrangements include those administrators who, by law, are required to have an employment contract and are provided statutory rights with respect to those contracts; those that are not required to have contracts by law, but are nonetheless employed pursuant to a written contract approved by the Board; and those who perform administrative functions, but who do not have a contract which specifies the terms of employment as they relate to termination, resignation, and non-renewal of the employment arrangement.

A. Statutory Administrators

The Board shall employ by contract the following persons: the District Administrator, business manager, school principal, and assistants to such person, athletics and activities administrator and technology administrator.

Such administrators may only be terminated, either due to appropriate circumstances justifying termination of employment or by tendered resignation, by a majority of the full membership of the Board.

Such administrators are entitled to contract renewal or notice of intent not to renew the administrator's contract pursuant to applicable statutory procedures, and any additional procedures incorporated into the said contract.

The District Administrator shall be responsible for assuring compliance with the procedures necessary for Board action to terminate or to non-renew an administrator's contract. In the case of the District Administrator's contract, the Board President shall be responsible for ensuring procedural compliance with termination or non-renewal processes.

A resignation, once accepted by the Board, may not be rescinded except by approval of the majority of the full membership of the Board.

B. Administrators with Contracts including Provisions Governing Termination

The Board may employ administrators who are not statutorily entitled to an employment contract or to statutory termination and non-renewal procedures, but who nonetheless are issued employment contracts with provisions governing this process

applicable to the manner in which the employment relationship is concluded, either by resignation, termination, or non-renewal. In such cases, the District Administrator shall be responsible for assuring adherence to applicable contractual procedures.

C. Administrative Personnel with no Contractual or Statutory Coverage

Employees performing administrative functions, but who are not covered by applicable statutory termination or non-renewal procedures, and who have not been issued an employment contract with provisions governing the termination or non-renewal process, are not entitled to notice of intent to renew or not to renew an employment agreement. In such a case, an employment agreement shall expire and the employee shall have no expectation of continued employment beyond the term of the agreement.

Such an administrative employee's employment may be terminated by the District Administrator.

Such an administrative employee's resignation may be accepted by the District Administrator.

A resignation, once accepted, may not be rescinded without agreement.

GRIEVANCE PROCEDURE

It is the policy of the District to treat all employees equitably and fairly in matters affecting their employment. Each employee of the District shall be provided an opportunity to understand and resolve certain matters affecting employment that the employee believes to be unjust. This section shall apply to all regular full-time, part-time, limited, temporary, and seasonal employees.

This procedure is available in the case of any employee's disagreement with discipline or termination of employment, as well as any matter relating to workplace safety.

A grievance shall mean a dispute concerning an employee's discipline or termination of employment, or a dispute concerning workplace conditions that affect workplace safety. Only one subject matter shall be covered in any one grievance. A written grievance shall contain:

- A. the name and position of the grievant;
- B. a clear and concise statement of the grievant, including the category of the grievance (i.e., employee termination, discipline, or workplace safety);
- C. the issue involved;
- D. the relief sought;
- E. the date the incident or violation took place;
- F. the specific section of the Policy Manual alleged to have been violated;
- G. the signature of the grievant and the date.

All employee grievances must be filed by the aggrieved employee(s). The grievance must be filed within five (5) working days after the employee knew or should have known of the cause of such grievance. The following procedures shall be followed:

A. Principal/Supervisor:

Any employee that believes s/he has a matter subject to the grievance procedure shall present the grievance to his/her immediate supervisor. If applicable, the employee shall perform the assigned task and grieve later. The Principal/Supervisor shall, within five (5) working days, inform the employee in writing of his/her decision.

B. District Administrator:

In the event the Principal's/Supervisor's decision does not resolve the problem, the employee may, within five (5) working days of the date the Principal's/Supervisor's written decision is issued, present his/her grievance in writing to the District Administrator. This grievance shall fully state the details of the problem and suggest a remedy. The District Administrator shall, within five (5) working days of receipt of the grievance, meet and discuss the grievance with the employee and then reply in writing within ten (10) working days. This step does not apply to any grievance related to action by the Board that directly affects the grievant.

