[3]The description of management's responsibilities relating to going concern required by paragraph .32*b* of section 700 may not be relevant or may need to be included in this section of the report, adapted as necessary. See paragraph .A21 of this section. [Footnote added by SAS No. 139, effective for audits of single financial statements and specific elements, accounts, or items of a financial statement as of or for periods ending on or after December 15, 2021. Early application is not permitted.]

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the historical summaries.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ABC Company's ability to continue as a going concern for a reasonable period of time.[4]

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Other Legal and Regulatory Requirements

[*The form and content of this section of the auditor's report would vary depending on the nature of the auditor's other reporting responsibilities.*]

[*Signature of the auditor's firm*]

[*City and state where the auditor's report is issued*]

[*Date of the auditor's report*]

[Paragraph renumbered and amended by SAS No. 139, effective for audits of single financial statements and specific elements, accounts, or items of a financial statement as of or for periods ending on or after December 15, 2021. Early application is not permitted.]

[4]This bullet is included only when the auditor determines that section 570 is relevant to the audit of the single financial statement or specific element, account, or item of a financial statement. See paragraph .A21. AU-C Section 9805

Special Considerations — Audits of Single Financial Statements and Specific Elements, Accounts, or Items of a Financial Statement: Auditing Interpretations of Section 805

1. Auditor of Governmental Cost-Sharing Multiple-Employer Pension Plan

.01 *Question* — Management of a governmental cost-sharing multiple-employer pension plan (cost-sharing plan or plan) has calculated and prepared a schedule of employer allocations and a schedule of pension amounts, as described in the AICPA's State and Local Governments Expert Panel white paper *Governmental Employer Participation in Cost-Sharing Multiple-Employer Plans: Issues Related to Information for Employer Reporting*. If the plan auditor is engaged to perform an audit on schedules such as those illustrated in exhibit 1, "Schedule of Employer Allocations," and either exhibit 2(a), "Schedule of Pension Amounts by Employer," or exhibit 2(b), "Schedule of Collective Pension Amounts," of this interpretation, what type of audit report may be issued?

.02 *Interpretation* — Because the amounts contained in the previously mentioned schedules are considered elements or items of the cost-sharing plan or participating employer's financial statements, the elements included in these schedules may be audited under section 805, *Special Considerations — Audits of Single Financial Statements and Specific Elements, Accounts, or Items of a Financial Statement*. An illustrative auditor's report on the schedule of employer allocations and schedule of pension amounts by employer prepared pursuant to section 805 follows.

Independent Auditor's Report

[*Appropriate Addressee*]

Opinions[1,2]

We have audited the schedule of employer allocations of ABC Pension Plan as of and for the year ended June 30, 20X5, and the related notes. We have also audited the total for all entities of the columns titled net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total pension expense (specified column totals) included in the accompanying schedule of pension amounts by employer of ABC Pension Plan as of and for the year ended June 30, 20X5, and the related notes.

---

[1]If the plan prepares a schedule of pension amounts by employer and specific liabilities of individual employers, as defined in paragraph 56 of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions — an amendment of GASB Statement No. 27*, exist and are not displayed in the schedule, the "Opinions" section would be changed as follows:

> We have audited the schedule of employer allocations of ABC Pension Plan as of and for the year ended June 30, 20X5, and the related notes. We have also audited the columns titled
>
> net pension liability, total deferred outflows of resources excluding employer specific amounts, total deferred inflows of resources excluding employer specific amounts, and pension expense excluding specific liabilities of individual employers (specified column totals) included in the accompanying schedule of collective pension amounts of ABC Pension Plan as of and for the year ended June 30, 20X5, and the related notes.
>
> In our opinion, the accompanying schedules referred to above present fairly, in all material respects, the employer allocations and net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total pension expense excluding specific liabilities of individual employers for the total of all participating entities for ABC Pension Plan as of and for the year ended June 30, 20X5, in accordance with accounting principles generally accepted in the United States of America.

[2]If the plan prepares a schedule of collective pension amounts as illustrated in exhibit 2(b), "Schedule of Collective Pension Amounts," of this interpretation instead of the schedule of pension amounts by employer as illustrated in exhibit 2(a), "Schedule of Pension Amounts by Employer," of this interpretation, the "Opinions" section would be changed as follows:

> We have audited the schedule of employer allocations of ABC Pension Plan as of and for the year ended June 30, 20X5, and the related notes. We have also audited the columns titled net pension liability, total deferred outflows of resources excluding employer specific amounts, total deferred inflows of resources excluding employer specific amounts, and pension expense (specified column totals) included in the accompanying schedule of collective pension amounts of ABC Pension Plan as of and for the year ended June 30, 20X5, and the related notes.
>
> In our opinion, the accompanying schedules referred to above present fairly, in all material respects, the employer allocations and net pension liability, total deferred outflows of resources excluding employer specific amounts, total deferred inflows of resources excluding employer specific amounts, and total pension expense for ABC Pension Plan as of and for the year ended June 30, 20X5, in accordance with accounting principles generally accepted in the United States of America.

Additionally, if specific liabilities of individual employers, as defined in paragraph 56 of GASB Statement No. 68, exist but are excluded from the schedule, the paragraphs in this section would refer to pension expense excluding that attributable to specific liabilities of individual employers rather than pension expense.

In our opinion, the accompanying schedules referred to above present fairly, in all material respects, the employer allocations and net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total pension expense for the total of all participating entities for ABC Pension Plan as of and for the year ended June 30, 20X5, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Schedules section of our report. We are required to be independent of ABC Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Schedules

Management is responsible for the preparation and fair presentation of these schedules in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedules that are free from material misstatement, whether due to fraud or error.[3]

Auditor’s Responsibilities for the Audit of the Schedules

Our objectives are to obtain reasonable assurance about whether the schedules are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the schedules.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the schedules, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

[3]The description of management’s responsibilities relating to going concern required by paragraph .32*b* of section 700, *Forming an Opinion and Reporting on Financial Statements*, may need to be included in this section of the report, or as stated in paragraph .A21 of section 805, *Special Considerations — Audits of Single Financial Statements and Specific Elements, Accounts, or Items of a Financial Statement*, may not be relevant or may need to be adapted as necessary. See paragraph .A21 of section 805.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the schedules.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ABC Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the schedules.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ABC Pension Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of ABC Pension Plan as of and for the year ended June 30, 20X5, and our report thereon, dated October 15, 20X5, expressed an unmodified opinion on those financial statements.

Restriction on Use

Our report is intended solely for the information and use of ABC Pension Plan management, [*identify the body or individuals charged with governance of ABC Pension Plan*], ABC Pension Plan employers and their auditors and is not intended to be and should not be used by anyone other than these specified parties.

[*Signature of the auditor's firm*]

[*City and state where the auditor's report is issued*]

[*Date of the auditor's report*]

.03 *Question* — In planning and performing an audit of the schedules illustrated in exhibits 1 and 2(a) or exhibit 2(b) of this interpretation, may the plan auditor use the same materiality as used for the audit of the plan's basic financial statements?

.04 *Interpretation* — No. Section 805 states, in part:[4]

[4]Paragraph .14 of section 805.

In the case of an audit of one or more specific elements of a financial statement, the auditor should determine materiality for each individual element reported on rather than the aggregate of all elements or the complete set of financial statements.

Accordingly, the plan auditor should determine materiality separately for the schedule of employer allocations as well as each of the elements upon which the auditor opines from the schedule of pension amounts (that is, the column totals for net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total pension expense).

2. Auditor of Governmental Agent Multiple-Employer Pension Plan

.08 *Question* — Management of a governmental agent multiple-employer pension plan (agent plan or plan) has calculated and prepared a schedule of changes in fiduciary net position by employer, as described in the AICPA's State and Local Governments Expert Panel white paper *Governmental Employer Participation in Agent Multiple-Employer Plans: Issues Related to Information for Employer Reporting*. If the plan auditor is engaged to perform an audit on a schedule such as that illustrated in exhibit 3, "Schedule of Changes in Fiduciary Net Position by Employer," of this interpretation, what type of audit report may be issued?

.09 *Interpretation* — Because the amounts contained in the previously mentioned schedule are considered specific elements, accounts, or items of the agent plan or participating employer's financial statements, the elements included in this schedule may be audited under section 805. An illustrative auditor's report on the schedule of changes in fiduciary net position by employer as a whole prepared pursuant to section 805 follows.

<u>Independent Auditor's Report</u>

[*Appropriate Addressee*]

Opinion[5]

We have audited the fiduciary net position as of June 30, 20X5, and the changes in fiduciary net position for the year then ended, included in the accompanying Schedule of Changes in Fiduciary Net Position by Employer ("Schedule") of ABC Pension Plan, and the related notes.

In our opinion, the accompanying Schedule referred to above presents fairly, in all material respects, the fiduciary net position of ABC Pension Plan as of June 30, 20X5, and the changes in fiduciary net position for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statement section of our report. We are required to be independent of ABC Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Schedule

Management is responsible for the preparation and fair presentation of the Schedule in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the

---

[5] If the plan engages its auditor to opine on each employer column in the schedule of changes in fiduciary net position by employer as illustrated in exhibit 3, "Schedule of Changes in Fiduciary Net Position by Employer," of this interpretation, in addition to opining on the schedule as a whole, this section would be changed as follows:

> We have audited the fiduciary net position as of June 30, 20X5, and the changes in fiduciary net position for the year then ended, included in the accompanying Schedule of Changes in Fiduciary Net Position by Employer (Schedule) of ABC Pension Plan, and the related notes. We have also audited the fiduciary net position of each individual employer as of June 30, 20X5, and the changes in fiduciary net position of each individual employer for the year then ended, included in the accompanying Schedule, and the related notes.
>
> In our opinion, the accompanying Schedule referred to above presents fairly, in all material respects, the fiduciary net position of ABC Pension Plan as of June 30, 20X5, and the changes in fiduciary net position for the year then ended, in accordance with accounting principles generally accepted in the United States of America. Also, in our opinion, the accompanying Schedule referred to above presents fairly, in all material respects, the fiduciary net position of each individual employer as of June 30, 20X5, and the changes in fiduciary net position of each individual employer for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Additionally, the "Supplementary Information" section would be eliminated.

preparation and fair presentation of the Schedule that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Schedule

Our objectives are to obtain reasonable assurance about whether the fiduciary net position and the changes in fiduciary net position included in the Schedule is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the Schedule.[6]

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the Schedule, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the Schedule.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ABC Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the Schedule.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ABC Pension Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

---

[6]The description of management's responsibilities relating to going concern required by paragraph .32*b* of section 700 may need to be included in this section of the report, or as stated in paragraph .A21 of section 805, may not be relevant or may need to be adapted as necessary. See paragraph .A21 of section 805.

Our audit of the financial statements of ABC Pension Plan was conducted for the purpose of forming an opinion on the financial statements as a whole. The individual employer information presented in each of the individual columns of the accompanying Schedule is presented for purposes of additional analysis and is not a required part of the financial statements. The individual employer information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Each column of individual employer information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the individual employer information presented in each individual column of the accompanying Schedule is stated fairly, in all material respects, in relation to the financial statements of ABC Pension Plan as a whole. We do not express an opinion on the fiduciary net position or changes in fiduciary net position of each individual employer.[7]

Other Matter

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of ABC Pension Plan as of and for the year ended June 30, 20X5, and our report thereon, dated October 15, 20X5, expressed an unmodified opinion on those financial statements.

Restriction on Use

Our report is intended solely for the information and use of ABC Pension Plan management, [*identify the body or individuals charged with governance of ABC Pension Plan*], ABC Pension Plan participating employers and their auditors and is not intended to be and should not be used by anyone other than these specified parties.

[*Signature of the auditor's firm*]

[*City and state where the auditor's report is issued*]

[*Date of the auditor's report*]

.10 *Question* — In planning and performing an audit of the schedule illustrated in exhibit 3 of this interpretation, may the plan auditor use the same materiality as used for the audit of the plan's basic financial statements?

.11 *Interpretation* — No. Section 805 states, in part:[8]

[7]In accordance with section 725, *Supplementary Information in Relation to the Financial Statements as a Whole*, if the auditor's report on the audited financial statements contains an opinion other than unmodified, the auditor should refer to the guidance in section 725.

[8]Paragraph .14 of section 805.

In the case of an audit of one or more specific elements of a financial statement, the auditor should determine materiality for each individual element reported on rather than the aggregate of all elements or the complete set of financial statements.

As a frame of reference, the plan auditor considers judgments about matters that are material to users of the financial statements based on a consideration of the common financial information needs of users as a group. In the report described in paragraph .09 of this interpretation, the auditor is opining on two elements: fiduciary net position and the changes in fiduciary net position. Accordingly, the plan auditor should determine materiality separately for the two elements (that is, fiduciary net position and the changes in fiduciary net position). If the plan auditor has been engaged to opine on each employer column in the schedule, the auditor should determine materiality separately for each employer column.

AU-C Section 806

Reporting on Compliance With Aspects of Contractual Agreements or Regulatory Requirements in Connection With Audited Financial Statements

Source: SAS No. 122; SAS No. 125.

Effective for reports on compliance issued in connection with audits of financial statements for periods ending on or after December 15, 2012.

Introduction

Scope of This Section

.01 This section addresses the auditor's responsibility when the auditor is requested to report on an entity's compliance with aspects of contractual agreements or regulatory requirements, insofar as they relate to accounting matters, in connection with an audit of financial statements (referred to hereinafter as a report on compliance). Such a report is commonly referred to as a by-product report. (Ref: par. .A1–.A2)

.02 Entities may be required by contractual agreements, such as certain bond indentures and loan agreements, or regulatory agencies to provide an auditor's report on compliance. For example, loan agreements may impose a variety of obligations on borrowers involving matters such as payments into sinking funds, payments of interest, maintenance of current ratios, and restrictions of dividend payments. Loan agreements may also require the borrower to provide annual financial statements that have been audited. In some instances, the lenders or their trustees may request the auditor to report that the borrower has complied with certain covenants of the agreement relating to accounting matters. The auditor may satisfy this request by issuing a report on compliance in accordance with the requirements of this section.

.03 As described in paragraph .01, this section addresses reporting on an entity's compliance with aspects of contractual agreements or regulatory requirements in connection with an audit of financial statements. When the auditor is engaged or required by law or regulation to perform a compliance audit in accordance with generally accepted auditing standards (GAAS), the standards for financial audits under *Government Auditing Standards*, and a governmental audit requirement that requires the auditor to express an opinion on compliance with applicable compliance requirements, section 935, *Compliance Audits*, applies.

.04 When the auditor is engaged to perform a separate attest engagement on an entity's compliance with requirements of specified laws, regulations, rules, contracts, or grants, AT-C section 315, *Compliance Attestation*, applies to an examination of an entity's compliance and to an agreed-upon procedures engagement related to an entity's compliance. When the auditor is engaged to perform a separate attestation engagement related to an entity's internal control over compliance with requirements of specified laws, regulations, rules, contracts, or grants, AT-C section 205, *Examination Engagements*, applies to an examination of an entity's internal control over compliance and AT-C section 315 applies to agreed-upon procedures engagements related to an entity's internal control over compliance.

[Revised, April 2017, to reflect conforming changes necessary due to the issuance of SSAE No. 18.]

Effective Date

.05 This section is effective for reports on compliance issued in connection with audits of financial statements for periods ending on or after December 15, 2012.

Objective

.06 The objective of the auditor is to report appropriately on an entity's compliance with aspects of contractual agreements or regulatory requirements, in connection with the audit of financial statements, when the auditor is requested to report on such matters.

Requirements

Reports on Compliance With Aspects of Contractual Agreements or Regulatory Requirements

.07 The auditor's report on compliance should include a statement that nothing came to the auditor's attention that caused the auditor to believe that the entity failed to comply with specified aspects of the contractual agreements or regulatory requirements, insofar as they relate to accounting matters, only when

a. the auditor has not identified any instances of noncompliance,

b. the auditor has expressed an unmodified or qualified opinion on the financial statements to which the applicable covenants of such contractual agreements or regulatory requirements relate, and

c. the applicable covenants or regulatory requirements relate to accounting matters that have been subjected to the audit procedures applied in the audit of financial statements.

.08 When the auditor has identified one or more instances of noncompliance, the report on compliance should describe such noncompliance (see paragraphs .12*f* and .13*b*).

.09 When the auditor has expressed an adverse opinion or disclaimed an opinion on the financial statements, the auditor should issue a report on compliance only when instances of noncompliance are identified. Therefore, the requirement in paragraph .08 also applies in such circumstances. The auditor should modify the wording of the report on compliance, as appropriate to the circumstances. (Ref: par. .A3)

.10 Notwithstanding the requirements in paragraphs .07–.09, the auditor is not precluded from issuing a report on compliance if such report is required by another set of auditing standards (for example, *Government Auditing Standards*), and the auditor has been engaged to audit the financial statements in accordance with both GAAS and those other standards.

.11 The report on compliance should be in writing and should be provided either in a separate report (see paragraph .12) or in one or more paragraphs included in the auditor's report on the financial statements (see paragraph .13).

Separate Report on Compliance With Aspects of Contractual Agreements or Regulatory Requirements

.12 When the auditor reports on compliance in a separate report, the report should include the following:

a. A title that includes the word *independent* to clearly indicate that it is the report of an independent auditor.

b. An appropriate addressee.

c. A paragraph that states that the financial statements were audited in accordance with generally accepted auditing standards and an identification of the United States of America as the country of origin of those standards (for example, auditing standards generally accepted in the United States of America or U.S. generally accepted auditing standards) and the date of the auditor's report on those financial statements.

d. If the auditor expressed a modified opinion[1] on the financial statements, a statement describing the nature of the modification. (Ref: par. .A4)

e. When no instances of noncompliance are identified by the auditor, a reference to the specific covenants or paragraphs of the contractual agreement or regulatory requirement and a statement that nothing came to the auditor's attention that caused the auditor to believe that the entity failed to comply with specified aspects of the contractual agreements or regulatory requirements, insofar as they relate to accounting matters (see paragraphs .07 and .10).

f. When instances of noncompliance are identified by the auditor, a reference to the specific covenants or paragraphs of the contractual agreement or regulatory requirement, insofar as they relate to accounting matters, and a description of the identified instances of noncompliance. (Ref: par. .A5)

---

[1]See section 705, *Modifications to the Opinion in the Independent Auditor's Report*.

g. A statement that the report is being provided in connection with the audit of the financial statements.

h. A statement that the audit was not directed primarily toward obtaining knowledge regarding compliance, and accordingly, had the auditor performed additional procedures, other matters may have come to the auditor's attention regarding noncompliance with the specific covenants or paragraphs of the contractual agreement or regulatory requirement, insofar as they relate to accounting matters.

i. A paragraph that includes a description and the source of significant interpretations, if any, made by the entity's management relating to the provisions of the relevant contractual agreement or regulatory requirement.

j. A paragraph that includes an appropriate alert in accordance with the section 905, *Alert That Restricts the Use of the Auditor's Written Communication*.[2] (Ref: par. .A6–.A7)

k. The manual or printed signature of the auditor's firm and the city and state where the auditor practices.

l. The date of the report, which should be the same date as the auditor's report on the financial statements.[3]

[As amended, effective for the auditor's written communications related to audits of financial statements for periods ending on or after December 15, 2012, by SAS No. 125.]

Report on Compliance With Aspects of Contractual Agreements or Regulatory Requirements Included in the Auditor's Report

.13 When a report on compliance is included in the auditor's report on the financial statements, the auditor's report should include an other-matter paragraph[4] that includes a reference to the specific covenants or paragraphs of the contractual agreement or regulatory requirement, insofar as they relate to accounting matters, and also should include the following:

a. When no instances of noncompliance are identified by the auditor, a statement that nothing came to the auditor's attention that caused the auditor to believe that the entity failed to comply with specified aspects of the contractual agreements or regulatory requirements, insofar as they relate to accounting matters (see paragraphs .07 and .10).

b. When instances of noncompliance are identified by the auditor, a description of the identified instances of noncompliance. (Ref: par. .A5)

---

[2]Paragraphs .06*c*, .07, and .11 of section 905, *Alert That Restricts the Use of the Auditor's Written Communication*. [Footnote amended, effective for the auditor's written communications related to audits of financial statements for periods ending on or after December 15, 2012, by SAS No. 125.]

[3]Paragraph .41 of section 700, *Forming an Opinion and Reporting on Financial Statements*.

[4]See section 706, *Emphasis-of-Matter Paragraphs and Other-Matter Paragraphs in the Independent Auditor's Report*, for guidance on other-matter paragraphs.

c. A statement that the communication is being provided in connection with the audit of the financial statements.

d. A statement that the audit was not directed primarily toward obtaining knowledge regarding compliance, and accordingly, had the auditor performed additional procedures, other matters may have come to the auditor's attention regarding noncompliance with the specific covenants or paragraphs of the contractual agreement or regulatory requirement, insofar as they relate to accounting matters.

e. A paragraph that includes a description and the source of significant interpretations, if any, made by the entity's management relating to the provisions of the relevant contractual agreement or regulatory requirement.

f. A paragraph that includes an appropriate alert in accordance with section 905.[5] (Ref: par. .A6–.A7)

[As amended, effective for the auditor's written communications related to audits of financial statements for periods ending on or after December 15, 2012, by SAS No. 125.]

Application and Other Explanatory Material

Scope of This Section (Ref: par. .01)

.A1 The financial statements being audited and to which the applicable covenants of the contractual agreements or regulatory requirements relate may be either general purpose or special purpose financial statements.

Considerations Specific to Governmental Entities

.A2 For most state or local governmental entities, the applicable financial reporting framework is based on multiple reporting units and, therefore, requires the presentation of financial statements for its activities in various reporting units. Consequently, a reporting unit or aggregation of reporting units of the governmental entity represents an opinion unit to the auditor. In the context of this section, the auditor is responsible for reporting on compliance for each opinion unit within a governmental entity, when requested.

Reports on Compliance With Aspects of Contractual Agreements or Regulatory Requirements (Ref: par. .09)

.A3 The exhibit, "Illustrations of Reports on Compliance With Aspects of Contractual Agreements or Regulatory Requirements in Connection With Audited Financial Statements," provides an example of the wording of the report on compliance when the auditor has disclaimed an opinion on the financial statements.[6]

---

[5]See footnote 2.

[6]Illustration 4, "A Report on Compliance With Aspects of Contractual Agreements Provided in a Separate Report When Instances of Noncompliance Are Identified, and the Auditor Has Disclaimed an Opinion on the Financial

Separate Report on Compliance With Aspects of Contractual Agreements or Regulatory Requirements (Ref: par. .12d)

.A4 The auditor may include certain additional communications in the separate report on compliance when the auditor included such additional communications in the auditor's report on the financial statements[7] that are not modifications to the auditor's opinion. For example, if the auditor included an emphasis-of-matter paragraph in the auditor's report on the financial statements because of an uncertainty about the entity's ability to continue as a going concern for a reasonable period of time,[8] the auditor may also include this in the separate report on compliance.

Reporting When Instances of Noncompliance Are Identified (Ref: par. .12f and .13b)

.A5 When instances of noncompliance are identified, and the entity has obtained a waiver for such noncompliance, the auditor may include a statement in the report on compliance that a waiver has been obtained. The determination of whether to include such a statement is based on the procedures performed by the auditor to evaluate the waiver for the purposes of obtaining sufficient appropriate audit evidence in connection with the audit of the financial statements. All instances of noncompliance are required to be described in the report on compliance, in accordance with paragraph .08, including those for which a waiver has been obtained.

Restrictions on the Use of the Auditor's Report[9] (Ref: par. .12j and .13f)

.A6 An alert, as discussed in paragraphs .12*j* and .13*f*, is necessary because, although compliance matters may be identified by the auditor during the course of the audit engagement, the identification of such matters is not the primary objective of the audit engagement. In addition, the basis, assumptions, or purpose of the provisions in contractual agreements or regulatory requirements to which the report on compliance relates are developed for, and directed only to, the parties to the contractual agreement or the regulatory agency responsible for the requirements. [As amended, effective for the auditor's written communications related to audits of financial statements for periods ending on or after December 15, 2012, by SAS No. 125.]

.A7 The alert that restricts the use of the report indicates that only the report on compliance with aspects of contractual agreements or regulatory requirements is restricted. Accordingly, the intended use of the auditor's report on the financial statements is not affected by this alert. [As amended, effective for the auditor's written communications related to audits of financial statements for periods ending on or after December 15, 2012, by SAS No. 125.]

Statements," in the exhibit, "Illustrations of Reports on Compliance With Aspects of Contractual Agreements or Regulatory Requirements in Connection With Audited Financial Statements."

Independent Auditor's Report

[*Appropriate Addressee*]

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of XYZ Company, which comprise the balance sheet as of December 31, 20X2, and the related statements of income, changes in stockholders' equity, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated February 16, 20X3.

In connection with our audit, nothing came to our attention that caused us to believe that XYZ Company failed to comply with the terms, covenants, provisions, or conditions of sections XX to YY, inclusive, of the Indenture dated July 21, 20X0, with ABC Bank, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the Company's noncompliance with the above-referenced terms, covenants, provisions, or conditions of the Indenture, insofar as they relate to accounting matters.

This report is intended solely for the information and use of the board of directors and management of XYZ Company and ABC Bank and is not intended to be and should not be used by anyone other than these specified parties.

Report on the Audit of the Financial Statements[1]

Opinion

We have audited the financial statements of ABC Company, which comprise the balance sheet as of December 31, 20X1, and the related statements of income, changes in stockholders' equity, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of ABC Company as of December 31, 20X1, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ABC Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ABC Company's ability to continue as a going concern for [*insert the time period set by the applicable financial reporting framework*].

Auditor's Responsibilities for the Audit of the Financial Statements

[1]The subtitle "Report on the Audit of the Financial Statements" is unnecessary in circumstances in which the second subtitle, "Report on Other Legal and Regulatory Requirements," is not applicable.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ABC Company's internal control. Accordingly, no such opinion is expressed.[2]
- Evaluate appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ABC Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

In connection with our audit, nothing came to our attention that caused us to believe that ABC Company failed to comply with the terms, covenants, provisions, or conditions of sections XX to YY, inclusive, of the Indenture dated July 21, 20X0 with XYZ Bank, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional

[2]In circumstances in which the auditor also has responsibility to express an opinion on the effectiveness of internal control in conjunction with the audit of the financial statements, omit the following: "but not for the purpose of expressing an opinion on the effectiveness of ABC Company's internal control. Accordingly, no such opinion is expressed."

procedures, other matters may have come to our attention regarding the Company's noncompliance with the above-referenced terms, covenants, provisions, or conditions of the Indenture, insofar as they relate to accounting matters.

Restricted Use Relating to the Other Matter

The communication related to compliance with the aforementioned Indenture described in the Other Matter paragraph is intended solely for the information and use of the boards of directors and management of ABC Company and XYZ Bank and is not intended to be and should not be used by anyone other than these specified parties.[3]

Report on Other Legal and Regulatory Requirements

[*The form and content of this section of the auditor's report would vary depending on the nature of the auditor's other reporting responsibilities.*]

[*Signature of the auditor's firm*]

[*City and state where the auditor's report is issued*]

[*Date of the auditor's report*]

[Illustration added, effective for the auditor's written communications related to audits of financial statements for periods ending on or after December 15, 2012, by SAS No. 125. Revised, February 2020, to reflect conforming changes necessary due to the issuance of SAS No. 134, as amended.]

[3]When the engagement is also performed in accordance with *Government Auditing Standards*, the alert may read as follows: "The purpose of the communication related to compliance with the aforementioned [*compliance requirements*] described in the Other Matter paragraph [*or, Report on Compliance*] is solely to describe the scope of our testing of compliance and the results of that testing. This communication is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering ABC Company's compliance. Accordingly, this communication is not suitable for any other purpose." The AICPA Audit Guide Government Auditing Standards *and Circular A-133 Audits* provides additional interpretative guidance, including illustrative reports.

AU-C Section 810

Engagements to Report on Summary Financial Statements

Source: SAS No. 122; SAS No. 137; SAS No. 139.

Effective for audits of financial statements for periods ending on or after December 15, 2012, unless otherwise indicated.

Introduction

Scope of This Section

.01 This section addresses the auditor's responsibilities relating to an engagement to report separately on summary financial statements derived from financial statements audited in accordance with generally accepted auditing standards (GAAS) by the same auditor. In such an engagement, the auditor forms an opinion about whether the summary financial statements are consistent, in all material respects, with the audited financial statements from which they have been derived, in accordance with the applied criteria.

.02 This section does not apply to condensed financial statements or summarized financial information presented as comparative information.[1]Section 700, *Forming an Opinion and Reporting on Financial Statements*, addresses the auditor's responsibility for comparative information.[2] (Ref: par. .A1)

.03 Summary financial statements may be required by a designated accounting standards setter (for example, the Governmental Accounting Standards Board) to accompany the basic financial statements. This section does not apply in such circumstances. Section 730, *Required Supplementary Information*, addresses the auditor's responsibilities relating to information supplementary to the basic financial statements that is required by a designated accounting standards setter to accompany such financial statements.

Effective Date

.04 This section is effective for audits of financial statements for periods ending on or after December 15, 2012.

---

[1]Paragraph .11 of section 700, *Forming an Opinion and Reporting on Financial Statements*, defines the terms *condensed financial statements* and *comparative information*.

[2]Paragraphs .45–.52 of section 700. [Revised, July 2017, to reflect conforming changes necessary due to the issuance of SAS No. 131.]

Objectives

.05 The objectives of the auditor are

a. to determine whether it is appropriate to accept the engagement to report on summary financial statements and,

b. if engaged to report on summary financial statements, to

   i. perform the procedures necessary as the basis for the auditor's opinion on the summary financial statements;

   ii. form an opinion on whether the summary financial statements are consistent, in all material respects, with the audited financial statements from which they have been derived, in accordance with the applied criteria, based on an evaluation of the conclusions drawn from the evidence obtained; and

   iii. express clearly that opinion through a written report that also describes the basis for that opinion.

Definitions

.06 For purposes of this section, the following terms have the meanings attributed as follows:

Applied criteria. The criteria applied by management in the preparation of the summary financial statements.

Summary financial statements. Historical financial information[3] that is derived from financial statements but that contains less detail than the financial statements, while still providing a structured representation consistent with that provided by the financial statements of the entity's economic resources or obligations at a point in time or the changes therein for a period of time. Summary financial statements are separately presented and are not presented as comparative information.

.07 In this section, the term *audited financial statements* refers to those financial statements[4] audited by the auditor in accordance with GAAS and from which the summary financial statements are derived.

Requirements

Engagement Acceptance

.08 The auditor should not accept an engagement to report on summary financial statements in accordance with this section unless the auditor has been engaged to conduct

[3]Paragraph .14 of section 200, *Overall Objectives of the Independent Auditor and the Conduct of an Audit in Accordance With Generally Accepted Auditing Standards*, defines the term *historical financial information*.

[4]Paragraph .14 of section 200 defines the term *financial statements*.

an audit in accordance with GAAS of the financial statements from which the summary financial statements are derived. (Ref: par. .A2)

.09 Before accepting an engagement to report on summary financial statements, the auditor should

a. determine whether the applied criteria are acceptable, including determining that the applied criteria (Ref: par. .A3–.A5)

   i. are free from bias so that the summary financial statements are not misleading.

   ii. permit reasonably consistent qualitative or quantitative measurements so that the information in the summary financial statements agrees with or can be recalculated from the related information in the audited financial statements.

   iii. are sufficiently complete so that the summary financial statements contain the information necessary and are at an appropriate level of aggregation, so that they are not misleading in the circumstances.

   iv. are relevant to the summary financial statements in view of their purpose.

b. obtain the agreement of management, in writing, that it acknowledges and understands its responsibility

   i. for the preparation of the summary financial statements in accordance with the applied criteria.

   ii. to clearly describe in the summary financial statements where the audited financial statements are available and to make the audited financial statements readily available to the intended users of the summary financial statements when the summary financial statements will not be accompanied by the audited financial statements. (Ref: par. .A6–.A7)

   iii. to provide the auditor with written representations, as described in paragraph .12.

   iv. to include the auditor's report on the summary financial statements in any document that contains the summary financial statements and indicates the auditor has reported on them.

c. obtain the agreement of management, in writing, about the expected form and content of the report on the summary financial statements, including the agreement that there may be circumstances in which the report may differ from its expected form and content. (Ref: par. .A8)

.10 If the auditor concludes that the applied criteria are unacceptable or is unable to obtain the agreement of management in accordance with paragraph .09*b*–*c*, the auditor should not accept the engagement to report on the summary financial statements. [As amended, effective for engagements to report on summary financial statements for periods ending on or after December 15, 2021, by SAS No. 139.]

Nature of Procedures

.11 The auditor should perform the following procedures, and any other procedures that the auditor may consider necessary, as the basis for the auditor's opinion on the summary financial statements:

a. Evaluate whether the summary financial statements adequately disclose their summarized nature and identify the audited financial statements. (Ref: par. .A9)

b. When the summary financial statements are not accompanied by the audited financial statements, evaluate

   i. whether the summary financial statements clearly describe where the audited financial statements are available and

   ii. whether the audited financial statements are readily available to the intended users of the summary financial statements. (Ref: par. .A7)

c. Evaluate whether the summary financial statements adequately disclose the applied criteria.

d. Compare the summary financial statements with the related information in the audited financial statements to determine whether the summary financial statements agree with or can be recalculated from the related information in the audited financial statements.

e. Evaluate whether the summary financial statements are prepared in accordance with the applied criteria.

f. Evaluate, in view of the purpose of the summary financial statements, whether the summary financial statements contain the information necessary, and are at an appropriate level of aggregation, so that they are not misleading in the circumstances.

Written Representations

.12 The auditor should request management to provide written representations, in the form of a representation letter addressed to the auditor, for the following matters:

a. Management has fulfilled its responsibility for the preparation of the summary financial statements in accordance with the applied criteria and believes the applied criteria are acceptable

b. Management has made the audited financial statements readily available to the intended users of the summary financial statements, when the summary financial statements will not be accompanied by the audited financial statements

c. If the date of the auditor's report on the summary financial statements is later than the date of the auditor's report on the audited financial statements,

i. whether any information has come to management's attention that would cause management to believe that any of the previous representations on the audited financial statements need to be modified

ii. whether any events have occurred subsequent to the date of the audited financial statements that may require adjustment of, or disclosure in, the audited financial statements

.13 The date of the written representations should be as of the date of the auditor's report on the summary financial statements. The written representations should be for all summary financial statements and period(s) referred to in the auditor's report on the summary financial statements.

.14 When the auditor has concluded that an unmodified opinion on the summary financial statements is appropriate, the auditor's opinion should state that the summary financial statements are consistent, in all material respects, with the audited financial statements from which they have been derived, in accordance with the applied criteria.

Auditor's Report on Summary Financial Statements

Elements of the Auditor's Report (Ref: par. .A10)

.15 The auditor's report on summary financial statements should include the following elements:

a. A title that clearly indicates that it is the report of an independent auditor (Ref: par. .A11)

b. An addressee

c. Identification of the summary financial statements on which the auditor is reporting, including the title of each statement included in the summary financial statements (Ref: par. .A12)

d. Identification of the audited financial statements from which the summary financial statements have been derived

e. Subject to paragraph .19, a clear expression of an opinion, as described in paragraphs .14 and .20

f. A statement indicating that the summary financial statements do not contain all the disclosures required by the [*financial reporting framework applied in the preparation of the financial statements*] and that reading the summary financial statements and the auditor's report thereon is not a substitute for reading the audited financial statements and the auditor's report thereon

g. If the date of the auditor's report on the summary financial statements is later than the date of the auditor's report on the audited financial statements, a statement that the summary financial statements and the audited financial statements do not reflect the effects of events, if any, that occurred subsequent to the date of the auditor's report on the audited financial statements (see paragraph .17) (Ref: par. .A13)

h. Reference to the auditor's report on the audited financial statements, the date of that report, and, subject to paragraphs .19–.20, the fact that an unmodified opinion is expressed on the audited financial statements

i. A description of management's responsibility for the summary financial statements, explaining that management is responsible for the preparation of the summary financial statements in accordance with the applied criteria

j. A statement that the auditor is responsible for expressing an opinion on whether the summary financial statements are consistent, in all material respects, with the audited financial statements based on the procedures required by GAAS and an identification of the United States of America as the country of origin of those standards, including the following:

    i. The procedures consisted principally of comparing the summary financial statements with the related information in the audited financial statements from which the summary financial statements have been derived and evaluating whether the summary financial statements are prepared in accordance with the applied criteria.

    ii. If the date of the auditor's report on the summary financial statements is later than the date of the auditor's report on the audited financial statements, the auditor did not perform any audit procedures regarding the audited financial statements after the date of the report on those financial statements.

k. The signature of the auditor's firm

l. The city and state where the auditor's report is issued

m. The date of the auditor's report

[Paragraph renumbered and amended, effective for engagements to report on summary financial statements for periods ending on or after December 15, 2021, by SAS No. 139.]

.16 The auditor should date the auditor's report on the summary financial statements no earlier than

a. the date on which the auditor has obtained sufficient appropriate evidence on which to base the opinion, including evidence that the summary financial statements have been prepared and that management and, when appropriate, those charged with governance, have asserted that they have taken responsibility for them; and

b. the date of the auditor's report on the audited financial statements.

[Paragraph renumbered by the issuance of SAS No. 139, March 2020.]

.17 When the auditor's report on the summary financial statements is dated later than the date of the auditor's report on the audited financial statements, the auditor may become aware of *subsequently discovered facts* as defined in section 560, *Subsequent Events and Subsequently Discovered Facts*. In such cases, the auditor should not release the auditor's report on the summary financial statements until the auditor's consideration of subsequently discovered facts in relation to the audited financial statements, in accordance with section 560, has been completed. [Paragraph renumbered by the issuance of SAS No. 139, March 2020.]

Reference to the Auditor's Report on the Audited Financial Statements (Ref: par. .A14)

.18 If the auditor's report on the audited financial statements contains a qualified opinion, an emphasis-of-matter paragraph, an other-matter paragraph, a going concern section, or communication of key audit matters, and the auditor expresses an unmodified opinion (see paragraph .14) on the summary financial statements, in addition to the elements in paragraph .15, the auditor's report on the summary financial statements should

a. state that the auditor's report on the audited financial statements contains a qualified opinion, an emphasis-of-matter paragraph, an other-matter paragraph, a going concern section, or communication of key audit matters and

b. describe

   i. the basis for the qualified opinion on the audited financial statements and the effect thereof, if any, on the summary financial statements, or

   ii. the matter referred to in the emphasis-of-matter paragraph, other-matter paragraph, or going concern section in the auditor's report on the audited financial statements and the effect thereof, if any, on the summary financial statements.

[Paragraph renumbered and amended, effective for engagements to report on summary financial statements for periods ending on or after December 15, 2021, by SAS No. 139.]

.19 When the auditor's report on the audited financial statements contains an adverse opinion or a disclaimer of opinion, the auditor should withdraw from the engagement to report on the summary financial statements, when withdrawal is possible under applicable law or regulation. If it is not possible for the auditor to withdraw from the engagement, the auditor's report on the summary financial statements should, in addition to the elements in paragraph .15

a. state that the auditor's report on the audited financial statements contains an adverse opinion or disclaimer of opinion.

b. describe the basis for that adverse opinion or disclaimer of opinion.

c. state that, as a result of the adverse opinion or disclaimer of opinion, it is inappropriate to express, and the auditor does not express, an opinion on the summary financial statements.

[Paragraph renumbered and amended, effective for engagements to report on summary financial statements for periods ending on or after December 15, 2021, by SAS No. 139.]

Modified Opinion on the Summary Financial Statements

.20 If the summary financial statements are not consistent, in all material respects, with the audited financial statements, in accordance with the applied criteria, and management does not agree to make the necessary changes, the auditor should express an adverse opinion on the summary financial statements. The auditor should state in the opinion paragraph that, in the auditor's opinion, because of the significance of the matter(s) described in the Basis for Adverse Opinion section, the summary financial statements are not consistent, in all material respects, with the audited financial statements from which they have been derived, in accordance with the applied criteria. (Ref: par. .A18) [Paragraph renumbered and amended, effective for engagements to report on summary financial statements for periods ending on or after December 15, 2021, by SAS No. 139.]

Restriction on Use or Alerting Readers to the Basis of Accounting

.21 When use of the auditor's report on the audited financial statements is restricted or the auditor's report on the audited financial statements alerts readers that the audited financial statements are prepared in accordance with a special purpose framework, the auditor should include a similar restriction or alert in the auditor's report on the summary financial statements.

Comparatives

.22 If the audited financial statements contain comparative financial statements but the summary financial statements do not, the auditor should determine whether such omission is reasonable in the circumstances of the engagement. The auditor should determine the effect of an unreasonable omission on the auditor's report on the summary financial statements. (Ref: par. .A19–.A20)

.23 Unless the predecessor auditor's report on the prior period's summary financial statements is reissued with the summary financial statements, if the summary financial statements contain comparatives that were reported on by another auditor, the auditor's report on the summary financial statements should state

a. that the summary financial statements of the prior period were audited by a predecessor auditor.

b. the type of opinion expressed by the predecessor auditor and, if the opinion was modified, the reasons therefore.

c. the date of that report.

.24 If the summary financial statements contain comparatives that were not reported on by the auditor or another auditor, the auditor's report on the summary financial statements should state that the comparative summary financial statements were not reported on by the auditor and, accordingly, the auditor does not express an opinion on the comparative summary financial statements.

Unaudited Information Presented With Summary Financial Statements (Ref: par. .A21)

.25 The auditor should evaluate whether any unaudited information presented with the summary financial statements is clearly differentiated from the summary financial statements. If the auditor concludes that the entity's presentation of the unaudited information is not clearly differentiated from the summary financial statements, the auditor should ask management to change the presentation of the unaudited information. If management refuses to do so, the auditor should explain in the auditor's report on the summary financial statements that such information is not covered by that report and accordingly, the auditor does not express an opinion on the information.

Information in Documents Containing Summary Financial Statements (Ref: par. .A22)

.26 The auditor should read the information included in a document containing the summary financial statements and the auditor's report thereon and consider whether a material inconsistency exists between that information and the summary financial statements. [As amended, effective for engagements to report on summary financial statements for periods ending on or after December 15, 2021, by SAS No. 139.]

.27 If, upon reading the other information, the auditor identifies that a material inconsistency appears to exist or becomes aware that the other information appears to be materially misstated, the auditor should discuss the matter with management and should consider appropriate further action in the circumstances. For an identified material inconsistency, the auditor should also determine whether the summary financial statements or the other information needs to be revised. [As amended, effective for audits of financial statements for periods ending on or after December 15, 2021, by SAS No. 137.]

Auditor Association (Ref: par. .A23)

.28 If the auditor becomes aware that the entity plans to state that the auditor has reported on summary financial statements in a document containing the summary financial statements, but does not plan to include the related auditor's report, the auditor should request management to include the auditor's report in the document. If management does not do so, the auditor should determine and carry out other appropriate actions designed to prevent management from inappropriately associating the auditor with the summary financial statements in that document.

.29 The auditor may be engaged to report on the financial statements of an entity, while not engaged to report on the summary financial statements. If, in this case, the auditor becomes aware that the entity plans to make a statement in a document that refers to the auditor and the fact that summary financial statements are derived from the financial statements audited by the auditor, the auditor should be satisfied that

a. the reference to the auditor is made in the context of the auditor's report on the audited financial statements, and

b. the statement does not give the impression that the auditor has reported on the summary financial statements.

If either *a* or *b* is not met, the auditor should request management to change the statement to meet both of the criteria in *a* and *b*, or not to refer to the auditor in the document. Alternatively, the entity may engage the auditor to report on the summary financial statements and include the related auditor's report in the document. If management does not change the statement, delete the reference to the auditor, or include an auditor's report on the summary financial statements in the document containing the summary financial statements, the auditor should advise management that the auditor disagrees with the reference to the auditor, and the auditor should determine and carry out other appropriate actions designed to prevent management from inappropriately associating the auditor with the summary financial statements in that document.

Application and Other Explanatory Material

Scope of This Section (Ref: par. .02)

.A1 Financial statements may present comparative information in the form of condensed financial statements or summarized financial information. For example, entities such as state and local governmental units may present prior period financial information in their government-wide financial statements only for the total reporting entity rather than disaggregated by governmental activities, business-type activities, total primary government, and discretely presented component units. Also, not-for-profit organizations frequently present certain information for the prior period in total rather than by net asset class. As described in paragraph .02, this section does not apply to reporting on financial statements containing such comparative information. Summary financial statements differ from comparative information. Summary financial statements may be presented in a document containing financial statements or in a separate document, whereas comparative information is presented within the financial statements.[5] [As amended, effective for engagements to report on summary financial statements for periods ending on or after December 15, 2021, by SAS No. 139.]

Engagement Acceptance

.A2 The audit of the financial statements from which the summary financial statements are derived provides the auditor with the necessary knowledge to discharge the auditor's responsibilities regarding the summary financial statements, in accordance with this section. Application of this section will not provide sufficient appropriate evidence on which to base the opinion on the summary financial statements if the auditor also has not audited the financial statements from which the summary financial statements are derived. (Ref: par. .08)

[5][Footnote deleted by the issuance of SAS No. 139, March 2020.]

Criteria (Ref: par. .09a)

.A3 The preparation of summary financial statements requires management to determine the information that needs to be reflected in the summary financial statements so that they are consistent, in all material respects, with the audited financial statements. Because summary financial statements by their nature contain aggregated information and limited disclosure, there is an increased risk that they may not contain the information necessary so that they are not misleading in the circumstances. This risk increases when established criteria for the preparation of summary financial statements do not exist.

.A4 Factors that may affect the auditor's determination of the acceptability of the applied criteria include the following:

- The nature of the entity
- The purpose of the summary financial statements
- The information needs of the intended users of the summary financial statements
- Whether the applied criteria will result in summary financial statements that are not misleading in the circumstances

.A5 The criteria for the preparation of summary financial statements may be established by an authorized or recognized standards-setting organization or by law or regulation. In many such cases, the auditor may presume that such criteria are acceptable. When established criteria for the preparation of summary financial statements do not exist, criteria may be developed by management, for example, based on practice in a particular industry.

Availability of the Audited Financial Statements (Ref: par. .09b(ii) and .11b(ii))

.A6 Summary financial statements are presented in considerably less detail than the complete set of financial statements and do not contain all the disclosures required by the financial reporting framework applied in the preparation of the complete set of financial statements. In addition, reading the summary financial statements is not a substitute for reading the audited financial statements. Accordingly, before accepting an engagement to report on summary financial statements, the auditor is required by paragraph .09*b*(ii) to obtain management's agreement that it acknowledges and understands its responsibility to make the audited financial statements readily available to the intended users of the summary financial statements, when the summary financial statements will not be accompanied by the audited financial statements.

.A7 Audited financial statements are deemed to be readily available if a third-party user can obtain the audited financial statements without any further action by the entity (for example, financial statements on an entity's website may be considered readily available but being available upon request is not considered readily available).

Agreement on the Expected Form and Content of the Report (Ref: par. .09c)

.A8 Agreement with management about the expected form and content of the report on the summary financial statements may include a description of the types of opinions the auditor may express. It is not necessary to describe the type of opinion expected to be issued. The auditor also may indicate that circumstances may arise in which it is necessary for the auditor to withdraw from the engagement.

Nature of Procedures (Ref: par. .11)

.A9 Adequate disclosure of the summarized nature of summary financial statements and the identity of the audited financial statements, as referred to in paragraph .11*a*, may, for example, be provided by a title such as "Summary Financial Statements Prepared From the Audited Financial Statements as of and for the Year Ended December 31, 20X1."

Auditor's Report on Summary Financial Statements

Elements of the Auditor's Report (Ref: par. .15)

.A10 An auditor who is engaged to report on summary financial statements does not report in the same manner as the auditor reported on the complete set of financial statements from which they are derived. To do so might lead users to assume, erroneously, that the summary financial statements include all the disclosures necessary for the complete set of financial statements. For the same reason, summary financial statements need to adequately disclose their summarized nature, as referred to in paragraphs .11*a* and .A9. [Paragraph renumbered by the issuance of SAS No. 139, March 2020.]

Title (Ref: par. .15a)

.A11 A title that includes the word *independent* to clearly indicate the report is the report of an independent auditor (for example, *Report of the Independent Auditor*) affirms that the auditor has met all of the relevant ethical requirements regarding independence. This distinguishes the report of the independent auditor from reports issued by others. [Paragraph renumbered by the issuance of SAS No. 139, March 2020.]

Identification of the Summary Financial Statements (Ref: par. .15c)

.A12 When the auditor is aware that the summary financial statements will be included in a document that contains other information, the auditor may consider, if the form of presentation allows, identifying the page numbers on which the summary financial statements are presented. This helps readers identify the summary financial statements that relate to the auditor's report. [Paragraph renumbered by the issuance of SAS No. 139, March 2020.]

Date of the Auditor's Report on the Summary Financial Statements and Events Subsequent to the Date of the Auditor's Report on the Audited Financial Statements (Ref: par. .15c(iv))

.A13 The auditor's report on the summary financial statements may be dated as of the same date or later than the date of the auditor's report on the audited financial statements, depending on when the procedures in paragraph .11 are performed and, as required by paragraph .16, when the auditor has obtained sufficient appropriate evidence on which to base the opinion. When the auditor reports on the summary financial statements after the completion of the financial statement audit, the auditor is not required to obtain additional audit evidence on the audited financial statements, or report on the effects of events that occurred subsequent to the date of the auditor's report on the audited financial statements because the summary financial statements are derived from the audited financial statements and do not update them. In such cases, however, paragraph .15*c*(iv) requires the auditor's report to state that the summary financial statements and the audited financial statements do not reflect the effects of events, if any, that occurred subsequent to the date of the auditor's report on the audited financial statements. [Paragraph renumbered by the issuance of SAS No. 139, March 2020.]

Reference to the Auditor's Report on the Audited Financial Statements (Ref: par. .18)

.A14 If the auditor's report on the audited financial statements contains a qualified opinion, the auditor may determine that, due to the effect on the summary financial statements, it is inappropriate to express an opinion on the summary financial statements. In such circumstances, the auditor may adapt and apply the requirement in paragraph .19. [Paragraph renumbered by the issuance of SAS No. 139, March 2020.]

.A15 Paragraph .18*a* requires the auditor to include a statement in the auditor's report on the summary financial statements when the auditor's report on the audited financial statements includes communication of one or more key audit matters in accordance with section 701, *Communicating Key Audit Matters in the Independent Auditor's Report*. However, the auditor is not required to describe the individual key audit matters in the auditor's report on the summary financial statements. [Paragraph added, effective for engagements to report on summary financial statements for periods ending on or after December 15, 2021, by SAS No. 139.]

.A16 The statements and descriptions required by paragraph .18 are intended to draw attention to those matters and are not a substitute for reading the auditor's report on the audited financial statements. The required descriptions are intended to convey the nature of the matters and need not repeat the corresponding text in the auditor's report on the audited financial statements in its entirety. [Paragraph added, effective for engagements to report on summary financial statements for periods ending on or after December 15, 2021, by SAS No. 139.]

.A17 When the auditor's report on the audited financial statements contains an adverse opinion or a disclaimer of opinion, paragraph .19 requires the auditor to withdraw from the engagement to report on the summary financial statements, when withdrawal is possible under applicable law or regulation. When an entity is required by law or regulation to provide a report on summary financial statements, the auditor is neither precluded from withdrawing, nor required to withdraw, from the engagement. [Paragraph renumbered by the issuance of SAS No. 139, March 2020.]

Modified Opinion on the Summary Financial Statements (Ref: par. .20)

.A18 If the summary financial statements are not consistent, in all material respects, with the audited financial statements in accordance with the applied criteria, and management does not agree to make the necessary changes, the auditor is required by paragraph .20 to express an adverse opinion on the summary financial statements. Due to the summarized nature of the summary financial statements, a qualified opinion would not be appropriate; the summary financial statements either are or are not consistent, in all material respects, with the audited financial statements, in accordance with the applied criteria. [Paragraph renumbered by the issuance of SAS No. 139, March 2020.]

Comparatives (Ref: par. .22)

.A19 If the audited financial statements contain comparative financial statements, a presumption exists that the summary financial statements also would contain comparatives. Section 700 addresses the auditor's responsibilities regarding comparative financial statements in an audit of financial statements.[6] [Paragraph renumbered by the issuance of SAS No. 139, March 2020.]

.A20 Circumstances that may affect the auditor's determination whether an omission of comparatives is reasonable include:

- The nature and objective of the summary financial statements
- The applied criteria
- The information needs of the intended users of the summary financial statements

[Paragraph renumbered by the issuance of SAS No. 139, March 2020.]

Unaudited Information Presented With Summary Financial Statements (Ref: par. .25)

.A21 Section 700 contains a requirement and guidance related to information presented in the financial statements that is not required by the applicable financial reporting framework.[7] Such requirement and guidance, adapted as necessary in the circumstances, may be helpful in applying the requirement in paragraph .25. [Paragraph renumbered by the issuance of SAS No. 139, March 2020.]

Other Information in Documents Containing Summary Financial Statements (Ref: par. .26–.27)

.A22 Section 720, *The Auditor's Responsibilities Relating to Other Information Included in Annual Reports*, contains requirements and guidance relating to reading other information included in an entity's annual report and responding when a material inconsistency appears to exist or other information appears to be materially misstated. Adapted as necessary in the circumstances, these requirements and related guidance may be helpful in applying the requirements in paragraphs .26–.27. [As amended, effective for audits of financial

[6] Paragraphs .45–.52 of section 700. [Revised, July 2017, to reflect conforming changes necessary due to the issuance of SAS No. 131. Footnote renumbered by the issuance of SAS No. 139, March 2020.]

[7] Paragraph .59 of section 700. [Revised, July 2017, to reflect conforming changes necessary due to the issuance of SAS No. 131. Footnote renumbered by the issuance of SAS No. 139, March 2020.]

statements for periods ending on or after December 15, 2021, by SAS No. 137. Paragraph renumbered by the issuance of SAS No. 139, March 2020.]

Auditor Association (Ref: par. .28–.29)

.A23 Other appropriate actions the auditor may take when management does not take the requested action may include informing the intended users and other known third-party users of the inappropriate reference to the auditor, including that the auditor did not report, and does not express an opinion on, the summary financial statements. The auditor's course of action depends on the auditor's association with misleading information and the auditor's legal rights and obligations. Consequently, the auditor may consider it appropriate to seek legal advice. [Paragraph renumbered by the issuance of SAS No. 139, March 2020.]

Exhibit — Illustrations of Reports on Summary Financial Statements

.A24

Illustration 1 — An Unmodified Opinion Is Expressed on the Summary Financial Statements (the Auditor's Report on the Summary Financial Statements Is Dated Later Than the Date of the Auditor's Report on the Financial Statements From Which the Summary Financial Statements Are Derived)

Illustration 2 — An Unmodified Opinion Is Expressed on the Summary Financial Statements and a Qualified Opinion Is Expressed on the Audited Financial Statements

Illustration 3 — An Adverse Opinion Is Expressed on the Audited Financial Statements (as a Result of the Adverse Opinion on the Audited Financial Statements, It Is Inappropriate to Express, and the Auditor Does Not Express, an Opinion on the Summary Financial Statements)

Illustration 4 — An Adverse Opinion Is Expressed on the Summary Financial Statements Because They Are Not Consistent, in All Material Respects, With the Audited Financial Statements, in Accordance With the Applied Criteria

Illustration 1 — An Unmodified Opinion Is Expressed on the Summary Financial Statements (the Auditor's Report on the Summary Financial Statements Is Dated Later Than the Date of the Auditor's Report on the Financial Statements From Which the Summary Financial Statements Are Derived)

Circumstances include all of the following:

- An unmodified opinion is expressed on the audited financial statements.
- Criteria are developed by management for the preparation of the summary financial statements and are adequately disclosed in Note X. The auditor has determined that the criteria are acceptable in the circumstances.
- An unmodified opinion is expressed on the summary financial statements.
- The auditor's report on the summary financial statements is dated later than the date of the auditor's report on the financial statements from which the summary financial statements are derived.[1,2]

Independent Auditor's Report on Summary Financial Statements

[*Appropriate Addressee*]

Opinion

The summary financial statements, which comprise the summary balance sheet as of December 31, 20X1, the summary income statement, summary statement of changes in stockholders' equity, and summary cash flow statement for the year then ended, and the related notes, are derived from the audited financial statements of ABC Company as of and for the year ended December 31, 20X1. We expressed an unmodified audit opinion on those audited financial statements in our report dated February 15, 20X2.

In our opinion, the accompanying summary financial statements of ABC Company as of and for the year ended December 31, 20X1 referred to above are consistent, in all material respects, with the audited financial statements from which they have been derived, on the basis described in Note X.

Summary Financial Statements

[1]If the date of the auditor's report on the summary financial statements is later than the date of the auditor's report on the audited financial statements, the following statement is added to the Summary Financial Statements section of the report: "The audited financial statements, and the summary financial statements derived therefrom, do not reflect the effects of events, if any, that occurred subsequent to the date of our report on the audited financial statements." [As amended, effective for engagements to report on summary financial statements for periods ending on or after December 15, 2021, by SAS No. 139.]

[2]If the date of the auditor's report on the summary financial statements is later than the date of the auditor's report on the audited financial statements, the following statement is added to the Auditor's Responsibility section of the report: "We did not perform any audit procedures regarding the audited financial statements after the date of the report on those financial statements." [As amended, effective for engagements to report on summary financial statements for periods ending on or after December 15, 2021, by SAS No. 139.]

The summary financial statements do not contain all the disclosures required by [*describe financial reporting framework applied in the preparation of the financial statements of ABC Company*]. Reading the summary financial statements and the auditor's report hereon, therefore, is not a substitute for reading the audited financial statements and the auditor's report thereon. The summary financial statements and the audited financial statements do not reflect the effects of events that occurred subsequent to the date of our report on the audited financial statements.

Responsibility of Management for the Summary Financial Statements

Management is responsible for the preparation of the financial statements in accordance with the criteria described in Note X.

Auditor's Responsibility

Our responsibility is to express an opinion on whether the summary financial statements are consistent, in all material respects, with the audited financial statements based on our procedures, which were conducted in accordance with auditing standards generally accepted in the United States of America. The procedures consisted principally of comparing the summary financial statements with the related information in the audited financial statements from which the summary financial statements have been derived and evaluating whether the summary financial statements are prepared in accordance with the basis described in Note X. We did not perform any audit procedures regarding the audited financial statements after the date of our report on those financial statements.

[*Signature of the auditor's firm*]

[*City and state where the auditor's report is issued*]

[*Date of the auditor's report*]

Illustration 2 — An Unmodified Opinion Is Expressed on the Summary Financial Statements and a Qualified Opinion Is Expressed on the Audited Financial Statements

Circumstances include all of the following:

- A qualified opinion is expressed on the audited financial statements.
- Criteria are developed by management for the preparation of the summary financial statements and are adequately disclosed in Note X. The auditor has determined that the criteria are acceptable in the circumstances.
- An unmodified opinion is expressed on the summary financial statements.
- The auditor's report on the summary financial statements is dated the same as the date of the auditor's report on the financial statements from which the summary financial statements are derived.

Independent Auditor's Report on Summary Financial Statements

[*Appropriate Addressee*]

Opinion

The summary financial statements, which comprise the summary balance sheet as of December 31, 20X1, the summary income statement, summary statement of changes in stockholders' equity, and summary cash flow statement for the year then ended, and the related notes, are derived from the audited financial statements of ABC Company as of and for the year ended December 31, 20X1. We expressed a qualified audit opinion on those audited financial statements in our report dated February 15, 20X2 (see below).

In our opinion, the accompanying summary financial statements of ABC Company as of and for the year ended December 31, 20X1, referred to above are consistent, in all material respects, with the audited financial statements from which they have been derived, in accordance with the criteria described in Note X.

Summary Financial Statements

The summary financial statements do not contain all the disclosures required by [*describe financial reporting framework applied in the preparation of the financial statements of ABC Company*]. Reading the summary financial statements and the auditor's report thereon, therefore, is not a substitute for reading the audited financial statements and the auditor's report thereon.

The Audited Financial Statements and Our Report Thereon

The basis for our qualified audit opinion was that management has not stated the inventories at the lower of cost or net realizable value but has stated them solely at cost, which constitutes a departure from [*describe financial reporting framework applied in the* *preparation of the financial statements of ABC Company*]. The Company's records indicate that, had management stated the inventories at the lower of cost or net realizable value, an amount of $XXX would have been required to write the inventories down to their net realizable value. Accordingly, cost of sales would have been increased by $XXX, and income tax, net income, and stockholders' equity would have been reduced by $XXX, $XXX, and $XXX, respectively.

Responsibilities of Management for the Summary Financial Statements

Management is responsible for the preparation of the summary financial statements in accordance with the criteria described in Note X.

Auditor's Responsibility

Our responsibility is to express an opinion on whether the summary financial statements are consistent, in all material respects, with the audited financial statements based on our procedures, which were conducted in accordance with auditing standards generally accepted in the United States of America. The procedures consisted principally of comparing the summary financial statements with the related information in the audited financial statements from which the summary financial statements have been derived and evaluating whether the summary financial statements are prepared in accordance with the basis described in Note X.

Illustration 3 — An Adverse Opinion Is Expressed on the Audited Financial Statements (as a Result of the Adverse Opinion on the Audited Financial Statements, It Is Inappropriate to Express, and the Auditor Does Not Express, an Opinion on the Summary Financial Statements)

Circumstances include both of the following:

- An adverse opinion is expressed on the audited financial statements. As a result of the adverse opinion on the audited financial statements, it is inappropriate to express, and the auditor does not express, an opinion on the summary financial statements, as described in paragraph .19.
- Criteria are developed by management for the preparation of the summary financial statements and are adequately disclosed in Note X. The auditor has determined that the criteria are acceptable in the circumstances.
- The auditor's report on the summary financial statements is dated the same as the date of the auditor's report on the financial statements from which the summary financial statements are derived.

Independent Auditor's Report on Summary Financial Statements

[*Appropriate Addressee*]

Disclaimer of Opinion

The summary financial statements, which comprise the summary balance sheet as of December 31, 20X1, the summary income statement, summary statement of changes in stockholders' equity, and summary cash flow statement for the year then ended, and the related notes, are derived from the audited financial statements of ABC Company as of and for the year ended December 31, 20X1.

As a result of the adverse opinion on the audited financial statements discussed in the Audited Financial Statements and Our Report Thereon section of our report, it is inappropriate to express, and we do not express, an opinion on the accompanying summary financial statements.

Summary Financial Statements

The summary financial statements do not contain all the disclosures required by [*describe financial reporting framework applied in the preparation of the audited financial statements of ABC Company*]. Reading the summary financial statements and the auditor's report thereon, therefore, is not a substitute for reading the audited financial statements and the auditor's report thereon.

The Audited Financial Statements and Our Report Thereon

In our report dated February 15, 20X2, we expressed an adverse audit opinion on the financial statements of ABC Company as of and for the year ended December 31, 20X1.

The basis for our adverse audit opinion was [*describe basis for adverse audit opinion*]. Our adverse audit opinion stated that [*describe adverse audit opinion*].

Responsibility of Management for the Summary Financial Statements

Management is responsible for the preparation of these summary financial statements on the basis described in Note X.

Auditor's Responsibility

We were engaged to express an opinion on whether the summary financial statements are consistent, in all material respects, with the audited financial statements based on our procedures, which were conducted in accordance with auditing standards generally accepted in the United States of America. However, as a result of the adverse opinion on the audited financial statements as discussed above, we do not express an opinion on the accompanying summary financial statements.

[*Signature of the auditor's firm*]

[*Date of the auditor's report*]

Illustration 4 — An Adverse Opinion Is Expressed on the Summary Financial Statements Because They Are Not Consistent, in All Material Respects, With the Audited Financial Statements, in Accordance With the Applied Criteria

Circumstances include all of the following:

- An unmodified opinion is expressed on the audited financial statements.
- Established criteria for the preparation of summary financial statements exist.
- The auditor expresses an adverse opinion on the summary financial statements because they are not consistent, in all material respects, with the audited financial statements, in accordance with the applied criteria.
- The auditor's report on the summary financial statements is dated the same as the date of the auditor's report on the financial statements from which the summary financial statements are derived.

Independent Auditor's Report on Summary Financial Statements

[*Appropriate Addressee*]

Adverse Opinion

The summary financial statements, which comprise the summary balance sheet as of December 31, 20X1, the summary income statement, summary statement of changes in stockholders' equity, and summary cash flow statement for the year then ended, and the related notes, are derived from the audited financial statements of ABC Company as of and for the year ended December 31, 20X1. We expressed an unmodified audit opinion on those audited financial statements in our report dated February 15, 20X2.

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion section, the summary financial statements of ABC Company as of and for the year ended December 31, 20X1 referred to above are not consistent with the audited financial statements from which they have been derived, on the basis described in Note X.

Basis for Adverse Opinion

[*Describe matter that caused the summary financial statements not to be consistent, in all material respects, with the audited financial statements, in accordance with the applied criteria*.]

Summary Financial Statements

The summary financial statements do not contain all the disclosures required by [*describe financial reporting framework applied in the preparation of the financial statements of ABC Company*]. Reading the summary financial statements and the auditor's report thereon, therefore, is not a substitute for reading the audited financial statements and the auditor's report thereon.

Responsibilities of Management for the Summary Financial Statements

Management is responsible for the preparation of the summary financial statements on the basis described in Note X.

Auditor's Responsibility

Our responsibility is to express an opinion about whether the summary financial statements are consistent, in all material respects, with the audited financial statements based on our procedures, which were conducted in accordance with auditing standards generally accepted in the United States of America. The procedures consisted principally of comparing the summary financial statements with the related information in the audited financial statements from which the summary financial statements have been derived and evaluating whether the summary financial statements are prepared in accordance with the basis described in Note X.

[Paragraph renumbered and amended, effective for engagements to report on summary financial statements for periods ending on or after December 15, 2021, by SAS No. 139.]

AU-C Sections 900–999

SPECIAL CONSIDERATIONS IN THE UNITED STATES

AU-C Section 905

Alert That Restricts the Use of the Auditor's Written Communication

Source: SAS No. 125; SAS 130.

Effective for the auditor's written communications related to audits of financial statements for periods ending on or after December 15, 2012. For all other engagements conducted in accordance with GAAS, this section is effective for the auditor's written communications issued on or after December 15, 2012.

Introduction

Scope of This Section

.01 This section addresses the auditor's responsibility, when required or the auditor decides, to include in the auditor's report or other written communication issued by the auditor in connection with an engagement conducted in accordance with generally accepted auditing standards (GAAS) (hereinafter referred to in this section as auditor's written communication) language that restricts the use of the auditor's written communication. This language is referred to in this section as an alert. In an auditor's report, such language is included in an other-matter paragraph. (Ref: par. .A1 and .A3)

.02 Appendix A, "List of AU-C Sections Relating to the Restricted Use of the Auditor's Written Communication," identifies sections that contain specific requirements to include an alert that restricts the use of the auditor's written communication or that otherwise address the inclusion of such alerts. Accordingly, the requirements in this section regarding the form of such alert apply. (Ref: par. .A2)

Effective Date

.03 This section is effective for the auditor's written communications related to audits of financial statements for periods ending on or after December 15, 2012. For all other engagements conducted in accordance with GAAS, this section is effective for the auditor's written communications issued on or after December 15, 2012.

Objective

.04 The objective of the auditor is to restrict the use of the auditor's written communication by including an alert when the potential exists for the auditor's written communication to be misunderstood if taken out of the context in which the auditor's written communication is intended to be used.

Definition

.05 For purposes of GAAS, the following term has the meaning attributed as follows:

Specified parties. The intended users of the auditor's written communication.

Requirements

Alert That Restricts the Use of the Auditor's Written Communication

.06 The auditor's written communication should include an alert, in a separate paragraph, that restricts its use when the subject matter of the auditor's written communication is based on (Ref: par. .A2–.A3)

a. measurement or disclosure criteria that are determined by the auditor to be suitable only for a limited number of users who can be presumed to have an adequate understanding of the criteria,

b. measurement or disclosure criteria that are available only to the specified parties, or

c. matters identified by the auditor during the course of the audit engagement when the identification of such matters is not the primary objective of the audit engagement (commonly referred to as a by-product report). (Ref: par. .A4–.A7)

.07 Unless specified otherwise by this section or other relevant sections, the alert that restricts the use of the auditor's written communication required by paragraph .06 should

a. state that the auditor's written communication is intended solely for the information and use of the specified parties.

b. identify the specified parties for whom use is intended. In situations covered by paragraph .06*c*, the specified parties should only include management, those charged with governance, others within the entity, the parties to the contract or agreement, or the regulatory agencies to whose jurisdiction the entity is subject, as appropriate in the circumstances.

c. state that the auditor's written communication is not intended to be and should not be used by anyone other than the specified parties. (Ref: par. .A8–.A9)

Adding Other Specified Parties (Ref: par. .A10)

.08 When, in accordance with paragraph .06, the auditor includes an alert that restricts the use of the auditor's written communication to certain specified parties, and the auditor is requested to add other parties as specified parties, the auditor should determine whether to agree to add the other parties as specified parties. In situations covered by paragraph .06*c*, the auditor should not agree to add as specified parties any other parties not described in paragraph .07*b*.

.09 When the auditor agrees to add other parties as specified parties, the auditor should obtain affirmative acknowledgment, in writing, from the other parties of their understanding of

a. the nature of the engagement resulting in the auditor's written communication,

b. the measurement or disclosure criteria related to the subject matter of the auditor's written communication, and

c. the auditor's written communication.

.10 If the other parties are added after the release of the auditor's written communication, in addition to the requirements of paragraph .09, the auditor should take one of the following actions:

a. Amend the auditor's written communication to add the other parties. In such circumstances, the auditor should not change the original date of the auditor's written communication.

b. Provide a written acknowledgment to management and the other parties that such parties have been added as specified parties. The auditor should state in the acknowledgment that no procedures were performed subsequent to the original date of the auditor's written communication or the date that the engagement was completed, as appropriate.

Alert for Engagements Performed in Accordance With *Government Auditing Standards* (Ref: par. .A11)

.11 The alert language required by paragraph .07 should not be used when

a. the engagement is performed in accordance with *Government Auditing Standards*, and

b. the auditor's written communication pursuant to that engagement is issued in accordance with

   i. section 265, *Communicating Internal Control Related Matters Identified in an Audit*;

   ii. section 806, *Reporting on Compliance With Aspects of Contractual Agreements or Regulatory Requirements in Connection With Audited Financial Statements*;

   iii. section 935, *Compliance Audits*; or

   iv. section 940, *An Audit of Internal Control Over Financial Reporting That Is Integrated With an Audit of Financial Statements*.

Instead, the alert required by paragraph .06 should

a. describe the purpose of the auditor's written communication and

b. state that the auditor's written communication is not suitable for any other purpose.

[As amended, effective for audits for periods ending on or after December 15, 2016, by SAS No. 130.]

Application and Other Explanatory Material

Alert That Restricts the Use of the Auditor's Written Communication (Ref: par. .01–.02 and .06)

.A1 In addition to auditor's reports, auditor's written communications may include letters or presentation materials (for example, letters communicating internal control related matters or presentations addressing communications with those charged with governance).

.A2 Certain sections, identified in appendix A, contain specific requirements to include an alert that restricts the use of the auditor's written communication or that otherwise address the inclusion of such alerts. The need for an alert that restricts the use of the auditor's written communication arises from the potential for the auditor's written communication to be misunderstood if taken out of the context in which the auditor's written communication is intended to be used. The context in which the auditor's written communication is intended to be used may consist of a number of circumstances, including

- the purpose of the auditor's written communication;
- the nature of the procedures applied in its preparation;
- the basis of, or assumptions used in, its preparation; and
- the extent to which the procedures performed generally are known or understood.

.A3 Auditor's reports on financial statements prepared in accordance with a general purpose framework ordinarily do not include an alert that restricts their use. However, nothing in GAAS precludes an auditor from including such an alert in any auditor's report or other auditor's written communication. For example, financial statements prepared specifically for use in connection with an acquisition may be prepared in accordance with a general purpose framework because the parties involved in the transaction have agreed that such general purpose financial statements are appropriate for their purposes. Nevertheless, when the terms of the engagement to audit those financial statements require the auditor to supply the auditor's report only to specified parties, the auditor may consider it necessary in the circumstances to include an other-matter paragraph in the auditor's report that restricts the use of the auditor's report.[1]

.A4 The subject matter of the auditor's written communication may be based on matters identified by the auditor during the course of the audit engagement when identification of such matters is not the primary objective of the audit engagement (commonly referred to

[1]Paragraph .08 of section 706, *Emphasis-of-Matter Paragraphs and Other-Matter Paragraphs in the Independent Auditor's Report* .

as a by-product report) (for example, communication about internal control or compliance related matters identified in an audit of financial statements, the primary objective of which is to express an opinion on the financial statements). Because such communication can only be understood in relation to the primary objective of the audit engagement, it may be misinterpreted or misunderstood. Accordingly, paragraph .06*c* requires such auditor's written communication to include an alert that restricts its use.

Alert That Restricts the Use of the Auditor's Written Communication Included in General Use Communications

.A5 An auditor's written communication that is required by paragraph .06 to include an alert that restricts its use may be included in a document that also contains an auditor's written communication that is for general use. In such circumstances, the use of the general use communication is not affected.

.A6 An auditor may also issue a single combined auditor's written communication that includes (*a*) communications that are required by paragraph .06 to include an alert that restricts their use and (*b*) communications that are for general use. If these two types of communications are clearly differentiated within the combined communication, such as through the use of appropriate headers, the alert that restricts the use of the auditor's written communication may be limited to the communications required by paragraph .06 to include such an alert. In such circumstances, the use of the general use communication is not affected. An example of a single combined auditor's written communication addressing a matter that was not the primary objective of the audit engagement that is included in a general use communication is provided in the exhibit "Illustrations of Reports on Compliance With Aspects of Contractual Agreements or Regulatory Requirements in Connection With Audited Financial Statements," of section 806.[2]

Distribution of the Auditor's Written Communication

.A7 An auditor is not responsible for controlling, and cannot control, distribution of the auditor's written communication after its release. The alert that restricts the use of the auditor's written communication is designed to avoid misunderstandings related to the use of the auditor's written communication, particularly if the auditor's written communication is taken out of the context in which the auditor's written communication is intended to be used. An auditor may consider informing the entity or other specified parties that the auditor's written communication is not intended for distribution to parties other than those specified in the auditor's written communication. The auditor may, in connection with establishing the terms of the engagement, reach an understanding with the entity that the intended use of the auditor's written communication will be restricted and may obtain the entity's agreement that the entity and specified parties will not distribute such auditor's written communication to parties other than those identified therein.

---

[2]Illustration 5, "Report on Compliance With Aspects of Contractual Agreements Given in a Combined Report, and No Instances of Noncompliance Were Identified," in the exhibit "Illustrations of Reports on Compliance With Aspects of Contractual Agreements or Regulatory Requirements in Connection With Audited Financial Statements," of section 806, *Reporting on Compliance With Aspects of Contractual Agreements or Regulatory Requirements in Connection With Audited Financial Statements* .

Illustrative Alert Language (Ref: par. .07)

.A8 The alert that restricts the use of the auditor's written communication may list the specified parties or refer to the specified parties listed elsewhere in the auditor's written communication. The following illustrates language that includes the elements required by paragraph .07:

> This [*report, letter, presentation, or communication*] is intended solely for the information and use of [*list or refer to the specified parties*] and is not intended to be and should not be used by anyone other than these specified parties.

.A9 Other sections, such as section 920, *Letters for Underwriters and Certain Other Requesting Parties*, may include specific requirements relating to the matters to be included in the alert that restrict the use of the auditor's written communication, as required by paragraph .06, including identifying the specified parties.

Adding Other Specified Parties (Ref: par. .08–.10)

.A10 When the auditor is requested to add other parties as specified parties, the auditor may agree to add the other parties as specified parties based on the auditor's consideration of factors such as the identity of the other parties and the intended use of the auditor's written communication.

Alert for Engagements Performed in Accordance With Government Auditing Standards (Ref: par. .11)

.A11 *Government Auditing Standards* regard the auditor's written communications issued pursuant to the sections, identified in paragraph .11, to be an integral part of the audit engagement for the purpose of assessing the results of the engagement. Accordingly, different alert language is used. The following illustrates language that includes the elements of the alert required by paragraph .11:

> The purpose of this [*report, letter, presentation, or communication*] is solely to [*describe the purpose of the auditor's written communication, such as to describe the scope of our testing of internal control over financial reporting and compliance, and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control over financial reporting or on compliance*]. This [*report, letter, presentation, or communication*] is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering [*describe the results that are being assessed, such as the entity's internal control over financial reporting and compliance*]. Accordingly, this [*report, letter, presentation, or communication*] is not suitable for any other purpose.

Appendix A — List of AU-C Sections Relating to the Restricted Use of the Auditor's Written Communication

.A12

This appendix identifies paragraphs in other sections that contain specific requirements to include an alert that restricts the use of the auditor's written communication or that otherwise address the inclusion of such alerts. The list is not a substitute for considering the requirements and related application and other explanatory material in the other sections.

- Paragraph .17 of section 260, *The Auditor's Communication With Those Charged With Governance*
- Paragraphs .14*d*, .A32, and .A38–.A39 of section 265, *Communicating Internal Control Related Matters Identified in an Audit*
- Paragraph .A16 of section 725, *Supplementary Information in Relation to the Financial Statements as a Whole*
- Paragraphs .20, .A26–.A27, and .A33 of section 800, *Special Considerations—Audits of Financial Statements Prepared in Accordance With Special Purpose Frameworks*
- Paragraphs .12–.13 and .A6–.A8 of section 806, *Reporting on Compliance With Aspects of Contractual Agreements or Regulatory Requirements in Connection With Audited Financial Statements*
- Paragraphs .14*f* and .A6 of section 915, *Reports on Application of Requirements of an Applicable Financial Reporting Framework*
- Paragraphs .33 and .A34 of section 920, *Letters for Underwriters and Certain Other Requesting Parties*
- Paragraphs .30, .31*i*, and .A33 of section 935, *Compliance Audits*

AU-C Section 910

Financial Statements Prepared in Accordance With a Financial Reporting Framework Generally Accepted in Another Country

Source: SAS No. 124; SAS No. 134; SAS No. 138; SAS No. 140.

Effective for audits of financial statements for periods ending on or after December 15, 2012, unless otherwise indicated.

Introduction

Scope of This Section

.01 This section addresses circumstances in which an auditor practicing in the United States is engaged to report on financial statements that have been prepared in accordance with a financial reporting framework generally accepted in another country not adopted by a body designated by the Council of the AICPA (Council) to establish generally accepted accounting principles (GAAP) (hereinafter referred to as a financial reporting framework generally accepted in another country) when such audited financial statements are intended for use outside the United States. This section is not intended to preclude the use of such audited financial statements in the United States.

.02 Pursuant to the "Compliance With Standards Rule" (ET sec. 1.310.001) and the "Accounting Principles Rule" (ET sec. 1.320.001), the Council designates the bodies to establish GAAP. This section does not apply to financial statements prepared in accordance with financial reporting frameworks established by the bodies designated by the Council. Section 700, *Forming an Opinion and Reporting on Financial Statements*, applies to engagements to report on such financial statements, including financial statements prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB). [Revised, January 2015, to reflect conforming changes necessary due to the issuance of the revised AICPA Code of Professional Conduct, effective December 15, 2014.]

.03 This section is applicable to engagements to report on financial statements prepared in accordance with a jurisdictional variation of IFRS such that the entity's financial statements do not contain an explicit and unreserved statement in an appropriate note to the financial statements that its financial statements are in compliance with IFRS as promulgated by the IASB.

.04 This section does not apply to engagements to report on financial statements of a U.S. subsidiary of a foreign registrant parent company that are presented in the parent company's filing with the U.S. Securities and Exchange Commission when the subsidiary's financial statements have been prepared in accordance with a financial reporting framework used by the parent company and audited in accordance with auditing standards generally accepted in the United States of America (GAAS).

Effective Date

.05 This section is effective for audits of financial statements for periods ending on or after December 15, 2012.

Objective

.06 The objective of the auditor, when engaged to report on financial statements prepared in accordance with a financial reporting framework generally accepted in another country, when such audited financial statements are intended for use outside the United States, is to address appropriately the special considerations that are relevant to

a. the acceptance of the engagement,

b. the planning and performance of the engagement, and

c. forming an opinion and reporting on the financial statements.

Requirements

Considerations When Accepting the Engagement (Ref: par. .A1)

.07 Section 210A, *Terms of Engagement,* requires the auditor, as part of establishing whether the preconditions for an audit are present prior to accepting the engagement, to determine the acceptability of the financial reporting framework applied in the preparation of the financial statements.[1] In an audit of financial statements prepared in accordance with a financial reporting framework generally accepted in another country, the auditor should obtain an understanding of

a. The purpose for which the financial statements are prepared and whether the financial reporting framework applied in the preparation of the financial statements is a fair presentation framework.

b. The intended users of the financial statements.

c. The steps taken by management to determine that the applicable financial reporting framework is acceptable in the circumstances.

.08 When the auditor plans to use the form and content of the auditor's report of another country, the auditor should obtain an understanding of the applicable legal responsibilities involved. (Ref: par. .A8)

[1]See paragraph .06 of section 210A, *Terms of Engagement*.

Performance (Ref: par. .A2–.A3)

.09 When auditing financial statements prepared in accordance with a financial reporting framework generally accepted in another country that are intended for use only outside the United States, the auditor should comply with GAAS, except for requirements related to the form and content of the report in the situation described in paragraph .12. The auditor should determine whether the application of GAAS requires special consideration in the circumstances of the engagement.

.10 Section 315A, *Understanding the Entity and Its Environment and Assessing the Risks of Material Misstatements,* requires the auditor to obtain an understanding of the entity's selection and application of accounting policies.[2] When reporting on financial statements prepared in accordance with a financial reporting framework generally accepted in another country, the auditor should obtain an understanding of such framework.

Application of Auditing Standards of Another Country

.11 If the auditor is engaged to audit financial statements prepared in accordance with a financial reporting framework generally accepted in another country, and the agreed-upon terms of engagement require the auditor to apply either the auditing standards of that country or International Standards on Auditing (ISAs), the auditor should obtain an understanding of and apply those relevant auditing standards, as well as GAAS, except for requirements related to the form and content of the report in the situation described in paragraph .12. (Ref: par. .A4–.A6)

Reporting

Reporting—Use Only Outside the United States

.12 If the auditor is reporting on financial statements prepared in accordance with a financial reporting framework generally accepted in another country that are intended for use only outside the United States, the auditor should report using either

a. a U.S. form of report that reflects that the financial statements being reported on have been prepared in accordance with a financial reporting framework generally accepted in another country, including (Ref: par. .A7)

   i. the elements required by section 700 and

   ii. a statement that refers to the note to the financial statements that describes the basis of presentation of the financial statements on which the auditor is reporting, including identification of the country of origin of the accounting principles, or

b. the report form and content of the other country (or, if applicable, as set forth in the ISAs), provided that

[2]See paragraph .12*c* of section 315A, *Understanding the Entity and Its Environment and Assessing the Risks of Material Misstatement*.

i. such a report would be issued by auditors in the other country in similar circumstances,

ii. the auditor understands and has obtained sufficient appropriate audit evidence to support the statements contained in such a report, and

iii. the auditor has complied with the reporting standards of that country and identifies the other country in the report. (Ref: par. .A8–.A9)

Reporting—Use in the United States

.13 If financial statements prepared in accordance with a financial reporting framework generally accepted in another country also are intended for use in the United States, the auditor should report using the U.S. form of report.[3] In addition, the auditor should include in the auditor's report an emphasis-of-matter paragraph[4] that

a. identifies the financial reporting framework used in the preparation of the financial statements,

b. refers to the note to the financial statements that describes that framework, and

c. indicates that such framework differs from accounting principles generally accepted in the United States of America. (Ref: par. .A7 and .A10)

Application and Other Explanatory Material

Considerations When Accepting the Engagement (Ref: par. .07–.08)

.A1 In obtaining an understanding of the purpose for which the financial statements are prepared and of the intended users, the auditor may consider whether the intended users are likely to be familiar with the applicable financial reporting framework. For example, if the financial statements are to be used in the United States in addition to the other country(ies) for which they are intended, the auditor may consider whether intended users within the United States deal directly with the entity and whether the financial statements are to be used in a manner that permits such users to discuss with the entity differences from accounting and reporting practices in the United States and their significance. Accordingly, an auditor may conclude that financial statements prepared in accordance with a financial reporting framework generally accepted in another country are not appropriate for use in a private placement memorandum to be distributed widely in the United States.

Performance (Ref: par. .09–.10)

.A2 The accounting principles used to prepare financial statements in accordance with a financial reporting framework generally accepted in another country may differ from those

---

[3]See section 700, *Forming an Opinion and Reporting on Financial Statements*.

[4]See section 706, *Emphasis-of-Matter Paragraphs and Other-Matter Paragraphs in the Independent Auditor's Report*.

used to prepare financial statements in accordance with accounting principles generally accepted in the United States of America, and such differences may affect the auditor's risk assessment and design of further audit procedures. For example, the financial reporting framework generally accepted in another country may require that certain assets be revalued to adjust for the effects of inflation—in which case, the auditor may find it necessary to perform procedures to test the revaluation adjustments. As another example, a particular country's financial reporting framework may not require or permit recognition of deferred taxes; consequently, procedures for testing deferred tax balances would not be applicable.

.A3 An understanding of the financial reporting framework generally accepted in another country may be obtained by reading the statutes or professional literature, or codifications thereof, which establish or describe the financial reporting framework generally accepted in the other country. Often, the application of accounting principles to a particular situation requires practical experience, and accordingly, the auditor may consult with persons having expertise in applying the financial reporting framework of the other country.

Application of Auditing Standards of Another Country (Ref: par. .11)

.A4 Applying either the auditing standards of another country or the ISAs may require the auditor to perform procedures in addition to those procedures required by GAAS.

.A5 An understanding of the auditing standards of another country or the ISAs may be obtained by reading the statutes or professional literature, or codifications thereof, which establish or describe such standards.

.A6 Statutes or professional literature, or codifications thereof, however, may not include a complete description of the auditing practices in another country. The auditor may consult with persons having expertise in, including practical experience in applying, the auditing standards of the other country or the ISAs, as relevant.

Reporting (Ref: par. .08 and .12–.13)

.A7 The exhibit "Illustrations of Auditor's Reports on Financial Statements Prepared in Accordance With a Financial Reporting Framework Generally Accepted in Another Country" contains illustrations of auditor's reports on financial statements incorporating the elements required by paragraphs .12–.13.

Reporting—Use Only Outside the United States (Ref: par. .08 and .12)

.A8 Even when the form and content of the auditor's report used in another country appears similar to that used in the United States, the report may convey a different meaning and entail different legal responsibilities for the auditor due to custom or culture. Issuing a report of another country may require the auditor to report on statutory compliance or otherwise require understanding of local laws and regulations. When issuing the auditor's report of another country, the auditor is required by paragraph .08 to obtain an understanding of applicable legal responsibilities, in addition to the auditing standards and the financial reporting framework generally accepted in the other country, as required by paragraphs .07 and .10–.11. Accordingly, depending on the nature and extent of the auditor's knowledge and experience, the auditor may consult with persons having expertise in the audit reporting practices of the other country and associated legal responsibilities to obtain the understanding needed to issue that country's report.

.A9 An entity that prepares financial statements in accordance with GAAP also may prepare financial statements in accordance with a financial reporting framework generally accepted in another country for use outside the United States (for example, financial statements prepared in accordance with a jurisdictional variation of IFRS such that the entity's financial statements do not contain an explicit and unreserved statement of compliance with IFRS as issued by the IASB). In such circumstances, the auditor may report on the financial statements that are in accordance with a financial reporting framework generally accepted in another country by reporting in accordance with paragraph .12. The auditor may include in one or both of the reports a statement that another report has been issued on the financial statements for the entity that have been prepared in accordance with a financial reporting framework generally accepted in another country. The auditor's statement may also reference any note disclosure in the financial statements that describes significant differences between the accounting principles used and GAAP. An example of such a statement, which may be included in an emphasis-of-matter paragraph, is as follows:

> We also have reported separately on the financial statements of ABC Company for the same period presented in accordance with [*specify the financial reporting framework generally accepted*] in [*name of country*]. (The significant differences between the [*specify the financial reporting framework generally accepted*] in [*name of country*] and accounting principles generally accepted in the United States of America are summarized in Note X.)

Reporting—Use in the United States (Ref: par. .13)

.A10 When reporting on financial statements prepared in accordance with a financial reporting framework generally accepted in another country that will be used in the United States and outside the United States, the auditor may issue two reports: one of the reports described in paragraph .12 for use outside the United States and the U.S. form of report with an emphasis-of-matter paragraph, as described in paragraph .13, for use in the United States.

Independent Auditor's Report

[*Appropriate Addressee*]

Opinion on the Financial Statements

We have audited the financial statements of ABC Company, which comprise the balance sheet as of December 31, 20X1, and the related statements of income, changes in stockholders' equity, and cash flows for the year then ended, and the related notes to the financial statements, which, as described in note X to the financial statements, have been prepared on the basis of [*specify the financial reporting framework generally accepted*] in [*name of country*].

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of ABC Company as of December 31, 20X1, and the results of its operations and its cash flows for the year then ended in accordance with [*specify the financial reporting framework generally accepted*] in [*name of country*].

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) (and in [*name of country*]). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ABC Company and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with [*specify the financial reporting framework generally accepted*] in [*name of country*], and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ABC Company's ability to continue as a going concern for [*insert the time period set by the applicable financial reporting framework*].

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ABC Company's internal control. Accordingly, no such opinion is expressed.[1]
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ABC Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

[*Signature of the auditor's firm*]

[*City and state where the auditor's report is issued*]

[*Date of the auditor's report*]

[1] In circumstances in which the auditor also has responsibility to express an opinion on the effectiveness of internal control in conjunction with the audit of the financial statements, omit the following: "but not for the purpose of expressing an opinion on the effectiveness of ABC Company's internal control. Accordingly, no such opinion is expressed." [Footnote added, effective for audits of financial statements for periods ending on or after December 15, 2021, by SAS No. 140.]

Illustration 2 — U.S. Form of Independent Auditor's Report to Report on Financial Statements Prepared in Accordance With a Financial Reporting Framework Generally Accepted in Another Country That Also Are Intended for Use in the United States

Independent Auditor's Report

[*Appropriate Addressee*]

Opinion on the Financial Statements

We have audited the financial statements of ABC Company, which comprise the balance sheet as of December 31, 20X1, and the related statements of income, changes in stockholders' equity, and cash flows for the year then ended, and the related notes to the financial statements, which, as described in note X to the financial statements, have been prepared on the basis of *[specify the financial reporting framework generally accepted*] in [*name of country*].

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of ABC Company as of December 31, 20X1, and the results of its operations and its cash flows for the year then ended in accordance with [*specify the financial reporting framework generally accepted*] in [*name of country*].

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) (and in [*name of country*]). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ABC Company and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note X to the financial statements, the Company prepares its financial statements in accordance with [*specify the financial reporting framework generally accepted*] in [*name of country*], which differ(s) from accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with [*specify the financial reporting framework generally accepted*] in [*name of country*], and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ABC Company's ability to continue as a going concern for [*insert the time period set by the applicable financial reporting framework*].

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ABC Company's internal control. Accordingly, no such opinion is expressed.[1]
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ABC Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

[1]In circumstances in which the auditor also has responsibility to express an opinion on the effectiveness of internal control in conjunction with the audit of the financial statements, omit the following: "but not for the purpose of expressing an opinion on the effectiveness of ABC Company's internal control. Accordingly, no such opinion is expressed." [Footnote added, effective for audits of financial statements for periods ending on or after December 15, 2021, by SAS No. 140.]

[*Signature of the auditor's firm*]

[As amended, effective for audits of financial statements for periods ending on or after December 15, 2021, by SAS No. 134. As amended, effective for audits of financial statements for periods ending on or after December 15, 2021, by SAS No. 138. As amended, effective for audits of financial statements for periods ending on or after December 15, 2021, by SAS No. 140.]

AU-C Section 915

Reports on Application of Requirements of an Applicable Financial Reporting Framework

Source: SAS No. 122; SAS No. 123; SAS No. 125.

Effective for engagements that end on or after December 15, 2012.

Introduction

Scope of This Section

.01 This section addresses the reporting accountant's responsibilities when requested to issue a written report on

a. the application of the requirements of an applicable financial reporting framework to a specific transaction or

b. the type of report that may be issued on a specific entity's financial statements. (Ref: par. .A1)

.02 This section also applies to oral advice provided by the reporting accountant

a. that the reporting accountant concludes is intended to be used by a principal to the transaction as an important factor considered in reaching a decision on the application of the requirements of an applicable financial reporting framework to a specific transaction or

b. on the type of report that may be issued on a specific entity's financial statements.

.03 Differing interpretations may exist concerning whether and, if so, how existing accounting policies in an applicable financial reporting framework apply to new transactions or how new accounting policies in an applicable financial reporting framework apply to existing transactions. Management and others may consult with accountants on the application of the requirements of an applicable financial reporting framework to those transactions or to increase their knowledge of specific financial reporting issues. Such consultations may provide relevant information and insights not otherwise available.

.04 This section does not apply to

a. a continuing accountant with respect to the specific entity whose financial statements the continuing accountant has been engaged to report on,

b. engagements either to assist in litigation involving accounting or auditing matters or to provide expert testimony in connection with such litigation, or

c. professional advice provided to another accountant in public practice.

.05 This section also does not apply to communications such as position papers prepared by an accountant for the purpose of presenting views on an issue involving the application of the requirements of an applicable financial reporting framework, provided that these communications are not intended to provide guidance on the application of these requirements to a specific transaction. Position papers include newsletters, articles, speeches, and texts thereof; lectures and other forms of public presentations; and letters for the public record to professional and governmental standards-setting bodies.

Effective Date

.06 This section is effective for engagements that end on or after December 15, 2012.

Objective

.07 The objective of the reporting accountant, when engaged to issue a written report or provide oral advice on the application of the requirements of an applicable financial reporting framework to a specific transaction or on the type of report that may be issued on a specific entity's financial statements, is to address appropriately

a. the acceptance of the engagement.

b. the planning and performance of the engagement.

c. reporting on the specific transaction or type of report.

Definitions

.08 For purposes of this section, the following terms have the meanings attributed as follows:

Continuing accountant. An accountant who has been engaged to report on the financial statements of a specific entity or entities of which the specific entity is a component.

Hypothetical transaction. A transaction or financial reporting issue that does not involve facts or circumstances of a specific entity.

Reporting accountant. An accountant, other than a continuing accountant, in public practice, as described in ET section 0.400, *Definitions*, who prepares a written report or provides oral advice on the application of the requirements of an applicable financial reporting framework to a specific transaction or on the type of report that may be issued on a specific entity's financial statements.[1] (A reporting accountant who is also engaged to provide accounting and reporting advice to a specific entity on a recurring basis is commonly referred to as an advisory accountant.) (Ref: par. .A4)

Specific transaction. A completed or proposed transaction or group of related transactions or a financial reporting issue involving facts and circumstances of a specific entity.

Written report. Any written communication that provides a conclusion on the appropriate application of the requirements of an applicable financial reporting framework to a specific transaction or on the type of report that may be issued on a specific entity's financial statements.

[Revised, January 2015, to reflect conforming changes necessary due to the issuance of the revised AICPA Code of Professional Conduct, effective December 15, 2014.]

Requirements

Engagement Acceptance

.09 In determining whether to accept the engagement, the reporting accountant should consider

a. the circumstances under which the written report or oral advice is requested,

b. the purpose of the request, and

c. the intended use of the written report or oral advice.

For purposes of this section, the reporting accountant is not required to be independent of the entity.

.10 The reporting accountant should accept an engagement to issue a written report on the application of the requirements of an applicable financial reporting framework to a specific transaction only when the transaction involves facts or circumstances of a specific entity. The reporting accountant should not accept an engagement to issue a written report on hypothetical transactions.

.11 If the reporting accountant has determined in accordance with paragraphs .09–.10 that it is appropriate to accept an engagement to be performed in accordance with this section, the reporting accountant should establish an understanding with the requesting party that

a. responsibility for the proper accounting treatment rests with management, who is expected to consult with its continuing accountant;

b. management acknowledges that the reporting accountant may need to consult with the continuing accountant and that, upon request, management will authorize the continuing accountant to respond fully to the reporting accountant's inquiries; and

c. management will notify those charged with governance and the continuing accountant concerning the nature of the engagement.

---

[1][Footnote deleted, January 2015, to reflect conforming changes necessary due to the issuance of the revised AICPA Code of Professional Conduct, effective December 15, 2014.]

If management refuses to agree to authorize the continuing accountant to respond fully to the reporting accountant's inquiries, the reporting accountant should inquire about the reasons and consider the implications of that refusal when determining whether to accept the engagement.

Engagement Planning and Performance

.12 The reporting accountant should

a. obtain an understanding of the form and substance of the specific transaction(s) or the conditions relevant to the type of report that may be issued on a specific entity's financial statements;

b. review the relevant requirements of the applicable financial reporting framework, if appropriate;

c. consult with other professionals, experts, or regulatory authorities, if appropriate;

d. perform research or other procedures, as appropriate, to identify and consider existing creditable precedents or analogies;

e. except as provided in paragraph .13, request permission from the entity's management to consult with the continuing accountant and request the entity's management to authorize the continuing accountant to respond fully to the reporting accountant's inquiries; and

f. except as provided in paragraph .13, consult with the continuing accountant to determine the available facts relevant to forming a conclusion. (Ref: par. .A2–.A3)

Consulting With the Continuing Accountant

.13 The reporting accountant should consult with the continuing accountant to determine whether the reporting accountant has obtained the available facts relevant to form a conclusion, unless

a. the reporting accountant is engaged to issue a written report or provide oral advice on the application of the requirements of an applicable financial reporting framework to a specific transaction, as described in paragraphs .01*a* and .02*a*, and

b. the reporting accountant is engaged to provide recurring accounting and reporting advice (for example, bookkeeping or assistance in formulating accounting positions in selected matters, which are services commonly performed by an advisory accountant) and

   i. does not believe that a second opinion is being requested,

   ii. has full access to management, and

   iii. believes that the relevant information has been obtained in order to issue a written report or provide oral advice regarding the application of the requirements of an applicable financial reporting framework to an entity's specific transaction.

If the reporting accountant determines in accordance with the preceding *a*–*b* that it is not necessary to consult with the continuing accountant, the reporting accountant should document the rationale for not consulting. (Ref: par. .A2–.A4)

Written Report (Ref: par. .A5–.A7)

.14 The reporting accountant's written report should be addressed to the requesting party (for example, management or those charged with governance) and should include the following:

a. A brief description of the nature of the engagement and a statement that the engagement was performed in accordance with this section.

b. Identification of the specific entity; a description of the specific transaction(s), if applicable; a statement of the relevant facts, circumstances, and assumptions; and a statement about the source of such information.

c. A statement describing the appropriate application of the requirements of an applicable financial reporting framework (including the country of origin) to the specific transaction or type of report that may be issued on the entity's financial statements and, if appropriate, a description of the reasons for the reporting accountant's conclusion.

d. A statement that the responsibility for the proper accounting treatment rests with the preparers of the financial statements, who should consult with their continuing accountant.

e. A statement that any difference in the facts, circumstances, or assumptions presented may change the report.

f. An alert that restricts the use of the report solely to the specified parties, as required by section 905, *Alert That Restricts the Use of the Auditor's Written Communication*.[2]

g. If the reporting accountant is not independent of the entity, a statement indicating the reporting accountant's lack of independence. The reporting accountant is neither required to provide, nor precluded from providing, the reasons for the lack of independence; however, if the reporting accountant chooses to provide the reasons for the lack of independence, the reporting accountant should include all the reasons therefor.

[As amended, December 2011, effective for the auditor's written communications issued on or after December 15, 2012, by SAS No. 125.]

---

[2]See paragraphs .06*a*–*b* and .07 of section 905, *Alert That Restricts the Use of the Auditor's Written Communication*. [Footnote added, effective for the auditor's written communications issued on or after December 15, 2012, by SAS No. 125.]

Application and Other Explanatory Material

Scope of This Section (Ref: par. .01b)

.A1 Examples of the types of reports or illustrative report wording that a reporting accountant may provide include the following:

- A report expressing a modified opinion versus a report expressing an unmodified opinion
- A report prepared in accordance with auditing standards generally accepted in the United States of America versus a report prepared in accordance with international auditing standards
- Wording that might be included in a modified opinion

Engagement Planning and Performance

.A2 The responsibilities of an entity's continuing accountant to respond to inquiries by the reporting accountant are the same as the responsibilities of a predecessor auditor to respond to inquiries by the auditor. Section 210A, *Terms of Engagement*, addresses the responsibilities of a predecessor auditor.[3] (Ref: par. .12*f*–.13)

.A3 The continuing accountant may provide information related to the form and substance of the specific transaction that is not otherwise available to the reporting accountant regarding, for example, the following:

- How management has applied the requirements of an applicable financial reporting framework to similar transactions
- Whether the method of accounting recommended by the continuing accountant is disputed by management
- The continuing accountant's conclusion on the application of the requirements of an applicable financial reporting framework to the specific transaction or the type of report that may be issued on the entity's financial statements (Ref: par. .12*f*–.13)

.A4 When determining whether the criteria in paragraph .13 are satisfied such that consultation with the continuing accountant is not necessary, the reporting accountant may consider the following:

- The nature of the engagement
- Whether the reporting accountant believes that full knowledge of the form and substance of the transaction has been obtained

---

[3]Paragraph .A30 of section 210A, *Terms of Engagement*. [Footnote renumbered by the issuance of SAS No. 125, December 2012.]