C. Hearing Before an Impartial Hearing Officer:

In the event the matter is not resolved to the employee's satisfaction by the District Administrator, the employee may, within five (5) working days of the date of the written decision of the District Administrator, request in writing that the matter be referred for a hearing before an impartial hearing officer. The Board shall appoint a hearing officer for the purpose of conducting the hearing. If the District Administrator denies the grievance based on whether the grievance is timely or relates to a covered matter (i.e. workplace safety, discipline or termination), the matter shall be referred to the Board for determination of whether the grievance may proceed. If the Board determines that the grievance may proceed, it will then be referred to the Impartial Hearing Officer. The Board may appoint a hearing officer or panel of potential hearing officers from which to select an officer for this purpose either on an ad hoc basis or by resolution adopted for a school year and delegate to the District Administrator the responsibility to arrange for such hearing with one of the selected officers. Each grievance shall be heard by a single hearing officer and such hearings shall be private. The employee and the District may present witnesses, and each side may select one individual to attend the hearing as a representative. Any employee representative selected shall be at no expense to the District.

The Hearing Officer may only consider the matter presented to him/her in the initial grievance filed by the employee. The decision will apply exclusively to the employee presenting the grievance. The Impartial Hearing Officer shall have authority to run the hearing, including administering oaths, admitting evidence into the record, providing for transcription, etc. The Officer may not modify any Board policy and may not issue decisions on matters not presented to the District Administrator in the initial grievance. Any fees or costs charged by the impartial hearing officer shall be paid by the District.

Board of Education:

In the event that either party is dissatisfied with the hearing officer's decision, that party may within ten (10) working days, present the grievance in writing to the Board, who shall consider the matter within thirty (30) working days after its receipt, unless postponed by mutual agreement. The Board shall review the decision of the impartial hearing officer and may either issue a decision or determine that additional evidence or testimony is necessary and provide for a hearing for that purpose. The Board's decision shall be by majority vote of a quorum present, which shall be final.

This procedure constitutes the exclusive process for the redress of employee grievances for the subject matter referred to herein. However, nothing in this grievance procedure shall prevent any employee from addressing concerns regarding matters not subject to the grievance procedure with administration and employees are encouraged to do so. Matters not subject to the grievance procedure that are raised by employees shall be considered by the administration which has final authority, subject to any applicable Board policy or directive, to resolve the matter.

Time limits contained in this grievance procedure outlined above may be extended by mutual consent of the parties. If any applicable time limit for advancing the grievance to the next step in the process is not met, the grievance shall be deemed resolved. Each employee shall be afforded any opportunity to be represented at each step of the grievance procedure by a representative of the employee's choice and at no expense to the District.

For purposes of this grievance procedure, the following definitions shall apply:

- A. "Workplace safety" refers to any condition of employment or duty, responsibility, or environmental hazard that may reasonably be viewed to affect an employee's health or the health of other employees. Workplace safety matters expressly include workplace harassment, including sexual harassment. In the event that an employee believes the safety of the workplace is compromised by harassment, s/he must first make a complaint concerning the matter and follow the procedures outlined in the District's Harassment Policy 3362. Grievance timelines associated with workplace harassment do not begin to run until the completion of an investigation and final action on the complaint by the administration.

- B. "Termination" does not include nonrenewal, voluntary resignation, or retirement

- C. "Employee discipline" refers to unpaid suspensions and written reprimands, and excludes performance conferences/evaluations, staff assignments, oral reprimands, performance improvement plans or similar professional development plans, and other evaluative decisions by the employer.

DRUG-FREE WORKPLACE

The Board believes that quality education is not possible in an environment affected by the use of illegal drugs and alcohol as well as the abuse of prescription drugs. It will seek, therefore, to establish and maintain a drug-free workplace.

In accordance with Federal Law, the Board of Education prohibits the use, possession, concealment, or distribution of drugs by employees on school grounds, in school or school-approved vehicles, or at any school-related event. Drugs includes any alcoholic beverage, anabolic steroid, dangerous controlled substance as defined by State statute, or substance that could be considered a "look-a-like" controlled substance. Compliance with this policy is mandatory for all staff members.

Reasonable Suspicion Testing

Staff members shall be required to undergo alcohol and/or drug testing at any time the District has reasonable suspicion to believe that the staff member may have violated this policy.