- How management has applied the requirements of the applicable financial reporting framework to similar transactions in the past
- Whether management has discussed the method of accounting with the continuing accountant

A recurring engagement for a reporting accountant may constitute the effective outsourcing of certain controllership or other financial reporting functions or involve financial reporting advisory services. Such an engagement may allow the reporting accountant to have complete access to management. (Ref: par. .08 and .13)

Written Report (Ref: par. .14)

.A5 Although the reporting requirements in paragraph .14 only apply to written reports, reporting accountants may find the requirements useful when providing oral advice.

.A6 The alert that restricts the use of the reporting accountant's written report referred to in paragraph .14*f* is not intended to preclude distribution of the report to the continuing accountant. [As amended, effective for the auditor's written communications issued on or after December 15, 2012, by SAS No. 125.]

.A7 The exhibit "Illustrative Written Report to the Requesting Entity" provides an example of a written report to the requesting party.

Exhibit — Illustrative Written Report to the Requesting Party

.A8

The following is an illustration of the reporting accountant's written report to the requesting party (for example, management or those charged with governance) on the application of the requirements of accounting principles generally accepted in the United States of America to a specific transaction.

Introduction

We have been engaged to report on the appropriate application of the requirements of accounting principles generally accepted in the United States of America to the specific transaction described below. This report is being issued to ABC Company for assistance in evaluating accounting policies for the described specific transaction. Our engagement has been conducted in accordance with Statement on Auditing Standards No. 122 section 915, *Reports on Application of Requirements of an Applicable Financial Reporting Framework*.

Description of Transaction

The facts, circumstances, and assumptions relevant to the specific transaction as provided to us by the management of ABC Company are as follows:

[*Text discussing the facts, circumstances, and assumptions relevant to the specific transaction*]

Appropriate Accounting Principles

[*Text discussing accounting principles generally accepted in the United States of America and how they apply to the described transaction*]

Concluding Comments

The ultimate responsibility for the decision on the appropriate application of the requirements of accounting principles generally accepted in the United States of America for an actual transaction rests with the preparers of financial statements, who should consult with their continuing accountant. Our conclusion on the appropriate application of the requirements of accounting principles generally accepted in the United States of America for the described specific transaction is based solely on the facts provided to us as previously described; should these facts and circumstances differ, our conclusion may change.

Restricted Use

This report is intended solely for the information and use of those charged with governance and management of ABC Company and is not intended to be and should not be used by anyone other than these specified parties.

AU-C Section 920

Letters for Underwriters and Certain Other Requesting Parties

Source: SAS No. 122; SAS No. 125; SAS No. 129; SAS No. 140.

Effective for comfort letters issued on or after December 15, 2014, unless otherwise indicated.

Note

In March 2023, the Accounting Standards Board issued Statement on Auditing Standards No. 149, *Special Considerations — Audits of Group Financial Statements (Including the Work of Component Auditors and Audits of Referred-to Auditors)*, which contains amendments to this section.

The amendments are effective for comfort letters issued on or after December 15, 2026, and can be viewed in appendix C of section 600 until the effective date, when they will be applied to this section.

Introduction

Scope of This Section

.01 This section addresses the auditor's responsibilities when engaged to issue letters (commonly referred to as *comfort letters*) to requesting parties in connection with a nonissuer entity's financial statements included in registration statements filed with the Securities and Exchange Commission (SEC) under the Securities Act of 1933 (the 1933 Act) (for example, inclusion of the nonissuer entity's financial statements as required by either Rule 3-05 or 3-09 of Regulation S-X) or included in other securities offerings.

.02 Auditors' services include audits or reviews of financial statements included in securities offerings. In connection with the securities offerings, auditors are often requested to issue comfort letters to certain requesting parties. The auditor is not required by generally accepted auditing standards (GAAS) to accept an engagement to issue a comfort letter.

.03 The service of providing letters for underwriters developed following the passing of the 1933 Act. Section 11 of the 1933 Act provides that underwriters, among others, could be liable if any part of a registration statement contains material omissions or misstatements. The 1933 Act also provides for an affirmative defense for underwriters if it can be demonstrated that, after a reasonable investigation, the underwriter has reasonable grounds to believe that no material omissions or misstatements existed in a securities offering. An auditor issuing a comfort letter is one of a number of procedures that may be used to establish that an underwriter has conducted a reasonable investigation. Consequently, underwriters may request auditors to assist them in developing a record of reasonable investigation.

.04 The subjects that may be covered in a comfort letter include

- the independence of the auditor.
- whether the audited financial statements included in the securities offering comply regarding form, in all material respects, with the applicable accounting requirements of the 1933 Act and the related rules and regulations adopted by the SEC.
- unaudited financial statements, condensed interim financial information, capsule financial information, pro forma financial information, financial forecasts, management's discussion and analysis (MD&A), and changes in selected financial statement items during a period subsequent to the date and period of the latest financial statements included in the securities offering.
- tables, statistics, and other financial information included in the securities offering.
- negative assurance about whether certain nonfinancial statement information included in the securities offering complies regarding form, in all material respects, with Regulation S-K.[1]

Effective Date

.05 This section is effective for comfort letters issued on or after December 15, 2012.

Objectives

.06 The objectives of the auditor, when engaged to issue a letter to a requesting party in connection with an entity's financial statements included in a securities offering, are to

a. address appropriately the acceptance of the engagement and the scope of services; and

b. issue a letter with the appropriate form and content.

Definitions

.07 For purposes of this section, the following terms have the meanings attributed as follows:

---

[1]Regulation S-K, "Standard Instructions for Filing Forms Under Securities Act of 1933, Securities Exchange Act of 1934 and Energy Policy and Conservation Act of 1975."

Capsule financial information. Unaudited summarized interim financial information for periods subsequent to the periods covered by the audited financial statements or unaudited interim financial information included in the securities offering. Capsule financial information may be presented in narrative or tabular form and is often provided for the most recent interim period and for the corresponding period of the prior year.

Change period. The period ending on the cut-off date and ordinarily beginning, for balance sheet items, immediately after the date of the latest balance sheet in the securities offering and, for income statement items, immediately after the latest period for which such items are presented in the securities offering.

Closing date. The date on which the issuer of the securities or selling security holder delivers the securities in exchange for the proceeds of the offering.

Comfort letter. A letter issued by an auditor in accordance with this section to requesting parties in connection with an entity's financial statements included in a securities offering.

Comparison date and comparison period. The date as of which, and period for which, data at the cut-off date and data for the change period are to be compared.

Cut-off date. The date through which certain procedures described in the comfort letter are to relate.

Effective date. The date on which the securities offering becomes effective.

Entity. The party whose financial statements are the subject of the engagement.

Negative assurance. A statement that, based on the procedures performed, nothing has come to the auditor's attention that caused the auditor to believe that specified matters do not meet specified criteria (for example, that nothing came to the auditor's attention that caused the auditor to believe that any material modifications should be made to the unaudited interim financial information for it to be in accordance with generally accepted accounting principles).

Requesting party. One of the following specified parties requesting a comfort letter, which has negotiated an agreement with the entity:

- An underwriter
- Other parties that are conducting a review process that is, or will be, substantially consistent with the due diligence process performed when the securities offering is, or if the securities offering was, being registered pursuant to the 1933 Act, as follows:
  - — A selling shareholder, sales agent, or other party with a statutory due diligence defense under Section 11 of the 1933 Act
  - — A broker-dealer or other financial intermediary acting as principal or agent in a securities offering in connection with the following types of securities offerings:

    - Foreign offerings, including Regulation S, Eurodollar, and other offshore offerings
    - Transactions that are exempt from the registration requirements of Section 5 of the 1933 Act, including those pursuant to Regulation A, Regulation D, and Rule 144A
    - Offerings of securities issued or backed by governmental, municipal, banking, tax-exempt, or other entities that are exempt from registration under the 1933 Act

  — The buyer or seller in connection with acquisition transactions in which there is an exchange of stock (Ref: par. .A1)

Securities offerings. One of the following types of securities offerings:

- Registration of securities with the SEC under the 1933 Act
- Foreign offerings, including Regulation S, Eurodollar, and other offshore offerings
- Transactions that are exempt from the registration requirements of Section 5 of the 1933 Act, including those pursuant to Regulation A, Regulation D, and Rule 144A
- Offerings of securities issued or backed by governmental, municipal, banking, tax-exempt, or other entities that are exempt from registration under the 1933 Act
- Acquisition transactions in which there is an exchange of stock

Underwriter. As defined in the 1933 Act

> any person who has purchased from an issuer with a view to, or offers or sells for an issuer in connection with, the distribution of any security, or participates or has a direct or indirect participation in any such undertaking, or participates or has a participation in the direct or indirect underwriting of any such undertaking; but such term shall not include a person whose interest is limited to a commission from an underwriter or dealer not in excess of the usual and customary distributors' or sellers' commission. As used in this paragraph, the term "issuer" shall include, in addition to an issuer, any person directly or indirectly controlling or controlled by the issuer, or any person under direct or indirect common control with the issuer.

Except when the context otherwise requires, the word *underwriter*, as used in this section, refers to the managing, or lead, underwriter, who typically negotiates the underwriting agreement or purchase agreement (hereafter referred to as the *underwriting agreement*) for a group of underwriters whose exact composition is not determined until shortly before a securities offering becomes effective. [As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

.08 References in this section to information that is *included* in a document are to be read to also encompass information that is *incorporated by reference* in that document.

Requirements

Engagement Acceptance

.09 The auditor should determine whether to accept an engagement to issue a comfort letter in connection with financial statements included in a securities offering. The auditor is neither required to accept such an engagement nor required to provide comfort on every matter requested when accepting an engagement to issue a comfort letter. [As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

.10 The auditor should provide a comfort letter in connection with financial statements included in a securities offering only to

a. underwriters.

b. other parties meeting the definition of a *requesting party* in paragraph .07.

.11 The auditor should request the requesting party to provide either

a. a written opinion from external legal counsel that the requesting party has a statutory due diligence defense under Section 11 of the 1933 Act; or (Ref: par. .A2)

b. a representation letter that

  i. is addressed to the auditor;

  ii. contains the statement, "The review process applied to the information relating to the issuer of the securities is (will be) substantially consistent with the due diligence process that we would perform if this securities offering were being registered pursuant to the Securities Act of 1933. We are knowledgeable with respect to that due diligence process."; and (Ref: par. .A3–.A4)

  iii. is signed by the requesting party. [As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

.12 If a requesting party, other than an underwriter, requests a comfort letter but does not provide the legal opinion or representation letter described in paragraph .11, the auditor should not provide negative assurance on the financial statements as a whole, or on any of the specified elements, accounts, or items thereof. In such circumstances, the comfort letter should include the following statements: (Ref: par. .A5)

a. It should be understood that we have no responsibility for establishing (and did not establish) the scope and nature of the procedures enumerated in the preceding paragraphs; rather, the procedures enumerated therein are those that the requesting party asked us to perform. Accordingly, we make no representations regarding questions of legal interpretation or regarding the sufficiency for your purposes of the procedures enumerated in the preceding paragraphs; also, such procedures would not necessarily reveal any material misstatement of the amounts or percentages previously listed as set forth in the [*offering memorandum*]. Further, we have addressed ourselves solely to the foregoing data and make no representations regarding the adequacy of disclosures or whether any material facts have been omitted. This letter relates only to the financial statement items previously specified and does not extend to any financial statement of the company as a whole. (Ref: par. .A6)

b. The foregoing procedures do not constitute an audit or a review conducted in accordance with generally accepted auditing standards. Had we performed additional procedures or had we conducted an audit or a review of the company's [*give dates of any interim financial statements*] consolidated financial statements in accordance with auditing standards generally accepted in the United States of America, other matters might have come to our attention that would have been reported to you.

c. These procedures should not be taken to supplant any additional inquiries or procedures that you would undertake in your consideration of the proposed offering.

d. This letter is solely for your information and to assist you in your inquiries in connection with the offering of the securities covered by the [*offering memorandum*]. It is not to be used, circulated, quoted, or otherwise referred to for any other purpose, including but not limited to, the registration, purchase, or sale of securities, nor is it to be filed with or referred to in whole or in part in the offering document or any other document, except that reference may be made to it in any list of closing documents pertaining to the offering of the securities covered by the offering document.

e. We have no responsibility to update this letter for events and circumstances occurring after [*cut-off date*]. [As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

.13 The auditor should not provide a comfort letter to any parties other than a requesting party as defined in this section. (Ref: par. .A7)

.14 When issuing a letter in accordance with this section, the auditor should not circumvent the requirements of this section by issuing any additional letters or reports to a requesting party in connection with the securities offering in which the auditor comments on items for which commenting is otherwise precluded by this section.

Agreeing Upon the Scope of Services

.15 The auditor should obtain an understanding of the specific matters to be addressed in the comfort letter. (Ref: par. .A8)

.16 The auditor should ask to meet with the requesting party and the entity to discuss the procedures to be followed in connection with an engagement to issue a comfort letter. (Ref: par. .A9–.A10)

.17 The auditor should clearly communicate that the auditor cannot provide any assurance regarding the sufficiency of the procedures for the requesting party’s purposes. (Ref: par. .A11–.A14) [As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

.18 The auditor should provide the requesting party with a draft of the form of the letter the auditor expects to furnish. To the extent possible, the draft should deal with all matters to be covered in the final letter and should use exactly the same terms as those to be used in the final letter, subject to the understanding that the comments in the final letter cannot be determined until the procedures underlying it have been performed. The draft letter should be identified as a draft to avoid giving the impression that the procedures described therein have been performed. (Ref: par. .A15) [As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

.19 In both the draft and final forms of the comfort letter, the auditor should clearly describe the procedures performed by the auditor. The auditor should not state or imply that the auditor is carrying out such procedures as the auditor considers necessary because such statements or implications may lead to misunderstanding about the responsibility for the sufficiency of the procedures for the requesting party purposes.

.20 If the auditor has been unable to have a discussion with the requesting party about the auditor's planned procedures, the auditor should describe in the draft letter those procedures specified in the draft underwriting agreement that the auditor is willing to perform. (Ref: par. .A16–.A17)

.21 Situations may exist in which one or more component auditor's report is included in the securities offering. When comfort letters are issued to requesting parties by those component auditors, the auditor of the group financial statements should read those comfort letters. The auditor of the group financial statements should state in the comfort letter that the procedures relating to those components consisted solely of reading the component auditors' comfort letters. [As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

.22 When comfort letters are requested from more than one auditor, the requirements of this section apply to each auditor. (Ref: par. .A19)

.23 In competitive bidding situations in which legal counsel for the requesting party acts as the requesting party's representative prior to opening and acceptance of the bid, the auditor should carry out the discussions and other communications required by this section with the legal counsel until the requesting party is selected. In such circumstances, the auditor should not agree to provide a comfort letter addressed to the entity, legal counsel, or a nonspecific addressee, such as "any or all underwriters to be selected." If the auditor agrees to provide a draft comfort letter, the draft comfort letter should include a legend describing the letter's purpose and limitations. (Ref: par. .A20–.A23)

Format and Contents of Comfort Letters

Dating

.24 The letter should state that the inquiries and other procedures described in the letter did not cover the period from the cut-off date to the date of the letter. (Ref: par. .A24–.A25)

.25 When an additional letter, dated at or shortly before the closing date, is requested, the auditor should carry out the specified procedures and inquiries as of the cut-off date for each letter. The subsequent letter should relate only to information in the securities offering as most recently amended. (Ref: par. .A26)

Addressee

.26 The letter should be addressed only to the requesting party, or both the requesting party and the entity, and should not be provided to any other parties. (Ref: par. .A27)

Introductory Paragraph

.27 The letter should contain an introductory paragraph that identifies the financial statements and the securities offering.

Auditor's Report

.28 The auditor should, in the comfort letter, make reference to, but not repeat, the report on the audited financial statements included in the securities offering. (Ref: par. .A28)

.29 When the auditor's report on the audited financial statements included in the securities offering contains an emphasis-of-matter or other-matter paragraph or a separate section in the auditor's report addressing matters other than consistency of application of accounting policies,[2] the auditor should refer to that fact in the comfort letter and discuss the subject matter of the paragraph. In those instances in which the SEC accepts a modified opinion on historical financial statements, the auditor should refer to the modification in the opening paragraph of the comfort letter and discuss the subject matter of the modification. (Ref: par. .A29–.A30) [As amended, effective for comfort letters issued on or after December 15, 2021, by SAS No. 140.]

.30 The auditor should not provide negative assurance regarding the auditor's report or regarding financial statements that have been audited and are reported on in the securities offering by other auditors. (Ref: par. .A31)

.31 In the introductory paragraph of the comfort letter, if the auditor refers to reports that the auditor has previously issued other than the report on the audited financial statements included in the securities offering, the auditor should not repeat the reports in the comfort letter or otherwise imply that the auditor is reporting as of the date of the comfort letter or assuming responsibility for the sufficiency of the procedures for the requesting party's purposes. (Ref: par. .A32–.A33)

[.32] [Paragraph deleted, effective for the auditor's written communications issued on or after December 15, 2012, by SAS No. 125.]

.33 The auditor should not mention, refer to, or attach to the comfort letter any report or other auditor's written communication that includes an alert that restricts the use of the auditor's written communication, in accordance with section 905, *Alert That Restricts the Use of the Auditor's Written Communication*, or any restricted use reports issued in

---

[2]See section 706, *Emphasis-of-Matter Paragraphs and Other-Matter Paragraphs in the Independent Auditor's Report*.

accordance with Statements on Standards for Attestation Engagements or Statements on Standards for Accounting and Review Services. (Ref: par. .A34) [As amended, effective for the auditor's written communications issued on or after December 15, 2012, by SAS No. 125.]

Representations

.34 The auditor should refer in the comfort letter to the requesting party's representations when the representation letter described in paragraph .11 has been provided. (Ref: par. .A35)

Independence

.35 The auditor should state in the comfort letter that the auditor is independent, or the date through which the auditor was independent, with respect to the entity, and identify the applicable independence rules. (Ref: par. .A36–.A38)

Compliance With SEC Requirements

.36 If the auditor is requested to include an opinion in the comfort letter on whether the financial statements covered by the auditor's report comply as to form with the pertinent accounting requirements adopted by the SEC, the auditor's opinion should refer to compliance as to form, in all material respects, with the applicable accounting requirements of the 1933 Act and the related rules and regulations adopted by the SEC. (Ref: par. .A39–.A41)

.37 Certain financial statements may be incorporated in a registration statement under the 1933 Act by reference to filings under the Securities Exchange Act of 1934 (the 1934 Act). If the auditor is requested to include an opinion in the comfort letter on whether the financial statements covered by the auditor's report comply as to form with the pertinent accounting requirements adopted by the SEC, the auditor's opinion should refer to whether the audited financial statements incorporated by reference in the registration statement comply as to form, in all material respects, with the applicable accounting requirements of the 1934 Act and the related rules and regulations adopted by the SEC. However, the auditor should not opine on compliance with the provisions of the 1934 Act regarding internal control over financial reporting.

.38 If the auditor has been requested to include an opinion in the comfort letter on whether the financial statements covered by the auditor's report comply as to form with the pertinent accounting requirements adopted by the SEC, and a material departure from the pertinent rules and regulations adopted by the SEC exists, the auditor should disclose the departure in the comfort letter. (Ref: par. .A42)

.39 The auditor should express an opinion on compliance as to form with requirements under the rules and regulations adopted by the SEC only with respect to those rules and regulations applicable to the form and content of financial statements that the auditor has audited. When the financial statements or financial statement schedules have not been audited, the auditor is limited to providing negative assurance on compliance as to form.

.40 The auditor should not comment in a comfort letter on compliance as to form of MD&A with rules and regulations adopted by the SEC. (Ref: par. .A43)

Commenting in a Comfort Letter on Information Other Than Audited Financial Statements

General

.41 When commenting in a comfort letter on information other than audited financial statements, the auditor should

a. describe the procedures performed by the auditor, as required by paragraph .19. (Ref: par. .A44–.A46)

b. describe the criteria specified by the requesting party.

c. state that the procedures performed with respect to interim periods may not disclose matters of significance regarding certain matters about which negative assurance is requested. (Ref: par. .A47–.A48)

.42 The auditor should not, in the comfort letter

a. make any statements, or imply, that the auditor has applied procedures that the auditor determined to be necessary or sufficient for the requesting party's purposes.

b. use terms of uncertain meaning (such as *general review*, *limited review*, *reconcile*, *check*, or *test*) in describing the work unless the procedures encompassed by these terms are described in the comfort letter.

c. make a statement that nothing else has come to the auditor's attention that would be of interest to the requesting party as a result of carrying out the specified procedures. (Ref: par. .A49)

.43 When the report on the audited financial statements in the securities offering is a modified report, the auditor should consider the effect on providing negative assurance in the comfort letter regarding subsequent interim financial information included in the securities offering or regarding an absence of specified subsequent changes. The auditor should also follow the requirements of paragraph .29. (Ref: par. .A50)

Knowledge of Internal Control

.44 The auditor should obtain an understanding of the entity's internal control over financial reporting for both annual and interim periods when commenting in a comfort letter on

a. unaudited interim financial information, including unaudited condensed interim financial information;

b. capsule financial information;

c. a financial forecast when historical financial statements provide a basis for one or more significant assumptions for the forecast; or

d. subsequent changes in specified financial statement items. (Ref: par. .A51)

Unaudited Interim Financial Information

.45 The auditor should provide negative assurance on unaudited interim financial information included in the securities offering only if the auditor has conducted a review of the interim financial information in accordance with GAAS applicable to reviews of interim financial information. If the auditor has not conducted a review in accordance with GAAS applicable to reviews of interim financial information, the auditor is limited to reporting procedures performed and findings obtained. (Ref: par. .A52)

.46 The negative assurance provided regarding such unaudited interim financial information should be about whether

a. any material modifications should be made to the unaudited interim financial information for it to be in accordance with the applicable financial reporting framework, and

b. the unaudited interim financial information complies as to form in all material respects with the applicable accounting requirements of the 1933 Act and the related rules and regulations adopted by the SEC, if applicable. [As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

.47 If the auditor states in the comfort letter that the auditor has issued a review report on the unaudited interim financial information, the auditor should attach the review report to the letter unless the review report is already included in the securities offering. (Ref: par. .A53) [As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

.48 The auditor should specifically identify, in the comfort letter, any unaudited interim financial information and should state that the auditor has not audited the interim financial information in accordance with GAAS and does not express an opinion concerning such information. (Ref: par. .A54–.A55)

Capsule Financial Information

.49 The auditor should not provide negative assurance regarding whether the selected capsule financial information is in accordance with the applicable financial reporting framework unless

a. the auditor has performed a review of the financial statements underlying the capsule financial information in accordance with GAAS applicable to reviews of interim financial information, and

b. the selected capsule financial information is in accordance with minimum disclosure requirements of the applicable financial reporting framework for interim financial information.

If these conditions have not been met, the auditor is limited to reporting procedures performed and findings obtained. (Ref: par. .A56) [Renumbered by the issuance of SAS No. 129, July 2014.]

.50 The auditor should not provide negative assurance on selected capsule financial information regarding whether the dollar amounts were determined on a basis substantially consistent with that of the corresponding amounts in the audited financial statements unless the auditor has performed a review of the financial statements underlying the capsule financial information in accordance with GAAS applicable to reviews of interim financial information. Otherwise, the auditor is limited to reporting procedures performed and findings obtained. [Renumbered and amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

.51 When the auditor is requested by the requesting party to provide negative assurance on unaudited condensed interim financial information, or information extracted therefrom, for a period ending after the latest financial statements included in the securities offering, the requirements in paragraphs .45–.48 apply. When the auditor provides negative assurance on such information, a copy of the unaudited interim financial information should be attached to the comfort letter. (Ref: par. .A57) [Renumbered and amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

Pro Forma Financial Information

.52 The auditor should not comment in a comfort letter on pro forma financial information unless the auditor has an appropriate level of knowledge of the accounting and financial reporting practices of the entity. (Ref: par. .A58)

.53 The auditor should not provide negative assurance in a comfort letter on pro forma financial information, including negative assurance on

- the application of pro forma adjustments to historical amounts,
- the compilation of pro forma financial information, or
- whether the pro forma financial information complies as to form in all material respects with the applicable accounting requirements of Rule 11-02 of Regulation S-X,[3] or with the pro forma bases as described in the pro forma financial information, as applicable,

unless the auditor has obtained the required knowledge described in paragraph .52 and has performed

[3]Regulation S-X, "Form and Content of and Requirements for Financial Statements, Securities Act of 1933, Securities Exchange Act of 1934, Public Utility Holding Company Act of 1935, Investment Company Act of 1940, and Energy Policy and Conservation Act of 1975."

a. an audit of the annual financial statements, or

b. a review of the interim financial information, in accordance with GAAS applicable to reviews of interim financial information,

of the entity (or, in the case of a business combination, of a significant constituent part of the combined entity) to which the pro forma adjustments were applied. In the case of a business combination, the historical financial statements of each constituent part of the combined entity on which the pro forma financial information is based should be audited or reviewed. If these conditions are not met, the auditor is limited to reporting procedures performed and findings obtained. (Ref: par. .A59) [As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

Financial Forecasts

.54 When performing procedures agreed to with the requesting party on a financial forecast and commenting thereon in a comfort letter, the auditor should

a. obtain an understanding of the entity's internal control over financial reporting for both annual and interim periods, as required by paragraph .44;

b. perform procedures required by AR-C section 80A, *Compilation Engagements*, for reporting on the compilation of a forecast;[4]

c. issue a report on the compilation of prospective financial information in accordance with AR-C section 80A and attach the report thereon to the comfort letter;[5] and

d. perform additional procedures as requested by the requesting party and report the findings in the comfort letter. (Ref: par. .A60–.A61)

[Revised, April 2017, to reflect conforming changes necessary due to the issuance of SSAE No. 18 and SSARS No. 23.]

.55 The auditor should not provide negative assurance on the results of procedures performed on a financial forecast.

.56 The auditor should not provide negative assurance with respect to compliance of the financial forecast with Rule 11-03 of Regulation S-X unless the auditor has performed an examination of the financial forecast in accordance with AT-C section 305, *Prospective Financial Information*. [Revised, April 2017, to reflect conforming changes necessary due to the issuance of SSAE No. 18.]

.57 If a financial forecast that the auditor has not examined is included in the securities offering, the auditor should not issue a comfort letter unless the financial forecast is accompanied by an indication that the auditor has not examined the financial forecast

[4] [Footnote deleted, April 2017, to reflect conforming changes necessary due to the issuance of SSAE No. 18 and SSARS No. 23.]

[5] [Footnote deleted, April 2017, to reflect conforming changes necessary due to the issuance of SSAE No. 18 and SSARS No. 23.]

and, therefore, does not express an opinion on it. (Ref: par. .A62) [As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

Subsequent Changes

.58 The auditor should base comments regarding subsequent changes in specified financial statement items solely on the limited procedures performed with respect to the change period as determined by the requesting party. (Ref: par. .A63–.A65)

.59 The auditor should provide negative assurance in the comfort letter regarding subsequent changes in specified financial statement items only as of a date less than 135 days from the end of the most recent period for which the auditor has performed an audit or a review. (Ref: par. .A66)

.60 When the requesting party requests negative assurance regarding subsequent changes in specified financial statement items as of a date 135 days or more from the end of the most recent period for which the auditor has performed an audit or a review, the auditor is limited to reporting procedures performed and findings obtained. (Ref: par. .A67) [As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

.61 In commenting on subsequent changes, the auditor should not characterize subsequent changes using ambiguous terms, such as referring to the change as "adverse." The auditor should note in the comfort letter if there has been a change in the application of the requirements of the applicable financial reporting framework. (Ref: par. .A68) [As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

.62 The auditor should comment only on the occurrence of subsequent changes in specified financial statement items that are not disclosed in the securities offering. Accordingly, the auditor should include the phrase *except for changes, increases, or decreases that the securities offering discloses have occurred or may occur* in the comfort letter when it has come to the auditor's attention that a change, increase, or decrease has occurred during the change period, and the amount of such change, increase, or decrease is disclosed in the securities offering. This phrase need not be included in the letter when no changes, increases, or decreases in the specified financial statement items are disclosed in the securities offering. (Ref: par. .A69–.A70)

.63 The auditor should identify in the comfort letter in both draft and final form the dates as of which, and periods for which, data at the cut-off date and data for the change period are to be compared, whether or not specified in the underwriting agreement. (Ref: par. .A71–.A72)

.64 If the requesting party requests the use of a change period or periods other than those described in paragraph .07, the auditor should explain to the requesting party the implications of using an earlier date. If the requesting party, nonetheless, requests the use of a change period or periods other than those described in paragraph .07, the auditor is permitted to use the period or periods requested. (Ref: par. .A73)

Tables, Statistics, and Other Financial Information

.65 The auditor should not comment in a comfort letter on tables, statistics, and other financial information appearing in the securities offering unless the information

a. is expressed in dollars (or percentages derived from such dollar amounts) and has been obtained from accounting records that are subject to internal control over financial reporting, or

b. has been derived directly from such accounting records by analysis or computation. (Ref: par. .A74)

.66 The auditor should not comment in a comfort letter on quantitative information that has been obtained from accounting records unless the information is subject to the same controls over financial reporting as the dollar amounts.

.67 The auditor should not comment in a comfort letter on tables, statistics, and other financial information relating to an unaudited period unless the auditor has

a. performed an audit of the entity's financial statements for a period including, or immediately prior to, the unaudited period or completed an audit for a later period, or

b. otherwise obtained knowledge of the entity's internal control over financial reporting.

.68 The auditor should not use the term *presents fairly* in comments concerning tables, statistics, and other financial information (Ref: par. .A75) and should not comment on

a. information subject to legal interpretation, such as beneficial share ownership;

b. nonfinancial data presented in MD&A, unless the auditor has conducted an examination or review of MD&A in accordance with AT-C section 395, *Management's Discussion and Analysis*; or (Ref: par. .A76)

c. matters merely because the auditor is capable of reading, counting, measuring, or performing other functions that might be applicable.

[Revised, April 2017, to reflect conforming changes necessary due to the issuance of SSAE No. 18.]

.69 The auditor's comments in the comfort letter concerning tables, statistics, and other financial information included in the securities offering should include

a. a clear identification of the specific information commented on;

b. a description of the procedures performed; and

c. the findings, expressed in terms of agreement between items compared. (Ref: par. .A77–.A78)

.70 With respect to the acceptability of methods of allocation used in deriving the figures commented on, the auditor should comment only to the extent to which such allocation is made in, or can be derived directly by analysis or computation from, the entity's accounting records. Such comments, if made, should make clear that

a. such allocations may be, to a substantial extent, arbitrary.

b. the method of allocation used is not the only acceptable method.

c. other acceptable methods of allocation might produce significantly different results.

.71 The comfort letter should state that the auditor makes no representations regarding

a. any matter of legal interpretation;

b. the completeness or adequacy of disclosure; and

c. the adequacy of the procedures followed, and that such procedures would not necessarily disclose material misstatements or omissions in the information to which the comments relate. (Ref: par. .A79–.A80)

Compliance as to Form With Regulation S-K

.72 The auditor should not provide negative assurance about whether certain financial information in registration statements, included because of specific requirements of Regulation S-K, is in conformity with the disclosure requirements of Regulation S-K unless the following conditions are met:

a. The information is derived, directly or by analysis or computation, from the accounting records subject to internal control over financial reporting.

b. The information is capable of evaluation against reasonable criteria that have been established by the SEC. (Ref: par. .A81 and .A84–.A87)

.73 The auditor should not express an opinion on conformity with the disclosure requirements of Regulation S-K. (Ref: par. .A82–.A83)

Concluding Paragraph

.74 The comfort letter should include a concluding paragraph restricting the use of the comfort letter for the information of the addressees and to assist the requesting parties in connection with the securities offering. (Ref: par. .A88)

Disclosure of Subsequently Discovered Matters

.75 The auditor should inform the entity when the auditor has discovered matters that require mention in the final comfort letter but were not mentioned in the draft letter that has been furnished to the requesting party. If the entity decides that disclosure will not be made in the securities offering, the auditor should inform the entity that the matters will be mentioned in the comfort letter and should recommend that the requesting party be informed promptly. (Ref: par. .A89–.A90)

Application and Other Explanatory Material

Definitions (Ref: par. .07)

.A1 An example of a comfort letter in connection with an acquisition transaction in which there is an exchange of stock is a cross-comfort letter related to a typical Form S-4 or merger proxy situation. An auditor's report on a preliminary investigation in connection with a proposed transaction (for example, a merger, an acquisition, or a financing) is not covered by this section; the guidance in AT-C section 215, *Agreed-Upon Procedures Engagements*, may apply to such engagements. [Revised, April 2017, to reflect conforming changes necessary due to the issuance of SSAE No. 18.]

Engagement Acceptance (Ref: par. .09–.13)

.A2 An attorney's letter indicating that a party "may" be deemed to be an underwriter or has liability substantially equivalent to that of an underwriter under the securities laws would not meet this requirement.

.A3 What is "substantially consistent" may vary from situation to situation and may not be the same as that done in a registered offering of the same securities for the same entity. Whether the procedures being, or to be, followed will be "substantially consistent" is determined by the requesting party on a case-by-case basis. [As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

.A4 Exhibit A, "Illustration of Representation Letter From Requesting Party," contains illustrative wording for a representation letter when the requesting party is not an underwriter.

.A5 Exhibit B, "Examples of Comfort Letters," contains examples of comfort letters. Example Q, "Letter to a Requesting Party That Has Not Provided the Legal Opinion or the Representation Letter Required by Paragraph .11," of this exhibit provides an example of a comfort letter issued to a requesting party that has not provided the representation letter described in paragraph .11.

.A6 Interpretation No. 1, "Responding to Requests for Reports on Matters Relating to Solvency" (AT-C sec. 9105 par. .01–.11), of AT-C section 105, *Concepts Common to All Attestation Engagements*, contains guidance on additional statements to be included if this comfort letter is requested in connection with a secured debt offering. [Revised, April 2017, to reflect conforming changes necessary due to the issuance of SSAE No. 18.]

.A7 Although the auditor is not permitted to provide a comfort letter other than to requesting parties, the auditor, instead, may provide a report on agreed-upon procedures. AT-C section 215 provides guidance on such reports. [Revised, April 2017, to reflect conforming changes necessary due to the issuance of SSAE No. 18.]

Agreeing Upon the Scope of Services (Ref: par. .15–.23)

.A8 The underwriting agreement may specify the matters to be addressed in the comfort letter. If the underwriting agreement or draft underwriting agreement is not available or does not specify the matters to be addressed, the understanding of the scope of the comfort letter may be obtained from a description furnished by the entity or requesting party. Obtaining this understanding as early as possible, and before the auditor provides a draft of the form of the letter the auditor expects to furnish, assists the auditor in determining whether the auditor will be able to furnish a letter in acceptable form.

.A9 If the requesting party refuses to meet together with the entity, the auditor may consider the implications in determining whether to accept the engagement.

.A10 During this meeting, the auditor may describe procedures that are frequently followed. Exhibit B provides examples of comfort letters that include these procedures. Because of the auditor's knowledge of the entity, such a meeting may assist the requesting party in reaching a decision about procedures to be followed by the auditor.

.A11 When financial information in a securities offering has not been audited in accordance with GAAS and, accordingly, is not covered by an auditor's opinion, the nature of the comments that the auditor can properly make with respect to that financial information is limited. As noted in paragraph .03, obtaining a comfort letter from an auditor is one procedure used by a requesting party to establish that the requesting party has conducted a "reasonable investigation," as a defense against possible claims under Section 11 of the 1933 Act. What constitutes a reasonable investigation of unaudited financial information sufficient to satisfy a requesting party's purposes is a matter of legal interpretation. Consequently, only the requesting party can determine what is sufficient for the requesting party's purposes.

.A12 The assistance that the auditor can provide by way of a comfort letter is subject to limitations. One limitation is that auditors can properly comment in their professional capacity only on matters to which their professional expertise is relevant. Another limitation is that procedures contemplated in a comfort letter, which do not constitute an audit of financial statements, do not provide the auditor with a basis for expressing an opinion. Such limited procedures may bring to the auditor's attention significant findings or issues affecting the financial information, but they do not provide assurance that the auditor will become aware of any or all significant findings or issues that would be disclosed in an audit. Accordingly, a risk exists that the auditor may have provided negative assurance on the absence of conditions or matters that may prove to have existed.

.A13 Comfort letters are not required under the 1933 Act, and copies are not filed with the SEC. Nonetheless, it is a common condition of an underwriting agreement in connection with the offering for sale of securities registered with the SEC under the 1933 Act that the auditor is to furnish a comfort letter. Some underwriters do not make the receipt of a comfort letter a condition of the underwriting agreement but, nevertheless, ask for such a letter.

.A14 Exhibit B, example A-1, "Typical Comfort Letter for a 1933 Act Offering," provides an illustration of an appropriate way of expressing that the auditor cannot provide any assurance regarding the sufficiency of the procedures for the requesting party's purposes.[6]

.A15 By providing a draft letter early in the process, the auditor has the opportunity to clearly show the requesting party what they may expect to receive from the auditor. Thus, the requesting party has the opportunity to discuss further with the auditor the procedures that the auditor expects to perform and to request any additional procedures that the requesting party may desire. If the additional procedures pertain to matters relevant to the auditor's professional competence and the auditor is willing to perform them, a revised draft may be prepared.

.A16 Acceptance by the requesting party of the draft comfort letter (and subsequently by acceptance of the comfort letter in final form) is an indication to the auditor that the requesting party considers the procedures described to be sufficient for the requesting party's purposes. Clearly describing the procedures to be followed by the auditor in the comfort letter avoids misunderstanding about the basis on which the auditor's comments have been made and assists the requesting party in deciding whether the procedures performed are sufficient for the requesting party's purposes.

.A17 The following is an example of a paragraph that may be placed on the draft letter for identification and explanation of its purposes and limitations.

> This draft is furnished solely for the purpose of indicating the form of letter that we would expect to be able to furnish [*name of requesting party*] in response to their request, the matters expected to be covered in the letter, and the nature of the procedures that we would expect to carry out with respect to such matters. Based on our discussions with [*name of requesting party*], it is our understanding that the procedures outlined in this draft letter are those they wish us to follow. Unless [*name of requesting party*] informs us otherwise, we shall assume that there are no additional procedures they wish us to follow. The text of the letter itself will depend, of course, on the results of the procedures, which we would not expect to complete until shortly before the letter is given and in no event before the cut-off date indicated therein.

If the auditor has not had any discussions with the requesting party about the auditor's planned procedures, the second sentence in this paragraph would be revised as follows: "In the absence of any discussions with [*name of requesting party*], we have set out in this draft letter those procedures referred to in the draft underwriting agreement (of which we have been furnished a copy) that we are willing to follow."

[.A18] [Paragraph deleted by the issuance of SAS No. 129, July 2014.]

.A19 Comfort letters are requested occasionally from more than one auditor, for example, in connection with securities offerings to be used in the subsequent sale of shares issued

[6]Paragraph 4 of example A-1, "Typical Comfort Letter for a 1933 Act Offering," in exhibit B, "Examples of Comfort Letters."

in recently effected mergers and from predecessor auditors. In such circumstances, it is the entity's responsibility, at the earliest practicable date, to inform any other auditors who may be involved about any letter that may be requested of them and arrange for them to receive a draft of the underwriting agreement so that they may make arrangements at an early date for the preparation of a draft of their letter and for the performance of their procedures. The entity or requesting party is also responsible for arranging for a copy of the comfort letters of component auditors in draft and final form to be provided to the auditor of the group financial statements.

.A20 In certain circumstances, regulations under the 1933 Act permit companies to register a designated amount of securities for continuous or delayed offerings during an extended period by filing one "shelf" registration statement. At the effective date of a shelf registration statement, the registrant may not yet have selected an underwriter. An entity or the legal counsel designated to represent the underwriting group may, however, ask the auditor to issue a comfort letter at the effective date of a shelf registration statement to expedite the due diligence activities of the underwriter when subsequently designated and to avoid later corrections of financial information included in an effective prospectus. However, as stated in paragraph .A11, only the underwriter can determine the procedures that will be sufficient for the underwriter's purposes.

.A21 The auditor may agree to furnish the entity or legal counsel for the underwriting group with a draft comfort letter describing the procedures that the auditor has performed and the comments that the auditor is willing to express as a result of those procedures.

.A22 The following is an example of a legend describing the letter's purpose and limitations.

> This draft describes the procedures that we have performed and represents a letter we would be prepared to sign if the managing underwriter had been chosen and requested such a letter. The text of the final letter will depend, of course, on whether the managing underwriter who is selected requests that these and other procedures be performed to meet his or her needs and whether the managing underwriter requests that any of the procedures be updated to the date of issuance of the signed letter.

.A23 A signed comfort letter may be issued to the underwriter selected for the portion of the issue then being offered when the underwriting agreement for an offering is signed and on each closing date.

Format and Contents of Comfort Letters

Dating (Ref: par. .24–.25)

.A24 The letter ordinarily is dated on, or shortly after, the underwriting agreement is signed.

.A25 The underwriting agreement ordinarily specifies the date, often referred to as the *cut-off date*, to which certain procedures described in the letter are to relate, for example, a date five days before the date of the letter. A factor in considering whether to accept the engagement is whether the period between the cut-off date and the date of the letter provides sufficient time to allow the auditor to perform the procedures and prepare the letter.

.A26 Comments included in an earlier letter that relate to information in the securities offering as most recently amended may be incorporated by reference in a subsequent letter. Exhibit B, example C, "Letter Reaffirming Comments as of a Later Date," provides an example of such reference. [As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

Addressee (Ref: par. .26)

.A27 An example of an appropriate form of address for this purpose is "The Blank Company and XYZ & Company, as Representative of the Several Underwriters." Copies of a comfort letter addressed in accordance with the requirements in paragraph .26 may be provided to the auditor of the group financial statements when a comfort letter related to a component included in group financial statements is issued by a component auditor.

Auditor's Report (Ref: par. .28–.33)

.A28 The requesting party might request that the auditor repeat in the comfort letter the report on the audited financial statements included in the securities offering. Because of the significance of the date of the auditor's report, the auditor is not permitted to agree to this request. [As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

.A29 An example of a matter addressed in an emphasis-of-matter or other-matter paragraph in the auditor's report that does not affect the opinion on the basic financial statements is interim financial information accompanying or included in the notes to audited financial statements.[7] An example of a matter addressed in a separate section in the auditor's report that does not affect the opinion on the basic financial statements is required supplementary information described in section 730, *Required Supplementary Information*.[8] [As amended, effective for comfort letters issued on or after December 15, 2021, by SAS No. 140.]

.A30 A requesting party may request that the auditor comment in the comfort letter on

- unaudited interim financial information required by item 302(a) of Regulation S-K, or
- required supplementary information.

Section 930, *Interim Financial Information*, applies to unaudited interim financial information, and section 730 applies to required supplementary information. These sections require the auditor to modify the auditor's report on the audited financial statements to refer to such information when

[7] Paragraphs .40–.41 of section 930, *Interim Financial Information*. [Footnote amended, effective for comfort letters issued on or after December 15, 2021, by SAS No. 140.]

[8] Paragraphs .07–.09 of section 730, *Required Supplementary Information*.

- the scope of the procedures with regard to the information was restricted, or
- when the information appears not to be presented in accordance with the applicable financial reporting framework or, for required supplementary information, applicable guidelines.

Such modifications of the auditor's report in the securities offering would ordinarily be referred to in the opening paragraph of the comfort letter (see also paragraph .43). Additional comments on such unaudited information are, therefore, unnecessary. However, if the requesting party requests that the auditor perform procedures with regard to such information in addition to those procedures performed in connection with the review or audit as prescribed by section 930 and section 730, the auditor may do so and report the findings. [As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

.A31 The requesting party might request negative assurance regarding the auditor's report. Because auditors have a statutory responsibility with respect to their opinion as of the effective date of a securities offering and because the additional significance, if any, of negative assurance is unclear and such assurance may, therefore, give rise to misunderstanding, the auditor is not permitted to provide such negative assurance. [As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

.A32 In the introductory paragraph of the comfort letter, the auditor may refer to the fact that the auditor has issued reports on

- summary financial statements that are derived from audited financial statements.[9]
- interim financial information.[10]
- pro forma financial information.[11]
- a financial forecast.[12]
- MD&A.[13]

.A33 When the auditor makes reference to having issued a review report on the interim financial information, the auditor is required by paragraph .47 to attach the review report to the comfort letter if the review report is not included in the securities offering. The other reports listed in paragraph .A32 may also be attached to the comfort letter. [As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

---

[9]See section 810, *Engagements to Report on Summary Financial Statements.*

[10]See section 930.

[11]See AT-C section 310, *Reporting on Pro Forma Financial Information*, and AR-C section 120, *Compilation of Pro Forma Financial Information*. [Footnote revised, April 2017, to reflect conforming changes necessary due to the issuance of SSAE No. 18 and SSARS No. 22.]

[12]See AR-C section 80A. [Footnote revised, April 2017, to reflect conforming changes necessary due to the issuance of SSAE No. 18 and SSARS No. 23.]

[13]See AT-C section 395, *Management's Discussion and Analysis*. [Footnote revised, April 2017, to reflect conforming changes necessary due to the issuance of SSAE No. 18.]

.A34 An example of an auditor's written communication that includes an alert that restricts the use of the auditor's written communication that is not permitted to be mentioned, referred to, or attached to the comfort letter is an auditor's written communication issued in accordance with section 265, *Communicating Internal Control Related Matters Identified in an Audit*. Examples of restricted use reports that are not permitted to be mentioned, referred to, or attached to the comfort letter include a report on agreed-upon procedures and any restricted use report issued in connection with procedures performed on the entity's internal control over financial reporting, in accordance with section 940, *An Audit of Internal Control Over Financial Reporting That Is Integrated With an Audit of Financial Statements*. [As amended, effective for the auditor's written communications issued on or after December 15, 2012, by SAS No. 125; Revised, December 2016, to reflect conforming changes necessary to reflect the issuance of SAS No. 130.]

Representations (Ref: par. .34)

.A35 Exhibit B, example A-2, "Typical Comfort Letter for a Non-1933 Act Offering When the Required Representation Letter Has Been Obtained," contains a reference to the requesting party's representations.

Independence (Ref: par. .35)

.A36 Exhibit B, example A-1 contains an illustration of an appropriate statement confirming the auditor's independence under SEC rules and regulations in conjunction with SEC filings.

.A37 Exhibit B, example A-2 includes an illustration of an appropriate statement confirming the auditor's independence in conjunction with a securities offering when the auditor is independent under AICPA standards.

.A38 The auditors for previously nonaffiliated entities recently acquired by the registrant would not be required to have been independent with respect to the entity whose shares are being registered. Exhibit B, example B, "Letter When a Short-Form Registration Statement Is Filed Incorporating Previously Filed Form 8-K by Reference," includes an illustration of an appropriate statement concerning the auditor's independence in such a case.

Compliance With SEC Requirements (Ref: par. .36–.40)

.A39 Although the guidance in this section generally addresses comfort letters issued in connection with securities offerings registered pursuant to the 1933 Act, it also provides guidance on comfort letters issued in other securities transactions. However, the guidance that specifically refers to compliance of the information commented on with SEC rules and regulations, such as compliance with Regulation S-X or S-K, generally applies only to comfort letters issued in connection with securities offerings registered pursuant to the 1933 Act.

.A40 The phrase *rules and regulations adopted by the SEC* is used because auditors are not expected to be familiar with, or express opinions on compliance with, informal positions of the SEC staff.

.A41 An illustration of an appropriate opinion regarding compliance as to form with pertinent accounting requirements adopted by the SEC is as follows:

> In our opinion [*include phrase* except as disclosed in the registration statement *if applicable*], the [*identify the financial statements and financial statement schedules*] audited by us and included in the registration statement comply as to form in all material respects with the applicable accounting requirements of the 1933 Act and the related rules and regulations adopted by the SEC.

.A42 Exhibit B, example K, "Alternate Wording When the SEC Has Agreed to a Departure From Its Accounting Requirements," illustrates an appropriate manner of disclosing a material departure from the pertinent rules and regulations adopted by the SEC.

.A43 The auditor may agree to examine or review MD&A in accordance with AT-C section 395. [Revised, April 2017, to reflect conforming changes necessary due to the issuance of SSAE No. 18.]

Commenting in a Comfort Letter on Information Other Than Audited Financial Statements

General (Ref: par. .41–.43)

.A44 Comments included in the letter will often concern

- unaudited interim financial information.
- capsule financial information.
- pro forma financial information.
- financial forecasts.
- subsequent changes in specified financial statement items.

When the auditor has been requested to provide negative assurance on interim financial information or capsule financial information, the procedures involved in a review performed in accordance with GAAS applicable to reviews of interim financial information need not be specified.

.A45 Exhibit B, example A-1 contains an illustration of how the procedures performed by the auditor may be described.[14]

.A46 If the auditor states that the auditor has performed a review in accordance with GAAS applicable to reviews of interim financial information, this does not imply that those procedures are sufficient for the requesting party's purposes. The requesting party may ask the auditor to perform additional procedures. For example, the requesting party

[14]Paragraph 4 of example A-1 in exhibit B.

may request that the auditor apply additional procedures and specify items of financial information to be reviewed and the materiality level for changes in those items that would necessitate further inquiry by the auditor.

.A47 The procedures performed with respect to interim periods may not disclose subsequent changes in the specified financial statement items, inconsistencies in the application of the applicable financial reporting framework, instances of noncompliance as to form with accounting requirements of the SEC, or other matters about which negative assurance is requested.

.A48 An illustration of an appropriate manner of noting the limitations of procedures performed is shown in example A-1 of exhibit B.[15]

.A49 Because there is no way for the auditor to anticipate other matters that would be of interest to a requesting party, the auditor is precluded, in accordance with paragraph .42, from making a statement that nothing else has come to the auditor's attention that would be of interest to the requesting party.

.A50 Exhibit B, example I, "Alternate Wording When Auditor's Report on Audited Financial Statements Contains an Emphasis-of-Matter Paragraph," contains an illustration of alternate wording when the auditor's report on audited financial statements is a modified report.

Knowledge of Internal Control (Ref: par. .44)

.A51 The auditor may have obtained a sufficient understanding of an entity's internal control over financial reporting for both annual and interim periods through performing an audit on the entity's financial statements for one or more periods.

Unaudited Interim Financial Information (Ref: par. .45–.48)

.A52 The SEC requirements specify condensed financial statements. However, the requirements in paragraphs .45–.48 also apply to complete financial statements. For purposes of this section, interim financial information may be for a 12-month period ending on a date other than the entity's normal year-end. [As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

.A53 The auditor may, but is not required to, state in the comfort letter that the auditor has performed a review of interim financial information in accordance with GAAS applicable to reviews of interim financial information, and has issued a report on the review.

.A54 Exhibit B, example A-1 provides an illustration of a description related to the procedures specified for a review in accordance with GAAS applicable to reviews of interim financial information.[16] Exhibit B, example O, "Alternate Wording When the Procedures That the Requesting Party Has Requested the Auditor to Perform on Interim Financial Information Are Less Than a Review in Accordance With Generally Accepted Auditing

[15] See the last three sentences in paragraph 4 of example A-1 in exhibit B.

[16] Paragraphs 4*a* and 5*a* of example A-1 in exhibit B.

Standards Applicable to Reviews of Interim Financial Information," provides an illustration of alternate wording when the procedures that the requesting party has requested the auditor to perform on interim financial information are less than a review in accordance with GAAS applicable to reviews of interim financial information.

.A55 Exhibit B, example A-1 includes an illustration of an appropriate manner of making clear that the auditor is not expressing an opinion on unaudited interim financial information.[17]

Capsule Financial Information (Ref: par. .50–.51)

.A56 In some securities offerings, supplementary capsule financial information comprising unaudited summarized interim financial information for subsequent periods accompanies the information shown in the audited financial statements or unaudited interim financial information. This capsule financial information (either in narrative or tabular form) often is provided for the most recent interim period and for the corresponding period of the prior year.

.A57 The requesting party may ask the auditor to provide negative assurance with respect to the unaudited interim financial information, or unaudited condensed interim financial information that underlie the capsule financial information, and ask the auditor to state that the capsule financial information agrees with amounts set forth in such financial information. Exhibit B, example L, "Alternate Wording When Recent Earnings Data Are Presented in Capsule Form," provides an illustration of the auditor's comments in these circumstances.[18]

Pro Forma Financial Information (Ref: par. .52–.53)

.A58 An appropriate level of knowledge of the accounting and financial reporting practices of the entity may be obtained by the auditor auditing or reviewing, in accordance with GAAS, historical financial statements of the entity (or, in the case of a business combination, of a significant constituent part of the combined entity) for the most recent annual or interim period for which the pro forma financial information is presented.

.A59 Exhibit B, example D, "Comments on Pro Forma Financial Information," provides illustrations of wording regarding negative assurance on pro forma financial information as to compliance with the applicable accounting requirements of Rule 11-02 of Regulation S-X or with the pro forma bases as described in the pro forma financial information. Exhibit B, example O, provides an illustration of wording regarding procedures performed and findings obtained for pro forma financial information. [As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

Financial Forecasts (Ref: par. .54–.57)

[.A60] [Paragraph deleted by the issuance of SAS No. 129, July 2014.]

---

[17]Paragraph 3 of example A-1 in exhibit B.

[18]Paragraphs 4*b* and 5*b* of example L, "Alternate Wording When Recent Earnings Data Are Presented in Capsule Form," in exhibit B.

.A61 Exhibit B, example E, "Comments on a Financial Forecast," provides illustrations of appropriate wording describing procedures performed on a financial forecast.

.A62 The attestation standards that apply to financial forecasts provide for examinations of and agreed-upon procedures related to financial forecasts but not reviews. AR-C section 80A, *Compilation Engagements*, applies when reporting on the compilation of a financial forecast. If a compilation report on the financial forecast has been issued in connection with the comfort letter, the report need not be included in the securities offering. [Revised, April 2017, to reflect conforming changes necessary due to the issuance of SSAE No. 18 and SSARS No. 23.]

Subsequent Changes (Ref: par. .58–.64)

.A63 Comments regarding subsequent changes typically relate to whether, during the change period, there has been any

- change in capital stock;
- increase in long-term debt; or
- decreases in other specified financial statement items.

These comments might also address such matters as subsequent changes in the amounts of

- net current assets or stockholders' equity attributable to the entity.
- net sales and income from continuing operations and of net income or net income attributable to the entity. [As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

.A64 Procedures may include

- reading minutes and discussing with those charged with governance those meetings for which minutes have not been approved, and
- making inquiries of entity officials relating to the whole of the change period and obtaining appropriate written representations of the entity officials to support the answers to the inquiries.

.A65 Exhibit B, example A-1 provides an illustration of a description of procedures related to subsequent changes.[19]

.A66 Examples of the application of the requirements of paragraph .59 are as follows:

- When the auditor has audited the December 31, 20X0 financial statements, the auditor may provide negative assurance about changes in specified financial

[19]Paragraph 6 of example A-1 in exhibit B.

statement items as of any date through May 14, 20X1 (134 days subsequent to December 31).

- When the auditor has audited the December 31, 20X0 financial statements and has also conducted a review of the interim financial information as of and for the quarter ended March 31, 20X1, in accordance with GAAS applicable to reviews of interim financial information, the auditor may provide negative assurance about changes in specified financial statement items as of any date through August 12, 20X1 (134 days subsequent to March 31).

.A67 An appropriate manner of expressing negative assurance regarding subsequent changes is shown in exhibit B, in example A-1 if there has been no change, increase, or decrease, as applicable, and in example M, "Alternate Wording When Auditors Are Aware of a Decrease in a Specified Financial Statement Item," if there has been a decrease.[20]Example M may be modified when auditors are aware of a change or increase. Exhibit B, example O provides an illustration of reporting procedures performed and findings obtained relating to the subsequent change period. [As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

.A68 In commenting on subsequent changes, the auditor may use terms such as *change*, *increase*, or *decrease*. Terms such as *adverse* are not clearly understood and may cause the comments on subsequent changes to be ambiguous.

.A69 The comparison for the change period relates to the entire period and not to portions of that period. A decrease during one part of the period may be offset by an equal or larger increase in another part of the period. Because no decrease for the period as a whole existed, the comfort letter would not report the decrease occurring during one part of the period. [As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

.A70 When more than one auditor is involved, the auditor of the group financial statements may comment that there were no decreases in the consolidated financial statement items, when appropriate, despite the possibility that decreases have been mentioned in a comfort letter issued by a component auditor. Exhibit B, example J, "Alternate Wording When Component Auditors Are Involved," contains an illustration of wording when more than one auditor is involved. [As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

.A71 The underwriting agreement usually specifies the dates as of which, and periods for which, data at the cut-off date and data for the change period are to be compared. For balance sheet items, the comparison date is normally that of the latest balance sheet included in the securities offering (that is, immediately prior to the beginning of the change period). For income statement items, the comparison period or periods might be, but are not limited to, the corresponding period of the preceding year or a period of corresponding length immediately preceding the change period.

[20]Paragraphs 5*b* and 6 of example A-1 in exhibit B.

.A72 The reasons for identifying the date and period used for comparison are to avoid misunderstandings about the matters being compared, and so that the requesting party can determine whether the comparison period is suitable for the requesting party's purposes.

.A73 The requesting party might request that the change period begin immediately after the date of the latest audited balance sheet (which is, ordinarily, also the closing date of the latest audited statement of income) in the securities offering, even though the securities offering includes a more recent unaudited balance sheet and statement of income. The use of the earlier date may defeat the requesting party's purpose because it is possible that an increase in one of the items referred to in paragraph .A63 occurring between the dates of the latest audited and unaudited balance sheets included in the securities offering might more than offset a decrease occurring after the latter date. A similar situation might arise in the comparison of income statement items. In these circumstances, the decrease occurring after the date of the latest unaudited interim financial information included in the securities offering would not be reported in the comfort letter. [As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

Tables, Statistics, and Other Financial Information (Ref: par. .65–.71)

.A74 Other financial information appearing in the securities offering does not include financial information that is covered by the auditor's opinion on the financial statements.

.A75 Because the term *presents fairly*, when used by independent auditors, ordinarily relates to presentations of financial statements, the use of the term in commenting on other types of information may be misleading.

.A76 When the auditor has conducted an examination or a review of MD&A in accordance with AT-C section 395, the auditor may agree to trace nonfinancial data presented outside MD&A to similar data included in the MD&A presentation. When the auditor does not perform a review or an examination of MD&A or does not attach or refer to a report on MD&A, the auditor may perform procedures agreed to with the requesting party with respect to items in MD&A subject to internal control over financial reporting. [Revised, April 2017, to reflect conforming changes necessary due to the issuance of SSAE No. 18.]

.A77 Options for describing the procedures performed and the findings obtained include

- describing them individually for each item of specific information commented on.
- grouping or summarizing some or all of the descriptions, as long as
  - — the procedures and findings are adequately described,
  - — the applicability of the descriptions to items in the securities offering is clear, and
  - — the descriptions do not imply that the auditor assumes responsibility for the adequacy of the procedures.
- presenting a matrix listing the financial information and common procedures employed and indicating the procedures applied to the specific items.

- identifying procedures performed with specified symbols and identifying items to which those procedures have been applied directly on a copy of the securities offering, which is attached to the comfort letter. [As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

.A78 Exhibit B, examples F, "Comments on Tables, Statistics, and Other Financial Information—Complete Description of Procedures and Findings," G, "Comments on Tables, Statistics, and Other Financial Information—Summarized Description of Procedures and Findings Regarding Tables, Statistics, and Other Financial Information," and H, "Comments on Tables, Statistics, and Other Financial Information: Descriptions of Procedures and Findings Regarding Tables, Statistics, and Other Financial Information—Attached Securities Offering (or Selected Pages) Identifies Items to Which Procedures Were Applied Through the Use of Designated Symbols," provide illustrations of appropriate ways of expressing comments on tables, statistics, and other financial information.

.A79 Except with respect to requirements for financial statements and certain Regulation S-K items discussed in paragraph .72, the question of what constitutes appropriate information for compliance with the requirements of a particular item of the securities offering form is a matter of legal interpretation outside the competence of auditors.

.A80 Exhibit B, example F contains an illustration of an appropriate way of stating the limitations regarding the sufficiency of the auditor's procedures.[21]

Compliance as to Form With Regulation S-K (Ref: par. .72–.73)

.A81 The following are the disclosure requirements of Regulation S-K that generally meet the criteria in paragraph .72:

- Item 301, "Selected Financial Data"
- Item 302, "Supplementary Financial Information"
- Item 402, "Executive Compensation"
- Item 503(d), "Ratio of Earnings to Fixed Charges"

.A82 Because information relevant to Regulation S-K disclosure requirements other than those noted previously is generally not derived from the accounting records subject to internal control over financial reporting, it is not appropriate for the auditor to comment on conformity of this information with Regulation S-K.

.A83 The auditor's inability to comment on conformity with Regulation S-K does not preclude the auditor from performing procedures and reporting findings with respect to this information.

.A84 Item 305, "Quantitative and Qualitative Disclosures About Market Risk," of Regulation S-K does not meet the criteria in paragraph .65 for the auditor to provide

[21] Paragraph 9 of example F, "Comments on Tables, Statistics, and Other Financial Information—Complete Description of Procedures and Findings," in exhibit B.

comments on the Item 305 qualitative disclosures because the disclosures are not derived from the accounting records but are descriptive and hypothetical or forward-looking in nature.

.A85 Item 305 does not meet the criteria in paragraph .72 for the auditor to provide negative assurance on conformity with Item 305. Although some information needed to comply with Item 305 is derived from the accounting records, registrants must also provide a substantial amount of information that is not derived from accounting records subject to internal control over financial reporting.

.A86 Item 305 requires quantitative disclosures that may be presented in the form of a tabular presentation, sensitivity analysis, or value-at-risk disclosures. The auditor may perform limited procedures related to tabular presentations to the extent that such information is derived from the accounting records subject to internal control over financial reporting.

.A87 The appendix, "Commenting in a Comfort Letter on Quantitative Disclosures About Market Risk Made in Accordance With Item 305 of Regulation S-K," provides guidance on providing comments on Item 305 quantitative disclosures and examples of very simplified procedures, findings, and limitations related to Item 305 tabular presentation disclosures.

Concluding Paragraph (Ref: par. .74)

.A88 An illustration of an appropriate concluding paragraph is shown in exhibit B, examples A-1, A-2, and B.

Disclosure of Subsequently Discovered Matters (Ref: par. .75)

.A89 Subsequently discovered matters may include changes in specified items not disclosed in the securities offering, as discussed in paragraph .62.

.A90 The auditor's participation in the meeting may be helpful when the entity and requesting party discuss such matters.

Appendix — Commenting in a Comfort Letter on Quantitative Disclosures About Market Risk Made in Accordance With Item 305 of Regulation S-K

.A91

.A91-1 Regulation S-K, Item 305, Quantitative and Qualitative Disclosures About Market Risk, requires certain quantitative and qualitative disclosures with respect to derivative financial instruments, generally as defined in Financial Accounting Standards Board *Accounting Standards Codification* glossary.

.A91-2 In addition to qualitative (that is, descriptive) disclosures, Item 305 requires quantitative disclosures that may be presented in the form of a tabular presentation, sensitivity analysis, or value-at-risk disclosures. Disclosures generally include a combination of historical and fair value data and the hypothetical effects on such data of assumed changes in interest rates, foreign currency exchange rates, commodity prices, and other relevant market rates. The quantitative and qualitative information required by Item 305 are disclosed outside the financial statements and related notes thereto.

.A91-3 Item 305 does not meet the criteria in paragraph .65 for the auditor to provide comments on the Item 305 qualitative disclosures because the disclosures are descriptive and are not derived from the accounting records because they are hypothetical or forward-looking in nature.

.A91-4 Although some information needed to comply with Item 305 is derived from the accounting records, registrants must also provide a substantial amount of information that is not derived from accounting records subject to internal control over financial reporting. As a result, Item 305 does not meet the criteria in paragraph .72 for the auditor to provide negative assurance on conformity with Item 305 of Regulation S-K.

.A91-5 The three alternative forms of quantitative disclosures under Item 305 reflect hypothetical effects on market risk sensitive instruments and result in differing presentations. The forward-looking information used to prepare these presentations may be substantially removed from the accounting records that are subject to internal control over financial reporting. Further, paragraph .68 also states that the auditor should not comment on matters merely because the auditor is capable of reading, counting, measuring, or performing other functions that might be applicable. Accordingly, an auditor's ability to comment on these disclosures is largely dependent upon the degree to which the forward-looking information used to prepare these disclosures is linked to such accounting records.

.A91-6 The tabular presentation includes the fair values of market risk sensitive instruments and contract terms to determine the future cash flows from those instruments that are categorized by expected maturity dates. This approach may require the use of yield curves and implied forward rates to determine expected maturity dates, as well as assumptions regarding prepayments and weighted average interest rates.

.A91-7 The term *sensitivity analysis* describes a general class of models that are designed to assess the risk of loss in market risk sensitive instruments, based upon hypothetical changes in market rates or prices. Sensitivity analysis does not refer to any one, specific model and may include duration analysis or other "sensitivity" measures. The disclosures are dependent upon assumptions about theoretical future market conditions and, therefore, are not derived from the accounting records.

.A91-8 The term *value at risk* describes a general class of models that provide a probabilistic assessment of the risk of loss in market risk sensitive instruments over a selected period of time, with a selected likelihood of occurrences based upon selected confidence intervals. Value-at-risk disclosures are extremely aggregated and, in addition to the assumptions made for sensitivity analyses, may include additional assumptions regarding correlation between asset classes and future market volatilities. As a result, these disclosures are not derived from the accounting records.

.A91-9 Of the three disclosure alternatives, the tabular presentation contains the most limited number of assumptions and least complex mathematical calculations. Furthermore, certain information, such as contractual terms, included in a tabular presentation is derived from the accounting records. Accordingly, auditors may perform limited procedures related to tabular presentations to the extent that such information is derived from the accounting records subject to internal control over financial reporting.

.A91-10 The modeling techniques and underlying assumptions utilized for sensitivity analysis and value-at-risk disclosures generally will be highly complex. The resultant disclosures may be substantially different from the basic historical financial input derived directly from the accounting records. Due to the hypothetical and forward-looking nature of these disclosures and the potentially limited usefulness of any procedures that may be performed, sensitivity analysis or value-at-risk disclosures do not meet the criteria in paragraph .65 for the auditor to agree to make any comments or perform any procedures related to sensitivity analysis or value-at-risk disclosures.

.A91-11 When performing procedures related to tabular presentation disclosures, the auditor is required by paragraph .65 to consider whether the entity's documentation of its contractual positions in derivatives, commodities, and other financial instruments is subject to internal control over financial reporting and whether it provides a complete record of the entity's market risk sensitive instruments. In addition, the auditor is not permitted to express positive or negative assurance about the reasonableness of the assumptions underlying the disclosures.

.A91-12 Item 305 requires registrants to stratify financial instruments according to market risk category, that is, interest rate risk, foreign exchange risk, and equity price risk. Item 305 stipulates that if an instrument is at risk in more than one category, the instrument should be included in the disclosures for each applicable category. The stratifications and the company's determination of market risk categories are not derived from the company's accounting records. Accordingly, the auditor is not permitted to provide any findings that the company's stratifications are complete or comply as to form with Item 305 requirements and should disclaim with respect to the company's determination of market risk categories.

.A91-13 Item 305 encourages registrants to provide quantitative and qualitative information about market risk in terms of, among other things, the magnitude of actual past market movements and estimates of possible near-term market movements. As market data is not derived from the company's accounting records, the auditor is not permitted to agree to perform any procedures related to such market data.

.A91-14 Further, the auditor may need to utilize a specialist in performing procedures related to those disclosures.

.A91-15 The following examples, based on example H, "Comments on Tables, Statistics, and Other Financial Information: Descriptions of Procedures and Findings Regarding Tables, Statistics, and Other Financial Information—Attached Securities Offering (or Selected Pages) Identifies Items to Which Procedures Were Applied Through the Use of Designated Symbols," of exhibit B, "Examples of Comfort Letters," provide very simplified procedures, findings, and limitations related to Item 305 tabular presentation disclosures. In practice, the procedures generally will be substantially more complex.

Symbol	Procedures and Findings
√	Compared with a schedule prepared by the Company from its accounting records. We (*a*) compared the amounts on the schedule to corresponding amounts appearing in the accounting records and found such amounts to be in agreement, and (*b*) determined that the schedule was mathematically correct. However, we make no comment as to the appropriateness or completeness of the Company's classification of its market-risk-sensitive instruments into market risk categories, nor as to its determination of the expected maturity dates or amounts. (Note: This is an example of procedures related to tabular presentations of face amounts, carrying amounts, fair values, and notional amounts, which stratify such amounts as to interest rate risk.)
⊗	Compared with a schedule prepared by the Company from its accounting records to calculate weighted average fixed interest rates and weighted average fixed pay and receive rates and found such percentages to be in agreement. We (*a*) compared the amounts on the schedule to corresponding amounts appearing in the accounting records and found such amounts to be in agreement, and (*b*) determined that the schedule was mathematically correct. However, we make no comment as to the appropriateness of the Company's methodology in calculating weighted average fixed rates. (*Note*: It may be necessary to provide a more complete description of the procedures performed in other circumstances.) We make no comment as to the appropriateness or completeness of the Company's determination of the Regulation S-K requirements for quantitative and qualitative disclosures about market risks or with respect to the reasonableness of the assumptions underlying the disclosures.

[*The following is an extract from a registration statement that illustrates how an auditor can document procedures performed on a tabular presentation of market risk disclosures made in accordance with Item 305 of Regulation S-K.*]

INTEREST RATE SENSITIVITY

The following table provides information about the Company's derivative financial instruments and other financial instruments that are sensitive to changes in interest rates, including interest rate swaps and debt obligations. For debt obligations, the table presents principal cash flows and related weighted average interest rates by expected maturity dates. For interest rate swaps, the table presents notional amounts and weighted average interest rates by expected maturity dates. Notional amounts are used to calculate the contractual payments to be exchanged under the contract. Weighted average variable rates are based on implied forward rates in the yield curve at the reporting date. The information is presented in U.S. dollar equivalents, which is the Company's reporting currency. The instrument's actual cash flows are denominated in both U.S. dollars ($US) and German deutschmarks (DM), as indicated in parentheses.

	Expected maturity dates						
	20X2 *1*	20X3 *1*	20X4 *1*	20X5 *1*	There-after *1*	Total	Fair Value
Liabilities							
Long-Term Debt:			*($US equivalent in millions)*				
Fixed Rate ($US)	$XXX	$XXX	$XXX	$XXX	$XXX	$XXX√	$XXX√
Average interest rate	XX%	XX%	XX%	XX%	XX%	XX%⊗	
Fixed Rate (DM)	XXX	XXX	XXX	XXX	XXX	XXX√	XXX√
Average interest rate	XX%	XX%	XX%	XX%	XX%	XX%⊗	
Variable Rate ($US)	XXX	XXX	XXX	XXX	XXX	XXX√	XXX√
Average interest rate	XX%	XX%	XX%	XX%	XX%	XX%*1*	
Interest Rate Derivatives			*($US equivalent in millions)*				
Interest Rate Swaps:							
Variable to fixed ($US)	$XXX	$XXX	$XXX	$XXX	$XXX	$XXX√	$XXX√
Average pay rate-fixed	XX%	XX%	XX%	XX%	XX%	XX%⊗	
Average receive rate-variable	XX%	XX%	XX%	XX%	XX%	XX%*1*	
Fixed to Variable ($US)	XXX	XXX	XXX	XXX	XXX	XXX√	XXX√
Average pay rate-variable	XX%	XX%	XX%	XX%	XX%	XX%*1*	
Average receive rate-fixed	XX%	XX%	XX%	XX%	XX%	XX%⊗	

1 Because these disclosures include either management's expectations of future cash flows or the use of implied forward rates applied to such expected cash flows, such information does not meet the criteria of paragraph .65. Accordingly, the auditor is not permitted to express findings on amounts in these columns.

Exhibit A — Illustration of Representation Letter From Requesting Party (Ref: par. .A4)

.A92

The following is an example of a letter from a nonunderwriter when the securities offering is not being registered under the Securities Act of 1933. If requested to provide a definition of substantially consistent, the following language may be added to the letter:

> What is substantially consistent may vary from situation to situation and may not be the same as that done in a registered offering of the same securities for the same entity. Whether the procedures being, or to be, followed will be substantially consistent is determined by us on a case-by-case basis.

[*Date*]

Dear ABC Accountants:

[*Name of requesting party*], as principal or agent, in the placement of [*identify securities*] to be issued by [*name of issuer of the securities*], will be reviewing certain information relating to [*issuer of the securities*] that will be included (incorporated by reference) in the document [*if appropriate, identify the document*], which may be delivered to investors and utilized by them as a basis for their investment decision. This review process, applied to the information relating to the issuer of the securities, is (will be) substantially consistent with the due diligence review process that an underwriter would perform if this placement [*issuance*] of securities were being registered pursuant to the Securities Act of 1933 (the Act). We are knowledgeable with respect to the due diligence review process that would be performed if this placement of securities were being registered pursuant to the Act. We hereby request that you deliver to us a "comfort" letter concerning the financial statements of the issuer of the securities and certain statistical and other data included in the offering document. We will contact you to identify the procedures we wish you to follow and the form we wish the comfort letter to take.

Very truly yours,

[*Name of Requesting Party*]

[As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129.]

Exhibit B — Examples of Comfort Letters

.A93

Example A — Typical Comfort Letters **.A93-3–.A93-4**

Example A-1 — Typical Comfort Letter for a 1933 Act Offering **.A93-3**

Example A-2 — Typical Comfort Letter for a Non-1933 Act Offering When the Required Representation Letter Has Been Obtained **.A93-4**

Example B — Letter When a Short-Form Registration Statement Is Filed Incorporating Previously Filed Form 8-K by Reference **.A93-5**

Example C — Letter Reaffirming Comments as of a Later Date **.A93-6**

Example D — Comments on Pro Forma Financial Information **.A93-7–.A93-8**

Example D-1 — Negative Assurance on Pro Forma Financial Information as to Compliance With The Applicable Accounting Requirements of Rule 11-02 of Regulation S-X **.A93-7**

Example D-2 — Negative Assurance on Pro Forma Financial Information as to Compliance With Pro Forma Bases as Described in the Pro Forma Financial Information **.A93-8**

Example E — Comments on a Financial Forecast **.A93-9**

Example F — Comments on Tables, Statistics, and Other Financial Information—Complete Description of Procedures and Findings **.A93-10**

Example G — Comments on Tables, Statistics, and Other Financial Information—Summarized Description of Procedures and Findings Regarding Tables, Statistics, and Other Financial Information **.A93-11**

Example H — Comments on Tables, Statistics, and Other Financial Information: Descriptions of Procedures and Findings Regarding Tables, Statistics, and Other Financial Information—Attached Securities Offering (or Selected Pages) Identifies Items to Which Procedures Were Applied Through the Use of Designated Symbols **.A93-12**

Example I — Alternate Wording When Auditor's Report on Audited Financial Statements Contains an Emphasis-of-Matter Paragraph **A.93-13**

Example J — Alternate Wording When Component Auditors Are Involved **.A93-14**

Example K — Alternate Wording When the SEC Has Agreed to a Departure From Its Accounting Requirements **.A93-15**

Example L — Alternate Wording When Recent Earnings Data Are Presented in Capsule Form **.A93-16**

Example M — Alternate Wording When Auditors Are Aware of a Decrease in a Specified Financial Statement Item **.A93-17**

Example N — Alternate Wording of the Letter for Companies That Are Permitted to Present Interim Earnings Data for a 12-Month Period **.A93-18**

Example O — Alternate Wording When the Procedures That the Requesting Party Has Requested the Auditor to Perform on Interim Financial Information Are Less Than a Review in Accordance With Generally Accepted Auditing Standards Applicable to Reviews of Interim Financial Information **.A93-19**

Example P — Intentionally Omitted (See example A-2)

Example Q — Letter to a Requesting Party That Has Not Provided the Legal Opinion or the Representation Letter Required by Paragraph .11 **.A93-20**

Example R — Alternate Wording When Reference to Examination of Annual Management's Discussion and Analysis and Review of Interim Management's Discussion and Analysis Is Made **.A93-21**

Introduction

.A93-1 The contents of comfort letters vary depending on the extent of the information in the securities offering and the wishes of the requesting party. Shelf registration statements may have several closing dates and different underwriters. Descriptions of procedures and findings regarding interim financial information, tables, statistics, or other financial information that is incorporated by reference from previous Securities Exchange Act of 1934 filings may have to be repeated in several comfort letters. To avoid restating these descriptions in each comfort letter, the auditor may initially issue the comments in a format (such as an appendix) that can be referred to in, and attached to, subsequently issued comfort letters.

.A93-2 A typical comfort letter includes

a. a statement regarding the independence of the auditor. (Ref: par. .35)

b. if applicable, an opinion regarding whether the audited financial statements included (incorporated by reference) in the securities offering comply as to form in all material respects with the applicable accounting requirements of the Securities Act of 1933 (the 1933 Act) and related rules and regulations adopted by the Securities and Exchange Commission (SEC). (Ref: par. .36–.40)

c. negative assurance on whether

   i. if applicable, the unaudited interim financial information included (incorporated by reference) in the securities offering (Ref: par. .45–.48) complies as to form in all material respects with the applicable accounting requirements of the 1933 Act and the related rules and regulations adopted by the SEC.

   ii. any material modifications should be made to the unaudited interim financial information included (incorporated by reference) in the securities offering for them to be in conformity with the applicable financial reporting framework.

d. negative assurance on whether, during a specified period following the date of the latest financial statements in the securities offering, there has been any change in capital stock, increase in long-term debt, or any decrease in other specified financial statement items. (Ref: par. .58–.64)

Example A-1 contains a typical comfort letter for a 1933 Act offering and example A-2 contains a typical comfort letter for a non-1933 Act offering. Letters that cover some of the items may be developed by omitting inapplicable portions of these examples. Examples B, D–O, and R contain additional or alternate wording for examples A-1 or A-2, as applicable, for various scenarios.

Although the illustrations in this exhibit describe procedures that may be followed by auditors as a basis for their comments, this section does not necessarily prescribe such procedures.

Example A — Typical Comfort Letters

Example A-1 — Typical Comfort Letter for a 1933 Act Offering

.A93-3 Example A-1 is an example of a letter that the auditor of a nonissuer may provide when a registrant is including the nonissuer's financial statements in a securities offering to be filed with the SEC. Appropriate modifications would be made if additional financial information is covered by the comfort letter. Example A-1 assumes the following circumstances:

- The prospectus includes audited consolidated balance sheets as of December 31, 20X5 and 20X4, and audited consolidated statements of income, stockholders' equity, and cash flows for each year in the three-year period ended December 31, 20X5. Note that the example assumes all the net income is attributable to the company. If that were not the case, the references to net income would be modified, or additional references would be included as appropriate.

- The prospectus also includes an unaudited condensed consolidated balance sheet as of March 31, 20X6, and unaudited condensed consolidated statements of income, stockholders' equity, and cash flows for the three-month periods ended March 31, 20X6 and 20X5, reviewed in accordance with generally accepted auditing standards applicable to reviews of interim financial information; however the review report is not included in the securities offering. If the review report is included in the securities offering, the auditor may state that the auditor has issued a review report on the interim financial information in the introductory paragraph of the comfort letter, as follows:

> Also, we have reviewed the unaudited condensed consolidated financial statements as of March 31, 20X6, and for the three-month periods ended March 31, 20X6 and 20X5, as indicated in our report dated May 15, 20X6, which is included (incorporated by reference) in the registration statement.

The cut-off date is June 23, 20X6, and the letter is dated June 28, 20X6. The effective date is June 28, 20X6.

- The auditors are reporting independence under the SEC rules and regulations. If the auditors were not required to be independent under the SEC rules and regulations in conjunction with an SEC filing, paragraph 1 in example A-1 would be replaced with paragraph 1 in example A-2.

The auditor may agree to comment in the comfort letter on whether the interim financial information complies as to form in all material respects with the applicable accounting requirements of the rules and regulations adopted by the SEC.

The example also assumes that there has been no change in the application of a requirement of generally accepted accounting principles during the interim period. If there has been such a change, a reference to that change would be included in paragraph 5 of example A-1.

Each of the comments in the letter is in response to a requirement of the underwriting agreement. For purposes of example A-1, the income statement items of the current interim period are to be compared with those of the corresponding period of the preceding year.

June 28, 20X6

[*Addressee*]

Dear Ladies and Gentlemen:

We have audited the consolidated financial statements of The Nonissuer Company, Inc. (the company) and subsidiaries, which comprise the consolidated balance sheets as of December 31, 20X5 and 20X4, and the related consolidated statements of income, changes in stockholders' equity, and cash flows for each of the years in the three-year period ended December 31, 20X5, and the related notes to the consolidated financial statements, all included in The Issuer Company's (the registrant) registration statement (no. 33-00000) on Form S-1 filed by the registrant under the Securities Act of 1933 (the Act); our report with respect thereto is also included in that registration statement. The registration statement, as amended on June 28, 20X6, is herein referred to as the registration statement.

In connection with the registration statement—

1. We are independent certified public accountants with respect to the company within the meaning of the 1933 Act and the applicable rules and regulations thereunder adopted by the SEC.
2. In our opinion [*include the phrase* except as disclosed in the registration statement *if applicable*], the consolidated financial statements audited by us and included in the registration statement comply as to form in all material respects with the applicable accounting requirements of the Act and the related rules and regulations adopted by the SEC.
3. We have not audited any financial statements of the company as of any date or for any period subsequent to December 31, 20X5; although, we have conducted an audit for the year ended December 31, 20X5, the purpose (and, therefore, the scope) of the audit was to enable us to express our opinion on the consolidated financial statements as of December 31, 20X5, and for the year then ended, but not on the financial statements for any interim period within that year. Therefore, we are unable to and do not express any opinion on the unaudited condensed consolidated balance sheet as of March 31, 20X6, and the unaudited condensed consolidated statements of income, stockholders' equity, and cash flows for the three-month periods ended March 31, 20X6 and 20X5, included in the registration statement, or on the financial position, results of operations, or cash flows as of any date or for any period subsequent to December 31, 20X5.
4. For purposes of this letter we have read the 20X6 minutes of meetings of the stockholders, the board of directors, and [*include other appropriate committees, if any*] of the company and its subsidiaries as set forth in the minute books at June 23, 20X6, officials of the company having advised us that the minutes of all such meetings through that date were set forth therein and having discussed with us the unapproved minutes of meetings held on [*dates*]; we have carried out other procedures to June 23, 20X6, as follows (our work did not extend to the period from June 24, 20X6 to June 28, 20X6, inclusive):

a. With respect to the three-month periods ended March 31, 20X6 and 20X5, we have—

   i. Performed the procedures specified for a review in accordance with auditing standards generally accepted in the United States of America applicable to reviews of interim financial information, on the unaudited condensed consolidated balance sheet as of March 31, 20X6, and the unaudited condensed consolidated statements of income, stockholders' equity, and cash flows for the three-month periods ended March 31, 20X6 and 20X5, included in the registration statement.

   ii. Inquired of certain officials of the company who have responsibility for financial and accounting matters whether the unaudited condensed consolidated financial statements referred to in *a*(i) comply as to form in all material respects with the applicable accounting requirements of the Act and the related rules and regulations adopted by the SEC.

b. With respect to the period from April 1, 20X6 to May 31, 20X6, we have—

   i. Read the unaudited consolidated financial information of the company and subsidiaries for April and May of both 20X5 and 20X6 furnished us by the company, officials of the company having advised us that no financial statements as of any date or for any period subsequent to May 31, 20X6, were available. [*If applicable:* The financial information for April and May of both 20X5 and 20X6 is incomplete in that it omits the statements of cash flows and other disclosures.]

   ii. Inquired of certain officials of the company who have responsibility for financial and accounting matters whether the unaudited consolidated financial information referred to in *b*(i) is stated on a basis substantially consistent with that of the audited consolidated financial statements included in the registration statement.

The foregoing procedures do not constitute an audit conducted in accordance with generally accepted auditing standards. Also, they would not necessarily reveal matters of significance with respect to the comments in the following paragraph. Accordingly, we make no representations regarding the sufficiency of the foregoing procedures for your purposes.

5. Nothing came to our attention as a result of the foregoing procedures, however, that caused us to believe that—

a. i. Any material modifications should be made to the unaudited condensed consolidated financial statements described in 4*a*(i), included in the registration statement, for them to be in conformity with generally accepted accounting principles.[1]

[1]Section 930, *Interim Financial Information*, does not require the auditor to modify the report on a review of interim financial information for a lack of consistency in the application of accounting policies provided that the interim financial information appropriately discloses such matters.

ii. The unaudited condensed consolidated financial statements described in 4*a*(i) do not comply as to form in all material respects with the applicable accounting requirements of the Act and the related rules and regulations adopted by the SEC.

b. i. At May 31, 20X6, there was any change in the capital stock, increase in long-term debt, or decrease in consolidated net current assets or stockholders' equity of the consolidated companies as compared with amounts shown in the March 31, 20X6 unaudited condensed consolidated balance sheet included in the registration statement, or

ii. for the period from April 1, 20X6 to May 31, 20X6, there were any decreases, as compared to the corresponding period in the preceding year, in consolidated net sales or in income from continuing operations or of net income, except in all instances for changes, increases, or decreases that the registration statement discloses have occurred or may occur.

6. As mentioned in 4*b*, company officials have advised us that no consolidated financial statements as of any date or for any period subsequent to May 31, 20X6, are available; accordingly, the procedures carried out by us with respect to changes in financial statement items after May 31, 20X6, have, of necessity, been even more limited than those with respect to the periods referred to in 4. We have inquired of certain officials of the company who have responsibility for financial and accounting matters whether (*a*) at June 23, 20X6, there was any change in the capital stock, increase in long-term debt, or any decreases in consolidated net current assets or stockholders' equity of the consolidated companies as compared with amounts shown in the March 31, 20X6, unaudited condensed consolidated balance sheet included in the registration statement, or (*b*) for the period from April 1, 20X6 to June 23, 20X6, there were any decreases, as compared with the corresponding period in the preceding year, in consolidated net sales or in income from continuing operations or of net income. On the basis of these inquiries and our reading of the minutes as described in 4, nothing came to our attention that caused us to believe that there was any such change, increase, or decrease, except in all instances for changes, increases, or decreases that the registration statement discloses have occurred or may occur.

7. This letter is solely for the information of the addressees and to assist the underwriters in conducting and documenting their investigation of the affairs of the company in connection with the offering of the securities covered by the registration statement, and it is not to be used, circulated, quoted, or otherwise referred to within or without the underwriting group for any other purpose, including but not limited to the registration, purchase, or sale of securities, nor is it to be filed with or referred to in whole or in part in the registration statement or any other document, except that reference may be made to it in the underwriting agreement or in any list of closing documents pertaining to the offering of the securities covered by the registration statement.

Example A-2 — Typical Comfort Letter for a Non-1933 Act Offering When the Required Representation Letter Has Been Obtained

.A93-4 Example A-2 is applicable when a comfort letter is issued in a non-1933 Act offering. Example A-2 assumes the following:

The cut-off date is June 23, 20X6, and the letter is dated June 28, 20X6.

- The offerer is not an SEC registrant.
- The requesting party has given the auditor a representation letter as required by paragraph .11 and illustrated in paragraph .A92.
- The securities offering includes audited consolidated balance sheets as of December 31, 20X5 and 20X4, and audited consolidated statements of income, stockholders' equity, and cash flows for each year in the three-year period ended December 31, 20X5. Note that the example assumes all the net income is attributable to the company. If that were not the case, the references to net income would be modified, or additional references would be included as appropriate.
- The securities offering also includes an unaudited condensed consolidated balance sheet as of March 31, 20X6, and unaudited condensed consolidated statements of income, stockholders' equity, and cash flows for the three-month periods ended March 31, 20X6 and 20X5, reviewed in accordance with generally accepted auditing standards applicable to reviews of interim financial information; however, the review report is not included in the securities offering. If the review report is included in the securities offering, the auditor may state that the auditor has issued a review report on the interim financial information. in the introductory paragraph of the comfort letter, as follows:

> Also, we have reviewed the unaudited condensed consolidated financial statements as of March 31, 20X6, and for the three-month periods ended March 31, 20X6 and 20X5, as indicated in our report dated May 15, 20X6, which is included (incorporated by reference) in the securities offering.

- The auditor did not perform an audit of the effectiveness of internal control over financial reporting in any period.
- There has not been a change in the application of a requirement of generally accepted accounting principles during the interim period. If there has been such a change, a reference to that change would be included in paragraph 4.

Each of the comments in the letter is in response to a request from the requesting party. For purposes of example A-2, the income statement items of the current interim period are to be compared with those of the corresponding period of the preceding year.

June 28, 20X6

[*Addressee*]

Dear Ladies and Gentlemen:

We have audited the consolidated financial statements of The Nonissuer Company, Inc. (the company) and subsidiaries, which comprise the consolidated balance sheets as of December 31, 20X5 and 20X4, and the related consolidated statements of income, changes in stockholders' equity, and cash flows for each of the years in the three-year period ended December 31, 20X5, and the related notes to the consolidated financial statements, all included [*or incorporated by reference*] in the offering memorandum for $30,000,000 of Senior Debt due May 30, 20Z6. Our report with respect thereto is included in the offering memorandum. This offering memorandum, dated June 28, 20X6, is herein referred to as the Offering Memorandum.

This letter is being furnished in reliance upon your representation to us that—

a. You are knowledgeable with respect to the due diligence review process that would be performed if this placement of securities were being registered pursuant to the Securities Act of 1933 (the Act).

b. In connection with the offering of Senior Debt, the review process you have performed is substantially consistent with the due diligence review process that you would have performed if this placement of securities were being registered pursuant to the Act.

In connection with the Offering Memorandum—

1. We are independent certified public accountants with respect to the company under the “Independence Rule” of the AICPA's Code of Professional Conduct and its interpretations.

2. We have not audited any financial statements of the company as of any date or for any period subsequent to December 31, 20X5; although, we have conducted an audit for the year ended December 31, 20X5, the purpose (and, therefore, the scope) of the audit was to enable us to express our opinion on the consolidated financial statements as of December 31, 20X5, and for the year then ended, but not on the financial statements for any interim period within that year. Therefore, we are unable to and do not express any opinion on the unaudited condensed consolidated balance sheet as of March 31, 20X6, and the unaudited condensed consolidated statements of income, of cash flows, and of changes in stockholders’ equity for the three-month periods ended March 31, 20X5 and 20X6, included in the Offering Memorandum, or on the financial position, results of operations, or cash flows as of any date or for any period subsequent to December 31, 20X5.

3. For purposes of this letter, we have read the 20X6 minutes of meetings of the stockholders, the board of directors, and [*include other appropriate committees, if any*] of the company and its subsidiaries as set forth in the minute books at June 23, 20X6, officials of the company having advised us that the minutes of all such

meetings through that date were set forth therein and having discussed with us the unapproved minutes of meetings held on [*dates*]; we have carried out other procedures to June 23, 20X6, as follows (our work did not extend to the period from June 24, 20X6 to June 28, 20X6, inclusive):

a. With respect to the three-month periods ended March 31, 20X6 and 20X5, we have—

   i. Performed the procedures specified for a review in accordance with auditing standards generally accepted in the United States of America applicable to reviews of interim financial information, on the unaudited condensed consolidated balance sheet as of March 31, 20X6, and unaudited condensed consolidated statements of income, stockholders' equity, and cash flows for the three-month periods ended March 31, 20X6 and 20X5, included in the Offering Memorandum.

b. With respect to the period from April 1, 20X6 to May 31, 20X6, we have—

   i. Read the unaudited consolidated financial information of the company and subsidiaries for April and May of both 20X5 and 20X6 furnished us by the company, officials of the company having advised us that no financial statements as of any date or for any period subsequent to May 31, 20X6, were available. [*If applicable:* The financial information for April and May of both 20X5 and 20X6 is incomplete in that it omits the statement of cash flows and other disclosures.]

   ii. Inquired of certain officials of the company who have responsibility for financial and accounting matters whether the unaudited consolidated financial information referred to in *b*(i) is stated on a basis substantially consistent with that of the audited consolidated financial statements included in the Offering Memorandum.

The foregoing procedures do not constitute an audit conducted in accordance with generally accepted auditing standards. Also, they would not necessarily reveal matters of significance with respect to the comments in the following paragraph. Accordingly, we make no representations regarding the sufficiency of the foregoing procedures for your purposes.

4. Nothing came to our attention as a result of the foregoing procedures, however, that caused us to believe that—

a. i. Any material modifications should be made to the unaudited condensed consolidated financial statements described in 3*a*(i), included in the Offering Memorandum, for them to be in conformity with generally accepted accounting principles.[2]

b. i. At May 31, 20X6, there was any change in the capital stock, increase in long-term debt, or decrease in consolidated net current assets

[2]Section 930 does not require the auditor to modify the report on a review of interim financial information for a lack of consistency in the application of accounting policies provided that the interim financial information appropriately discloses such matters.

or stockholders' equity of the consolidated companies as compared with amounts shown in the March 31, 20X6 unaudited condensed consolidated balance sheet included in the Offering Memorandum, or

ii. for the period from April 1, 20X6 to May 31, 20X6, there were any decreases, as compared to the corresponding period in the preceding year, in consolidated net sales or in income from continuing operations or of net income, except in all instances for changes, increases, or decreases that the Offering Memorandum discloses have occurred or may occur.

5. As mentioned in 3*b*, company officials have advised us that no consolidated financial statements as of any date or for any period subsequent to May 31, 20X6 are available; accordingly, the procedures carried out by us with respect to changes in financial statement items after May 31, 20X6, have, of necessity, been even more limited than those with respect to the periods referred to in 3. We have inquired of certain officials of the company who have responsibility for financial and accounting matters whether (*a*) at June 23, 20X6, there was any change in the capital stock, increase in long-term debt, or any decreases in consolidated net current assets or stockholders' equity of the consolidated companies as compared with amounts shown in the March 31, 20X6 unaudited condensed consolidated balance sheet included in the Offering Memorandum, or (*b*) for the period from April 1, 20X6 to June 23, 20X6, there were any decreases, as compared with the corresponding period in the preceding year, in consolidated net sales or in income from continuing operations or of net income. On the basis of these inquiries and our reading of the minutes as described in 3, nothing came to our attention that caused us to believe that there was any such change, increase, or decrease, except in all instances for changes, increases, or decreases that the Offering Memorandum discloses have occurred or may occur.

6. This letter is solely for the information of the addressees and to assist the requesting party in conducting and documenting their investigation of the affairs of the company in connection with the offering of the securities covered by the Offering Memorandum, and it is not to be used, circulated, quoted, or otherwise referred to for any purpose, including but not limited to the purchase or sale of securities, nor is it to be filed with or referred to in whole or in part in the Offering Memorandum or any other document, except that reference may be made to it in the Purchase Contract or in any list of closing documents pertaining to the offering of the securities covered by the Offering Memorandum.

[Revised, January 2015, to reflect conforming changes necessary due to the issuance of the revised AICPA Code of Professional Conduct, effective December 15, 2014.]

Example B — Letter When a Short-Form Registration Statement Is Filed Incorporating Previously Filed Form 8-K by Reference

.A93-5 Example B is an example of modifications to the letter that the auditor of a nonissuer may provide when a registrant has acquired the nonissuer, and the registrant uses a short-form registration statement (for example, Form S-3), which incorporates a previously filed Form 8-K that includes the nonpublic company's financial statements. The auditor was independent of the nonissuer but is not independent with respect to the registrant.

June 28, 20X6

[*Addressee*]

Dear Ladies and Gentlemen:

We have audited the consolidated financial statements of The Nonissuer Company, Inc. (the company) and subsidiaries, which comprise the consolidated balance sheets as of December 31, 20X5 and 20X4, and the related consolidated statements of income, changes in stockholders' equity, and cash flows for each of the years in the three-year period ended December 31, 20X5, and the related notes to the consolidated financial statements, all included in The Issuer Company's (the registrant) current report on Form 8-K dated May 15, 20X6, and incorporated by reference in the registration statement (no. 33-00000) on Form S-3 filed by the registrant under the Securities Act of 1933 (the Act); our report with respect thereto is also incorporated by reference in that registration statement. The registration statement, as amended on June 28, 20X6, is herein referred to as the registration statement.

In connection with the registration statement—

1. As of [*insert date of the auditor's most recent report on the financial statements of the entity*] and during the period covered by the financial statements on which we reported, we were independent certified public accountants with respect to the company under the "Independence Rule" of the AICPA's Code of Professional Conduct and its interpretations.

2. In our opinion, the consolidated financial statements audited by us and incorporated by reference in the registration statement comply as to form in all material respects with the applicable accounting requirements of the Act and the Securities Exchange Act of 1934 and the related rules and regulations adopted by the SEC.

3. We have not audited any financial statements of the company as of any date or for any period subsequent to December 31, 20X5; although we have conducted an audit for the year ended December 31, 20X5, the purpose (and, therefore, the scope) of the audit was to enable us to express our opinion on the consolidated financial statements as of December 31, 20X5, and for the year then ended, but not on the consolidated financial statements for any interim period within that year. Therefore, we are unable to, and do not express any opinion on, the unaudited condensed consolidated balance sheet as of March 31, 20X6, and the unaudited condensed consolidated statements of income, stockholders' equity, and cash flows for the three-month periods ended March 31, 20X6 and 20X5, included in the registrant's current report on Form 8-K dated May 15, 20X6, incorporated by reference in the registration statement, or on the financial position, results of operations, or cash flows as of any date or for any period subsequent to December 31, 20X5.

4. For purposes of this letter, we have read the 20X6 minutes of the meetings of the stockholders, the board of directors, and [*include other appropriate committees, if any*] of the company and its subsidiaries as set forth in the minute books at June 23, 20X6, officials of the company having advised us that the minutes of all such

meetings through that date were set forth therein, and having discussed with us the unapproved minutes of meetings held on [*dates*]; we have carried out other procedures to June 23, 20X6, as follows (our work did not extend to the period from June 24, 20X6 to June 28, 20X6, inclusive):

With respect to the three-month periods ended March 31, 20X6 and 20X5, we have—

i. Performed a review in accordance with auditing standards generally accepted in the United States of America applicable to reviews of interim financial information on the unaudited condensed consolidated balance sheet as of March 31, 20X6, and the unaudited condensed consolidated statements of income, stockholders' equity, and cash flows for the three-month periods ended March 31, 20X6 and 20X5, included in the registrant's current report on Form 8-K dated May 15, 20X6, incorporated by reference in the registration statement.

ii. Inquired of certain officials of the company who have responsibility for financial and accounting matters whether the unaudited condensed consolidated financial statements referred to in (i) comply as to form in all material respects with the applicable accounting requirements of the Securities Exchange Act of 1934 and the related rules and regulations adopted by the SEC.

The foregoing procedures do not constitute an audit conducted in accordance with generally accepted auditing standards. Also, they would not necessarily reveal matters of significance with respect to the comments in the following paragraph. Accordingly, we make no representations about the sufficiency of the foregoing procedures for your purposes.

5. Nothing came to our attention as a result of the foregoing procedures, however, that caused us to believe that—

   i. Any material modifications should be made to the unaudited condensed consolidated financial statements described in 4(i), incorporated by reference in the registration statement, for them to be in conformity with generally accepted accounting principles.

   ii. The unaudited condensed consolidated financial statements described in 4(i) do not comply as to form in all material respects with the applicable accounting requirements of the Securities Exchange Act of 1934 and the related rules and regulations adopted by the SEC.

6. This letter is solely for the information of the addressees and to assist the underwriters in conducting and documenting their investigation of the affairs of the company in connection with the offering of the securities covered by the registration statement, and for use of the auditors of the registrant in furnishing their letter to the underwriters, and it is not to be used, circulated, quoted, or otherwise referred to within the underwriting group for any other purpose, including but not limited to the registration, purchase, or sale of securities, nor is it to be filed with or referred to, in whole or in part, in the registration statement or any other document, except that reference may be made to it in the underwriting agreement or any list of closing

documents pertaining to the offering of the securities covered by the registration statement.

[Revised, January 2015, to reflect conforming changes necessary due to the issuance of the revised AICPA Code of Professional Conduct, effective December 15, 2014.]

Example C — Letter Reaffirming Comments as of a Later Date

.A93-6 If more than one comfort letter is requested, the subsequent letter may, in appropriate situations, refer to information appearing in the earlier letter without repeating such information (see paragraph .25 of this section and paragraph .A93-1 of this exhibit). Example C reaffirms and updates the information in example A-1. In a non-1933 Act offering, the last paragraph in example C would be replaced with the last paragraph in example A-2.