Any staff member who violates this policy shall be subject to disciplinary action in accordance with District guidelines and/or the Employee Handbook.

When appropriate or required by law, the District will also notify law enforcement officials.

Professional staff members, who use or possess a prescription drug that has been lawfully prescribed to the staff member, and taken in accordance with the prescribed dosage, shall not be deemed to be in violation of this policy. Wherever possible, a staff member should take prescribed medications at home and not bring them to school. Where that cannot be accomplished, any staff member in possession of prescribed medications while at school is responsible for taking appropriate precautions to assure that the drugs remain in the staff member's possession at all times and are taken only in private, out of the view of students. Nothing in this policy shall prohibit the District Administrator from evaluating a staff member's fitness for duty pursuant to Policy 3161 - Unrequested Leaves of Absence/Fitness for Duty.

The use of marijuana and/or products containing tetrahydrocannabinol (THC), other than products expressly excluded from the definition of a schedule drug (hemp-derived CBD oil, etc.), is still prohibited under Wisconsin law and Board policy. Use of such products even in states which have passed state laws permitting usage is still unlawful under Federal law and Wisconsin law and is not an exception to the drug-free workplace policy.

CBD products are prohibited on District grounds and at school events.

Off Work Conduct

Disciplinary action may result from conduct related to drug and alcohol usage even on the staff member's personal time if the circumstances create a connection to or nexus with the staff member's role with the District. Disciplinary action may result if a staff member's conduct involves the depiction of the staff member engaging in use of alcohol or drugs on social media or other outlets in a fashion that tends to provoke public scrutiny, damage the staff member's credibility, depict inappropriate involvement of minors, or in some fashion diminish the staff member's ability to safely and effectively perform his/her duties. If the District administration becomes aware of such circumstances, it will investigate the matter even though the events occurred on one's personal time and not on District property or at a District event

Use of Resources for Treatment

The District makes available resources to assist staff members in overcoming substance abuse. However, the decision to seek diagnosis and accept treatment for substance abuse is primarily the individual staff member's responsibility. Any costs associated with treatment in excess of those costs covered by the staff member's medical insurance plan shall be borne by the individual.

See Policy 3122.01.

SUBSTANCE ABUSE

The Board recognizes alcoholism and drug abuse as treatable illnesses. When such illnesses impair the performance of professional staff members, the Board recognizes the responsibility to assist in a manner recommended by appropriate specialists in the treatment of those illnesses.

A professional staff member having an illness or other problem relating to the use of alcohol or other drugs will receive the same careful consideration and offer of assistance that is presently extended to professional staff members having any other illness.

The responsibility to correct unsatisfactory job performance or behavior resulting from a suspected alcohol or drug problem rests with the professional staff member. Failure to do so will result in appropriate corrective or disciplinary action as determined by the District Administrator. The District Administrator will assist an employee with an alcohol or drug problem in developing reasonable accommodations so that the employee may perform his/her work, consistent with State and Federal law. Existence of a substance abuse problem does not excuse misconduct in employment or violation of Board policy.

No professional staff member will have his/her job security or promotion opportunities jeopardized by his/her request for counseling or referral assistance.

Professional staff members who suspect they may have an alcohol or other drug abuse problem are encouraged to seek counseling and information on a confidential basis by contacting resources available for such service.

EMPLOYEE EXPRESSION IN NON INSTRUCTIONAL SETTINGS

The Board acknowledges the right of its professional staff members, as citizens in a democratic society, to speak out on issues of public concern. When those issues are related to the District, however, including matters related to the performance of their job duties or responsibilities, the professional staff member's expression must be balanced against the interests of this District.

The following guidelines are adopted by the Board to help clarify and, therefore, avoid situations in which the professional staff member's expression could conflict with the District's interests. In such situations, s/he should:

- A. state clearly that his/her expression represents personal views and not necessarily those of the School District;
- B. refrain from expressions that would disrupt harmony among co-workers or interfere with the maintenance of discipline by school officials;
- C. not make threats or abusive or personally-defamatory comments about co-workers, administrators, or officials of the District;
- D. refrain from making public expressions which s/he knows to be false or are made without regard for truth or accuracy.

See Policy 3310