July 25, 20X6

[*Addressee*]

Dear Ladies and Gentlemen:

We refer to our letter of June 28, 20X6, relating to the registration statement (no. 33-00000) of The Nonissuer Company, Inc. (the company). We reaffirm as of the date hereof (and as though made on the date hereof) all statements made in that letter except that, for the purposes of this letter

a. The registration statement to which this letter relates is as amended on July 13, 20X6 [*effective date*].

b. The reading of minutes described in paragraph 4 of that letter has been carried out through July 20, 20X6 [*the new cut-off date*].

c. The procedures and inquiries covered in paragraph 4 of that letter were carried out to July 20, 20X6 [*the new cut-off date*] (our work did not extend to the period from July 21, 20X6 to July 25, 20X6 [*date of letter*], inclusive).

d. The period covered in paragraph 4*b* of that letter is changed to the period from April 1, 20X6 to June 30, 20X6, officials of the company having advised us that no financial statements as of any date or for any period subsequent to June 30, 20X6, were available.

e. The references to May 31, 20X6 in paragraph 5*b* of that letter are changed to June 30, 20X6.

f. The references to May 31, 20X6 and June 23, 20X6 in paragraph 6 of that letter are changed to June 30, 20X6 and July 20, 20X6, respectively.

This letter is solely for the information of the addressees and to assist the underwriters in conducting and documenting their investigation of the affairs of the company in connection with the offering of the securities covered by the registration statement, and it is not to be used, circulated, quoted, or otherwise referred to within or without the underwriting group for any other purpose, including but not limited to the registration, purchase, or sale of securities, nor is it to be filed with or referred to, in whole or in part, in the registration statement or any other document, except that reference may be made to it in the underwriting agreement or any list of closing documents pertaining to the offering of the securities covered by the registration statement.

Example D — Comments on Pro Forma Financial Information

Example D-1 — Negative Assurance on Pro Forma Financial Information as to Compliance With The Applicable Accounting Requirements of Rule 11-02 of Regulation S-X

.A93-7 Example D-1 is applicable when the auditor is asked to provide negative assurance on (*a*) whether the pro forma financial information included in a securities offering complies as to form in all material respects with the applicable accounting requirements of Rule 11-02 of Regulation S-X, and (*b*) the application of pro forma adjustments to historical amounts in the compilation of the pro forma financial information (see paragraphs .52–.53). The material in this example is intended to be inserted between paragraphs 6 and 7 in example A-1 or between paragraphs 5 and 6 in example A-2. The example assumes that the auditor has not previously reported on the pro forma financial information. If the auditor did previously report on the pro forma financial information, the auditor may refer in the introductory paragraph of the comfort letter to the fact that the auditor has issued a report, and the report may be attached to the comfort letter (see paragraphs .A31–.A32). In that circumstance, the procedures in 7*b*(i) and 7*c* ordinarily would not be performed, and therefore the auditor would not separately comment on the application of pro forma adjustments to historical financial information because that assurance is encompassed in the auditor's report on pro forma financial information. The auditor may, however, agree to comment on compliance as to form with the applicable accounting requirements of Rule 11-02 of Regulation S-X.

7. At your request, we have—

   a. Read the unaudited pro forma condensed consolidated balance sheet as of March 31, 20X6, and the unaudited pro forma condensed consolidated statements of income for the year ended December 31, 20X5, and the three-month period ended March 31, 20X6, included in the [*registration statement or* Offering Memorandum*, as applicable*].

   b. Inquired of certain officials of the company who have responsibility for financial and accounting matters about

      i. the basis for their determination of the pro forma adjustments and

      ii. whether the unaudited pro forma condensed consolidated financial statements referred to in 7*a* comply as to form in all material respects with the applicable accounting requirements of Rule 11-02 of Regulation S-X.

   c. Proved the arithmetic accuracy of the application of the pro forma adjustments to the historical amounts in the unaudited pro forma condensed consolidated financial statements.

The foregoing procedures are substantially less in scope than an examination or review, the objective of which is the expression of an opinion or conclusion on management's assumptions, the pro forma adjustments, and the application of those adjustments to historical financial information. Accordingly, we do not express such an opinion or conclusion. The foregoing procedures would not necessarily reveal matters of significance with respect to the comments in the following paragraph. Accordingly, we make no representation about the sufficiency of such procedures for your purposes.

8. Nothing came to our attention as a result of the procedures specified in paragraph 7, however, that caused us to believe that the unaudited pro forma condensed consolidated financial statements referred to in 7*a* included in the [*registration statement or* Offering Memorandum*, as applicable*] do not comply as to form in all material respects with the applicable accounting requirements of Rule 11-02 of Regulation S-X and that the pro forma adjustments have not been properly applied to the historical amounts in the compilation of the unaudited pro forma condensed consolidated financial statements. Had we performed additional procedures or had we made an examination or review of the pro forma condensed consolidated financial statements, other matters might have come to our attention that would have been reported to you.

Example D-2 — Negative Assurance on Pro Forma Financial Information as to Compliance With Pro Forma Bases as Described in the Pro Forma Financial Information

.A93-8 Example D-2 is applicable when the auditor is asked to provide negative assurance on (*a*) whether the pro forma financial information included in a securities offering complies as to form in all material respects with the pro forma bases described in the pro forma financial statements, and (*b*) the application of pro forma adjustments to historical amounts in the compilation of the pro forma financial information (see paragraphs .52–.53). The material in this example is intended to be inserted between paragraphs 5 and 6 in example A-2.

The example assumes that the auditor has not previously reported on the pro forma financial information. If the auditor did previously report on the pro forma financial information, the auditor may refer in the introductory paragraph of the comfort letter to the fact that the auditor has issued a report, and the report may be attached to the comfort letter (see paragraphs .A31–.A32). In that circumstance, the procedures in 6*b*(i) and 6*c* ordinarily would not be performed, and therefore the auditor would not separately comment on the application of pro forma adjustments to historical financial information because that assurance is encompassed in the auditor's report on pro forma financial information. The auditor may, however, agree to comment on compliance as to form with the pro forma bases described in the pro forma financial statements.

6. At your request, we have—

a. Read the unaudited pro forma condensed consolidated balance sheet as of March 31, 20X6, and the unaudited pro forma condensed consolidated statements of income for the year ended December 31, 20X5, and the three-month period ended March 31, 20X6, included in the Offering Memorandum.

b. Inquired of certain officials of the company who have responsibility for financial and accounting matters about

   i. the basis for their determination of the pro forma adjustments, and

   ii. whether the unaudited pro forma condensed consolidated financial statements referred to in 6*a* comply as to form in all material respects with the pro forma bases described in the pro forma condensed consolidated financial statements.

c. Proved the arithmetic accuracy of the application of the pro forma adjustments to the historical amounts in the unaudited pro forma condensed consolidated financial statements.

The foregoing procedures are substantially less in scope than an examination or review, the objective of which is the expression of an opinion or conclusion on management's assumptions, the pro forma adjustments, and the application of those adjustments to historical financial information. Accordingly, we do not express such an opinion or conclusion. The foregoing procedures would not necessarily reveal matters of significance with respect to the comments in the following paragraph. Accordingly, we make no representation about the sufficiency of such procedures for your purposes.

7. Nothing came to our attention as a result of the procedures specified in paragraph 6, however, that caused us to believe that the unaudited pro forma condensed consolidated financial statements referred to in 6*a* included in the Offering Memorandum do not comply in all material respects with the pro forma bases described in the pro forma condensed consolidated financial statements and that the pro forma adjustments have not been properly applied to the historical amounts in the compilation of the unaudited pro forma condensed consolidated financial statements. Had we performed additional procedures or had we made an examination or a review of the pro forma condensed consolidated financial statements, other matters might have come to our attention that would have been reported to you.

Example E — Comments on a Financial Forecast

.A93-9 Example E is applicable when an auditor is asked to comment on a financial forecast (see paragraph .54). The material in this example is intended to be inserted between paragraphs 6 and 7 in example A-1 or between paragraphs 5 and 6 in example A-2. The example assumes that the auditor has previously reported on the compilation of the financial forecast and that the report is attached to the letter (see paragraphs .A31–.A32).

7. At your request, we performed the following procedure with respect to the forecasted consolidated balance sheet and consolidated statements of income and cash flows as of December 31, 20X6, and for the year then ending. With respect to forecasted rental income, we compared the occupancy statistics about expected demand for rental of the housing units to statistics for existing comparable properties and found them to be the same.

8. Because the procedure described above does not constitute an examination of prospective financial statements in accordance with standards promulgated by the American Institute of Certified Public Accountants, we do not express an opinion on whether the prospective financial statements are presented in conformity with AICPA presentation guidelines or on whether the underlying assumptions provide a reasonable basis for the presentation.

Had we performed additional procedures or had we made an examination of the forecast in accordance with standards promulgated by the AICPA, matters might have come to our attention that would have been reported to you. Furthermore, there will usually be differences between the forecasted and actual results because events and circumstances frequently do not occur as expected, and those differences may be material.

Example F — Comments on Tables, Statistics, and Other Financial Information—Complete Description of Procedures and Findings

.A93-10 Example F is applicable when the auditor is asked to comment on tables, statistics, or other compilations of information appearing in a securities offering (paragraphs .65–.71). Each of the comments is in response to a specific request. The paragraphs in example F are intended to follow paragraph 6 in example A-1 or paragraph 5 in example A-2. In a non-1933 Act securities offering, paragraph 9*c*(iii) generally would not be included.

In some cases, the auditor may choose to combine in one paragraph the substance of paragraphs 7 and 9 shown as follows. This may be done by expanding the identification of items in paragraph 9 to provide the identification information included in paragraph 7. In such cases, the introductory sentences in paragraphs 7 and 9 and the text of paragraph 8 might be combined as follows: "For purposes of this letter, we have also read the following information and have performed the additional procedures stated below with respect to such information. Our audit of the consolidated financial statements. . ."

7. For purposes of this letter, we have also read the following, set forth in the [*registration statement or* Offering Memorandum, *as applicable*] securities offering on the indicated pages.

Item	Page	Description
a	4	"Capitalization." The amounts under the captions "Amount Outstanding as of May 31, 20X6" and "As Adjusted." The related notes, except the following in Note 2: "See Transactions With Interested Persons." From the proceeds of this offering the company intends to prepay $900,000 on these notes, pro rata. See "Use of Proceeds."
b	13	"History and Business—Sales and Marketing." The table following the first paragraph.
c	33	"Selected Financial Data."

8. Our audit of the consolidated financial statements for the periods referred to in the introductory paragraph of this letter comprised audit tests and procedures deemed necessary for the purpose of expressing an opinion on such financial statements as a whole. For none of the periods referred to therein, or any other period, did we perform audit tests for the purpose of expressing an opinion on individual balances of accounts or summaries of selected transactions such as those enumerated above, and, accordingly, we express no opinion thereon.

9. However, for purposes of this letter, we have performed the following additional procedures, which were applied as indicated with respect to the items enumerated above.

Item in 7	Procedures and Findings
a	We compared the amounts and numbers of shares listed under the caption, "Amount Outstanding as of May 31, 20X6," with the balances in the appropriate accounts in the company's general ledger and found them to be in agreement. We compared the amounts and numbers of shares listed under the caption, "Amount Outstanding as of May 31, 20X6," adjusted for the issuance of the debentures to be offered by means of the securities offering and for the proposed use of a portion of the proceeds thereof to prepay portions of certain notes, as described under "Use of Proceeds," with the amounts and numbers of shares shown under the caption, "As Adjusted," and found such amounts and numbers of shares to be in agreement. (However, we make no comments regarding the reasonableness of the "Use of Proceeds" or whether such use will actually take place.)
b	We compared the amounts of military sales, commercial sales, and total sales shown in the securities offering with the balances in the appropriate accounts in the company's accounting records for the respective fiscal years and for the unaudited interim periods and found them to be in agreement. We proved the arithmetic accuracy of the percentages of such amounts of military sales and commercial sales to total sales for the respective fis-

Item in 7	Procedures and Findings
	cal years and for the unaudited interim periods. We compared such computed percentages with the corresponding percentages appearing in the [*registration statement or* Offering Memorandum*, as applicable*] and found them to be in agreement.
c	i. We compared the amounts of net sales and income from continuing operations for the years ended December 31, 20X5, 20X4, and 20X3, with the respective amounts in the consolidated financial statements on pages 27 and 28 and the amounts for the years ended December 31, 20X2 and 20X1, with the respective amounts in the consolidated financial statements for 20X2 and 20X1 and found them to be in agreement. ii. We compared the amounts of total assets, long-term obligations, and redeemable preferred stock at December 31, 20X5 and 20X4, with the respective amounts in the consolidated financial statements on pages 27 and 28 and the amounts at December 31, 20X3, 20X2, and 20X1, with the corresponding amounts in the consolidated financial statements for 20X3, 20X2, and 20X1 and found them to be in agreement. iii. We compared the information included under the heading "Selected Financial Data" with the disclosure requirements of Item 301 of Regulation S-K. We also inquired of certain officials of the company who have responsibility for financial and accounting matters whether this information conforms in all material respects with the disclosure requirements of Item 301 of Regulation S-K. Nothing came to our attention as a result of the foregoing procedures that caused us to believe that this information does not conform in all material respects with the disclosure requirements of Item 301 of Regulation S-K.

10. It should be understood that we make no representations regarding questions of legal interpretation or regarding the sufficiency for your purposes of the procedures enumerated in the preceding paragraph; also, such procedures would not necessarily reveal any material misstatement of the amounts or percentages listed above. Further, we have addressed ourselves solely to the foregoing data as set forth in the [*registration statement or* Offering Memorandum*, as applicable*] and make no representations regarding the adequacy of disclosure or regarding whether any material facts have been omitted.

Example G — Comments on Tables, Statistics, and Other Financial Information — Summarized Description of Procedures and Findings Regarding Tables, Statistics, and Other Financial Information

.A93-11 Example G illustrates, in paragraph 8*a*, a method of summarizing the descriptions of procedures and findings regarding tables, statistics, and other financial information in order to avoid repetition in the comfort letter. Each of the comments is in response to a specific request. The paragraphs in example G are intended to follow paragraph 6 in example A-1 or paragraph 5 in example A-2. In a non-1933 Act securities offering, paragraph 9*a*(ii) generally would not be included.

Other methods of summarizing the descriptions may also be appropriately used. For example, the letter may present a matrix listing the financial information and common procedures employed and indicating the procedures applied to specific items.

7. For purposes of this letter, we have also read the following, set forth in the [*registration statement or* Offering Memorandum*, as applicable*] on the indicated pages.

Item	Page	Description
a	4	"Capitalization." The amounts under the captions "Amount Outstanding as of May 31, 20X6" and "As Adjusted." The related notes, except the following in Note 2: "See Transactions With Interested Persons." From the proceeds of this offering the company intends to prepay $900,000 on these notes, pro rata. See "Use of Proceeds."
b	13	"History and Business—Sales and Marketing." The table following the first paragraph.
c	33	"Selected Financial Data."

8. Our audit of the consolidated financial statements for the periods referred to in the introductory paragraph of this letter comprised audit tests and procedures deemed necessary for the purpose of expressing an opinion on such financial statements as a whole. For none of the periods referred to therein, or any other period, did we perform audit tests for the purpose of expressing an opinion on individual balances of accounts or summaries of selected transactions, such as those enumerated above, and, accordingly, we express no opinion thereon.

9. However, for purposes of this letter and with respect to the items enumerated in 7 above—

a. i. Except for item 7*a*, we have (i) compared the dollar amounts either with the amounts in the audited consolidated financial statements described in the introductory paragraph of this letter or, for prior years, included in the company's accounting records, or with amounts in the unaudited consolidated financial statements described in paragraph 3 to the extent such amounts are included in or can be derived from such statements and found them to be in agreement; (ii) compared the amounts of military sales, commercial sales, and total sales with amounts in the company's accounting records and found them to be in agreement; (iii) compared other dollar amounts with amounts shown in analyses prepared by the company and found them to be in agreement; and (iv) proved the arithmetic accuracy of the percentages based on the data in the above-mentioned financial statements, accounting records, and analyses.

ii. We compared the information in item 6*c* with the disclosure requirements of Item 301 of Regulation S-K. We also inquired of certain officials of the company who have responsibility for financial and accounting matters whether this information conforms in all material respects with the disclosure requirements of Item 301 of Regulation S-K. Nothing came to our attention as a result of the foregoing procedures that caused us to believe that this information does not conform in all material respects with the disclosure requirements of Item 301 of Regulation S-K.

b. With respect to item 7*a*, we compared the amounts and numbers of shares listed under the caption "Amount Outstanding as of May 31, 20X6" with the balances in the appropriate accounts in the company's general ledger at May 31, 20X6, and found them to be in agreement. We compared the amounts and numbers of shares listed under the caption "Amount Outstanding as of May 31, 20X6," adjusted for the issuance of the debentures to be offered by means of the securities offering and for the proposed use of a portion of the proceeds thereof to prepay portions of certain notes, as described under "Use of Proceeds," with the amounts and numbers of shares shown under the caption, "As Adjusted" and found such amounts and numbers of shares to be in agreement. (However, we make no comments regarding the reasonableness of "Use of Proceeds" or whether such use will actually take place.)

10. It should be understood that we make no representations regarding questions of legal interpretation or regarding the sufficiency for your purposes of the procedures enumerated in the preceding paragraph; also, such procedures would not necessarily reveal any material misstatement of the amounts or percentages listed above. Further, we have addressed ourselves solely to the foregoing data as set forth in the [*registration statement or* Offering Memorandum*, as applicable*] and make no representations regarding the adequacy of disclosure or regarding whether any material facts have been omitted.

Example H — Comments on Tables, Statistics, and Other Financial Information: Descriptions of Procedures and Findings Regarding Tables, Statistics, and Other Financial Information—Attached Securities Offering (or Selected Pages) Identifies Items to Which Procedures Were Applied Through the Use of Designated Symbols

.A93-12 This example illustrates an alternate format, which could facilitate reporting when the auditor is requested to perform procedures on numerous statistics included in a securities offering. Each of the comments is in response to a specific request. The paragraph in example H is intended to follow paragraph 6 in example A-1 or paragraph 5 in example A-2.

7. For purposes of this letter, we have also read the items identified by you on the attached copy of the [*registration statement or* Offering Memorandum*, as applicable*] and have performed the following procedures, which were applied as indicated with respect to the symbols explained below:

✓ Compared the amount with The Nonissuer Company, Inc.'s financial statements for the period indicated included in the securities offering and found them to be in agreement.

8. Our audit of the consolidated financial statements for the periods referred to in the introductory paragraph of this letter comprised audit tests and procedures deemed necessary for the purpose of expressing an opinion on such financial statements as a whole. For none of the periods referred to therein, nor any other period, did we perform audit tests for the purpose of expressing an opinion on individual balances of accounts or summaries of selected transactions, such as those enumerated above, and, accordingly, we express no opinion thereon.

9. It should be understood that we make no representations regarding questions of legal interpretation or regarding the sufficiency for your purposes of the procedures enumerated in the preceding paragraph; also, such procedures would not necessarily reveal any material misstatement of the amounts or percentages listed above. Further, we have addressed ourselves solely to the foregoing data as set forth in the [*registration statement or* Offering Memorandum*, as applicable*] and make no representations regarding the adequacy of disclosure or regarding whether any material facts have been omitted.

[*The following is an extract from a securities offering that illustrates how an auditor can document procedures performed on numerous statistics included in the securities offering.*]

Summary Financial Information of The Nonissuer Company, Inc. (In thousands)

	The Nonissuer Company, Inc. Year Ended December 31,		
Income statement data	**20X3**	**20X4**	**20X5**
Revenue from home sales	$104,110✓	$115,837✓	$131,032✓
Gross profit from sales	23,774✓	17,099✓	22,407✓
Income from home building net of tax	7,029✓	1,000✓	3,425✓

Example I — Alternate Wording When Auditor's Report on Audited Financial Statements Contains an Emphasis-of-Matter Paragraph

.A93-13 Example I is applicable when the auditor's report on the audited financial statements included in the securities offering contains an emphasis-of-matter paragraph regarding a matter that would also affect the unaudited condensed consolidated interim financial information included in the securities offering. The introductory paragraph would be revised as follows:

Our report with respect thereto (which contains an emphasis-of-matter paragraph that describes a lawsuit to which the company is a defendant, discussed in note 8 to the consolidated financial statements), is also included in the [*registration statement or* Offering Memorandum*, as applicable*].

The matter described in the emphasis-of-matter paragraph would also be evaluated to determine whether it also requires mention in the comments on the unaudited condensed consolidated interim financial information (paragraph 5*b* of example A-1 and paragraph 4*b* of example A-2). If it is concluded that mention of such a matter in the comments on unaudited condensed consolidated financial information is appropriate, a sentence would be added at the end of paragraph 5*b* in example A-1 and paragraph 4*b* of example A-2 as follows:

Reference should be made to the introductory paragraph of this letter, which states that our audit report covering the consolidated financial statements as of and for the year ended December 31, 20X5, includes an emphasis-of-matter paragraph that describes a lawsuit to which the company is a defendant, discussed in note 8 to the consolidated financial statements.

Example J — Alternate Wording When Component Auditors Are Involved

.A93-14 Example J applies when one or more component auditors are involved in the audit of group financial statements, and the group engagement team has obtained a copy of the comfort letter of the component auditors (see paragraph .21). Example J consists of an addition to paragraph 4, a substitution for the applicable part of paragraph 5, and an addition to paragraph 6 of example A-1 and corresponding changes to paragraphs 3, 4, and 5 of example A-2, respectively.

[4]*c*. We have read the letter dated _________ of [*the other auditors*] with regard to [*the related company*].

5. Nothing came to our attention as a result of the foregoing procedures (which, so far as [*the related company*] is concerned, consisted solely of reading the letter referred to in 4*c*), however, that caused us to believe that...

6. …On the basis of these inquiries and our reading of the minutes and the letter dated ________ of [*the other auditors*] with regard to [*the related company*], as described in 4, nothing came to our attention that caused us to believe that there was any such change, increase, or decrease, except in all instances for changes, increases, or decreases that the [*registration statement or* Offering Memorandum*, as applicable*] discloses have occurred or may occur.

Example K — Alternate Wording When the SEC Has Agreed to a Departure From Its Accounting Requirements

.A93-15 Example K is applicable when (*a*) there is a departure from the applicable accounting requirements of the 1933 Act and the related rules and regulations adopted by the SEC, and (*b*) representatives of the SEC have agreed to the departure. Paragraph 2 of example A-1 would be revised to read as follows:

2. In our opinion [*include the phrase* except as disclosed in the registration statement *if applicable*], the consolidated financial statements and financial statement schedules audited by us and included (incorporated by reference) in the registration statement comply as to form in all material respects with the applicable accounting requirements of the Act and the related rules and regulations adopted by the SEC; however, as agreed to by representatives of the SEC, statements of assets acquired and liabilities assumed and statements of revenues and direct operating expenses of The Nonissuer Company, Inc. have been presented in lieu of separate financial statements required by Rule 3-05 of Regulation S-X.

Example L — Alternate Wording When Recent Earnings Data Are Presented in Capsule Form

.A93-16 Example L is applicable when (*a*) the statement of income in the securities offering is supplemented by later information regarding sales and earnings (capsule financial information), (*b*) the auditor is asked to comment on that information (paragraphs .49–.51), and (*c*) the auditor has conducted a review in accordance with generally accepted auditing standards applicable to reviews of interim financial information of the financial statements from which the capsule financial information is derived. The same facts exist as in example A-1, or for a non-1933 Act filing as in example A-2, except for the following:

- Sales and net income (no extraordinary items) for the six-month periods ended June 30, 20X6 and 20X5 (both unaudited), are included in capsule form more limited than that specified by Financial Accounting Standards Board *Accounting Standards Codification* 270, *Interim Reporting*.
- No financial statements later than those for June 20X6 are available.
- The letter is dated July 25, 20X6, and the cut-off date is July 20, 20X6.

Paragraphs 4, 5, and 6 of example A-1, or paragraphs 3, 4 and 5 of example A-2, would be revised to read as follows; in a non-1933 Act securities offering, paragraphs 4*a*(ii) and 5*a*(ii) generally would not be included:

4. For purposes of this letter, we have read the 20X6 minutes of the meetings of the stockholders, the board of directors, and [*include other appropriate committees, if any*] of the company and its subsidiaries as set forth in the minute books at July 20, 20X6, officials of the company having advised us that the minutes of all such meetings through that date were set forth therein and discussed with us the unapproved minutes of meetings held on [*dates*]; we have carried out other procedures to July 20, 20X6, as follows (our work did not extend to the period from July 21, 20X6 to July 25, 20X6, inclusive):

a. With respect to the three-month periods ended March 31, 20X6 and 20X5, we have—

   i. Performed the procedures specified for a review in accordance with auditing standards generally accepted in the United States of America applicable to reviews of interim financial information, on the unaudited condensed consolidated balance sheet as of March 31, 20X6, and the unaudited condensed consolidated statements of income, stockholders' equity, and cash flows for the three-month periods ended March 31, 20X6 and 20X5, included in the [*registration statement or* Offering Memorandum*, as applicable*].

   ii. Inquired of certain officials of the company who have responsibility for financial and accounting matters whether the unaudited condensed consolidated financial statements referred to in *a*(i) comply as to form in all material respects with the applicable accounting requirements of the Act and the related rules and regulations adopted by the SEC.

b. With respect to the six-month periods ended June 30, 20X6 and 20X5, we have—

   i. Read the unaudited amounts for sales and net income for the six-month periods ended June 30, 20X6 and 20X5, as set forth in paragraph [*identify location*].

   ii. Performed the procedures specified for a review in accordance with auditing standards generally accepted in the United States of America applicable to reviews of interim financial information, on the unaudited condensed consolidated balance sheet as of June 30, 20X6, and the unaudited condensed consolidated statements of income, stockholders' equity, and cash flows for the six-month periods ended June 30, 20X6 and 20X5, from which the unaudited amounts referred to in *b*(i) are derived.

   iii. Inquired of certain officials of the company who have responsibility for financial and accounting matters whether the unaudited amounts referred to in *b*(i) are stated on a basis substantially consistent with that of the corresponding amounts in the audited consolidated statements of income.

The foregoing procedures do not constitute an audit conducted in accordance with generally accepted auditing standards. Also, they would not necessarily reveal matters of significance with respect to the comments in the following paragraph. Accordingly, we make no representations regarding the sufficiency of the foregoing procedures for your purposes.

5. Nothing came to our attention as a result of the foregoing procedures, however, that caused us to believe that—

a. i. Any material modifications should be made to the unaudited condensed consolidated financial statements described in 4*a*(i), included in the [*registration statement or* Offering Memorandum*, as applicable*], for them to be in conformity with generally accepted accounting principles.

ii. The unaudited condensed consolidated financial statements described in 4*a*(i) do not comply as to form in all material respects with the applicable accounting requirements of the Act and the related rules and regulations adopted by the SEC.

b. i. The unaudited amounts for sales and net income for the six-month periods ended June 30, 20X6 and 20X5, referred to in 4*b*(i) do not agree with the amounts set forth in the unaudited condensed consolidated financial statements for those same periods.

ii. The unaudited amounts referred to in 4*b*(i) were not determined on a basis substantially consistent with that of the corresponding amounts in the audited consolidated statements of income.

c. At June 30, 20X6, there was any change in the capital stock, increase in long-term debt, or any decreases in consolidated net current assets or stockholders' equity of the consolidated companies as compared with amounts shown in the March 31, 20X6 unaudited condensed consolidated balance sheet included in the [*registration statement or* Offering Memorandum*, as applicable*], except in all instances for changes, increases, or decreases that the [*registration statement or* Offering Memorandum*, as applicable*] discloses have occurred or may occur.

6. Company officials have advised us that no consolidated financial statements as of any date or for any period subsequent to June 30, 20X6 are available; accordingly, the procedures carried out by us with respect to changes in financial statement items after June 30, 20X6 have, of necessity, been even more limited than those with respect to the periods referred to in 4. We have inquired of certain officials of the company who have responsibility for financial and accounting matters whether (*a*) at July 20, 20X6, there was any change in the capital stock, increase in long-term debt, or any decreases in consolidated net current assets or stockholders' equity of the consolidated companies as compared with amounts shown in the March 31, 20X6 unaudited condensed consolidated balance sheet included in the [*registration statement or* Offering Memorandum*, as applicable*]; or (*b*) for the period from July 1, 20X6 to July 20, 20X6, there were any decreases, as compared with the corresponding period in the preceding year, in consolidated net sales or in income from continuing operations or of net income. On the basis of these inquiries and our reading of the minutes as described in 4, nothing came to our attention that caused us to believe that there was any such change, increase, or decrease, except in all instances for changes, increases, or decreases that the [*registration statement or* Offering Memorandum*, as applicable*] discloses have occurred or may occur.

Example M — Alternate Wording When Auditors Are Aware of a Decrease in a Specified Financial Statement Item

.A93-17 Example M covers a situation in which auditors are aware of a decrease in a financial statement item on which they are requested to comment (see paragraphs .58–.64). Example M may be modified when auditors are aware of a change or increase. The same facts exist as in example A-1 or example A-2, as applicable, except for the decrease covered in the following change in paragraph 5*b* in example A-1 or paragraph 4*b* in example A-2:

b.

i. At May 31, 20X6, there was any change in the capital stock, increase in long-term debt, or any decrease in consolidated stockholders' equity of the consolidated companies as compared with amounts shown in the March 31, 20X6 unaudited condensed consolidated balance sheet included in the [*registration statement or* Offering Memorandum*, as applicable*], or

ii. for the period from April 1, 20X6 to May 31, 20X6, there were any decreases, as compared with the corresponding period in the preceding year, in consolidated net sales or income from continuing operations or of net income, except in all instances for changes, increases, or decreases that the [*registration statement or* Offering Memorandum*, as applicable*] discloses have occurred or may occur and except that the unaudited consolidated balance sheet as of May 31, 20X6, which we were furnished by the company, showed a decrease from March 31, 20X6, in consolidated net current assets as follows (in thousands of dollars):

	Current Assets	Current Liabilities	Net Current Assets
March 31, 20X6	$4,251	$1,356	$2,895
May 31, 20X6	3,986	1,732	2,254

6. As mentioned in 4*b*, company officials have advised us that no consolidated financial statements as of any date or for any period subsequent to May 31, 20X6, are available; accordingly, the procedures carried out by us with respect to changes in financial statement items after May 31, 20X6, have, of necessity, been even more limited than those with respect to the periods referred to in 4. We have inquired of certain officials of the company who have responsibility for financial and accounting matters whether (*a*) at June 23, 20X6, there was any change in the capital stock, increase in long-term debt, or any decreases in consolidated net current assets or stockholders' equity of the consolidated companies as compared with amounts shown in the March 31, 20X6 unaudited condensed consolidated balance sheet included in the [*registration statement or* Offering Memorandum*, as applicable*]; or (*b*) for the period from April 1, 20X6 to June 23, 20X6, there were any decreases, as compared with the corresponding period in the preceding year, in consolidated net sales or in income from continuing operations or of net income. On the basis of these inquiries and our reading of the minutes as described in 4, nothing came to our attention that caused us to believe that there was any such change, increase, or decrease, except in all instances for changes, increases, or decreases that the [*registration statement or* Offering Memorandum*, as applicable*] discloses have occurred or may occur and except as described in the following sentence: We have been informed by officials of the company that there continues to be a decrease in net current assets that is estimated to be approximately the same amount as set forth in 5*b* [*or whatever other disclosure fits the circumstances*].

Example N — Alternate Wording of the Letter for Companies That Are Permitted to Present Interim Earnings Data for a 12-Month Period

.A93-18 Certain types of companies are permitted to include earnings data for a 12-month period to the date of the latest balance sheet furnished in lieu of earnings data for both the interim period between the end of the latest fiscal year and the date of the latest balance sheet and the corresponding period of the preceding fiscal year. The following would be substituted for the applicable part of paragraph 3 of example A-1:

> 3. …was to enable us to express our opinion on the financial statements as of December 31, 20X5, and for the year then ended, but not on the financial statements for any period included in part within that year. Therefore, we are unable to, and do not express any opinion on, the unaudited condensed consolidated balance sheet as of March 31, 20X6, and the related unaudited condensed consolidated statements of income, stockholders' equity, and cash flows for the 12 months then ended included in the registration statement.

Example O — Alternate Wording When the Procedures That the Requesting Party Has Requested the Auditor to Perform on Interim Financial Information Are Less Than a Review in Accordance With Generally Accepted Auditing Standards Applicable to Reviews of Interim Financial Information

.A93-19 The example assumes that the requesting party has asked the auditor to perform specified procedures on the interim financial information and report thereon in the comfort letter. The letter is dated June 28, 20X6; procedures were performed through June 23, 20X6, the cut-off date. Because a review in accordance with generally accepted auditing standards applicable to reviews of interim financial information was not performed on the interim financial information as of March 31, 20X6, and for the quarter then ended, the auditor is limited to reporting procedures performed and findings obtained on the interim financial information.

The following would be substituted for paragraphs 4–6 of example A-1 or paragraphs 3–5 of example A-2. In a non-1933 Act securities offering, the two statements in paragraph 4(a)(ii) with respect to compliance as to form, in all material respects, with the applicable accounting requirements of the Act and the related rules and regulations adopted by the SEC, would not be included. Example O assumes there has not been a change in the application of a requirement of generally accepted accounting principles during the interim period. If there has been such a change, a reference to that change would be included in subparagraph *a*(ii) that follows:

4. For purposes of this letter, we have read the 20X6 minutes of meetings of the stockholders, the board of directors, and [*include other appropriate committees, if any*] of the company and its subsidiaries as set forth in the minute books at June 23, 20X6, officials of the company having advised us that the minutes of all such meetings through that date were set forth therein and having discussed with us the unapproved minutes of meetings held on [*dates*]; we have carried out other procedures to June 23, 20X6, as follows (our work did not extend to the period from June 24, 20X6 to June 28, 20X6, inclusive):

a. With respect to the three-month periods ended March 31, 20X6 and 20X5, we have—

   i. Read the unaudited condensed consolidated balance sheet as of March 31, 20X6, and the unaudited condensed consolidated statements of income, stockholders' equity, and cash flows for the three-month periods ended March 31, 20X6 and 20X5, included in the [*registration statement or* Offering Memorandum*, as applicable*], and agreed the amounts included therein with the company's accounting records as of March 31, 20X6, and for the three-month periods ended March 31, 20X6 and 20X5.

   ii. Inquired of certain officials of the company who have responsibility for financial and accounting matters whether the unaudited condensed consolidated financial statements referred to in *a*(i): (1) are in conformity with generally accepted accounting principles applied on a basis substantially consistent with that of the audited consolidated financial statements included in the [*registration statement or* Offering Memorandum*, as applicable*], and (2) comply as to form, in all material respects, with the applicable accounting requirements of the Act and the related rules and regulations adopted by the SEC. Those officials stated that the unaudited condensed consolidated financial statements (1) are in conformity with generally accepted accounting principles applied on a basis substantially consistent with that of the audited consolidated financial statements, and (2) comply as to form, in all material respects, with the applicable accounting requirements of the Act and the related rules and regulations adopted by the SEC.

b. With respect to the period from April 1, 20X6 to May 31, 20X6, we have—

   i. Read the unaudited consolidated financial information of the company and subsidiaries for April and May of both 20X5 and 20X6 furnished us by the company, and agreed the amounts contained therein to the company's accounting records. Officials of the company have advised us that no financial statements as of any date or for any period subsequent to May 31, 20X6, were available. [*If applicable:* The financial information for April and May of both 20X5 and 20X6 is incomplete in that it omits the statements of cash flows and other disclosures.]

   ii. Inquired of certain officials of the company who have responsibility for financial and accounting matters whether (1) the unaudited consolidated financial information referred to in b(i) is stated on a basis substantially consistent with that of the audited consolidated financial statements included in the [*registration statement or* Offering Memorandum*, as applicable*]; (2)

at May 31, 20X6, there was any change in the capital stock, increase in long-term debt, or any decrease in consolidated net current assets or stockholders' equity of the consolidated companies as compared with amounts shown in the March 31, 20X6 unaudited condensed consolidated balance sheet included in the [*registration statement or* Offering Memorandum, *as applicable*]; and (3) for the period from April 1, 20X6 to May 31, 20X6, there were any decreases, as compared with the corresponding period in the preceding year, in consolidated net sales or in income from continuing operations or of net income.

Those officials stated that (1) the unaudited consolidated financial information referred to in 4*b*(i) is stated on a basis substantially consistent with that of the audited consolidated financial statements included in the [*registration statement or* Offering Memorandum, *as applicable*]; (2) at May 31, 20X6, there was no change in the capital stock, no increase in long-term debt, and no decrease in net current assets or stockholders' equity of the consolidated companies as compared with amounts shown in the March 31, 20X6 unaudited condensed consolidated balance sheet included in the [*registration statement or* Offering Memorandum, *as applicable*]; and (3) there were no decreases for the period from April 1, 20X6 to May 31, 20X6, as compared with the corresponding period in the preceding year, in consolidated net sales or in income from continuing operations or of net income.

c. As mentioned in 4*b*(i), company officials have advised us that no financial statements as of any date or for any period subsequent to May 31, 20X6, are available; accordingly, the procedures carried out by us with respect to changes in financial statement items after May 31, 20X6, have, of necessity, been even more limited than those with respect to the periods referred to in 4*a* and 4*b*. We have inquired of certain officials of the company who have responsibility for financial and accounting matters whether (a) at June 23, 20X6, there was any change in the capital stock, increase in long-term debt, or any decreases in consolidated net current assets or stockholders' equity of the consolidated companies as compared with amounts shown in the March 31, 20X6 unaudited condensed consolidated balance sheet included in the [*registration statement or* Offering Memorandum, *as applicable*], or (b) for the period from April 1, 20X6 to June 23, 20X6, there were any decreases, as compared with the corresponding period in the preceding year, in consolidated net sales or in income from continuing operations or of net income. Those officials stated that (1) at June 23, 20X6, there was no change in the capital stock, no increase in long-term debt, and no decreases in consolidated net current assets or stockholders' equity of the consolidated companies as compared with amounts shown in the March 31, 20X6 unaudited condensed consolidated balance sheet, and (2) for the period from April 1, 20X6 to June 23, 20X6, there were no decreases, as compared with the corresponding period in the preceding year, in consolidated net sales or in income from continuing operations or of net income.

The foregoing procedures do not constitute an audit or a review conducted in accordance with generally accepted auditing standards. We make no representations regarding the sufficiency of the foregoing procedures for your purposes. Had we performed additional procedures or had we conducted an audit or a review of the company's March 31, April 30, or

May 31, 20X6 and 20X5 condensed consolidated financial statements, other matters might have come to our attention that would have been reported to you.

5. At your request, we also—

a. Read the unaudited pro forma condensed consolidated balance sheet as of March 31, 20X6, and the unaudited pro forma condensed consolidated statements of income for the year ended December 31, 20X5, and the three-month period ended March 31, 20X6, included in the [*registration statement or* Offering Memorandum*, as applicable*].

b. Inquired of certain officials of the company and of XYZ Company (the company being acquired) who have responsibility for financial and accounting matters as to whether all significant assumptions regarding the business combination had been reflected in the pro forma adjustments and whether the unaudited pro forma condensed consolidated financial statements referred to in (a) comply as to form in all material respects with the [*applicable accounting requirements of Rule 11-02 of Regulation S-X or pro forma bases described in the pro forma condensed consolidated financial statements, as applicable*].

   Those officials referred to above stated, in response to our inquiries, that all significant assumptions regarding the business combination had been reflected in the pro forma adjustments and that the unaudited pro forma condensed consolidated financial statements referred to in (a) comply as to form in all material respects with the [*applicable accounting requirements of Rule 11-02 of Regulation S-X or pro forma bases described in the pro forma condensed consolidated financial statements, as applicable*].

c. Compared the historical financial information for the company included on page 20 in the [*registration statement or* Offering Memorandum*, as applicable*] with historical financial information for the company on page 12 and found them to be in agreement.

   We also compared the financial information included on page 20 of the [*registration statement or* Offering Memorandum*, as applicable*] with the historical information for XYZ Company on page 13 and found them to be in agreement.

d. Proved the arithmetic accuracy of the application of the pro forma adjustments to the historical amounts in the unaudited pro forma condensed consolidated financial statements.

   The foregoing procedures are less in scope than an examination or review, the objective of which is the expression of an opinion or conclusion on management's assumptions, the pro forma adjustments, and the application of those adjustments to historical financial information. Accordingly, we do not express such an opinion or conclusion. We make no representation about the sufficiency of the foregoing procedures for your purposes. Had we performed additional procedures or had we made an examination or review of the pro forma financial information, other matters might have come to our attention that would have been reported to you.

Example P — Intentionally Omitted (See example A-2)[3]

Example Q — Letter to a Requesting Party That Has Not Provided the Legal Opinion or the Representation Letter Required by Paragraph .11

.A93-20 This example illustrates the letter to be provided in accordance with paragraph .11 in which the auditor does not provide negative assurance. This example assumes that these procedures are being performed at the request of the placement agent on information included in an offering memorandum in connection with a private placement of unsecured notes. The letter is dated June 30, 20X6; procedures were performed through June 25, 20X6, the cut-off date. The statements in paragraphs 4–8 of the example are illustrative of the statements required to be included by paragraph .12.

This example may also be used in connection with a filing under the 1933 Act when a party other than a named underwriter (for example, a selling shareholder) has not provided the auditor with the representation letter described in paragraph .11. In such a situation, this example may be modified to include the auditor's comments on independence and compliance as to form of the audited financial statements and financial statements schedules with the applicable accounting requirements of the 1933 Act and the related rules and regulations adopted by the SEC. Paragraph 1*a*(ii) may include an inquiry, and the response of company officials, on compliance as to form of the unaudited condensed interim financial information.

[3]Example P, "A Typical Comfort Letter in a Non-1933 Act Offering, Including the Required Underwriter Representations," in AU section 634, *Letters for Underwriters and Certain Other Requesting Parties*, was moved to example A-2, "Typical Comfort Letter for a Non-1933 Act Offering When the Required Representation Letter Has Been Obtained," in this section when AU section 634 was redrafted for clarity, and is intentionally blank to retain the letters assigned to the other examples.

June 30, 20X6

[*Addressee*]

Dear Ladies and Gentlemen:

We have audited the consolidated financial statements of The Nonissuer Company, Inc. (the company) and subsidiaries, which comprise the consolidated balance sheets as of December 31, 20X5 and 20X4, and the related consolidated statements of income, changes in stockholders' equity, and cash flows for each of the years in the three-year period ended December 31, 20X5, and the related notes to the consolidated financial statements, all included in the offering memorandum for $30,000,000 of notes due June 30, 20Z6. Our report with respect thereto is included in the offering memorandum. The offering memorandum dated June 30, 20X6, is herein referred to as the Offering Memorandum.

We are independent certified public accountants with respect to the company under the "Independence Rule" of the AICPA's Code of Professional Conduct and its interpretations.

We have not audited any financial statements of the company as of any date or for any period subsequent to December 31, 20X5; although, we have conducted an audit for the year ended December 31, 20X5, the purpose (and, therefore, the scope) of the audit was to enable us to express our opinion on the consolidated financial statements as of December 31, 20X5, and for the year then ended, but not on the financial statements for any interim period within that year. Therefore, we are unable to, and do not express any opinion on, the unaudited condensed consolidated balance sheet as of March 31, 20X6, and the unaudited condensed consolidated statements of income, stockholders' equity, and cash flows for the three-month periods ended March 31, 20X6 and 20X5, included in the Offering Memorandum, or on the financial position, results of operations, or cash flows as of any date or for any period subsequent to December 31, 20X5.

1. At your request, we have read the 20X6 minutes of meetings of the stockholders, the board of directors, and [*include other appropriate committees, if any*] of the company as set forth in the minute books at June 25, 20X6, officials of the company having advised us that the minutes of all such meetings through that date were set forth therein and having discussed with us the unapproved minutes of meetings held on [*dates*]; we have carried out other procedures to June 25, 20X6, as follows (our work did not extend to the period from June 26, 20X6 to June 30, 20X6, inclusive):
    a. With respect to the three-month periods ended March 31, 20X6 and 20X5, we have—
        i. Read the unaudited condensed consolidated balance sheet as of March 31, 20X6, and the unaudited condensed consolidated statements of income, stockholders' equity, and cash flows of the company for the three-month periods ended March 31, 20X6 and 20X5, included in the Offering Memorandum, and agreed the amounts included therein with the company's accounting records as of March 31, 20X6, and for the three-month periods ended March 31, 20X6 and 20X5.

ii. Inquired of certain officials of the company who have responsibility for financial and accounting matters whether the unaudited condensed consolidated financial statements referred to in *a*(i) are in conformity with generally accepted accounting principles applied on a basis substantially consistent with that of the audited consolidated financial statements included in the Offering Memorandum. Those officials stated that the unaudited condensed consolidated financial statements are in conformity with generally accepted accounting principles applied on a basis substantially consistent with that of the audited consolidated financial statements.

b. With respect to the period from April 1, 20X6 to May 31, 20X6, we have—

   i. Read the unaudited condensed consolidated financial information of the company for April and May of both 20X5 and 20X6, furnished us by the company, and agreed the amounts included therein with the company's accounting records. Officials of the company have advised us that no financial statements as of any date or for any period subsequent to May 31, 20X6, were available. [*if applicable:* The financial information for April and May of both 20X5 and 20X6 is incomplete in that it omits the statements of cash flows and other disclosures.]

   ii. Inquired of certain officials of the company who have responsibility for financial and accounting matters whether (1) the unaudited condensed consolidated financial information referred to in *b*(i) is stated on a basis substantially consistent with that of the audited consolidated financial statements included in the Offering Memorandum; (2) at May 31, 20X6, there was any change in the capital stock, increase in long-term debt, or any decrease in consolidated net current assets or stockholders' equity of the consolidated companies as compared with amounts shown in the March 31, 20X6 unaudited condensed consolidated balance sheet included in the Offering Memorandum; and (3) for the period from April 1, 20X6 to May 31, 20X6, there were any decreases, as compared with the corresponding period in the preceding year, in consolidated net sales or in income from continuing operations or of net income.
   Those officials stated that (1) the unaudited condensed consolidated financial information referred to in *b*(ii) is stated on a basis substantially consistent with that of the audited consolidated financial statements included in the Offering Memorandum; (2) at May 31, 20X6, there was no change in the capital stock, no increase in long-term debt, and no decrease in consolidated net current assets or stockholders' equity of the consolidated companies as compared with amounts shown in the March 31, 20X6 unaudited condensed consolidated balance sheet included in the Offering Memorandum; and (3) there were no decreases for the period from April 1, 20X6 to May 31, 20X6, as compared with the corresponding period in the preceding year, in consolidated net sales or in income from continuing operations or of net income.

c. As mentioned in 1*b*, company officials have advised us that no financial statements as of any date or for any period subsequent to May 31, 20X6, are available; accordingly, the procedures carried out by us with respect to changes in financial statement items after May 31, 20X6, have, of necessity, been even more limited than those with respect to the periods referred to in 1*a* and 1*b*. We have inquired of certain officials of the company who have responsibility for financial and accounting matters whether (i) at June 25, 20X6, there was any change in the capital stock, increase in long-term debt, or any decreases in consolidated net current assets or stockholders' equity of the consolidated companies as compared with amounts shown in the March 31, 20X6 unaudited condensed consolidated balance sheet included in the Offering Memorandum, or (ii) for the period from April 1, 20X6 to June 25, 20X6, there were any decreases, as compared with the corresponding period in the preceding year, in consolidated net sales or in income from continuing operations or of net income.

   Those officials referred to above stated that (i) at June 25, 20X6, there was no change in the capital stock, no increase in long-term debt, and no decreases in consolidated net current assets or stockholders' equity of the consolidated companies as compared with amounts shown in the March 31, 20X6, unaudited condensed consolidated balance sheet, and (ii) there were no decreases for the period from April 1, 20X6 to June 25, 20X6, as compared with the corresponding period in the preceding year, in consolidated net sales or in income from continuing operations or of net income.

2. For purposes of this letter, we have also read the items identified by you on the attached copy of the Offering Memorandum and have performed the following procedures, which were applied as indicated with respect to the symbols explained below:

   Compared the amount with the company's financial statements for the period indicated and found them to be in agreement.

   Compared the amount with the company's financial statements for the period indicated included in the Offering Memorandum and found them to be in agreement.

   Compared with a schedule or report prepared by the company and found them to be in agreement.

3. Our audit of the consolidated financial statements for the periods referred to in the introductory paragraph of this letter comprised audit tests and procedures deemed necessary for the purpose of expressing an opinion on such financial statements as a whole. For none of the periods referred to therein, nor for any other period, did we perform audit tests for the purpose of expressing an opinion on individual balances of accounts or summaries of selected transactions, such as those enumerated above, and, accordingly, we express no opinion thereon.

4. It should be understood that we have no responsibility for establishing (and did not establish) the scope and nature of the procedures enumerated in paragraphs 1–3 above; rather, the procedures enumerated therein are those the requesting party asked us to perform. Accordingly, we make no representations regarding questions of

legal interpretation[4] or regarding the sufficiency for your purposes of the procedures enumerated in the preceding paragraphs; also, such procedures would not necessarily reveal any material misstatement of the amounts or percentages listed above as set forth in the Offering Memorandum. Further, we have addressed ourselves solely to the foregoing data and make no representations regarding the adequacy of disclosures or whether any material facts have been omitted. This letter relates only to the financial statement items specified above and does not extend to any financial statement of the company as a whole.

5. The foregoing procedures do not constitute an audit conducted in accordance with generally accepted auditing standards. Had we performed additional procedures or had we conducted an audit or a review of the company's March 31, April 30, or May 31, 20X6 and 20X5 condensed consolidated financial statements in accordance with generally accepted auditing standards, other matters might have come to our attention that would have been reported to you.

6. These procedures should not be taken to supplant any additional inquiries or procedures that you would undertake in your consideration of the proposed offering.

7. This letter is solely for your information and to assist you in your inquiries in connection with the offering of the securities covered by the Offering Memorandum, and it is not to be used, circulated, quoted, or otherwise referred to for any other purpose, including but not limited to the registration, purchase, or sale of securities, nor is it to be filed with or referred to, in whole or in part, in the Offering Memorandum or any other document, except that reference may be made to it in any list of closing documents pertaining to the offering of the securities covered by the offering document.

8. We have no responsibility to update this letter for events and circumstances occurring after June 25, 20X6.

[Revised, January 2015, to reflect conforming changes necessary due to the issuance of the revised AICPA Code of Professional Conduct, effective December 15, 2014.]

Example R — Alternate Wording When Reference to Examination of Annual Management's Discussion and Analysis and Review of Interim Management's Discussion and Analysis Is Made

.A93-21 This example is applicable when the auditor is making reference to an examination of annual MD&A and a review of interim MD&A. The same facts exist as in example A-1, except for the following:

[4]Paragraph .A6 of this section.

- The auditor has examined the company's Management's Discussion and Analysis (MD&A) for the year ended December 31, 20X5, in accordance with AT-C section 395, *Management's Discussion and Analysis*.
- The auditor has also performed reviews of the company's unaudited condensed consolidated financial statements in accordance with generally accepted auditing standards applicable to reviews of interim financial information and the company's MD&A for the three-month period ended March 31, 20X6, in accordance with AT-C section 395.
- The accountant's reports on the examination and review of MD&A have been previously issued, but not distributed publicly; none of these reports is included in the securities offering. In this example, the auditor has elected to attach the previously issued reports to the comfort letter (see paragraph .A32).

Appropriate modifications would be made to the opening paragraph of the comfort letter if the auditor has performed a review of the company's annual MD&A.

The following would be substituted for the first paragraph of example A-1.

We have audited the consolidated financial statements of The Nonissuer Company, Inc. (the company) and subsidiaries, which comprise the consolidated balance sheets as of December 31, 20X5 and 20X4, and the related consolidated statements of income, changes in stockholders' equity, and cash flows for each of the years in the three-year period ended December 31, 20X5, the related notes to the consolidated financial statements, and the related financial statement schedules, all included in The Issuer Company's (the registrant) registration statement (no. 33-00000) on Form S-1 filed by the registrant under the Securities Act of 1933 (the Act); our reports with respect thereto are also included in that registration statement. The registration statement, as amended on June 28, 20X6, is herein referred to as the registration statement. Also, we have examined the company's Management's Discussion and Analysis (MD&A) for the year ended December 31, 20X5, included in the registration statement, as indicated in our report dated March 28, 20X6; our report with respect thereto is attached. We have also reviewed the unaudited condensed consolidated financial statements as of March 31, 20X6 and 20X5, and for the three-month periods then ended, included in the registration statement, as indicated in our report dated May 15, 20X6, and have also reviewed the company's MD&A for the three-month period ended March 31, 20X6, included in the registration statement, as indicated in our report dated May 15, 20X6; our reports with respect thereto are attached.

The following paragraph would be added after paragraph 3 of example A-1:

4. We have not examined any MD&A of the company as of or for any period subsequent to December 31, 20X5; although we have made an examination of the company's MD&A for the year ended December 31, 20X5, included in the registration statement, the purpose (and, therefore, the scope) of the examination was to enable us to express our opinion on such MD&A, but not on the MD&A for any interim period within that year. Therefore, we are unable to and do not express any opinion on the MD&A for the three-month period ended March 31, 20X6, included in the registration statement, or for any period subsequent to March 31, 20X6.

[As amended, effective for comfort letters issued on or after December 15, 2014, by SAS No. 129. Revised, April 2017, to reflect conforming changes necessary due to the issuance of SSAE No. 18.]

AU-C Section 925

Filings With the U.S. Securities and Exchange Commission Under the Securities Act of 1933

Source: SAS No. 122; SAS No. 133.

Effective for filings under the Securities Act of 1933 that include audited financial statements for periods ending on or after December 15, 2012.

Introduction

Scope of This Section (Ref: par. .A1)

.01 This section addresses the auditor's responsibilities in connection with financial statements of a nonissuer included or incorporated by reference in a registration statement filed with the U.S. Securities and Exchange Commission (SEC) under the Securities Act of 1933, as amended. Exhibit A, "Background," provides background information on certain liability provisions of Section 11 of the Securities Act of 1933, including Section 11(b)(3)(B).

Effective Date

.02 This section is effective for filings under the Securities Act of 1933 that include audited financial statements for periods ending on or after December 15, 2012.

Objective

.03 The objective of the auditor, in connection with audited financial statements of a nonissuer that are separately included or incorporated by reference in a registration statement filed under the Securities Act of 1933, is to perform specified procedures at or shortly before the effective date of the registration statement to sustain the burden of proof that the auditor has performed a reasonable investigation, as referred to in Section 11(b)(3)(B) of the Securities Act of 1933.

Definitions

.04 For purposes of this section, the following terms have the meanings attributed as follows:

Auditor's consent. A statement signed and dated by the auditor that indicates that the auditor consents to the use of the auditor's report, and other references to the auditor, in a registration statement filed under the Securities Act of 1933.

Awareness letter. A letter signed and dated by the auditor to acknowledge the auditor's awareness that the auditor's review report on unaudited interim financial information is being used in a registration statement filed under the Securities Act of 1933. This letter is not considered to be part of the registration statement and is also commonly referred to as an *acknowledgment letter*.

Effective date of the registration statement. The date on which the registration statement filed under the Securities Act of 1933 becomes effective for purposes of evaluating the auditor's liability under Section 11 of the Securities Act of 1933. (Ref: par. .A2 and .A14)

.05 References to *included* or *the inclusion of* in a registration statement in this section means *included* or *incorporated by reference* in a registration statement filed under the Securities Act of 1933.

Requirements

Effective Date of the Registration Statement (Ref: par. .A3)

.06 Because the effective date of a registration statement filed under the Securities Act of 1933 may not necessarily coincide with the filing date, the auditor should request management to keep the auditor advised of the progress of the registration proceedings through the effective date of the registration statement.

The Prospectus and Other Information (Ref: par. .A4–.A8)

.07 When the auditor's report on audited financial statements is included in a registration statement filed under the Securities Act of 1933, the auditor should perform the procedures described in section 720, *The Auditor's Responsibilities Relating to Other Information Included in Annual Reports*, on the prospectus and pertinent portions of the registration statement (including material that is incorporated by reference). [Revised, December 2021, to reflect conforming changes necessary due to the issuance of SAS No. 137.]

.08 In connection with the procedures required by paragraph .07, the auditor should determine that the auditor's name is not being used in a way that indicates that the auditor's responsibility is greater than the auditor intends.

Subsequent Events Procedures (Ref: par. .A9–.A11)

.09 When the most recent separate financial statements of the entity and related auditor's report are included in the registration statement, the auditor should perform the following procedures described in section 560, *Subsequent Events and Subsequently Discovered Facts*, at or shortly before the effective date of the registration statement:[1]

a. Audit procedures designed to identify events occurring between the date of the auditor's report and the effective date of the registration statement that require adjustment to, or disclosure in, the financial statements. Such procedures, which take into account the auditor's risk assessment in determining the nature and extent of such audit procedures, should include

[1]Paragraphs .09–.10 of section 560, *Subsequent Events and Subsequently Discovered Facts*.

  i. obtaining an understanding of any procedures that management has established to ensure that such events are identified.

  ii. inquiring of management and, when appropriate, those charged with governance about whether any such events have occurred that might affect the financial statements.

  iii. reading minutes, if any, of the meetings of the entity's owners, management, and those charged with governance that have been held after the date of the financial statements and inquiring about matters discussed at any such meetings for which minutes are not yet available.

  iv. reading the entity's latest subsequent interim financial statements, if any.

b. Obtain updated written representations from management at or shortly before the effective date of the registration statement, about whether

  i. any information has come to management's attention that would cause management to believe that any of the previous representations should be modified.

  ii. any events have occurred subsequent to the date of the financial statements that would require adjustment to, or disclosure in, those financial statements.

.10 When the auditor has audited the most recent period for which separate audited financial statements of the entity are included in the registration statement and

a. the entity has been acquired by another entity,

b. the acquirer's audited financial statements included in the registration statement reflect a period that includes the date of acquisition, and

c. the auditor is a predecessor auditor because the auditor is not the continuing auditor of the entity,

the auditor may be unable to perform all of the procedures in paragraph .09. In such circumstances, the auditor should obtain written representations from management and the successor auditor as described in section 560 at or shortly before the effective date of the registration statement.[2]

.11 If a predecessor auditor audited the entity's separate financial statements for a prior period included in the registration statement but has not audited the entity's separate financial statements for the most recent audited period for which the entity's audited financial statements are included in the registration statement, then the predecessor auditor should perform the following procedures described in section 560 through a date at or shortly before the effective date of the registration statement:[3]

[2]Paragraph .19*c–d* of section 560.

[3]Paragraph .19 of section 560.

a. Read the financial statements of the subsequent period to be presented on a comparative basis

b. Compare the prior period financial statements that the predecessor auditor reported on with the financial statements of the subsequent period to be presented on a comparative basis

c. Obtain written representations from management at or shortly before the effective date

d. Obtain a representation letter from the successor auditor stating whether the successor auditor's audit revealed any matters that, in the successor auditor's opinion, might have a material effect on, or require disclosure in, the financial statements reported on by the predecessor auditor

.12 If the auditor becomes aware of subsequently discovered facts, the auditor should not provide the auditor's consent until the auditor's consideration of subsequently discovered facts, including the effect on the auditor's report on the financial statements, has been satisfactorily completed in accordance with section 560.[4] If management does not revise the audited financial statements in circumstances in which the auditor believes they need to be revised, then the auditor should determine whether to withhold the auditor's consent (and the awareness letter, if applicable). (Ref: par. .A11)

Unaudited Annual Financial Statements or Unaudited Interim Financial Information

.13 If the auditor concludes, based on known facts, that unaudited annual financial statements or unaudited interim financial information included in a registration statement filed under the Securities Act of 1933 is not in conformity with the requirements of the applicable financial reporting framework, then the auditor should request that management revise the unaudited annual financial statements or unaudited interim financial information appropriately.

.14 If management does not revise the unaudited annual financial statements or unaudited interim financial information appropriately and

a. the auditor has reported on a review of the unaudited annual financial statements or unaudited interim financial information,

b. the auditor's review report is included in the registration statement, and

c. the subsequently discovered facts are such that they would have affected the report had they been known to the auditor at the date of the report,

the auditor should perform the applicable procedures described in section 560.[5]

---

[4]Paragraphs .15–.18 of section 560.

[5]Paragraphs .14 and .17–.18 of section 560.

.15 If management does not revise the unaudited annual financial statements or unaudited interim financial information appropriately and

a. the auditor has not reported on a review of the unaudited annual financial statements or unaudited interim financial information or

b. the auditor's review report is not included in the registration statement,

the auditor should modify the report on the audited financial statements to describe the departure from the requirements of the applicable financial reporting framework contained in the unaudited annual financial statements or unaudited interim financial information, as described in section 930, *Interim Financial Information*.[6]

.16 Additionally, the auditor should determine whether to withhold the auditor's consent (and the awareness letter, if applicable). (Ref: par. .A11)

Application and Other Explanatory Material

Scope of This Section (Ref: par. .01)

.A1 This section is written from the perspective of a registration statement filed under the Securities Act of 1933. The liability provisions under the Securities Act of 1933 differ from those (Section 10[b] and Rule 10[b][5], in particular) under the Securities Exchange Act of 1934.

Definitions

Effective Date of the Registration Statement (Ref: par. .04)

.A2 Exhibit A describes the process commonly referred to as *shelf registration*. Exhibit A also provides additional guidance about the effective date of a registration statement, including situations in which a posteffective amendment is made or a prospectus supplement is filed.[7] Both of these situations may create a new effective date. Exhibit A also discusses the auditor's liability under Section 11 of the Securities Act of 1933 with regard to these situations.

Effective Date of the Registration Statement (Ref: par. .06)

.A3 Requesting management to keep the auditor advised of the progress of the registration proceedings through the effective date is important so that the auditor's consideration of events occurring after the date of the auditor's report up to the effective date, or as close thereto as reasonable and practicable, can be completed by the effective date of the registration statement. Generally, the filing date of a registration statement will precede the effective date. In addition to performing the procedures required by this section at or shortly

[6] Paragraph .35 of section 930, *Interim Financial Information*.

[7] Paragraphs 8–12 of exhibit A, "Background."

before the effective date, the auditor may also perform some or all of the procedures in this section at or shortly before the filing date.

The Prospectus and Other Information (Ref: par. .07–.08)

.A4 The reading of the entire prospectus (including any supplemental prospectuses and documents incorporated by reference—such as forms 10-K, 10-Q, and 8-K) assists the auditor in fulfilling the auditor's statutory responsibilities to perform a reasonable investigation, as described in Section 11(c) of the Securities Act of 1933.

References to the Auditor as an Expert in Connection With a Securities Act of 1933 Registration Statement

.A5 The requirements in paragraphs .07–.08 assist the auditor in determining that the references to the auditor in the Securities Act of 1933 registration statement are appropriate. For example, management's disclosure in the "experts" section cannot imply that the financial statements have been prepared by the auditor or that the financial statements are not the direct representations of management.

.A6 The SEC does not require an entity to include an auditor's review report on unaudited interim financial information in the registration statement unless the registration statement states that the unaudited interim financial information has been reviewed by an independent auditor. If the registration statement includes the auditor's review report on interim financial information, then the requirements in paragraphs .07–.08 assist the auditor in determining that the issuer discloses the fact that an interim review report is not a report on, or a part of, the registration statement prepared or certified by the auditor, within the meaning of Section 7 and Section 11 of the Securities Act of 1933, and that the auditor's liability under Section 11 does not extend to the auditor's review report.

.A7 The auditor is not considered an expert with respect to the auditor's review report on interim financial information and, therefore, it is important that this fact is clearly described. For example, the disclosures relating to the auditor's report on the audited financial statements may be included under a heading titled "Experts," and the disclosures in paragraph .A6 would then be included under a heading titled "Independent Auditors." Alternatively, the disclosures described in paragraph .A6 may be included under an "experts" section together with language stating the fact that an interim review report is not a report on, or a part of, the registration statement prepared or certified by the auditor, within the meaning of Section 7 and Section 11 of the Securities Act of 1933, and that the auditor's liability under Section 11 does not extend to the auditor's review report.

.A8 Exhibit A describes the disclosures relating to the auditor's report on the audited financial statements. Exhibit B, "Illustrative Disclosures and Reports," provides an illustration of this disclosure.

Subsequent Events Procedures (Ref: par. .09–.12)

.A9 An example of the conditions described in paragraphs .09–.11 would be a situation in which an issuer recently acquired a nonissuer that is considered significant to the issuer based on quantitative thresholds specified in the SEC's rules and regulations. In this case, the issuer's registration statement may need to include the separate audited financial statements of the acquired nonissuer for one or more periods.

.A10 In addition to the procedures required by paragraph .09, the auditor may consider it necessary and appropriate to inquire of, or extend previous oral or written inquiries to, the entity's legal counsel concerning litigation, claims, and assessments, as described in section 501, *Audit Evidence—Specific Considerations for Selected Items*.

.A11 In making the determination whether to withhold the auditor's consent, the auditor may consider it appropriate to obtain legal advice. (Ref: par. .12 and .16)

Exhibits

.A12 Exhibit A provides detailed background guidance on the following: (Ref: par. .04)

- The liability provisions of Section 11 of the Securities Act of 1933
- The auditor's consent and awareness letter
- The effective date of the registration statement
- References to the auditor as an expert in connection with a Securities Act of 1933 registration statement
- References to the auditor as an expert in a document other than a Securities Act of 1933 registration statement
- Letters similar to a consent prepared in connection with a document that is not a Securities Act of 1933 registration statement

.A13 Exhibit B provides illustrative disclosures and reports.

Exhibit A — Background

.A14

Exhibit A is intended to provide limited background information only.

Exhibit A is not intended to be, and does not constitute, a comprehensive or complete discussion of the liability provisions of the Securities Act of 1933, as amended. Exhibit A is not legal advice and reading it as such is inappropriate. Auditors are advised to consult with their legal counsel regarding the information provided in Exhibit A and the entire content of Section 11 of the Securities Act of 1933.

1. When an auditor's report is included in a registration statement filed under the Securities Act of 1933, the auditor's responsibility, generally, is in substance no different from that involved in other types of reporting. However, the nature and extent of this responsibility are specified in some detail in the applicable statutes and the related rules and regulations.

Liability Provisions of Section 11 of the Securities Act of 1933

2. Liability under the Securities Act of 1933 is defined in several sections of that act. One important section for auditors is Section 11.

3. Section 11(a) imposes civil liability on a number of parties that are involved in a registration statement filed under the Securities Act of 1933. One of the parties specifically mentioned in Section 11(a) is an auditor who has consented to the use of the auditor's report on audited financial statements in connection with a registration statement filed under the Securities Act of 1933 (Section 11[a][4]).

4. Section 11(b)(3)(B) of the Securities Act of 1933 provides that the auditor is not liable under Section 11(a) if the auditor

> sustain[s] the burden of proof . . . that . . . as regards any part of the registration statement purporting to be made upon his authority as an expert or purporting to be a copy of or extract from a report or valuation of himself as an expert, (i) he had, after reasonable investigation, reasonable ground to believe and did believe, at the time such part of the registration statement became effective, that the statements therein were true and that there was no omission to state a material fact required to be stated therein or necessary to make the statements therein not misleading, or (ii) such part of the registration statement did not fairly represent his statement as an expert or was not a fair copy of or extract from his report or valuation as an expert.

5. Section 11(c) of the Securities Act of 1933 indicates that for the purpose of determining what constitutes reasonable investigation and reasonable ground to believe, "the standard of reasonableness shall be that required of a prudent man in the management of his own property."

Auditor's Consent and Awareness Letter

6. Section 7 of the Securities Act of 1933 requires an issuer to provide the consent of any auditor whose report on audited financial statements is included in a Securities Act of 1933 registration statement. The issuer's responsibility to file the auditor's consent is further discussed in Rule 436 of the Securities Act of 1933.

7. Rule 436(c) of the Securities Act of 1933 indicates that an auditor's report based on a review of interim financial information is not a report within the meaning of Section 11. Thus, the auditor does not have a similar statutory responsibility for such reports as of the effective date of the registration statement. Accordingly, the auditor's consent would not refer to the auditor's report on interim financial statements. However, the issuer is required to file an awareness letter from an auditor if the auditor's review report on interim financial information is included in a registration statement filed under the Securities Act of 1933.

Effective Date of the Registration Statement

8. The information in a registration statement filed under the Securities Act of 1933 is evaluated as of its effective date. Accordingly, the auditor who has consented to the inclusion of the auditor's report on audited financial statements in such a registration statement has a statutory responsibility that is determined in light of the circumstances on that date. The effective date for purposes of evaluating liability under Section 11 may be different for different parties. For instance, the effective date for determining liability under Section 11 for the issuer or for an underwriter may be later than the effective date for determining Section 11 liability for the auditor.

9. Certain Securities Act of 1933 rules and forms (for example, Rule 415 and Form S-3) permit issuers to register offerings of securities to be offered and sold on a delayed or continuous basis. This process is commonly referred to as *shelf registration*.

10. The prospectus included in a shelf registration statement at the time it becomes effective is commonly referred to as a *base prospectus*. Many issuers follow a "bare bones" approach to preparing the base prospectus by relying entirely on the documents incorporated by reference (for example, forms 10-K, 10-Q, and 8-K) to provide most, if not all, of the issuer-related disclosures. The base prospectus also generally omits information relating to the specific amount of each security to be offered and pricing information. That information is typically provided through a prospectus supplement filed pursuant to Rule 424(b) of the Securities Act of 1933 at the time the securities are sold (commonly referred to as *taken off the shelf* or a *shelf takedown*).

11. At the time of filing a shelf registration statement, the issuer undertakes to update the prospectus for a number of items. The issuer's undertakings are set forth in Item 512 of Regulation S-K. Information omitted from the base prospectus, as well as the information that the issuer has undertaken to provide at a later date, may be conveyed to investors

- by a posteffective amendment to the registration statement,

- by a prospectus supplement filed pursuant to Rule 424(b) of the Securities Act of 1933, or
- through the incorporation by reference of the information from a report filed under the Securities Exchange Act of 1934 (for example, Form 10-K or Form 8-K).

12. As previously discussed, liability under Section 11 of the Securities Act of 1933 is assessed based on the information included in the registration statement as of its effective date. As also previously noted, the effective date for purposes of evaluating liability under Section 11 as it relates to the auditor may differ from the effective date as it relates to other parties (for example, the issuer or any underwriters). From the auditor's perspective, the effective date in connection with a Securities Act of 1933 registration statement is the latest of the following:

- The date the original registration statement (for example, on Form S-3) becomes effective
- The effective date of any posteffective amendment
- The filing date of a prospectus supplement if the filing of the prospectus supplement creates a new effective date for the auditor (for example, the prospectus supplement may contain new or revised audited financial statements or other information about which the auditor is an expert and for which a new consent is required, as described in Rule 430B[f][3] of the Securities Act of 1933)
- The filing date of any report (for example, under the Securities Exchange Act of 1934) that includes or amends audited financial statements and is incorporated by reference into the already effective registration statement

For example, assume an issuer with an already effective shelf registration statement on Form S-3 acquires a private company, and the issuer is required to file the acquired company's audited financial statements pursuant to the requirements of Form 8-K. In this case, the issuer will be required to file an auditor's consent from the acquired company's auditor as an exhibit to Form 8-K. The guidance in this section is applicable to the acquired company's auditor in connection with providing the auditor's consent to the issuer.

References to the Auditor as an Expert in Connection With a Securities Act of 1933 Registration Statement

13. Although not required, most Securities Act of 1933 registration statements relating to underwritten offerings contain a section titled "Experts." This section can be defined as management's disclosure in a Securities Act of 1933 registration statement that states that audited financial statements are included in the registration statement in reliance upon the auditor's report on the audited financial statements. The "experts" section also typically indicates that the auditor's report on the audited financial statements has been given on the auditor's authority as an expert in accounting and auditing.

14. Exhibit B, "Illustrative Disclosures and Reports," provides an example of a typical "experts" section.

15. As with all sections of the registration statement, the disclosures in the "experts" section are the issuer's responsibility. However, Rule 436(b) of the Securities Act of 1933 requires the issuer to file an auditor's consent to being named as an expert.

References to the Auditor as an Expert in a Document Other Than a Securities Act of 1933 Registration Statement

16. The term *expert* has a specific statutory meaning under the Securities Act of 1933. Outside the Securities Act of 1933 context, the term *expert* is typically undefined. Accordingly, except as described in paragraph 18 of this exhibit, when an issuer wishes to make reference to the auditor's role in an offering document in connection with a securities offering that is not registered under the Securities Act of 1933, the caption to that section of the document would generally be titled "Independent Auditors" (or something similar) rather than "Experts," with no reference to the auditor as an expert anywhere in the document.

17. There may be situations in which the term *expert* is sufficiently defined such that the auditor may agree to be referred to as an expert outside the context of a registration statement filed under the Securities Act of 1933. For example, if the term *expert* is defined under applicable state law, the auditor may agree to be named as an expert in an offering document in an intrastate securities offering. An understanding of any auditor liability provisions that may be included in the applicable federal or state statutes is an important consideration. In such circumstances, the auditor may consider it appropriate to obtain legal advice.

Letters Similar to Consents Prepared in Connection With a Document That Is Not a Securities Act of 1933 Registration Statement

18. When an auditor's report is used in connection with an offering transaction that is not registered under the Securities Act of 1933, it is not usually necessary for the auditor to provide any type of written consent. If the auditor is asked to provide a written consent for use in connection with a document other than a Securities Act of 1933 registration statement, then the auditor may provide a letter indicating that the auditor agrees to the inclusion of the auditor's report on the audited financial statements in the offering materials. Section 945 addresses the auditor's responsibilities when an auditor is involved with an exempt offering document.

[As amended, effective for exempt offering documents with which the auditor is involved that are initially distributed, circulated, or submitted on or after June 15, 2018, by SAS No. 133.]

Exhibit B — Illustrative Disclosures and Reports

.A15

The following is an example of a typical "experts" section in a registration statement filed under the Securities Act of 1933:

Experts

The consolidated balance sheets of Company X as of December 31, 20X2 and 20X1, and the related consolidated statements of income and comprehensive income, changes in stockholders' equity, and cash flows for each of the three years in the period ended December 31, 20X2, included in this prospectus, have been so included in reliance on the report of ABC & Co, independent auditors, given on the authority of that firm as experts in auditing and accounting.

The following is an example of a disclosure for a registration statement filed under the Securities Act of 1933 that includes the auditor's review report on unaudited interim financial information when such disclosure is included in a separate section. This disclosure may also be included under a section titled "Experts":

Independent Auditors

With respect to the unaudited interim financial information of Company X for the three-month periods ended March 31, 20X3 and 20X2, included in this prospectus, ABC & Co. has reported that they have applied limited procedures in accordance with professional standards for a review of such information. However, their separate report dated May XX, 20X3, included herein, states that they did not audit and they do not express an opinion on that interim financial information. Accordingly, the degree of reliance on their report on such information should be restricted in light of the limited nature of the review procedures applied. ABC & Co. is not subject to the liability provisions of section 11 of the Securities Act of 1933 for their report on the unaudited interim financial information because that report is not a "report" or a "part" of the registration statement prepared or certified by the accountants within the meaning of Sections 7 and 11 of the Act.

[As amended, effective for exempt offering documents with which the auditor is involved that are initially distributed, circulated, or submitted on or after June 15, 2018, by SAS No. 133.]

AU-C Section 930

Interim Financial Information

Source: SAS No. 122; SAS No. 132; SAS No. 135; SAS No. 140; SAS No. 145.

Effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2012, unless otherwise indicated.

Note

In June 2022, the ASB issued SAS No. 146, *Quality Management for an Engagement Conducted in Accordance With Generally Accepted Auditing Standards*, which contains amendments to this section.

The amendments are effective for engagements conducted in accordance with generally accepted auditing standards for periods beginning on or after December 15, 2025, and can be viewed in the appendix of section 220 until the effective date, when they will be applied to this section.

In March 2023, the ASB issued SAS No. 149, *Special Considerations — Audits of Group Financial Statements (Including the Work of Component Auditors and Audits of Referred-to Auditors)*, which contains amendments to this section.

The amendments are effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2025, and can be viewed in appendix C of section 600 until the effective date, when they will be applied to this section.

Introduction

Scope of This Section

.01 This section addresses the auditor's responsibilities when engaged to review interim financial information under the conditions specified in this section. The term *auditor* is used throughout this section, not because the auditor is performing an audit but because the scope of this section is limited to a review of interim financial information performed by an auditor of the financial statements of the entity.

.02 This section applies to a review of interim financial information when

a. the entity's latest annual financial statements have been audited by the auditor or a predecessor auditor;

b. the auditor either

   i. has been engaged to audit the entity's current year financial statements or

   ii. audited the entity's latest annual financial statements, and in situations in which it is expected that the current year financial statements will be audited, the engagement of another auditor to audit the current year financial statements is not effective prior to the beginning of the period covered by the review; (Ref: par. .A1)

c. the entity prepares its interim financial information in accordance with the same financial reporting framework as that used to prepare the annual financial statements; and

d. all of the following conditions are met if the interim financial information is condensed:

   i. The condensed interim financial information purports to be prepared in accordance with an appropriate financial reporting framework, which includes appropriate form and content of interim financial information. (Ref: par. .A2)

   ii. The condensed interim financial information includes a note that the financial information does not represent complete financial statements and is to be read in conjunction with the entity's latest audited annual financial statements.

   iii. The condensed interim financial information accompanies the entity's latest audited annual financial statements, or such audited annual financial statements are made readily available by the entity. (Ref: par. .A3)

Statements on Standards for Accounting and Review Services provide guidance for review engagements for which this section is not applicable.

.03 An auditor may find this section, adapted as necessary in the circumstances, useful when that auditor has not been engaged to perform a review of interim financial information but has nonetheless decided to perform review procedures on such financial information (for example, in connection with the inclusion of the auditor's report on the annual financial statements in an unregistered securities offering document).

Effective Date

.04 This section is effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2012.

Objective

.05 The objective of the auditor when performing an engagement to review interim financial information is to obtain a basis for reporting whether the auditor is aware of any material modifications that should be made to the interim financial information for it to be in accordance with the applicable financial reporting framework through performing limited procedures. (Ref: par. .A4–.A5)

Definition

.06 For purposes of this section, the following term has the meaning attributed as follows:

Interim financial information. Financial information prepared and presented in accordance with an applicable financial reporting framework that comprises either a complete or condensed set of financial statements covering a period or periods less than one full year or covering a 12-month period ending on a date other than the entity's fiscal year end.

Requirements

Acceptance

.07 Before accepting an engagement to review an entity's interim financial information for a new client, the auditor should follow the procedures for initial engagements required by section 210A, *Terms of Engagement*.[1]

.08 Before accepting an engagement to perform a review of interim financial information, the auditor should

a. determine whether the financial reporting framework to be applied in the preparation of the interim financial information is acceptable and

b. obtain the agreement of management that it acknowledges and understands its responsibility

  i. for the preparation and fair presentation of the interim financial information in accordance with the applicable financial reporting framework;

  ii. for the design, implementation, and maintenance of internal control sufficient to provide a reasonable basis for the preparation and fair presentation of interim financial information in accordance with the applicable financial reporting framework;

  iii. to provide the auditor with

    1. access to all information of which management is aware that is relevant to the preparation and fair presentation of the interim financial information, such as records, documentation, and other matters;

    2. additional information that the auditor may request from management for the purpose of the review; and

[1]Paragraphs .11–.12 of section 210A, *Terms of Engagement*.

3. unrestricted access to persons within the entity of whom the auditor determines it necessary to make inquiries;[2] and

iv. to include the auditor's review report in any document containing interim financial information that indicates that such information has been reviewed by the entity's auditor.

.09 The auditor should not accept an engagement to review interim financial information if

a. the auditor has determined that the financial reporting framework to be applied in the preparation of the interim financial information is unacceptable.

b. the agreement referred to in paragraph .08*b* has not been obtained.

Agreement on Engagement Terms

.10 The auditor should agree upon the terms of the engagement with management or those charged with governance, as appropriate. The agreed-upon terms of the engagement should be recorded in an engagement letter or other suitable form of written agreement and should include the following: (Ref: par. .A6)

a. The objectives and scope of the engagement

b. The responsibilities of management set forth in paragraph .08*b*

c. The responsibilities of the auditor

d. The limitations of a review engagement

e. Identification of the applicable financial reporting framework for the preparation of the interim financial information

Procedures for a Review of Interim Financial Information

Understanding the Entity and Its Environment, the Applicable Financial Reporting Framework, and the Entity's System of Internal Control

.11 To plan and conduct the engagement, the auditor should have an understanding of the entity and its environment, the applicable financial reporting framework, and the entity's system of internal control as it relates to the preparation and fair presentation of both annual and interim financial information, sufficient to be able to

a. identify the types of potential material misstatements in the interim financial information and consider the likelihood of their occurrence.

b. select the inquiries and analytical procedures that will provide the auditor with a basis for reporting whether the auditor is aware of any material modifications that

[2]Paragraph .06 of section 210A.

should be made to the interim financial information for it to be in accordance with the applicable financial reporting framework.

[As amended, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2023, by SAS No. 145.]

.12 To update or, in the case of an auditor who has not yet performed an audit of the entity's annual financial statements, obtain the understanding required by paragraph .11, the auditor should perform the following procedures: (Ref: par. .A7–.A8)

a. Read available documentation of the preceding year's audit and of reviews of the prior interim period(s) of the current year and the corresponding interim period(s) of the prior year to the extent necessary, based on the auditor's judgment, to enable the auditor to identify matters that may affect the current period interim financial information. In reading such documents, the auditor should specifically consider the nature of any (Ref: par. .A9–.A10)

   i. corrected material misstatements;

   ii. matters identified in any summary of uncorrected misstatements;

   iii. identified risks of material misstatement due to fraud, including the risk of management override of controls; and

   iv. significant financial accounting and reporting matters that may be of continuing significance, such as significant deficiencies and material weaknesses.

b. Read the most recent annual and comparable prior interim period financial information.

c. Consider the results of any audit procedures performed with respect to the current year's financial statements.

d. Inquire of management about changes in the entity's business activities.

e. Inquire of management about the identity of, and nature of transactions with, related parties.

f. Inquire of management about whether significant changes in internal control, as it relates to the preparation and fair presentation of interim financial information, have occurred subsequent to the preceding annual audit or prior review of interim financial information, including changes in the entity's policies, procedures, and personnel, as well as the nature and extent of such changes.

Analytical Procedures, Inquiries, and Other Review Procedures

Analytical Procedures

.13 The auditor should apply analytical procedures to the interim financial information to identify and provide a basis for inquiry about the relationships and individual items that appear to be unusual and that may indicate a material misstatement. Such analytical procedures should include the following: (Ref: par. .A11–.A13)

a. Comparing the interim financial information with comparable information for the immediately preceding interim period, if applicable, and with the corresponding period(s) in the previous year, giving consideration to knowledge about changes in the entity's business and specific transactions

b. Considering plausible relationships among both financial and, when relevant, nonfinancial information (Ref: par. .A14)

c. Comparing recorded amounts or ratios developed from recorded amounts to expectations developed by the auditor through identifying and using relationships that are reasonably expected to exist, based on the auditor's understanding of the entity and the industry in which the entity operates

d. Comparing disaggregated revenue data (Ref: par. .A15)

Inquiries and Other Review Procedures

.14 The auditor should make the following inquiries and perform the following other review procedures when conducting a review of interim financial information:

a. Read the available minutes of meetings of stockholders, directors, and appropriate committees and inquire about matters dealt with at meetings for which minutes are not available to identify matters that may affect the interim financial information. (Ref: par. .A16)

b. Obtain reports from component auditors, if any, related to reviews performed of the interim financial information of significant components of the reporting entity, including its investees, or inquire of those auditors if reports have not been issued. (Ref: par. .A17)

c. Inquire of management about

   i. whether the interim financial information has been prepared and fairly presented in accordance with the applicable financial reporting framework consistently applied.

   ii. unusual or complex situations that may have an effect on the interim financial information. (Ref: par. .A18)

   iii. significant transactions occurring or recognized in the interim period, particularly those in the last several days of the interim period.

   iv. the status of uncorrected misstatements identified during the previous audit and interim review (that is, whether adjustments had been recorded subsequent to the periods covered by the prior audit or interim review and, if so, the amounts recorded and period in which such adjustments were recorded).

v. matters about which questions have arisen in the course of applying the review procedures.

vi. events subsequent to the date of the interim financial information that could have a material effect on the fair presentation of such information.

vii. its knowledge of any fraud or suspected fraud affecting the entity involving (1) management, (2) employees who have significant roles in internal control, or (3) others when the fraud could have a material effect on the financial information.

viii. whether management is aware of allegations of fraud or suspected fraud affecting the entity communicated by employees, former employees, regulators, or others.

ix. significant journal entries and other adjustments.

x. communications from regulatory agencies.

xi. significant deficiencies and material weaknesses in the design or operation of internal control as it relates to the preparation and fair presentation of both annual and interim financial information.

xii. changes in related parties or significant new related party transactions.

d. Obtain evidence that the interim financial information agrees or reconciles with the accounting records. In addition, the auditor should inquire of management about the reliability of the records to which the interim financial information was compared or reconciled. (Ref: par. .A19)

e. Read the interim financial information to consider whether, based on the results of the review procedures performed and other information that has come to the auditor's attention, the information to be reported is in accordance with the applicable financial reporting framework.

f. Read other information in documents containing the interim financial information to consider whether such information or the manner of its presentation is materially inconsistent with the interim financial information. If the auditor concludes that a material inconsistency exists or becomes aware of information that the auditor believes is a material misstatement of fact, the auditor should take action based on the auditor's professional judgment. (Ref: par. .A22–.A23)

Inquiry Concerning Litigation, Claims, and Assessments

.15 If information comes to the auditor's attention regarding litigation, claims, or assessments that leads the auditor to question whether the interim financial information has been prepared, in all material respects, in accordance with the applicable financial reporting framework, and the auditor believes that the entity's internal or external legal counsel may have relevant information, the auditor should inquire of such legal counsel concerning litigation, claims, and assessments. (Ref: par. .A22)

Inquiry Concerning an Entity's Ability to Continue as a Going Concern

.16 If the applicable financial reporting framework includes requirements for management to evaluate the entity's ability to continue as a going concern for a reasonable period of time in preparing interim financial information, the auditor should perform interim review procedures related to (*a*) whether the going concern basis of accounting is appropriate; (*b*) management's evaluation of whether there are conditions or events that raised substantial doubt about the entity's ability to continue as a going concern; (*c*) if there are conditions or events that raised substantial doubt about the entity's ability to continue as a going concern, management's plans to mitigate those matters; and (*d*) the adequacy of the related disclosures in the interim financial information. (Ref: par. .A23–.A24) [Paragraph added, effective for audits of financial statements for periods ending on or after December 15, 2017, by SAS No. 132.]

.17 If the applicable financial reporting framework does not include a requirement for management to evaluate the entity's ability to continue as a going concern for a reasonable period of time in preparing interim financial information and (*a*) conditions or events that raise substantial doubt about an entity's ability to continue as a going concern for a reasonable period of time existed at the date of prior period financial statements, regardless of whether the substantial doubt was alleviated by the auditor's consideration of management's plans, or (*b*) in the course of performing review procedures on the current period interim financial information, the auditor becomes aware of conditions or events that raise substantial doubt about the entity's ability to continue as a going concern, the auditor should

a. inquire of management whether the going concern basis of accounting is appropriate,

b. inquire of management about its plans for dealing with the adverse effects of the conditions and events, and (Ref: par. .A25)

c. consider the adequacy of the disclosure about such matters in the interim financial information. (Ref: par. .A26)

[Paragraph renumbered and amended, effective for audits of financial statements for periods ending on or after December 15, 2017, by SAS No. 132.]

Consideration of Management's Responses and Extension of Interim Review Procedures

.18 The auditor should consider the reasonableness and consistency of management's responses in light of the results of other review procedures and the auditor's knowledge of the entity's business and its internal control. However, the auditor is not required to corroborate management's responses with other evidence. [Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

.19 When a matter comes to the auditor's attention that leads the auditor to question whether the interim financial information has been prepared in accordance with the applicable financial reporting framework in all material respects, the auditor should make additional inquiries of management or others or perform other procedures to provide a basis for reporting whether the auditor is aware of any material modifications that should be made to the interim financial information. (Ref: par. .A27) [Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

Evaluating the Results of Interim Review Procedures

.20 The auditor should accumulate misstatements, including inadequate disclosure, identified by the auditor in performing the review procedures or brought to the auditor's attention during the performance of the review. (Ref: par. .A28) [Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

.21 The auditor should evaluate, individually and in the aggregate, misstatements, including inadequate disclosure, accumulated in accordance with paragraph .20 to determine whether material modification should be made to the interim financial information for it to be in accordance with the applicable financial reporting framework. (Ref: par. .A29–.A30) [Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

Written Representations From Management

.22 For all interim financial information presented and for all periods covered by the review, the auditor should request management to provide written representations, as of the date of the auditor's review report (Ref: par. .A31–.A32)

a. that management has fulfilled its responsibility for the preparation and fair presentation of the interim financial information, in accordance with the applicable financial reporting framework, as set out in the terms of the engagement.

b. that management acknowledges its responsibility for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of interim financial statements, including its responsibility to prevent and detect fraud.

c. that management has disclosed to the auditor all significant deficiencies and material weaknesses in the design or operation of internal control of which management is aware as it relates to the preparation and fair presentation of both annual and interim financial information.

d. that management has provided the auditor with all relevant information and access, as agreed upon in the terms of the engagement.

e. that all transactions have been recorded and are reflected in the interim financial information.

f. that management has disclosed to the auditor the results of its assessment of the risk that the interim financial information may be materially misstated as a result of fraud.

g. that management has disclosed to the auditor its knowledge of fraud or suspected fraud affecting the entity involving

    i. management,

   ii. employees who have significant roles in internal control, or
   iii. others when the fraud could have a material effect on the interim financial information.

h. that management has disclosed to the auditor its knowledge of any allegations of fraud or suspected fraud affecting the entity's interim financial information communicated by employees, former employees, regulators, or others.

i. that management has disclosed to the auditor all known instances of noncompliance or suspected noncompliance with laws and regulations whose effects should be considered when preparing interim financial information.

j. about whether management believes that the effects of uncorrected misstatements are immaterial, individually and in the aggregate, to the interim financial information as a whole. A summary of such items should be included in, or attached to, the written representation. (Ref: par. .A33)

k. that management has disclosed to the auditor all known actual or possible litigation and claims whose effects should be considered when preparing the interim financial information, and it has appropriately accounted for and disclosed such litigation and claims in accordance with the applicable financial reporting framework.

l. about whether management believes that significant assumptions used by it in making accounting estimates are reasonable.

m. that management has disclosed to the auditor the identity of all the entity's related parties and all the related party relationships and transactions of which it is aware, and it has appropriately accounted for and disclosed such relationships and transactions.

n. that all events occurring subsequent to the date of the interim financial information and for which the applicable financial reporting framework requires adjustment or disclosure have been adjusted or disclosed.

[Paragraph renumbered by the issuance of SAS No. 132, February 2017. As amended, effective for reviews of interim financial information for interim periods of fiscal years ending on or after December 15, 2021, by SAS No. 135.]

.23 If the auditor has concerns about the reliability of the representations or if management does not provide the requested written representations, the auditor should take appropriate action. When management does not provide the written representations described in paragraph .22*a*–*e*, the auditor should withdraw from the engagement to review the interim financial information. (Ref: par. .A34) [Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

Communications With Management and Those Charged With Governance

Matters Affecting the Completion of the Review

.24 If the auditor cannot complete the review, the auditor should communicate to the appropriate level of management and those charged with governance

a. the reason why the review cannot be completed;

b. that an incomplete review does not provide a basis for reporting and, accordingly, that the auditor is precluded from issuing a review report; and

c. any material modifications of which the auditor has become aware that should be made to the interim financial information for it to be in accordance with the applicable financial reporting framework, in accordance with paragraphs .25–.27. (Ref: par. .A35)

[Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

.25 The auditor should communicate to the appropriate level of management, as soon as practicable, matters that come to the auditor's attention during the conduct of the review that cause the auditor to believe that

a. material modification should be made to the interim financial information for it to be in accordance with the applicable financial reporting framework, or

b. the entity issued the interim financial information before the completion of the review.

[Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

.26 If, in the auditor's judgment, management does not respond appropriately to the auditor's communication within a reasonable period of time, the auditor should inform those charged with governance of the matters as soon as practicable. [Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

.27 If, in the auditor's judgment, those charged with governance do not respond appropriately to the auditor's communication within a reasonable period of time, the auditor should consider whether to withdraw (*a*) from the engagement to review the interim financial information and (*b*) if applicable, from serving as the entity's auditor. (Ref: par. .A36) [Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

Other Matters

.28 If the auditor becomes aware that fraud may have occurred, the auditor should communicate the matter as soon as practicable to the appropriate level of management. If the fraud involves senior management or results in a material misstatement of the interim financial information, the auditor should communicate the matter directly to those charged with governance. If the auditor becomes aware of matters involving identified or suspected noncompliance with laws and regulations whose effects should be considered when preparing interim financial information, the auditor should communicate the matters to those charged with governance, other than when the matters are clearly inconsequential. [Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

.29 The auditor should communicate relevant matters of governance interest arising from the review of interim financial information to those charged with governance, including the following:

a. Significant deficiencies or material weaknesses in internal control as it relates to the preparation and fair presentation of annual and interim financial information (Ref: par. .A37)

b. Any of the matters described in section 260, *The Auditor's Communication With Those Charged With Governance*, that have been identified, as they relate to the interim financial information (Ref: par. .A38–.A40)

[Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

The Auditor's Report on a Review of Interim Financial Information

Form of the Auditor's Review Report

.30 The auditor's review report should be in writing. (Ref: par. .A41–.A42) [Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

.31 The written review report should include the following: (Ref: par. .A43–.A44)

a. A title that clearly indicates that it is the report of an independent auditor.

b. An addressee as appropriate based on the circumstances of the engagement. `(Ref: par. .A45)

c. The first section of the auditor's report on a review of interim financial information should include the auditor's conclusion and the heading, "Results of Review of Interim Financial Information," and the following elements:

   i. The name of the entity whose interim financial information has been reviewed

   ii. A statement that the interim financial information identified in the report was reviewed

   iii. The title of each statement that interim financial information comprises (Ref: par. .A46–.A47)

   iv. A reference to the notes

   v. The dates of or periods covered by each financial statement that the interim financial information comprises

   vi. A statement about whether the auditor is aware of any material modifications that should be made to the accompanying interim financial information for it to be in accordance with the applicable financial reporting framework and that identifies the country of origin of those accounting principles, if applicable (Ref: par. .A48–.A51)

d. A section, directly following the "Results of Interim Financial Information" section, that includes the heading, "Basis for Review Results," and does the following: (Ref: par. . A52)

   i. States that the review was conducted in accordance with generally accepted auditing standards applicable to reviews of interim financial information and identifies the United States of America as the country of origin of those standards (Ref: par. .A53)

   ii. Includes a statement that a review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters

   iii. Includes a statement that a review of interim financial information is substantially less in scope than an audit conducted in accordance with auditing standards generally accepted in the United States of America, the objective of which is an expression of an opinion regarding the financial information as a whole, and accordingly, the auditor does not express such an opinion

   iv. Includes a statement that the auditor is required to be independent of the entity and to meet the auditor's other ethical responsibilities, in accordance with the relevant ethical requirements relating to the review (Ref: par. .A54–.A55)

   v. States whether the auditor believes that the results of the review procedures provide a reasonable basis for the auditor's conclusion

e. A section that includes the heading "Responsibilities of Management for the Interim Financial Information" and includes a statement that management is responsible for the preparation and fair presentation of the interim financial information in accordance with the applicable financial reporting framework, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of interim financial information that is free from material misstatement, whether due to fraud or error.

f. The manual or printed signature of the auditor's firm. (Ref: par. .A56–.A58)

g. The city and state where the auditor's report is issued. (Ref: par. .A59)

h. The date of the review report, which should be dated no earlier than the date on which the auditor completed procedures sufficient to obtain a basis for reporting whether the auditor is aware of any material modifications that should be made to the interim financial information in order for it to be in accordance with the applicable financial reporting framework, including evidence of the following:(Ref: par. .A60)

i. All the statements and disclosures that the interim financial information comprises have been prepared.

ii. Management has asserted that it has taken responsibility for the interim financial information.

[Paragraph renumbered by the issuance of SAS No. 132, February 2017. As amended, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, by SAS No. 140.]

.32 The auditor should determine that management has clearly marked as unaudited each page of the interim financial information accompanying the review report. [Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

Comparative Interim Financial Information That Has Not Been Reviewed Presented With Reviewed Interim Financial Information

.33 If an auditor is engaged to perform a review of the most recent interim period in accordance with this section, and such financial information will be presented in comparative form with interim financial information of a prior period that has not been reviewed, such interim financial information should be accompanied by an indication in the auditor's review report that the auditor has not reviewed the prior period interim financial information and that the auditor assumes no responsibility for it. (Ref: par. .A61) [Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

Interim Financial Information Presented With Condensed Balance Sheet Information for the Most Recent Year End

.34 When a condensed balance sheet derived from audited financial statements is presented on a comparative basis with the interim financial information, the auditor should report on the condensed balance sheet only when the auditor audited the financial statements from which the condensed balance sheet was derived. The auditor should compare the condensed balance sheet with the related information in the audited financial statements to determine whether the condensed balance sheet agrees with, or can be recalculated from, the related information in the audited financial statements. The auditor's report on the interim financial information should include a paragraph addressing the condensed balance sheet that

a. identifies the condensed balance sheet on which the auditor is reporting.

b. identifies the audited financial statements from which the condensed balance sheet was derived and indicates that such financial statements are not separately presented.

c. refers to the auditor's report on the audited financial statements, the date of that report, and the type of opinion expressed and, if the opinion is modified, the basis for the modification.

d. describes the nature of any emphasis-of-matter paragraph or other-matter paragraph included in the auditor's report.

e. includes an opinion about whether the condensed balance sheet is consistent, in all material respects, in relation to the audited financial statements from which it has been derived. (Ref: par. .A62)

[Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

Modification of the Auditor's Review Report

.35 When the interim financial information has not been prepared in accordance with the applicable financial reporting framework in all material respects, the auditor should consider whether modification of the auditor's review report on the interim financial information is sufficient to address the departure from the applicable financial reporting framework. (Ref: par. .A63–.A66) [Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

.36 If the auditor concludes that modification of the standard review report is sufficient to address the departure, the auditor should modify the review report. The modification should describe the nature of the departure and, if practicable, should state the effects on the interim financial information. If the departure is due to inadequate disclosure, the auditor should, if practicable, include the information in the report that the auditor believes is necessary for adequate disclosure in accordance with the applicable financial reporting framework. (Ref: par. .A67) [Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

.37 If the auditor believes that modification of the review report is not sufficient to address the deficiencies in the interim financial information, the auditor should withdraw from the review engagement and provide no further services with respect to such interim financial information. [Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

Separate Section in the Auditor's Review Report Regarding Going Concern

.38 The auditor should include a separate section in the auditor's review report with the heading "Substantial Doubt About an Entity's Ability to Continue as a Going Concern" in any of the following circumstances, regardless of whether the entity is required under the applicable financial reporting framework to include a statement in the notes to the interim financial information that substantial doubt exists: (Ref : par. .A68–.A70)

a. Such a section was included in the prior year's auditor's report and

    1. the conditions or events that caused the auditor to conclude that substantial doubt about the entity's ability to continue as a going concern continue to exist and

    2. those conditions or events continue to raise substantial doubt about the entity's ability to continue as a going concern for a reasonable period of time and management's plans do not alleviate them.

b. Such a section was not included in the prior year's auditor's report and

   i. management is required under the applicable financial reporting framework to include a statement in the notes to the interim financial information that substantial doubt exists and

   ii. management has included such statement in the notes to the interim financial information.

[Paragraph added, effective for audits of financial statements for periods ending on or after December 15, 2017, by SAS No. 132. As amended, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, by SAS No. 140.]

.39 The description in the "Going Concern" section about the entity's ability to continue as a going concern for a reasonable period of time should use terms consistent with those included in the applicable financial reporting framework. The auditor should not use conditional language concerning the existence of substantial doubt about the entity's ability to continue as a going concern for a reasonable period of time. [Paragraph added, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, by SAS No. 140.]

Subsequent Discovery of Facts Existing at the Date of the Auditor's Review Report

.40 If, subsequent to the date of the auditor's review report, the auditor becomes aware that facts existed at the date of the review report that might have affected the auditor's review report had the auditor then been aware of those matters, the auditor should apply the requirements and guidance, adapted as necessary, in section 560, *Subsequent Events and Subsequently Discovered Facts*. [Paragraph renumbered by the issuance of SAS No. 132, February 2017. Paragraph renumbered by the issuance of SAS No. 140, April 2020.]

Other Considerations

.41 If management does not include the auditor's review report in a report, document, or written communication containing the reviewed interim financial information that indicates that such information has been reviewed by the entity's auditor, despite having agreed in the terms of the engagement to do so, the auditor should perform the following procedures:

- Request that management amend the report, document, or written communication to include the auditor's review report and reissue the report, document, or written communication
- If management does not comply with the request to amend and reissue the report, document, or written communication, request that the auditor's name not be associated with the interim financial information or referred to in the report, document, or written communication because the auditor will not permit either the

use of the auditor's name or reference to the auditor unless the auditor's review report is included with the reviewed interim financial information in these circumstances

- Communicate management's noncompliance with the requests to those charged with governance
- When appropriate, recommend that the entity consult with its legal counsel about the application of relevant laws and regulations to the circumstances
- Consider what other actions might be appropriate (Ref: par. .A71)

[Paragraph renumbered by the issuance of SAS No. 132, February 2017. Paragraph subsequently renumbered by the issuance of SAS No. 140, April 2020.]

.42 If the auditor has issued a modified review report due to a departure from the applicable financial reporting framework, and management issues the interim financial information without including the review report in the document containing the interim financial information, the auditor should determine the appropriate course of action in the circumstances, including whether to withdraw from the engagement to audit the annual financial statements. [Paragraph renumbered by the issuance of SAS No. 132, February 2017. Paragraph subsequently renumbered by the issuance of SAS No. 140, April 2020.]

Interim Financial Information Accompanying Audited Financial Statements

.43 The auditor should include an other-matter paragraph in the auditor's report on the audited financial statements when all the following conditions exist:

a. The interim financial information that has been reviewed in accordance with this section is included in a document containing audited financial statements.
b. The interim financial information accompanying audited financial statements does not appear to be presented in accordance with the applicable financial reporting framework.
c. The auditor's separate review report, which refers to the departure from the applicable financial reporting framework, is not presented with the interim financial information.

[Paragraph renumbered by the issuance of SAS No. 132, February 2017. Paragraph subsequently renumbered by the issuance of SAS No. 140, April 2020.]

.44 The auditor is required by section 700, *Forming an Opinion and Reporting on Financial Statements*, to address in the auditor's report on the audited financial statements information that is not required by the applicable financial reporting framework but is nevertheless presented as part of the basic financial statements if it cannot be clearly differentiated.[3] When the interim financial information included in a note to the financial statements, including information that has been reviewed in accordance with this section,

[3]Paragraph .59 of section 700, *Forming an Opinion and Reporting on Financial Statements.* [Revised, July 2017, to reflect conforming changes necessary due to the issuance of SAS No. 131.]

is not appropriately marked as unaudited, the auditor should, in the auditor's report on the audited financial statements, disclaim an opinion on the interim financial information. (Ref: par. .A72–.A73) [Paragraph renumbered by the issuance of SAS No. 132, February 2017. Paragraph subsequently renumbered by the issuance of SAS No. 140, April 2020.]

Documentation

.45 The auditor should prepare documentation in connection with a review of interim financial information that will enable an experienced auditor, having no previous connection to the review, to understand

a. the nature, timing, and extent of the review procedures performed;

b. the results of the review procedures performed and the evidence obtained; and

c. significant findings or issues arising during the review, the conclusions reached thereon, and significant professional judgments made in reaching those conclusions.

[Paragraph renumbered by the issuance of SAS No. 132, February 2017. Paragraph subsequently renumbered by the issuance of SAS No. 140, April 2020.]

.46 The documentation should include the communications required by this section, whether written or oral. (Ref: par. .A74–.A75) [Paragraph renumbered by the issuance of SAS No. 132, February 2017. Paragraph subsequently renumbered by the issuance of SAS No. 140, April 2020.]

Application and Other Explanatory Material

Scope of This Section (Ref: par. .02)

.A1 The ability to apply this section even when the auditor does not expect to be engaged to audit the current year financial statements provides for appropriate transitions between the predecessor auditor and the auditor of the current year financial statements.

.A2 Appropriate financial reporting frameworks for condensed interim financial information may include, for example, Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 270, *Interim Reporting*, and Article 10 of Securities and Exchange Commission (SEC) Regulation S-X, with respect to accounting principles generally accepted in the United States of America, or International Accounting Standard 34, *Interim Financial Reporting*, with respect to International Financial Reporting Standards issued by the International Accounting Standards Board. FASB ASC 270 outlines the application of U.S. generally accepted accounting principles (GAAP) to the determination of income when interim financial information is presented, provides for the use of estimated effective income tax rates, and specifies certain disclosure requirements for condensed interim financial information issued by public companies and may be adapted by nonissuers as a fair presentation framework for condensed interim financial information. In addition to FASB ASC 270, other FASB ASC topics also include disclosure requirements for interim financial information.

The Meaning of Readily Available (Ref: par. .02d(iii))

.A3 Audited financial statements are deemed to be readily available if a third-party user can obtain the financial statements without any further action by the entity (for example, financial statements on an entity's website may be considered readily available, but being available upon request is not considered readily available).

Objective (Ref: par. .05)

.A4 The objective of a review of interim financial information differs significantly from that of an audit conducted in accordance with auditing standards generally accepted in the United States of America. A review of interim financial information does not provide a basis for expressing an opinion about whether the interim financial information is presented fairly, in all material respects, in accordance with the applicable financial reporting framework.

.A5 A review, in contrast to an audit, is not designed to provide the auditor with a basis for obtaining reasonable assurance that the interim financial information is free from material misstatement. A review consists principally of performing analytical procedures and making inquiries of persons responsible for financial and accounting matters and does not contemplate (*a*) tests of accounting records through inspection, observation, or confirmation; (*b*) tests of controls to evaluate their effectiveness; (*c*) the obtainment of corroborating evidence in response to inquiries; or (*d*) the performance of certain other procedures ordinarily performed in an audit. A review may bring to the auditor's attention significant findings or issues affecting the interim financial information, but it does not provide assurance that the auditor will become aware of all significant findings or issues that would be identified in an audit.

Acceptance

Agreement on Engagement Terms (Ref: par. .10)

.A6 The engagement letter or other suitable form of written agreement documenting the agreed-upon terms of the engagement with the entity regarding a review of interim financial information may use the following wording to include the information necessary to meet the requirements of paragraph .10:

Objectives and scope of the engagement

- The objective of a review of interim financial information is to provide the auditor with a basis for reporting whether the auditor is aware of any material modifications that should be made to the interim financial information for it to be in accordance with the applicable financial reporting framework.
- A review includes obtaining sufficient knowledge of the entity's business and internal control, as it relates to the preparation and fair presentation of both annual and interim financial information, to enable the auditor to

— identify the types of potential material misstatements in the interim financial information and consider the likelihood of their occurrence.

— select the inquiries and analytical procedures that will provide the auditor with a basis for reporting whether the auditor is aware of any material modifications that should be made to the interim financial information for it to conform with the applicable financial reporting framework.

Management's responsibilities

- Management is responsible for the following:

  — Preparing and presenting the interim financial information in accordance with the applicable financial reporting framework.

  — Designing, implementing, and maintaining internal control sufficient to provide a reasonable basis for the preparation and fair presentation of interim financial information in accordance with the applicable financial reporting framework.

  — Providing the auditor with (*a*) access to all information of which management is aware that is relevant to the preparation and fair presentation of the interim financial information, such as records, documentation, and other matters; (*b*) additional information that the auditor may request from management for the purpose of the review; and (*c*) unrestricted access to persons within the entity of whom the auditor determines it necessary to make inquiries.

  — Including the auditor's review report in any document containing interim financial information that indicates that such information has been reviewed by the entity's auditor.

  — Identifying and ensuring that the entity complies with the laws and regulations applicable to its activities.

  — Providing the auditor, at the conclusion of the engagement, with a letter confirming certain representations made during the review.

  — Adjusting the interim financial information to correct material misstatements. Although a review of interim financial information is not designed to provide the auditor with reasonable assurance that the interim financial information is free from material misstatement, management nonetheless is responsible for affirming in its representation letter to the auditor that the effects of any uncorrected misstatements aggregated by the auditor during the current engagement and pertaining to the current year period(s) under review are immaterial, both individually and in the aggregate, to the interim financial information as a whole.

The auditor's responsibilities

- The auditor is responsible for conducting the review in accordance with auditing standards generally accepted in the United States of America applicable to reviews of interim financial information. A review of interim financial information consists principally of performing analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with auditing standards generally accepted in the United States of America, the objective of which is the expression of an opinion regarding the financial information as a whole. Accordingly, the auditor will not express an opinion on the interim financial information.

Limitations of the engagement

- A review does not provide a basis for expressing an opinion about whether the interim financial information is presented fairly, in all material respects, in accordance with the applicable financial reporting framework.
- A review does not provide the auditor with a basis for obtaining reasonable assurance that the auditor will become aware of all significant findings or issues that would be identified in an audit.
- A review is not designed to provide the auditor with a basis for obtaining reasonable assurance on internal control or to identify significant deficiencies or material weaknesses in internal control; however, the auditor is responsible for communicating to management and those charged with governance any significant deficiencies or material weaknesses in internal control that the auditor identifies during the performance of review procedures.

Procedures for a Review of Interim Financial Information

Understanding the Entity and Its Environment, the Applicable Financial Reporting Framework, and the Entity's System of Internal Control (Ref: par. .11–.12)

.A7 As required by SAS No. 145, *Understanding the Entity and Its Environment and Assessing the Risks of Material Misstatement*, the auditor who has audited the entity's financial statements for one or more annual periods would have obtained an understanding of the entity and its environment, the applicable financial reporting framework, and the entity's system of internal control as it relates to the preparation and fair presentation of annual financial information, that was sufficient to conduct the audit. Internal control over the preparation and fair presentation of interim financial information may differ from internal control over the preparation and fair presentation of annual financial statements because certain accounting principles and practices used for interim financial information may differ from those used for the preparation of annual financial statements (for example, the use of estimated effective income tax rates for the preparation of interim financial information). [As amended, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2023, by SAS No. 145.]

.A8 The auditor is unable to complete the review if the entity's internal control appears to contain deficiencies so significant that it would be impracticable for the auditor to effectively perform review procedures that would achieve the objective stated in paragraph

.05. Paragraph .24 addresses the auditor's responsibilities when the review cannot be completed.

.A9 In an initial review of interim financial information, when performing the procedures for a new client required by paragraph .07, the auditor also may consider requesting access to review the predecessor auditor's documentation related to reviews of an interim period or interim periods in the prior year. However, the inquiries made and analytical procedures performed, or other procedures performed in the initial review, and the conclusions reached are solely the responsibility of the auditor. Therefore, the auditor is not permitted to make reference to the report or work of the predecessor auditor as the basis, in part, for the auditor's own report.

.A10 If the predecessor auditor does not respond to the auditor's inquiries or does not allow the auditor to review the predecessor auditor's documentation, the auditor may inquire why and use alternative procedures to obtain the understanding required by paragraph .11.

Analytical Procedures, Inquiries, and Other Review Procedures

Analytical Procedures (Ref: par. .13)

.A11 Procedures for conducting a review of interim financial information generally are limited to analytical procedures, inquiries, and other procedures that address significant accounting and disclosure matters relating to the interim financial information. The auditor's understanding of the entity and its environment, the applicable financial reporting framework, the entity's system of internal control, the results of the risk assessments relating to the preceding audit, and the auditor's consideration of materiality as it relates to the interim financial information, influences the nature and extent of the inquiries made and analytical procedures performed. For example, if the auditor becomes aware of a significant change in the entity's control activities at a particular location, the auditor may consider the following procedures:

- Making additional inquiries, such as whether management monitored the changes and considered whether they were operating as intended
- Employing analytical procedures with a more precise expectation

[As amended, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2023, by SAS No. 145.]

.A12 Examples of analytical procedures that an auditor may consider performing when conducting a review of interim financial information are contained in appendix A, "Analytical Procedures the Auditor May Consider Performing When Conducting a Review of Interim Financial Information." The auditor also may find the guidance in section 520, *Analytical Procedures*, useful in conducting a review of interim financial information.

.A13 Expectations developed by the auditor in performing analytical procedures in connection with a review of interim financial information ordinarily are less precise than those developed in an audit. Also, in a review, the auditor is not required to corroborate management's responses with other evidence.

.A14 In considering plausible relationships, the auditor may consider information developed and used by the entity (for example, analyses prepared for management or those charged with governance).

.A15 To compare disaggregated revenue data, the auditor may compare, for example, revenue reported by month and product line or operating segment during the current interim period with that of comparable prior periods.

Inquiries and Other Review Procedures (Ref: par. .14)

.A16 Many of the inquiries and review procedures can be performed before, or simultaneously with, the entity's preparation of the interim financial information. For example, the auditor may update the understanding of the entity's internal control and begin reading applicable minutes before the end of an interim period. Performing some of the review procedures earlier in the interim period also permits early identification and consideration of significant findings and issues affecting the interim financial information. In addition, when the auditor performing the review of interim financial information is also engaged to perform an audit of the annual financial statements of the entity, certain auditing procedures associated with the annual audit of the financial statements may be performed concurrently with the review of interim financial information. For example, information gained from reading the minutes of meetings of the board of directors in connection with the review also may be relevant to the annual audit. Also, there may be significant or unusual transactions occurring during an interim period (for example, business combinations, restructurings, or significant revenue transactions) for which the procedures that would need to be performed for purposes of the audit of the annual financial statements could be performed, to the extent practicable, at the time of the review of the interim period in which the transactions are first recorded.

.A17 The auditor may find the guidance in section 600A, *Special Considerations — Audits of Group Financial Statements (Including the Work of Component Auditors)*, useful in conducting a review of interim financial information for an entity that prepares group financial statements.

.A18 Examples of unusual or complex situations about which the auditor may inquire of management are contained in appendix B, "Unusual or Complex Situations to Be Considered by the Auditor When Conducting a Review of Interim Financial Information."

.A19 To obtain evidence that the interim financial information agrees or reconciles with the accounting records, the auditor may compare the interim financial information to (*a*) the accounting records, such as the general ledger; (*b*) a consolidating schedule derived from the accounting records; or (*c*) other supporting data in the entity's records.

[.A20] [Paragraph deleted by the issuance of SAS No. 140, April 2020.]

[.A21] [Paragraph deleted by the issuance of SAS No. 140, April 2020.]

Inquiry Concerning Litigation, Claims, and Assessments (Ref: par. .15)

.A22 A review of interim financial information does not contemplate obtaining corroborating evidence for responses to inquiries, such as those concerning litigation, claims, and assessments. Consequently, the auditor is not required to send an inquiry letter to an entity's legal counsel concerning litigation, claims, and assessments.

Inquiry Concerning an Entity's Ability to Continue as a Going Concern (Ref: par. .16–.17)

.A23 The nature and extent of the auditor's interim review procedures are matters of the auditor's professional judgment. For example, when a history of profitable operations and ready access to financing exists, inquiry alone might be sufficient to review the entity's ability to continue as a going concern for a reasonable period of time. [Paragraph added, effective for audits of financial statements for periods ending on or after December 15, 2017, by SAS No. 132.]

.A24 Certain financial reporting frameworks require management to evaluate the entity's ability to continue as a going concern for a reasonable period of time in preparing interim financial information.[4] For example, FASB ASC requires management to evaluate whether there are conditions and events, considered in the aggregate, that raise substantial doubt about an entity's ability to continue as a going concern.[5] Under FASB ASC, the evaluation period is within one year after the date that the financial statements are issued (or within one year after the date that the financial statements are available to be issued, when applicable).[6] [Paragraph added, effective for audits of financial statements for periods ending on or after December 15, 2017, by SAS No. 132.]

.A25 A review of interim financial information is not designed to identify conditions or events that raise substantial doubt about the entity's ability to continue as a going concern for a reasonable period of time. However, conditions or events that raise substantial doubt about the entity's ability to continue as a going concern for a reasonable period of time may have existed at the date of the prior period financial statements or may be identified as a result of inquiries of management or in the course of performing other review procedures. [Paragraph renumbered and amended, effective for audits of financial statements for periods ending on or after December 15, 2017, by SAS No. 132.]

.A26 Section 570, *The Auditor's Consideration of an Entity's Ability to Continue as a Going Concern*, may provide useful guidance to the auditor when considering whether there is adequate and appropriate disclosure in the interim financial information about the entity's ability to continue as a going concern for a reasonable period of time[7] when

---

[4]See paragraph .11 of section 570, *The Auditor's Consideration of an Entity's Ability to Continue as a Going Concern*, for the definition of *reasonable period of time*. [Footnote added, effective for audits of financial statements for periods ending on or after December 15, 2017, by SAS No. 132.]

[5]"Pending Content" in FASB *Accounting Standards Codification* (ASC) 205-40-50-1. [Footnote added, effective for audits of financial statements for periods ending on or after December 15, 2017, by SAS No. 132.]

[6]See footnote 5. [Footnote added, effective for audits of financial statements for periods ending on or after December 15, 2017, by SAS No. 132.]

[7]Paragraphs .22–.23 of section 570, *The Auditor's Consideration of an Entity's Ability to Continue as a Going Concern*. [Footnote revised, August 2012, to reflect conforming changes necessary due to the issuance of SAS No. 126. Footnote renumbered and amended, effective for audits of financial statements for periods ending on or after December 15, 2017, by SAS No. 132.]

a. conditions or events have been identified as of the interim reporting date covered by the review and substantial doubt about the entity's ability to continue as a going concern for a reasonable period of time exists, or

b. the auditor's report for the prior year end contained an emphasis-of-matter paragraph indicating the existence of substantial doubt about the entity's ability to continue as a going concern for a reasonable period of time, and the conditions that raised such doubt continued to exist as of the interim reporting date covered by the review.

If the auditor determines that the disclosure related to substantial doubt about the entity's ability to continue as a going concern is inadequate, resulting in a departure from the applicable financial reporting framework, the auditor is required by paragraph .35 to modify the report. [Paragraph renumbered and amended, effective for audits of financial statements for periods ending on or after December 15, 2017, by SAS No. 132.]

Consideration of Management's Responses and Extension of Interim Review Procedures (Ref: par. .19)

.A27 The auditor's interim review procedures may lead the auditor to make additional inquiries, such as questioning whether, for example, a significant sales transaction is recorded in accordance with the applicable financial reporting framework. Additional procedures that the auditor may perform to resolve such questions include discussing the terms of the transaction with senior sales and accounting personnel, reading the sales contract, or both. [Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

Evaluating the Results of Interim Review Procedures (Ref: par. .20–.21)

.A28 The auditor may designate an amount below which misstatements would be clearly trivial and would not need to be accumulated because the auditor expects that the accumulation of such amounts would not have a material effect on the interim financial information.[8] [Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

.A29 As noted in paragraph .A2, appropriate financial reporting frameworks for interim financial information may include, for example, FASB ASC 270 and Article 10 of SEC Regulation S-X. FASB ASC 270 describes the applicability of GAAP to interim financial information and indicates the types of disclosures necessary to report on a meaningful basis for a period of less than one full year. FASB ASC 270-10-45-16 provides guidance on assessing materiality in interim periods. For example, it states that in determining materiality for the purpose of reporting the correction of an error, amounts shall be related to the estimated income for the full fiscal year and also to the effect on the trend of earnings. Further, Rule 10-01(a)(5) of SEC Regulation S-X states the following:

> The interim financial information shall include disclosures either on the face of the financial statements or in accompanying footnotes sufficient so as to

[8]Paragraph .A2 of section 450, *Evaluation of Misstatements Identified During the Audit*. [Footnote renumbered by the issuance of SAS No. 132, February 2017.]

> make the interim information presented not misleading. Registrants may presume that users of the interim financial information have read or have access to the audited financial statements for the preceding fiscal year and that the adequacy of additional disclosure needed for a fair presentation, except in regard to material contingencies may be determined in that context. Accordingly, footnote disclosure which would substantially duplicate the disclosure contained in the most recent annual report to security holders or latest audited financial statements, such as a statement of significant accounting policies and practices, details of accounts which have not changed significantly in amount or composition since the end of the most recently completed fiscal year, and detailed disclosures prescribed by Rule 4-08 of this Regulation, may be omitted. However, disclosure shall be provided where events subsequent to the end of the most recent fiscal year have occurred which have a material impact on the registrant. Disclosures should encompass for example, significant changes since the end of the most recently completed fiscal year in such items as: accounting principles and practices; estimates inherent in the preparation of the financial statements; status of long-term contracts; capitalization including significant new borrowings or modification of existing financing arrangements; and the reporting entity resulting from business combinations or dispositions. Notwithstanding the above, where material contingencies exist, disclosure of such matters shall be provided even though a significant change since year end may not have occurred.

[Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

.A30 Considerations that may affect the evaluation of whether uncorrected misstatements, individually or in the aggregate, are material include the following:

- The nature, cause (if known), and amount of the misstatements
- Whether the misstatements originated in the preceding year or interim periods of the current year
- Materiality judgments made in conjunction with the current or prior year's annual audit
- The potential effect of the misstatements on future interim or annual periods
- The appropriateness of offsetting a misstatement of an estimated amount with a misstatement of an item capable of precise measurement
- Recognition that an accumulation of immaterial misstatements in the balance sheet could contribute to material misstatements in future periods

Section 450, *Evaluation of Misstatements Identified During the Audit*, provides guidance regarding qualitative considerations in evaluating whether misstatements are material. [Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

Written Representations From Management (Ref: par. .22–.23)

.A31 Exhibit A, "Illustrative Management Representation Letters for a Review of Interim Financial Information," contains illustrative representation letters for engagements to review interim financial information. [Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

.A32 The auditor may request additional representations, including representations regarding the following:

- Matters specific to the entity's business or industry
- Support for any assertion that a transaction with a related party was conducted on terms equivalent to those prevailing in an arm's-length transaction
- Whether any side agreements or other arrangements (either written or oral) exist that have not been disclosed to the auditor

[Paragraph renumbered by the issuance of SAS No. 132, February 2017. As amended, effective for reviews of interim financial information for interim periods of fiscal years ending on or after December 15, 2021, by SAS No. 135.]

.A33 If no uncorrected misstatements were identified, the representation regarding uncorrected misstatements is not relevant and, accordingly, is not required. [Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

.A34 Appropriate action when management does not provide one or more requested written representations or when the auditor has concerns about the reliability of the representations may include

- discussing the matter with management and, when relevant, those charged with governance;
- reevaluating the integrity of management and evaluating the effect that this may have on the reliability of representations (oral or written) and evidence in general; and
- considering whether to withdraw from the engagement to review the interim financial information and, if applicable, as the entity's auditor.

[Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

Communications With Management and Those Charged With Governance

Matters Affecting the Completion of the Review (Ref: par. .24 and .27)

.A35 When an auditor is unable to perform the procedures that the auditor considers necessary to achieve the objective of a review of interim financial information, or management does not provide the auditor with the written representations that the auditor believes are necessary, the review will be incomplete. [Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

.A36 The auditor may seek legal advice when considering whether to withdraw from the engagement to review the interim financial information and as the entity's auditor. [Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

Other Matters (Ref: par. .29)

.A37 Section 265, *Communicating Internal Control Related Matters Identified in an Audit*, provides guidance on identifying and communicating deficiencies in internal control. [Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

.A38 As a result of performing the review of the interim financial information, the auditor may become aware of matters that, in the opinion of the auditor, are both significant and relevant to those charged with governance in overseeing the financial reporting and disclosure process. Examples of such matters include the following:

- A change in a significant accounting policy affecting the interim financial information
- Adjustments that either individually or in the aggregate could have a significant effect on the entity's financial reporting process
- Uncorrected misstatements aggregated by the auditor that were determined by management to be immaterial, both individually and in the aggregate, to the interim financial information as a whole

[Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

.A39 The objective of a review of interim financial information differs significantly from that of an audit. Therefore, any communication that the auditor may make about the quality, not just the acceptability, of the entity's accounting principles as applied to its interim financial reporting generally is limited to the effect of significant events, transactions, and changes in accounting estimates that the auditor considered when conducting the review of interim financial information. Further, interim review procedures do not provide assurance that the auditor will become aware of all matters that might affect the auditor's judgments about the quality of the entity's accounting principles that would be identified as a result of an audit. [Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

.A40 The communications required by paragraphs .24–.29 may be oral or written. The communications are most helpful when made on a sufficiently timely basis to enable management or those charged with governance to take appropriate action. [Paragraph renumbered by the issuance of SAS No. 132, February 2017.]

The Auditor's Report on a Review of Interim Financial Information

Form of the Auditor's Review Report (Ref: par. .30–.31)

.A41 A written report encompasses reports issued in hard copy format and those using an electronic medium. [Paragraph added, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, by SAS No. 140.]

.A42 Entities may be required by third parties to engage auditors to perform a review of interim financial information, but such third parties may choose to not require that a written auditor's review report on such information be provided to users of the entity's interim financial information. For example, entities that trade unregistered private equity securities on electronic trading platforms, often referred to as private equity exchanges, may be required to provide financial and other information to the qualified investors on the exchange's website. The ongoing reporting requirements of these exchanges are substantially similar to the reporting required of issuers, wherein entities trading securities on such exchanges are required to engage auditors to review their interim financial information but are not required to include written review reports with interim financial information provided to qualified investors. Nonetheless, in accordance with paragraph .30, the auditor's report on the review of the interim financial information is required to be in writing. [Paragraph subsequently renumbered by the issuance of SAS No. 132, February 2017. Paragraph renumbered by the issuance of SAS No. 140, April 2020.]

.A43 Reporting considerations related to the dating of reports or subsequent events encountered during a review are similar to those encountered in an audit of financial statements. Sections 560 and 700 provide guidance on these issues. [Paragraph renumbered by the issuance of SAS No. 132, February 2017. Paragraph renumbered by the issuance of SAS No. 132, February 2017. Paragraph subsequently renumbered by the issuance of SAS No. 140, April 2020.]

.A44 Exhibit B, "Illustrations of Auditor's Review Reports on Interim Financial Information," contains illustrations of review reports. [Paragraph renumbered by the issuance of SAS No. 132, February 2017. Paragraph subsequently renumbered by the issuance of SAS No. 140, April 2020.]

Addressee (Ref: par. .31b)

.A45 The auditor's report is normally addressed to those for whom the report is prepared. The report may be addressed to the entity whose interim financial information is being reviewed or to those charged with governance. A report on the interim financial information of an unincorporated entity may be addressed as circumstances dictate (for example, to the partners, general partner, or proprietor). [Paragraph added, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, by SAS No. 140.]

Results of Review of Interim Financial Information (Ref: par. .31c)

.A46 The identification of the title and the dates of, or periods covered by, each statement that the interim financial information comprises may also be achieved by referencing the table of contents in a document bound with or accompanying the interim financial information and auditor's report thereon. [Paragraph added, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, by SAS No. 140.]

.A47 When the auditor is aware that the reviewed interim financial information will be included in a document that contains information in addition to the interim financial information and the auditor's report thereon, the auditor may consider, if the form of presentation allows, identifying the page numbers on which the reviewed interim financial information is presented. This helps users identify the interim financial information to which the auditor's report relates. [Paragraph added, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, by SAS No. 140.]

.A48 As explained in section 200, the preparation and fair presentation of the financial statements by management and, when appropriate, those charged with governance, requires the inclusion of an adequate description of the applicable financial reporting framework in the financial statements.[9] That description is important because it advises users of the financial statements of the framework on which the financial statements are based. [Paragraph added, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, by SAS No. 140.]

.A49 The title of the financial statements identified in the "Results of Review of Interim Financial Information" section describes the information that is the subject of the auditor's conclusion. [Paragraph added, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, by SAS No. 140.]

.A50 The auditor's conclusion covers the *interim financial information*, as defined by the applicable financial reporting framework. [Paragraph added, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, by SAS No. 140.]

.A51 The identification of the applicable financial reporting framework in the auditor's conclusion is intended to advise users of the auditor's report of the context in which the auditor's conclusion is expressed. For example, the applicable financial reporting framework may be identified as accounting principles generally accepted in the United States of America or U.S. generally accepted accounting principles or International Financial Reporting Standards promulgated by the International Accounting Standards Board (IASB) or *International Financial Reporting Standard for Small- and Medium-Sized Entities promulgated by the IASB.* [Paragraph added, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, by SAS No. 140.]

Basis for Review Results (Ref: par. .31d)

.A52 The "Basis for Review Results" section provides important context about the auditor's conclusion. Accordingly, this section requires the "Basis for Review Results" section to directly follow the "Results of Review of Interim Financial Information" section in the auditor's report. [Paragraph added, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, by SAS No. 140.]

[9] Paragraphs .A2–.A3 of section 200, *Overall Objectives of the Independent Auditor and the Conduct of an Audit in Accordance with Generally Accepted Auditing Standards.* [Footnote added, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, by SAS No. 140.]

.A53 The reference to the standards used conveys to the users of the auditor's report that the review has been conducted in accordance with established standards. For example, the auditor's report may refer to *auditing standards generally accepted in the United States of America* or *U.S. generally accepted auditing standards applicable to reviews of interim financial information.* [Paragraph added, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, by SAS No. 140.]

Relevant Ethical Requirements (Ref: par. .31d(v))

.A54 Section 200 explains that *ethical requirements* consist of the AICPA Code of Professional Conduct (AICPA code) together with rules of state boards of accountancy and applicable regulatory agencies that are more restrictive.[10] When the AICPA code applies, the auditor's other ethical responsibilities relate to the principles of professional conduct "Principles of Professional Conduct" (ET sec. 0.300). [Paragraph added, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, by SAS No. 140.]

.A55 Relevant ethical requirements may exist in several different sources, such as ethical codes and additional rules and requirements within law and regulation. When independence and other relevant ethical requirements are contained in a limited number of sources, the auditor may choose to name the relevant sources (for example, the AICPA code, when applicable; the rule or applicable regulation; or *Government Auditing Standards* promulgated by the Comptroller General of the United States) or may refer to a term that appropriately describes those sources. Relevant ethical requirements, including those pertaining to independence, in a group audit situation may be complex. Section 600A, *Special Considerations — Audits of Group Financial Statements (Including the Work of Component Auditors)*,[11] provides guidance for auditors in performing work on the financial information of a component for a group audit, including those situations in which the component auditor does not meet the independence requirements that are relevant to the group audit. [Paragraph added, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, by SAS No. 140.]

Signature of the Auditor (Ref: par. .31g)

.A56 In some cases, law or regulation may allow for the use of electronic signatures in the auditor's report. [Paragraph added, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, by SAS No. 140.]

.A57 In certain situations, the auditor's report may be required by law or regulation to include the personal name and signature of the auditor, in addition to the auditor's firm. [Paragraph added, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, by SAS No. 140.]

---

[10] Paragraph .A15 of section 200. [Footnote added, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, by SAS No. 140.]

[11] Paragraphs .22–.23 of section 600A, *Special Considerations — Audits of Group Financial Statements (Including the Work of Component Auditors).* [Footnote added, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, by SAS No. 140.]

.A58 This section would not preclude a governmental auditor from including the personal name and signature of the auditor in the auditor's report when, in certain situations, the governmental auditor is required by law or regulation or chooses to do so. [Paragraph added, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, by SAS No. 140.]

Auditor's Address (Ref: par. .31h)

.A59 In the United States, the location of the issuing office is the city and state. In another country, it may be the city and country. [Paragraph added, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, by SAS No. 140.]

Date of the Auditor's Report (Ref: par. .31i)

.A60 When an engagement quality control review is performed, section 220A, *Quality Control for an Engagement Conducted in Accordance With Generally Accepted Auditing Standards*, requires that the auditor's report not be released prior to the completion of the engagement quality control review.[12] [Paragraph added, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, by SAS No. 140.]

Comparative Interim Financial Information That Has Not Been Reviewed Presented With Reviewed Interim Financial Information (Ref: par. .33)

.A61 The indication that the auditor has not reviewed the prior period interim financial information and that the auditor assumes no responsibility for it may be worded, for example, as follows:

> The accompanying [*describe the interim financial information or statements*] of ABC Company and subsidiaries as of September 30, 20X1, and for the three-month period then ended were not reviewed by us, and accordingly, we do not express any form of assurance on it.

[Paragraph subsequently renumbered by the issuance of SAS No. 132, February 2017. Paragraph renumbered by the issuance of SAS No. 140, April 2020.]

Interim Financial Information Presented With Condensed Balance Sheet Information for the Most Recent Year End (Ref: par. .34)

.A62 Because interim financial reporting is intended to be an update to year-end reporting, condensed balance sheet information as of the most recent year end often is presented for comparative purposes with the corresponding information as of the latest interim

[12]Paragraph .21 of section 220A, *Quality Control for an Engagement Conducted in Accordance With Generally Accepted Auditing Standards.* [Footnote added, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, by SAS No. 140.]

period. Appendix B includes an illustration of a review report on comparative interim financial information that includes a condensed balance sheet derived from audited financial statements. [Paragraph renumbered by the issuance of SAS No. 132, February 2017. Paragraph subsequently renumbered by the issuance of SAS No. 140, April 2020.]

Modification of the Auditor's Review Report (Ref: par. .35–.36)

.A63 Departures from the applicable financial reporting framework include inadequate disclosure and changes in accounting policies that are not in accordance with the applicable financial reporting framework. [Paragraph renumbered by the issuance of SAS No. 132, February 2017. Paragraph subsequently renumbered by the issuance of SAS No. 140, April 2020.]

.A64 Section 700 addresses the reporting requirements when the circumstances contemplated by the "Accounting Principles Rule" (ET sec. 1.320.001) of the AICPA Code of Professional Conduct are present. [Revised, January 2015, to reflect conforming changes necessary due to the issuance of the revised AICPA Code of Professional Conduct, effective December 15, 2014. Paragraph renumbered by the issuance of SAS No. 132, February 2017. Paragraph subsequently renumbered by the issuance of SAS No. 140, April 2020.]

.A65 If the interim financial information adequately discloses a lack of consistency in the application of accounting principles affecting the interim financial information, the auditor may, but is not required to, include an emphasis-of-matter paragraph in the auditor's review report. [Paragraph renumbered and amended, effective for audits of financial statements for periods ending on or after December 15, 2017, by SAS No. 132. Paragraph subsequently renumbered by the issuance of SAS No. 140, April 2020.]

.A66 Exhibit C, "Illustrations of Example Modifications to the Auditor's Review Report Due to Departures From the Applicable Financial Reporting Framework," contains illustrative examples of paragraphs modifying the auditor's review report. [Paragraph renumbered by the issuance of SAS No. 132, February 2017. Paragraph subsequently renumbered by the issuance of SAS No. 140, April 2020.]

.A67 The information necessary for adequate disclosure is influenced by the form and context in which the interim financial information is presented. For example, the disclosures considered necessary for interim financial information presented in accordance with the minimum disclosure requirements of FASB ASC 270-10-50-1, which is applicable to condensed financial statements of public companies, are considerably less extensive than those necessary for annual financial statements that present financial position, results of operations, and cash flows in accordance with the applicable financial reporting framework. FASB ASC 270-10-50-3 states that a presumption exists that users of summarized interim financial data will have read the latest published annual report, including the financial disclosures required by GAAP and management's commentary concerning the annual financial results, and that the summarized interim data will be viewed in that context. [Paragraph renumbered by the issuance of SAS No. 132, February 2017. Paragraph subsequently renumbered by the issuance of SAS No. 140, April 2020.]

Separate Section in the Auditor's Review Report Regarding Going Concern (Ref: par. .38)

.A68 See exhibit D, "Illustrations of the Separate Section in the Auditor's Review Report Regarding Going Concern," for illustrative examples of such separate section. [Paragraph added, effective for audits of financial statements for periods ending on or after December 15, 2017, by SAS No. 132. Paragraph subsequently renumbered and amended, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, by SAS No. 140.]

.A69 If conditions or events have been identified during the interim review that raise substantial doubt about the entity's ability to continue as a going concern for a reasonable period of time, but (*a*) no statement relating to substantial doubt is included in the notes to the interim financial information because management's plans have alleviated the substantial doubt or (*b*) the applicable financial reporting framework does not require inclusion of such statement in the notes to the interim financial information, the auditor may include a separate section when management has disclosed the conditions or events in the notes to the financial statements but a statement related to substantial doubt is not required to be included by the applicable financial reporting framework. The following is an illustration of a separate section in the auditor's review report regarding going concern when no statement relating to substantial doubt is included in the notes to the interim financial information but conditions or events are disclosed:

Substantial Doubt About the Entity's Ability to Continue as a Going Concern

As discussed in Note X to the financial statements, the Company has suffered recurring losses from operations and has a net capital deficiency. Management's plans in regards to these matters are also described in Note X.

[Paragraph added, effective for audits of financial statements for periods ending on or after December 15, 2017, by SAS No. 132. Paragraph subsequently renumbered and amended, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, by SAS No. 140.]

.A70 Paragraph .A47 of section 570 provides guidance when conditions or events have been identified during the interim review that raise substantial doubt about the entity's ability to continue as a going concern for a reasonable period of time and (*a*) management's plans have not alleviated the substantial doubt, and (*b*) the applicable financial reporting framework does not require inclusion of such statement in the notes to the interim financial information. [Paragraph added, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, by SAS No. 140.]

Other Considerations (Ref: par. .41)

.A71 The auditor may seek legal advice in considering what actions, if any, may be appropriate in these circumstances. [Paragraph renumbered by the issuance of SAS No. 132, February 2017. Paragraph subsequently renumbered by the issuance of SAS No. 140, April 2020.]

Interim Financial Information Accompanying Audited Financial Statements (Ref: par. .44)

.A72 Interim financial information may accompany audited financial statements. If management chooses or is required to present interim financial information in a note to the audited financial statements, management is responsible for clearly marking the information as unaudited in the note. [Paragraph renumbered by the issuance of SAS No. 132, February 2017. Paragraph subsequently renumbered by the issuance of SAS No. 140, April 2020.]

.A73 Because the interim financial information has not been audited and is not required for the audited financial statements to be fairly stated in accordance with the applicable financial reporting framework, the auditor ordinarily need not modify the auditor's report on the audited financial statements to refer to the interim financial information accompanying the audited financial statements, including when the auditor has performed a review in accordance with this section. [Paragraph renumbered by the issuance of SAS No. 132, February 2017. Paragraph subsequently renumbered by the issuance of SAS No. 140, April 2020.]

Documentation (Ref: par. .44–.46)

.A74 The auditor may find the guidance in section 230, *Audit Documentation*, useful in determining the form and content of the review documentation, including guidance on the timing of the final assembly of the engagement documentation. [Paragraph renumbered by the issuance of SAS No. 132, February 2017. Paragraph subsequently renumbered by the issuance of SAS No. 140, April 2020.]

.A75 Examples of findings or issues that, in the auditor's judgment, are significant include the results of review procedures that indicate that the interim financial information could be materially misstated, including actions taken to address such findings, and the basis for the final conclusions reached. [Paragraph renumbered by the issuance of SAS No. 132, February 2017. Paragraph subsequently renumbered by the issuance of SAS No. 140, April 2020.]

Appendix A — Analytical Procedures the Auditor May Consider Performing When Conducting a Review of Interim Financial Information (Ref: par. .A12)

.A76 Analytical procedures are designed to identify relationships and individual items that appear to be unusual and that may reflect a material misstatement of the interim financial information. Examples of analytical procedures that an auditor may consider performing in a review of interim financial information include the following:

- Comparing current interim financial information with the interim financial information of the immediately preceding interim period, the interim financial information of the corresponding interim period of the preceding financial year, and the most recent audited annual financial statements.
- Comparing current interim financial information with anticipated results, such as budgets or forecasts (for example, comparing tax balances and the relationship between the provision for income taxes and pretax income in the current interim financial information with corresponding information in (*a*) budgets, using expected rates, and (*b*) financial information for prior periods). Caution is necessary when comparing and evaluating current interim financial information with budgets, forecasts, or other anticipated results because of the inherent lack of precision in estimating the future and the susceptibility of such information to manipulation and misstatement by management to reflect desired interim results.
- Comparing current interim financial information with relevant nonfinancial information.
- Comparing ratios and indicators for the current interim period with expectations based on prior periods (for example, performing gross profit analysis by product line and operating segment using elements of the current interim financial information and comparing the results with corresponding information for prior periods). Examples of key ratios and indicators are the current ratio, receivable turnover or days sales outstanding, inventory turnover, depreciation to average fixed assets, debt to equity, gross profit percentage, net income percentage, and plant operating rates.
- Comparing ratios and indicators for the current interim period with those of entities in the same industry.
- Comparing relationships among elements in the current interim financial information with corresponding relationships in the interim financial information of prior periods (for example, expense by type as a percentage of sales, assets by type as a percentage of total assets, and percentage of change in sales to percentage of change in receivables).
- Comparing disaggregated data. The following are examples of how data may be disaggregated:
    - — By period (for example, interim financial information items disaggregated into quarterly, monthly, or weekly amounts)

— By product line or operating segment

— By location (for example, subsidiary, division, or branch)

Analytical procedures may include such statistical techniques as trend analysis or regression analysis and may be performed manually or with the use of computer-assisted techniques.

[Paragraph renumbered by the issuance of SAS No. 132, February 2017. Paragraph subsequently renumbered by the issuance of SAS No. 140, April 2020.]

Appendix B — Unusual or Complex Situations to Be Considered by the Auditor When Conducting a Review of Interim Financial Information (Ref: par. .A18)

.A77 The following are examples of situations about which the auditor may inquire of management:

- Business combinations
- New or complex revenue recognition methods
- Impairment of assets
- Disposal of a segment of a business
- Use of derivative instruments and hedging activities
- Sales and transfers that may call into question the classification of investments in securities, including management's intent and ability with respect to the remaining securities classified as held to maturity
- Adoption of new stock compensation plans or changes to existing plans
- Restructuring charges taken in the current and prior quarters
- Infrequent transactions
- Significant unusual transactions
- Changes in litigation or contingencies
- Changes in major contracts with customers or suppliers
- Application of new accounting principles
- Changes in accounting principles or the methods of applying them
- Trends and developments affecting accounting estimates, such as allowances for bad debts and excess or obsolete inventories, provisions for warranties and employee benefits, and realization of unearned income and deferred charges
- Compliance with debt covenants
- Changes in related parties or significant new related party transactions
- Material off-balance-sheet transactions, special purpose entities, and other equity investments
- Unique terms for debt or capital stock that could affect classification

[Paragraph renumbered by the issuance of SAS No. 132, February 2017. As amended, effective for reviews of interim financial information for interim periods of fiscal years ending on or after December 15, 2021, by SAS No. 135. Paragraph subsequently renumbered by the issuance of SAS No. 140, April 2020.]

Exhibit A — Illustrative Management Representation Letters for a Review of Interim Financial Information (Ref: par. .A31)

.A78

The following management representation letters, which relate to a review of interim financial information, are presented for illustrative purposes only.

> Illustration 1 — Short Form Representation Letter for a Review of Interim Financial Information
>
> Illustration 2 — Detailed Representation Letter for a Review of Interim Financial Information

It is assumed in these illustrations that the applicable financial reporting framework is accounting principles generally accepted in the United States of America, that no conditions or events exist that might be indicative of the entity's possible inability to continue as a going concern, and that no exceptions exist to the requested written representations. If circumstances differ from these assumptions, the representations would need to be modified to reflect the actual circumstances.

Illustration 1 — Short Form Representation Letter for a Review of Interim Financial Information

This representation letter is to be used in conjunction with the representation letter for the audit of the financial statements of the prior year. Management confirms the representations made in the representation letter for the audit of the financial statements of the prior year end, as they apply to the interim financial information, and makes additional representations that may be needed for the interim financial information.

[*Date*]

To [*Independent Auditor*]:

This representation letter is provided in connection with your review of the [*consolidated*] balance sheet as of June 30, 20X1 and the related [*consolidated*] statements of income, changes in equity, and cash flows for the six-month period then ended of ABC Company for the purpose of reporting whether any material modifications should be made to the [*consolidated*] interim financial information for it to be in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) [*including, if appropriate, an indication as to the appropriate form and content of interim financial information (for example, Article 10 of SEC Regulation S-X)*].

We confirm that [*, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves*] [*as of (date of auditor's review report),*]:

Interim Financial Information

1. We have fulfilled our responsibilities, as set out in the terms of the engagement letter dated [*insert date*] for the preparation and fair presentation of interim financial information in accordance with U.S. GAAP; in particular the interim financial information is presented in accordance therewith.

2. We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of interim financial information that is free from material misstatement, whether due to fraud or error.

3. The interim financial information has been adjusted or includes disclosures for all events subsequent to the date of the interim financial information for which U.S. GAAP requires adjustment or disclosure.

4. The effects of uncorrected misstatements are immaterial, both individually and in the aggregate, to the interim financial information as a whole. A list of the uncorrected misstatements is attached to the representation letter.

[*Any other matters that the auditor may consider appropriate*]

Information Provided

5. We have provided you with:

- Access to all information of which we are aware that is relevant to the preparation and fair presentation of the interim financial information such as records, documentation, and other matters;
- Minutes of the meetings of stockholders, directors, and committees of directors, or summaries of actions of recent meetings for which minutes have not yet been prepared;
- Additional information that you have requested from us for the purpose of the review; and
- Unrestricted access to persons within the entity of whom you determined it necessary to make inquiries.

6. We have disclosed to you all significant deficiencies or material weaknesses in the design or operation of internal control of which we are aware, as it relates to the preparation and fair presentation of both annual and interim financial information.

7. We have disclosed to you the results of our assessment of the risk that the interim financial information may be materially misstated as a result of fraud.

8. We have [*no knowledge of any*] [*disclosed to you all information of which we are aware in relation to*] fraud or suspected fraud that affects the entity and involves:

- Management;
- Employees who have significant roles in internal control; or
- Others when the fraud could have a material effect on the interim financial information.

9. We have [*no knowledge of any*] [*disclosed to you all information in relation to*] allegations of fraud, or suspected fraud, affecting the entity's interim financial information communicated by employees, former employees, analysts, regulators, or others.

10. We have disclosed to you the identity of the entity's related parties and all the related party relationships and transactions of which we are aware.

[*Any other matters that the auditor may consider necessary*]

11. We have reviewed our representation letter to you dated [*date of representation letter relating to most recent audit*] with respect to the audited consolidated financial statements as of and for the year ended [*prior year-end date*]. We believe that representations [*references to applicable representations*] within that representation letter do not apply to the interim financial information referred to above. We now confirm those representations [*references to applicable representations*], as they apply to the interim financial information referred to above, and incorporate them herein, with the following changes:

[*Indicate any changes.*]

12. [*Add any representations related to new accounting or auditing standards that are being implemented for the first time*.]

[*Name of Chief Executive Officer and Title*]

[*Name of Chief Financial Officer and Title*]

[*Name of Chief Accounting Officer and Title*]

Illustration 2 — Detailed Representation Letter for a Review of Interim Financial Information

This representation letter is similar in detail to the management representation letter used for the audit of the financial statements of the prior year and, thus, need not refer to the written management representations received in the most recent audit.

[*Date*]

To [*Independent Auditor*]:

This representation letter is provided in connection with your review of the [*consolidated*] balance sheet as of June 30, 20X1 and the related [*consolidated*] statements of income, changes in equity, and cash flows for the six-month period then ended of ABC Company for the purpose of reporting whether any material modifications should be made to the [*consolidated*] interim financial information for it to be in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) [*including, if appropriate, an indication as to the appropriate form and content of interim financial information (for example, Article 10 of SEC Regulation S-X)*].

We confirm that [*, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves*] [*as of (date of auditor's review report),*]:

Interim Financial Information

1. We have fulfilled our responsibilities, as set out in the terms of the engagement letter dated [*insert date*] for the preparation and fair presentation of the interim financial information in accordance with U.S. GAAP; in particular the interim financial information is presented in accordance therewith.

2. We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of interim financial information that is free from material misstatement, whether due to fraud or error.

3. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable.

4. Related party relationships and transactions have been appropriately accounted for and disclosed in accordance with the requirements of U.S. GAAP.

5. The interim financial information has been adjusted or includes disclosures for all events subsequent to the date of the interim financial information for which U.S. GAAP requires adjustment or disclosure.

6. The effects of uncorrected misstatements are immaterial, both individually and in the aggregate, to the interim financial information as a whole. A list of the uncorrected misstatements is attached to the representation letter.

[*Any other matters that the auditor may consider appropriate*]

Information Provided

7. We have provided you with:

- Access to all information of which we are aware that is relevant to the preparation and fair presentation of the interim financial information such as records, documentation, and other matters;
- Minutes of the meetings of stockholders, directors, and committees of directors, or summaries of actions of recent meetings for which minutes have not yet been prepared;
- Additional information that you have requested from us for the purpose of the review; and
- Unrestricted access to persons within the entity of whom you determined it necessary to make inquiries.

8. All transactions have been recorded in the accounting records and are reflected in the interim financial information.

9. We have disclosed to you all significant deficiencies or material weaknesses in the design or operation of internal control of which we are aware, as it relates to the preparation and fair presentation of both annual and interim financial information.

10. We have disclosed to you the results of our assessment of the risk that the interim financial information may be materially misstated as a result of fraud.

11. We have [*no knowledge of any*][*disclosed to you all information of which we are aware in relation to*] fraud or suspected fraud that affects the entity and involves:

- Management;
- Employees who have significant roles in internal control; or
- Others when the fraud could have a material effect on the interim financial information.

12. We have [*no knowledge of any*][*disclosed to you all information in relation to*] allegations of fraud, or suspected fraud, affecting the entity's interim financial information communicated by employees, former employees, analysts, regulators, or others.

13. We have disclosed to you all known instances of non-compliance or suspected non-compliance with laws and regulations whose effects should be considered when preparing interim financial information.

14. There have been no communications from regulatory agencies concerning noncompliance with or deficiencies in financial reporting practices.

15. We have disclosed to you the identity of the entity's related parties and all the related party relationships and transactions of which we are aware.

[*Any other matters that the auditor may consider necessary*]

Circumstances include the following:

- A review of interim financial information presented as a complete set of financial statements, including disclosures

<u>Independent Auditor's Review Report</u>

[*Appropriate Addressee*]

Results of Review of Interim Financial Information

We have reviewed the accompanying [*describe the interim financial information or statements reviewed*] of ABC Company and subsidiaries as of September 30, 20X1, and for the three-month and nine-month periods then ended, and the related notes (collectively referred to as the *interim financial information*).

Based on our review, we are not aware of any material modifications that should be made to the accompanying interim financial information for it to be in accordance with [*identify the applicable financial reporting framework; for example, accounting principles generally accepted in the United States of America*].

Basis for Review Results

We conducted our review in accordance with auditing standards generally accepted in the United States of America (GAAS) applicable to reviews of interim financial information. A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. A review of interim financial information is substantially less in scope than an audit conducted in accordance with GAAS, the objective of which is an expression of an opinion regarding the financial information as a whole, and accordingly, we do not express such an opinion. We are required to be independent of ABC Company and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our review. We believe that the results of the review procedures provide a reasonable basis for our conclusion.

Responsibilities of Management for the Interim Financial Information

Management is responsible for the preparation and fair presentation of the interim financial information in accordance with [*identify the applicable financial reporting framework; for example, accounting principles generally accepted in the United States of America*] and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of interim financial information that is free from material misstatement, whether due to fraud or error.

Illustration 2 — A Review Report on Condensed Comparative Interim Financial Information

The following is an example of a review report on a condensed balance sheet as of March 31, 20X1; the related condensed statements of income and cash flows for the three-month periods ended March 31, 20X1 and 20X0; and a condensed balance sheet derived from audited financial statements as of December 31, 20X0. If the auditor's report on the preceding year-end financial statements was other than unmodified or included a separate section regarding going concern or an emphasis-of-matter paragraph because of an inconsistency in the application of accounting principles, the last paragraph of the illustrative report would be appropriately modified.

Independent Auditor's Review Report

[*Appropriate Addressee*]

Results of Review of Interim Financial Information

We have reviewed the condensed consolidated financial statements of ABC Company and subsidiaries, which comprise the balance sheet as of March 31, 20X1, and the related condensed consolidated statements of income and cash flows for the three-month periods ended March 31, 20X1 and 20X0, and the related notes (collectively referred to as the *interim financial information*).

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying condensed interim financial information for it to be in accordance with [*identify the applicable financial reporting framework; for example, accounting principles generally accepted in the United States of America.*]

Basis for Review Results

We conducted our reviews in accordance with auditing standards generally accepted in the United States of America (GAAS) applicable to reviews of interim financial information. A review of condensed interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. A review of condensed interim financial information is substantially less in scope than an audit conducted in accordance with GAAS, the objective of which is an expression of an opinion regarding the financial information as a whole, and accordingly, we do not express such an opinion. We are required to be independent of ABC Company and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our review. We believe that the results of the review procedures provide a reasonable basis for our conclusion.

Responsibilities of Management for the Interim Financial Information

Management is responsible for the preparation and fair presentation of the condensed interim financial information in accordance with [*identify the applicable financial reporting framework; for example, accounting principles generally accepted in the United States of*

America] and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of interim financial information that is free from material misstatement, whether due to fraud or error.

Report on Condensed Balance Sheet as of [* **Date**]***

We have previously audited, in accordance with auditing standards generally accepted in the United States of America, the consolidated balance sheet as of December 31, 20X0, and the related consolidated statements of income, changes in stockholders' equity, and cash flows for the year then ended (not presented herein); and we expressed an unmodified audit opinion on those audited consolidated financial statements in our report dated February 15, 20X1. In our opinion, the accompanying condensed consolidated balance sheet of ABC Company and subsidiaries as of December 31, 20X0, is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.

[*Signature of the auditor's firm*]

[*City and state where the auditor's report is issued*]

[*Date of the auditor's report*]

Illustration 3 — A Review Report That Refers to a Component Auditor's Review Report on the Interim Financial Information of a Significant Component of a Reporting Entity

Circumstances include the following:

- A review of interim financial information presented as a complete set of financial statements, including disclosures.
- The auditor is making reference to another auditor's review report on the interim financial information of a significant component of a reporting entity.

Independent Auditor's Review Report

[*Appropriate Addressee*]

Results of Review of Interim Financial Information

We have reviewed the accompanying [*describe the interim financial information or statements reviewed*] of ABC Company and subsidiaries as of September 30, 20X1, and for the three-month and nine-month periods then ended, and the related notes (collectively referred to as the *interim financial information*).

Based on our review, and the review report of other auditors, we are not aware of any material modifications that should be made to the accompanying interim financial information for it to be in accordance with [*identify the applicable financial reporting framework; for example, accounting principles generally accepted in the United States of America.*]

We were furnished with the report of other auditors on their review of the interim financial information of DEF subsidiary, whose total assets as of September 30, 20X1, and whose revenues for the three-month and nine-month periods then ended, constituted 15%, 20%, and 22%, respectively, of the related consolidated totals.

Basis for Review Results

We conducted our review in accordance with auditing standards generally accepted in the United States of America (GAAS) applicable to reviews of interim financial information. A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. A review of interim financial information is substantially less in scope than an audit conducted in accordance with GAAS, the objective of which is an expression of an opinion regarding the financial information as a whole, and accordingly, we do not express such an opinion. We are required to be independent of ABC Company and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our review. We believe that the results of the review procedures provide a reasonable basis for our conclusion.

Responsibilities of Management for the Interim Financial Information

Management is responsible for the preparation and fair presentation of the interim financial information in accordance with [*identify the applicable financial reporting framework; for example, accounting principles generally accepted in the United States of America*] and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of interim financial information that is free from material misstatement, whether due to fraud or error.

Illustration 4 — A Review Report on Comparative Interim Financial Information When the Prior Period Was Reviewed by Another Auditor

Circumstances include the following:

- A review of interim financial information presented as a complete set of financial statements, including disclosures as of March 31, 20X1, and for the three-month period then ended.
- Comparative information is presented for the balance sheet as of December 31, 20X0, and for the statements of income and cash flows for the comparable interim period.
- The December 31, 20X0, financial statements were audited, and the March 31, 20X0, interim financial information was reviewed, by another auditor.

Independent Auditor's Review Report

[*Appropriate Addressee*]

Results of Review of Interim Financial Information

We have reviewed the accompanying [*describe the interim financial information or statements reviewed*] of ABC Company and subsidiaries as of March 31, 20X1, and for the three-month period then ended, and the related notes (collectively referred to as the *interim financial information*).

Based on our review we are not aware of any material modifications that should be made to the accompanying interim financial information as of and for the three months ended March 31, 20X1, for it to be in accordance with [*identify the applicable financial reporting framework; for example, accounting principles generally accepted in the United States of America*].

The consolidated statements of income and cash flows of ABC Company and subsidiaries for the three-month period ended March 31, 20X0, were reviewed by other auditors whose report dated June 1, 20X0, stated that based on their review, they were not aware of any material modifications that should be made to those statements in order for them to be in accordance with [*identify the applicable financial reporting framework; for example, accounting principles generally accepted in the United States of America*]. The consolidated balance sheet of the Company as of December 31, 20X0, and the related consolidated statements of income, changes in stockholders' equity, and cash flows for the year then ended (not presented herein), were audited by other auditors whose report dated March 15, 20X1, expressed an unmodified opinion on those statements.

Basis for Review Results

We conducted our review in accordance with auditing standards generally accepted in the United States of America (GAAS) applicable to reviews of interim financial information. A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. A review of interim financial information is substantially less in scope than an audit conducted in accordance with GAAS, the objective of which is an expression of an opinion regarding the financial information as a whole, and accordingly, we do not express such an opinion. We are required to be independent of ABC Company and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our review. We believe that the results of the review procedures provide a reasonable basis for our conclusion.

Responsibilities of Management for the Interim Financial Information

Management is responsible for the preparation and fair presentation of the interim financial information in accordance with [*identify the applicable financial reporting framework; for example, accounting principles generally accepted in the United States of America*] and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of interim financial information that is free from material misstatement, whether due to fraud or error.

Illustration 1 — Modification Due to a Departure From the Applicable Financial Reporting Framework

Illustration 2 — Modification Due to Inadequate Disclosure

Illustration 1 — Modification Due to a Departure From the Applicable Financial Reporting Framework

The following is an example of a modification of the auditor's review report due to a departure from the applicable financial reporting framework:

Independent Auditor's Review Report

[Appropriate Addressee]

Results of Review of Interim Financial Information

We have reviewed the accompanying [*describe the interim financial information or statements reviewed*] of ABC Company and its subsidiaries as of September 30, 20X1, and for the three-month and nine-month periods then ended, and the related notes (collectively referred to as the *interim financial information*).

Based on our review, with the exception of the matters described in the following paragraph, we are not aware of any material modifications that should be made to the accompanying interim financial information for it to be in accordance with [*identify the applicable financial reporting framework; for example, accounting principles generally accepted in the United States of America*].

Based on information furnished to us by management, we believe that the Company has excluded from property and debt in the accompanying balance sheet certain lease obligations that we believe should be capitalized to be in accordance with [*identify the applicable financial reporting framework; for example, accounting principles generally accepted in the United States of America*]. This information indicates that if these lease obligations were capitalized at September 30, 20X1, property would be increased by $______, long-term debt would be increased by $______, and net income would be increased (decreased) by $________ and $________, respectively, for the three-month and nine-month periods then ended.

Basis for Review Results

We conducted our review in accordance with auditing standards generally accepted in the United States of America (GAAS) applicable to reviews of interim financial information. A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. A review of interim financial information is substantially less in scope than an audit conducted in accordance with GAAS, the objective of which is an expression of an opinion regarding the financial information as a whole, and accordingly, we do not express such an opinion. We are required to be independent of ABC Company and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our review. We believe that the results of the review procedures provide a reasonable basis for our conclusion.

Responsibilities of Management for the Interim Financial Information

Management is responsible for the preparation and fair presentation of the interim financial information in accordance with [*identify the applicable financial reporting framework; for example, accounting principles generally accepted in the United States of America*] and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of interim financial information that is free from material misstatement, whether due to fraud or error.

[*Signature of the auditor's firm*]

[*City and state where the auditor's report is issued*]

[*Date of the auditor's report*]

Illustration 2 — Modification Due to Inadequate Disclosure

The following is an example of the second and third paragraphs of the auditor's review report when such report is modified due to inadequate disclosure:

Based on our review, with the exception of the matters described in the following paragraph, we are not aware of any material modifications that should be made to the accompanying interim financial information for it to be in accordance with [*identify the applicable financial reporting framework; for example, accounting principles generally accepted in the United States of America.*]

Management has informed us that the Company is presently defending a claim regarding [*describe the nature of the loss contingency*] and that the extent of the Company's liability, if any, and the effect on the accompanying interim financial information is not determinable at this time. The interim financial information fails to disclose these matters, which we believe are required to be disclosed in accordance with [*identify the applicable financial reporting framework; for example, accounting principles generally accepted in the United States of America*].

[Paragraph renumbered and amended, effective for audits of financial statements for periods ending on or after December 15, 2017, by SAS No. 132. Paragraph subsequently renumbered and amended, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, SAS No. 140.]

Exhibit D — Illustrations of Separate Sections Regarding Going Concern in the Auditor's Review Report (Ref: par. .A68)

.A81

Illustration 1 — Separate Section When Substantial Doubt Is Disclosed in the Notes to the Latest Annual Audited Financial Statements and the Interim Financial Information, a Separate Section Regarding Going Concern Was Included in the Prior Year's Audit Report, and Conditions or Events Giving Rise to the Separate Section Have Been Identified and Substantial Doubt Exists

Illustration 2 — Separate Section When Substantial Doubt Is Not Disclosed in the Notes to the Latest Annual Audited Financial Statements or the Interim Financial Information, a Separate Section Regarding Going Concern Was Included in the Prior Year's Audit Report, and Conditions or Events Giving Rise to the Separate Section Have Been Identified and Substantial Doubt Exists

Illustration 3 — Separate Section When Management Is Required Under the Applicable Financial Reporting Framework to Include a Statement in the Notes to the Interim Financial Information That Conditions or Events Have Been Identified and Substantial Doubt Exists, Such Statement Is Included in the Notes to the Interim Financial Information, and a Separate Section Regarding Going Concern Was Not Included in the Prior Year's Audit Report

Illustration 1 — Separate Section When Substantial Doubt Is Disclosed in the Notes to the Latest Annual Audited Financial Statements and the Interim Financial Information, a Separate Section Regarding Going Concern Was Included in the Prior Year's Audit Report, and Conditions or Events Giving Rise to the Separate Section Have Been Identified and Substantial Doubt Exists

The following is an example of situations in which (*a*) a separate section regarding going concern was included in the prior year's auditor's report, (*b*) conditions or events have been identified and substantial doubt continues to exist, and (*c*) the entity is required under the applicable financial reporting framework to include a statement in the notes to the interim financial information that substantial doubt exists.

Substantial Doubt About the Entity's Ability to Continue as a Going Concern

The accompanying interim financial information has been prepared assuming that the Company will continue as a going concern. Note 4 of the Company's audited financial statements as of December 31, 20X1, and for the year then ended, includes a statement that substantial doubt exists about the Company's ability to continue as a going concern. Note 4 of the Company's audited financial statements also discloses the events and conditions, management's evaluation of the events and conditions, and management's plans regarding these matters, including the fact that the Company was unable to renew its line of credit or obtain alternative financing as of December 31, 20X1. Our auditor's report on those financial statements includes a separate section referring to the matters in Note 4 of those financial statements. As indicated in Note 3 of the accompanying interim financial information as of March 31, 20X2, and for the three months then ended, the Company was still unable to renew its line of credit or obtain alternative financing as of March 31, 20X2, and has stated that substantial doubt exists about the Company's ability to continue as a going concern. The accompanying interim financial information does not include any adjustments that might result from the outcome of this uncertainty.

Illustration 2 — Separate Section When Substantial Doubt Is Not Disclosed in the Notes to the Latest Annual Audited Financial Statements or the Interim Financial Information, a Separate Section Regarding Going Concern Was Included in the Prior Year's Audit Report, and Conditions or Events Giving Rise to the Separate Section Have Been Identified and Substantial Doubt Exists

The following is an example of a situation in which (*a*) a separate section regarding going concern was included in the prior year's auditor's report, (*b*) conditions or events have been identified and substantial doubt continues to exist, and (*c*) the entity is not required under the applicable financial reporting framework to include a statement in the notes to the interim financial information that substantial doubt exists.

Substantial Doubt About the Entity's Ability to Continue as a Going Concern

The accompanying interim financial information has been prepared assuming that the Company will continue as a going concern. Note 4 of the Company's audited financial statements as of December 31, 20X1, and for the year then ended, discloses that the Company was unable to renew its line of credit or obtain alternative financing as of December 31, 20X1. Our auditor's report on those financial statements includes a separate section referring to the matters in Note 4 of those financial statements, indicating that these matters raised substantial doubt about the Company's ability to continue as a going concern. As indicated in Note 3 of the accompanying interim financial information as of March 31, 20X2, and for the three months then ended, the Company was still unable to renew its line of credit or obtain alternative financing as of March 31, 20X2. Management's evaluation of the conditions and events and management's plans regarding these matters are also disclosed in Note 3. The accompanying interim financial information does not include any adjustments that might result from the outcome of this uncertainty.

Illustration 3 — Separate Section When Management Is Required Under the Applicable Financial Reporting Framework to Include a Statement in the Notes to the Interim Financial Information That Conditions or Events Have Been Identified and Substantial Doubt Exists, Such Statement Is Included in the Notes to the Interim Financial Information, and a Separate Section Regarding Going Concern Was Not Included in the Prior Year's Audit Report

The following is an example of a separate section when (*a*) a separate section regarding going concern was not included in the prior year's auditor's report, (*b*) the entity is required under the applicable financial reporting framework to include a statement in the notes to the interim financial information that conditions or events have been identified and substantial doubt exists, and (*c*) such statement is included in the notes to the interim financial information.

Substantial Doubt About the Entity's Ability to Continue as a Going Concern

The accompanying interim financial information has been prepared assuming that the Company will continue as a going concern. As discussed in Note 3 to the interim financial information, the Company has suffered recurring losses from operations, has a net capital deficiency, and has stated that substantial doubt exists about the Company's ability to continue as a going concern. Management's evaluation of the conditions and events and management's plans regarding these matters are also described in Note 3. The accompanying interim financial information does not include any adjustments that might result from the outcome of this uncertainty.

[Paragraph added, effective for audits of financial statements for periods ending on or after December 15, 2017, by SAS No. 132. Paragraph subsequently renumbered and amended, effective for reviews of interim financial information for interim periods of fiscal years beginning on or after December 15, 2021, by SAS No. 140.]

AU-C Section 935

Compliance Audits

(Supersedes SAS No. 74.)

Source: SAS No. 117; SAS No. 122; SAS No. 123; SAS No. 125; SAS No. 130; SAS No. 140; SAS No. 148.

Effective for compliance audits for fiscal periods ending on or after June 15, 2010, unless otherwise indicated. Earlier application is permitted.

Note

In June 2022, the Auditing Standards Board (ASB) issued Statement on Auditing Standards (SAS) No. 146, *Quality Management for an Engagement Conducted in Accordance With Generally Accepted Auditing Standards*, which contains amendments to this section.

The amendments are effective for engagements conducted in accordance with generally accepted auditing standards for periods beginning on or after December 15, 2025, and can be viewed in the appendix of section 220 until the effective date, when they will be applied to this section.

In March 2023, the ASB issued SAS No. 149, *Special Considerations — Audits of Group Financial Statements (Including the Work of Component Auditors and Audits of Referred-to Auditors)*, which contains amendments to this section.

The amendments are effective for compliance audits for fiscal periods ending on or after December 15, 2026, and can be viewed in appendix C of section 600 until the effective date, when they will be applied to this section.

Introduction and Applicability

.01 Governments frequently establish governmental audit requirements for entities to undergo an audit of their compliance with applicable compliance requirements. This section is applicable when an auditor is engaged, or required by law or regulation, to perform a compliance audit in accordance with all of the following:

- Generally accepted auditing standards (GAAS)
- The standards for financial audits under *Government Auditing Standards*

- A governmental audit requirement that requires an auditor to express an opinion on compliance (Ref: par. .A1–.A2)

.02 This section addresses the application of GAAS to a compliance audit. Compliance audits may be performed in conjunction with an audit of a complete set of financial statements, an audit of a single financial statement, or an audit of a specific element, account, or item of a financial statement. This section does not apply to an audit of a complete set of financial statements, an audit of a single financial statement, or an audit of a specific element, account, or item of a financial statement, even when such audit is performed in conjunction with a compliance audit. Certain AU-C sections are not applicable to a compliance audit, as identified in the appendix "AU-C Sections That Are Not Applicable to Compliance Audits." [Revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122. As amended, effective for compliance audits for fiscal periods ending on or after December 15, 2023, by SAS No. 148.]

.03 This section is not applicable when the governmental audit requirement calls for an examination, in accordance with Statements on Standards for Attestation Engagements, of an entity's compliance with specified requirements or an examination of an entity's internal control over compliance. AT-C section 315, *Compliance Attestation*, is applicable to an examination of an entity's compliance with specified requirements and AT-C section 205, *Examination Engagements*, is applicable to an examination of an entity's internal control over compliance. If the entity is required to undergo a compliance audit and an examination of internal control over compliance, this section is applicable to performing and reporting on the compliance audit, and AT-C section 205 is applicable to performing and reporting on the examination of internal control over compliance. (Ref: par. .A2) [Revised, April 2017, to reflect conforming changes necessary due to the issuance of SSAE No. 18.]

.04 Sections 200–900 address audits of financial statements, as well as other kinds of engagements. Generally, these AU-C sections can be adapted to the objectives of a compliance audit. However, those AU-C sections, or portions thereof, identified in the appendix cannot be adapted to a compliance audit because they address the matters that are not applicable to a compliance audit. [Revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122. As amended, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140.]

.05 Except for the AU-C sections that are listed in the appendix as not applicable to a compliance audit, all of the other AU-C sections are applicable to a compliance audit. However, the auditor is not required, in planning and performing a compliance audit, to make a literal translation of each procedure that might be performed in a financial statement audit, but rather to obtain sufficient appropriate audit evidence to support the auditor's opinion on compliance. [Revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122.]

.06 Some AU-C sections can be adapted and applied to a compliance audit with relative ease, for example, by simply replacing the word *misstatement* with the word *noncompliance*. Other AU-C sections are more difficult to adapt and apply and entail additional modification. For that reason, this section provides more specific guidance on how to adapt and apply certain AU-C sections to a compliance audit. [Revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122.]

.07 *Government Auditing Standards* and governmental audit requirements contain certain standards and requirements that are supplementary to those in GAAS, as well as guidance on how to apply those standards and requirements.

Management's Responsibilities

.08 A compliance audit is based on the premise that management is responsible for the entity's compliance with compliance requirements. Management's responsibility for the entity's compliance with compliance requirements includes the following:

a. Identifying the entity's government programs and understanding and complying with the compliance requirements

b. Designing, implementing, and maintaining effective controls that provide reasonable assurance that the entity administers government programs in compliance with the compliance requirements

c. Evaluating and monitoring the entity's compliance with the compliance requirements

d. Taking corrective action when instances of noncompliance are identified, including corrective action on audit findings of the compliance audit

[As amended, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140.]

Effective Date

.09 The provisions of this section are effective for compliance audits for fiscal periods ending on or after June 15, 2010. Earlier application is permitted.

Objectives (Ref: par. .A3)

.10 The auditor's objectives in a compliance audit are to

a. obtain sufficient appropriate audit evidence to form an opinion and report at the level specified in the governmental audit requirement about whether the entity complied in all material respects with the applicable compliance requirements; and

b. identify audit and reporting requirements specified in the governmental audit requirement that are supplementary to GAAS and *Government Auditing Standards*, if any, and perform procedures to address those requirements.

[As amended, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140.]

Definitions

.11 For purposes of adapting GAAS to a compliance audit, the following terms have the meanings attributed as follows:

Applicable compliance requirements. Compliance requirements that are subject to the compliance audit.

Audit findings. The matters that are required to be reported by the auditor in accordance with the governmental audit requirement.

Audit risk of noncompliance. The risk that the auditor expresses an inappropriate audit opinion on the entity's compliance when material noncompliance exists. Audit risk of noncompliance is a function of the risks of material noncompliance and detection risk of noncompliance.

Compliance audit. A program-specific audit or an organization-wide audit of an entity's compliance with applicable compliance requirements.

Compliance requirements. Laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to a government program with which the entity is required to comply.

Deficiency in internal control over compliance. A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance on a timely basis. A deficiency in *design* exists when (*a*) a control necessary to meet the control objective is missing, or (*b*) an existing control is not properly designed so that, even if the control operates as designed, the control objective would not be met. A deficiency in *operation* exists when a properly designed control does not operate as designed or the person performing the control does not possess the necessary authority or competence to perform the control effectively.

Detection risk of noncompliance. The risk that the procedures performed by the auditor to reduce audit risk of noncompliance to an acceptably low level will not detect noncompliance that exists and that could be material, either individually or when aggregated with other instances of noncompliance.

Government Auditing Standards. Standards and guidance issued by the Comptroller General of the United States, U.S. Government Accountability Office for financial audits, reviews of financial statements, attestation engagements, and performance audits. *Government Auditing Standards* also is known as generally accepted government auditing standards (GAGAS) or the Yellow Book.

Government program. The means by which governmental entities achieve their objectives. For example, one of the objectives of the U.S. Department of Agriculture is to provide nutrition to individuals in need. Examples of government programs designed to achieve that objective are the Supplemental Nutrition Assistance Program and the National

School Lunch Program. Government programs that are relevant to this section are those in which a grantor or pass-through entity provides an award to another entity, usually in the form of a grant, contract, or other agreement. Not all government programs provide cash assistance; sometimes noncash assistance is provided (for example, a loan guarantee, commodities, or property).

Governmental audit requirement. A government requirement established by law, statute, regulation, rule, or provision of contracts or grant agreements requiring that an entity undergo an audit of its compliance with applicable compliance requirements related to one or more government programs that the entity administers. (Ref: par. .A4)

Grantor. A government agency from which funding for the government program originates.

Known questioned costs. Questioned costs specifically identified by the auditor. Known questioned costs are a subset of likely questioned costs.

Likely questioned costs. The auditor's best estimate of total questioned costs, not just the known questioned costs. Likely questioned costs are developed by extrapolating from audit evidence obtained, for example, by projecting known questioned costs identified in an audit sample to the entire population from which the sample was drawn.

Material noncompliance. In the absence of a definition of material noncompliance in the governmental audit requirement, noncompliance with the applicable compliance requirements is considered quantitatively or qualitatively material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the entity's compliance with the requirements of the government program as a whole.

Material weakness in internal control over compliance. A deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a compliance requirement will not be prevented, or detected and corrected, on a timely basis. In this section, a reasonable possibility exists when the likelihood of an event occurring is either reasonably possible or probable as defined as follows:

Reasonably possible. The chance of the future event or events occurring is more than remote but less than likely.

Probable. The future event or events are likely to occur.

Organization-wide audit. An audit of an entity's financial statements and an audit of its compliance with the applicable compliance requirements as they relate to one or more government programs that the entity administers.

Pass-through entity. An entity that receives an award from a grantor or other entity and distributes all or part of it to another entity to administer a government program.

Program-specific audit. An audit of an entity's compliance with applicable compliance requirements as they relate to one government program that the entity administers. The compliance audit portion of a program-specific audit is performed in conjunction with either an audit of the entity's or the program's financial statements.

Questioned costs. Costs that are questioned by the auditor because (1) of a violation or possible violation of the applicable compliance requirements, (2) the costs are not supported by adequate documentation, or (3) the incurred costs appear unreasonable and do not reflect the actions that a prudent person would take in the circumstances.

Risk of material noncompliance. The risk that material noncompliance exists prior to the audit. This consists of two components, described as follows:

Inherent risk of noncompliance. The susceptibility of a compliance requirement to noncompliance that could be material, either individually or when aggregated with other instances of noncompliance, before consideration of any related controls over compliance.

Control risk of noncompliance. The risk that noncompliance with a compliance requirement that could occur and that could be material, either individually or when aggregated with other instances of noncompliance, will not be prevented, or detected and corrected, on a timely basis by the entity's internal control over compliance.

Significant deficiency in internal control over compliance. A deficiency, or a combination of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

[Revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122. As amended, effective for audits for periods ending on or after December 15, 2016, by SAS No. 130. As amended, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140.]

Requirements

Adapting and Applying the AU-C Sections to a Compliance Audit (Ref: par. .A5 and .A42)

.12 When performing a compliance audit, the auditor, exercising professional judgment, should adapt and apply the AU-C sections to the objectives of a compliance audit, except for the AU-C sections listed in the appendix. [Revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122. As amended, effective for compliance audits for fiscal periods ending on or after December 15, 2023, by SAS No. 148.]

Establishing Materiality Levels (Ref: par. .A6–.A8)

.13 The auditor should establish and apply materiality levels for the compliance audit based on the governmental audit requirement.

Identifying Government Programs and Applicable Compliance Requirements (Ref: par. .A9–.A11)

.14 As discussed in paragraph .08, a compliance audit is based on the premise that management is responsible for identifying the entity's government programs and understanding and complying with the compliance requirements. The auditor should determine which of those government programs and compliance requirements to test (that is, the applicable compliance requirements) in accordance with the governmental audit requirement.

Performing Risk Assessment Procedures (Ref: par. .A12–.A17)

.15 For each of the government programs and applicable compliance requirements selected for testing, the auditor should perform risk assessment procedures to obtain a sufficient understanding of the applicable compliance requirements and the entity's internal control over compliance with the applicable compliance requirements.[1]

.16 In adapting and applying the requirements of section 315, *Understanding the Entity and Its Environment and Assessing the Risks of Material Misstatement*, to identify controls that address risks of material noncompliance,[2] the auditor should perform risk assessment procedures, beyond inquiry, to evaluate whether the following controls that address risks of material noncompliance are effectively designed and determine whether those controls have been implemented:

a. Controls over journal entries and other adjustments as required by section 240, *Consideration of Fraud in a Financial Statement Audit*

b. Controls for which the auditor plans to test operating effectiveness in determining the nature, timing, and extent of substantive procedures, which include

   i. controls that address risks for which substantive procedures alone do not provide sufficient appropriate audit evidence, and

   ii. controls that are required to be tested for operating effectiveness by the governmental audit requirement as required by paragraph .24 of this section

c. Other controls that, based on the auditor's professional judgment, the auditor considers appropriate to enable the auditor to identify and assess risks of material noncompliance and design further audit procedures

[Paragraph added, effective for compliance audits for fiscal periods ending on or after December 15, 2023, by SAS No. 148.]

---

[1]Paragraphs .11–.19*a*, .19*c*, .21–.26, and .27*b*–.31 of section 315, *Understanding the Entity and Its Environment and Assessing the Risks of Material Misstatement*. [Footnote revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122.]

[2]Paragraphs .27*b*–*d* and .30 of section 315. [Footnote added, effective for compliance audits for fiscal periods ending on or after December 15, 2023, by SAS No. 148.]

.17 In performing risk assessment procedures, the auditor should inquire of management about whether there are findings and recommendations in reports or other written communications resulting from previous audits, attestation engagements, and internal or external monitoring that directly relate to the objectives of the compliance audit. The auditor should gain an understanding of management's response to findings and recommendations that could have a material effect on the entity's compliance with the applicable compliance requirements (for example, taking corrective action). The auditor should use this information to identify and assess risks of material noncompliance and determine the nature, timing, and extent of the audit procedures for the compliance audit, including determining the extent to which testing the implementation of any corrective actions is applicable to the audit objectives. [As amended, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140. Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

Identifying and Assessing the Risks of Material Noncompliance (Ref: par. .A18–.A20)

.18 The auditor should identify the risks of material noncompliance whether due to fraud or error for each applicable compliance requirement and should consider whether any of those risks are pervasive to the entity's compliance because they may affect the entity's compliance with many compliance requirements.[3] [As amended, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140. Paragraph renumbered and amended, effective for compliance audits for fiscal periods ending on or after December 15, 2023, by SAS No. 148.]

Assessing Inherent Risk

.19 For identified risks of material noncompliance for each applicable compliance requirement, the auditor should assess inherent risk by assessing the likelihood and magnitude of noncompliance. In doing so, the auditor should take into account how, and the degree to which, inherent risk factors affect the susceptibility of compliance requirements to noncompliance. [Paragraph added, effective for compliance audits for fiscal periods ending on or after December 15, 2023, by SAS No. 148.]

.20 The auditor should determine whether substantive procedures alone cannot provide sufficient appropriate audit evidence for any of the risks of material noncompliance. [Paragraph added, effective for compliance audits for fiscal periods ending on or after December 15, 2023, by SAS No. 148.]

Assessing Control Risk

.21 For identified risks of material noncompliance for each applicable compliance requirement, the auditor should assess control risk based on the auditor's understanding of controls and the auditor's plan to test the operating effectiveness of controls. If the auditor does not plan to test the operating effectiveness of controls, the auditor should assess control

[3][Footnote deleted by the issuance of SAS No. 140, April 2020. Footnote renumbered by the issuance of SAS No. 148, August 2022.]

risk at the maximum level such that the assessment of the risk of material noncompliance is the same as the assessment of inherent risk. [Paragraph added, effective for compliance audits for fiscal periods ending on or after December 15, 2023, by SAS No. 148.]

Performing Further Audit Procedures in Response to Assessed Risks

.22 If the auditor identifies risks of material noncompliance that are pervasive to the entity's compliance, the auditor should develop an overall response to such risks. (Ref: par. .A21) [Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

.23 The auditor should design and perform further audit procedures, including tests of details (which may include tests of transactions) to obtain sufficient appropriate audit evidence about the entity's compliance with each of the applicable compliance requirements in response to the assessed risks of material noncompliance. Risk assessment procedures, tests of controls, and analytical procedures alone are not sufficient to address a risk of material noncompliance. (Ref: par. .A22–.A25) [Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

.24 The auditor should design and perform further audit procedures in response to the assessed risks of material noncompliance. These procedures should include performing tests of controls over compliance if

a. the auditor's risk assessment includes an expectation of the operating effectiveness of controls over compliance related to the applicable compliance requirements;

b. substantive procedures alone cannot provide sufficient appropriate audit evidence; or

c. such tests of controls over compliance are required by the governmental audit requirement.

If any of the conditions in this paragraph are met, the auditor should test the operating effectiveness of controls over each applicable compliance requirement to which the conditions apply in each compliance audit. (Ref: par. .A26–.A27) [Paragraph renumbered and amended, effective for compliance audits for fiscal periods ending on or after December 15, 2023, by SAS No. 148.]

Supplementary Audit Requirements

.25 The auditor should determine whether audit requirements are specified in the governmental audit requirement that are supplementary to GAAS and *Government Auditing Standards* and perform procedures to address those requirements, if any. (Ref: par. .A28) [Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

.26 In instances where audit guidance provided by a governmental agency for the performance of compliance audits has not been updated for, or otherwise conflicts with, current GAAS or *Government Auditing Standards,* the auditor should comply with the most current applicable GAAS and *Government Auditing Standards* instead of the outdated or conflicting guidance. (Ref: par. .A29) [Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

Written Representations

.27 The auditor should request from management written representations[4] that are tailored to the entity and the governmental audit requirement: (Ref: par. .A30)

a. acknowledging management's responsibility for understanding and complying with the compliance requirements;

b. acknowledging management's responsibility for the design, implementation, and maintenance of controls that provide reasonable assurance that the entity administers government programs in accordance with the compliance requirements;

c. stating that management has identified and disclosed to the auditor all of its government programs and related activities subject to the governmental audit requirement;

d. stating that management has made available to the auditor all contracts and grant agreements, including amendments, if any, and any other correspondence relevant to the programs and related activities subject to the governmental audit requirement;

e. stating that management has disclosed to the auditor all known noncompliance with the applicable compliance requirements or stating that there was no such noncompliance;

f. stating whether management believes that the entity has complied with the applicable compliance requirements (except for noncompliance it has disclosed to the auditor);

g. stating that management has made available to the auditor all documentation related to compliance with the applicable compliance requirements;

h. identifying management's interpretation of any applicable compliance requirements that are subject to varying interpretations;

i. stating that management has disclosed to the auditor any communications from grantors and pass-through entities concerning possible noncompliance with the applicable compliance requirements, including communications received from the end of the period covered by the compliance audit to the date of the auditor's report;

j. stating that management has disclosed to the auditor the findings received and related corrective actions taken for previous audits, attestation engagements, and internal or external monitoring that directly relate to the objectives of the compliance audit, including findings received and corrective actions taken from the end of the period covered by the compliance audit to the date of the auditor's report;

---

[4]See section 580, *Written Representations*. [Footnote revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122. Footnote renumbered by the issuance of SAS No. 148, August 2022.]

k. stating that management has disclosed to the auditor all known noncompliance with the applicable compliance requirements subsequent to the period covered by the auditor's report or stating that there were no such known instances; and

l. stating that management is responsible for taking corrective action on audit findings of the compliance audit.

[As amended, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140. Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

.28 If the auditor determines that it is necessary to obtain additional representations related to the entity's compliance with the applicable compliance requirements, the auditor should request such additional representations. [Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

Subsequent Events

.29 The auditor should perform audit procedures up to the date of the auditor's report to obtain sufficient appropriate audit evidence that all subsequent events related to the entity's compliance during the period covered by the auditor's report on compliance have been identified. (Ref: par. .A31) [Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

.30 The auditor should take into account the auditor's risk assessment in determining the nature and extent of such audit procedures, which should include, but are not limited to, inquiring of management about and considering

- relevant internal auditors' reports issued during the subsequent period.
- other auditors' reports identifying noncompliance that were issued during the subsequent period.
- reports from grantors and pass-through entities on the entity's noncompliance that were issued during the subsequent period.
- information about the entity's noncompliance obtained through other professional engagements performed for that entity.

[Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

.31 The auditor has no obligation to perform any audit procedures related to the entity's compliance during the period subsequent to the period covered by the auditor's report. However, if before the report release date, the auditor becomes aware of noncompliance in the period subsequent to the period covered by the auditor's report that is of such a nature and significance that its disclosure is needed to prevent report users from being misled, the auditor should discuss the matter with management and, if appropriate, those charged with governance, and should include an other-matter paragraph in the auditor's report describing the nature of the noncompliance. (Ref: par. .A32) [Revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122. Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

Evaluating the Sufficiency and Appropriateness of the Audit Evidence and Forming an Opinion (Ref: par. .A33–.A34)

.32 The auditor should evaluate the sufficiency and appropriateness of the audit evidence obtained.[5] [Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

.33 The auditor should form an opinion, at the level specified by the governmental audit requirement, on whether the entity complied in all material respects with the applicable compliance requirements, and report appropriately. In forming an opinion, the auditor should evaluate likely questioned costs, not just known questioned costs, as well as other material noncompliance that, by its nature, may not result in questioned costs. [Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

Reporting

Combined Report on Compliance and Internal Control Over Compliance

.34 The auditor's combined report on compliance and internal control over compliance should be in writing and include the following:

a. *Title*. The auditor's report should have a title that clearly indicates that it is the report of an independent auditor.

b. *Addressee*. The auditor's report should be addressed, as appropriate, based on the circumstances of the engagement.

c. *Report on compliance.* The report on compliance should be presented before the report on internal control over compliance and include the heading "Report on Compliance."

d. *Opinion.* The first section of the auditor's report on compliance should include the auditor's opinion and section with a heading that includes the word "Opinion" and indicates the reporting level pursuant to the governmental audit requirement. The "Opinion" section of the auditor's report should also do the following (Ref: par. .A36):

   i. State that the entity's compliance with the applicable compliance requirements has been audited

   ii. Identify the applicable compliance requirements or include a reference to where they can be found

   iii. Identify the one or more government programs covered by the compliance audit or reference to a separate schedule containing that information

---

[5]Paragraphs .27–.29 of section 330, *Performing Audit Procedures in Response to Assessed Risks and Evaluating the Audit Evidence Obtained*. [Footnote revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122. Footnote renumbered by the issuance of SAS No. 148, August 2022.]

iv. Specify the period covered by the report

v. When expressing an unmodified opinion, state that, in the auditor's opinion, the entity complied, in all material respects, with the compliance requirements that are applicable to [*indicate the reporting level pursuant to the governmental audit requirement*] for the [*specify the period covered by the report*]

e. *Basis for opinion.* The auditor's report on compliance should include a section, directly following the "Opinion" section, with the heading, "Basis for Opinion," that does the following:

i. States that the audit of compliance was conducted in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and the governmental audit requirement

ii. Refers to the section of the auditor's report that describes the auditor's responsibilities under GAAS, *Government Auditing Standards*, and the governmental audit requirement

iii. Includes a statement that the auditor is required to be independent of the entity and to meet the auditor's other ethical responsibilities in accordance with the relevant ethical requirements relating to the audit[6]

iv. States whether the auditor believes that the audit evidence the auditor has obtained is sufficient and appropriate to provide a basis for the auditor's opinion

v. States that the compliance audit does not provide a legal determination of the entity's compliance with the applicable compliance requirements

f. *Management's responsibilities.* The auditor's report on compliance should include a section with the heading "Responsibilities of Management for Compliance." This section of the auditor's report should describe management's responsibility for compliance with the applicable compliance requirements and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the entity's government programs. If the document containing the auditor's report contains a separate statement by management about its responsibility for the applicable compliance requirements, the auditor's report should not include a reference to such statement by management.

g. *Auditor's responsibilities.* The auditor's report on compliance should include a section with the heading "Auditor's Responsibilities for the Audit of Compliance." This section of the auditor's report should do the following:

[6]See paragraphs .A38–.A39 of section 700, *Forming an Opinion and Reporting on Financial Statements*. [Footnote added, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140. Footnote renumbered by the issuance of SAS No. 148, August 2022.]

i. State that the objectives of the auditor are to

   1. obtain reasonable assurance about whether material noncompliance with the applicable compliance requirements occurred, whether due to fraud or error

   2. express an opinion on the entity's compliance with the applicable compliance requirements based on the compliance audit

ii. State that reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the governmental audit requirement will always detect material noncompliance when it exists

iii. State that the risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control

iv. State that noncompliance with the applicable compliance requirements is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the entity's compliance with the requirements of the government program as a whole

v. Describe an audit by stating that, in performing an audit in accordance with GAAS, *Government Auditing Standards*, and [*insert the name of the governmental audit requirement or program-specific audit guide*] the auditor's responsibilities are to

   1. exercise professional judgment and maintain professional skepticism throughout the audit.

   2. identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the entity's compliance with applicable compliance requirements and performing such other procedures as the auditor considered necessary in the circumstances.

   3. obtain an understanding of the entity's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with [*the governmental audit requirement*], but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over compliance. Accordingly, no such opinion is expressed.

vi. State that the auditor is required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that the auditor identified during the audit[7]

h. If noncompliance that does not result in a modified opinion but is required to be reported by the governmental audit requirement is identified, the auditor's report should include an other-matter paragraph, in a separate section with the heading "Other Matter" or another appropriate heading,[8] that includes a description of such noncompliance or a reference to a description of such noncompliance in an accompanying schedule. (Ref: par. .A38)

i. *Report on Internal Control Over Compliance.* The auditor's combined report on compliance and internal control over compliance should include a section with the heading "Report on Internal Control Over Compliance" that does the following:

   i. Includes the definitions of *deficiency in internal control over compliance*, *material weakness in internal control over compliance*, and *significant deficiency in internal control over compliance*.

   ii. States that the auditor's consideration of the entity's internal control over compliance was for the limited purpose described in the "Auditor's Responsibilities for the Audit of Compliance" section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Therefore, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

   iii. Describes any identified material weaknesses and significant deficiencies in internal control over compliance or a reference to an accompanying schedule containing such a description.

   iv. If no material weaknesses in internal control over compliance were identified, includes a statement to that effect.

   v. States that the audit was not designed for the purpose of expressing an opinion on the effectiveness of the entity's internal control over compliance. Accordingly, no such opinion is expressed.

j. If the criteria used to evaluate compliance are

   i. established or determined by contractual agreement or regulatory provisions that are developed solely for the parties to the agreement or regulatory agency responsible for the provisions or

   ii. available only to the specified parties,

---

[7][Footnote renumbered and deleted by the issuance of SAS No. 140, April 2020. Footnote renumbered by the issuance of SAS No. 148, August 2022.]

[8]Paragraph .08 of section 706, *Emphasis-of-Matter Paragraphs and Other-Matter Paragraphs in the Independent Auditor's Report*. [Footnote added, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 123. Footnote renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 148, August 2022.]

an alert describing the purpose of the auditor's report on compliance and internal control over compliance and that the report is not suitable for any other purpose, as required by section 905, *Alert That Restricts the Use of the Auditor's Written Communication*.[9]

k. The manual or printed signature of the auditor's firm.

l. The city and state where the auditor's report is issued.

m. The date of the auditor's report. The auditor's report should be dated no earlier than the date on which the auditor has obtained sufficient appropriate audit evidence on which to base the auditor's opinion on compliance, including evidence that management has asserted that it has identified the entity's government programs and has taken responsibility for understanding and complying with the compliance requirements. (Ref: par. .A37)

A combined report on compliance and internal control over compliance is presented in the exhibit "Illustrative Combined Report on Compliance With Applicable Requirements and Internal Control Over Compliance — (Unmodified Opinion on Compliance; No Material Weaknesses or Significant Deficiencies in Internal Control Over Compliance Identified)." [Revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 123. As amended, effective for the auditor's written communications issued on or after December 15, 2012, by SAS No. 125. As amended, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140. Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

Separate Reports on Compliance and Internal Control Over Compliance

.35 If the auditor issues separate reports on compliance and internal control over compliance, the separate report on compliance would omit the elements related to internal control over compliance (paragraph .30*i*). The separate report on internal control over compliance would omit the elements related to compliance (paragraph .30*c*–*h*) and would include the following additional statements:

a. A statement that the auditor audited the entity's compliance with applicable compliance requirements pertaining to [*identify the government program or programs and the period audited*] and a reference to the auditor's report on compliance

b. A statement that the compliance audit was conducted in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and the governmental audit requirement

[9] See paragraphs .06*a*–*b*, .11, and .A11 of section 905, *Alert That Restricts the Use of the Auditor's Written Communication*. [Footnote added, effective for the auditor's written communications issued on or after December 15, 2012, by SAS No. 125. Footnote renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 148, August 2022.]

c. A statement that management is responsible for designing, implementing, and maintaining effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to government programs

d. A statement that in planning and performing the compliance audit, the auditor considered the entity's internal control over compliance with the applicable compliance requirements to determine the auditing procedures for the purpose of expressing an opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance

e. A statement that the auditor is not expressing an opinion on internal control over compliance

[Revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 123. As amended, effective for the auditor's written communications issued on or after December 15, 2012, by SAS No. 125. As amended, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140. Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

[.36] [Paragraph deleted by the issuance of SAS No. 140, April 2020. Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

.37 The auditor should report noncompliance as well as other matters that are required to be reported by the governmental audit requirement in the manner specified by the governmental audit requirement. If the other matters required to be reported by the governmental audit requirement are not appropriate for the auditor to report on, the auditor should follow paragraph .43. (Ref: par. .A38) [Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

Other Reporting Considerations

.38 The auditor should modify the auditor's opinion on compliance in accordance with section 705, *Modifications to the Opinion in the Independent Auditor's Report*, if any of the following conditions exist:

a. The auditor concludes that, based on the audit evidence obtained, material noncompliance with the applicable compliance requirements exists.

b. The auditor is unable to obtain sufficient appropriate audit evidence to conclude whether material noncompliance with the applicable compliance requirements exists.

[Revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122. As amended, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140. Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

.39 When noncompliance results in a modified opinion, the "Basis for Opinion" section, with an appropriately modified heading, should include a description of such noncompliance, or a reference to a description of such noncompliance in an accompanying schedule, and a statement that compliance with such requirements is necessary, in the auditor's opinion, for the entity to comply with the applicable compliance requirements.[10] [Paragraph added, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140. Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

.40 The auditor should modify the report described in paragraphs .34–.35 when the auditor makes reference to the report of another auditor as the basis, in part, for the auditor's report. [Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 148, August 2022.]

[.41] [Paragraph renumbered and deleted by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 148, August 2022.]

.42 The auditor also should communicate to those charged with governance of the auditor's responsibilities under GAAS, *Government Auditing Standards*, and the governmental audit requirement, an overview of the planned scope and timing of the compliance audit, and any significant deficiencies and material weaknesses in internal control over compliance that the auditor identified during the compliance audit.[11,12] (Ref: par. .A39–.A40) [Revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122. Paragraph renumbered and amended, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140. Paragraph subsequently renumbered by the issuance of SAS No. 148, August 2022.]

.43 Printed forms, schedules, or reports designed or adopted by government agencies with which they are to be filed sometimes contain prescribed wording. If a printed form, schedule, or report requires the auditor to make a statement that the auditor has no basis to make, the auditor should accordingly reword the form, schedule, or report or attach an appropriately worded separate report. (Ref: par. .A41) [Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 148, August 2022.]

Documentation (Ref: par. .A42)

.44 The auditor should document

---

[10]Paragraph .21 of section 705, *Modifications to the Opinion in the Independent Auditor's Report*. [Footnote added, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140. Footnote renumbered by the issuance of SAS No. 148, August 2022.]

[11]See section 265, *Communicating Internal Control Related Matters Identified in an Audit*. [Footnote revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122. Footnote renumbered, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 123. Footnote subsequently renumbered by the issuance of SAS No. 125, December 2011. Footnote subsequently [moved and] renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 148, August 2022.]

[12]See section 260, *The Auditor's Communication With Those Charged With Governance*. [Footnote revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122. Footnote renumbered, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 123. Footnote subsequently renumbered by the issuance of SAS No. 125, December 2011. Footnote subsequently renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 148, August 2022.]

a. the risk assessment procedures performed, including those related to obtaining an understanding of internal control over compliance, and[13]

b. the identified and assessed risks of material noncompliance, including risks for which substantive procedures alone cannot provide sufficient appropriate audit evidence, and the rationale for the significant judgments made.

[Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered and amended, effective for compliance audits for fiscal periods ending on or after December 15, 2023, by SAS No. 148.]

.45 The auditor should document the auditor's responses to the assessed risks of material noncompliance, the procedures performed to test compliance with the applicable compliance requirements, and the results of those procedures, including any tests of controls over compliance.[14] [Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 148, August 2022.]

.46 The auditor should document materiality levels and the basis on which they were determined. [Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 148, August 2022.]

.47 The auditor should document how the auditor complied with the specific governmental audit requirements that are supplementary to GAAS and *Government Auditing Standards*. [Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 148, August 2022.]

Reissuance of the Compliance Report (Ref: par. .A43–.A44)

.48 If an auditor reissues the auditor's report, the reissued report should include an other-matter paragraph stating that the report is replacing a previously issued report and describing the reasons why the report is being reissued, and any changes from the previously issued report. If additional procedures are performed to obtain sufficient appropriate audit evidence for all of the government programs being reported on, the auditor's report date should be updated to reflect the date the auditor obtained sufficient appropriate audit evidence regarding the events that caused the auditor to perform the new procedures. If, however, additional procedures are performed to obtain sufficient appropriate audit evidence for only some of the government programs being reported on, the auditor should dual date the report with the updated report date reflecting the

[13] Paragraph .42*a*–*c* of section 315. [Footnote revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122. Footnote renumbered, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 123. Footnote subsequently renumbered by the issuance of SAS No. 125, December 2011. Footnote subsequently renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 148, August 2022.]

[14] Paragraph .30 of section 330. [Footnote revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122. Footnote renumbered, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 123. Footnote subsequently renumbered by the issuance of SAS No. 125, December 2011. Footnote subsequently renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 148, August 2022.]

date the auditor obtained sufficient appropriate audit evidence regarding the government programs affected by the circumstances and referencing the government programs for which additional audit procedures have been performed. Reissuance of an auditor-prepared document required by the governmental audit requirement that is incorporated by reference into the auditor's report is considered to be a reissuance of the report. [Revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122. Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 148, August 2022.]

Application and Other Explanatory Material

Introduction and Applicability

.A1 An example of an engagement to which this section is applicable is an audit performed in accordance with the provisions of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the Uniform Guidance). This section is applicable because the Uniform Guidance is a governmental audit requirement that requires the auditor to perform a compliance audit in accordance with both GAAS and *Government Auditing Standards* and to express an opinion on compliance. Another example is a department specific requirement such as the U.S. Department of Housing and Urban Development *Audit Requirements Related to Entities Such As Public Housing Agencies, Nonprofit and For-Profit Housing Projects, and Certain Lenders*. An example of an engagement to which this section is not applicable is an engagement performed to satisfy a law or regulation requiring the entity to have an auditor determine whether the entity has spent transportation excise tax monies in accordance with the specific purposes outlined in the law or regulation, but not requiring that the audit be performed in accordance with both GAAS and *Government Auditing Standards*. Such an engagement could be performed under AT-C section 315; AT-C section 205; or AT-C section 215, *Agreed-Upon Procedures Engagements*, depending on the requirements of the government.

Law or regulation will not always indicate which standards to follow. In such cases, professional judgment will be needed to determine, based on the circumstances, the appropriate standards to follow. (Ref: par. .01) [Revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122. Revised, April 2017, to reflect conforming changes necessary due to the issuance of SSAE No. 18. As amended, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140.]

.A2 An example of a governmental audit requirement that calls for an examination of an entity's compliance with specified requirements in accordance with AT-C section 315 is the compliance attestation engagement of third-party servicers included in the U.S. Department of Education's audit guide *Guide for Audits of Proprietary Schools and For Compliance Attestation Engagements of Third-Party Servicers Administering Title IV Programs*. (Ref: par. .01 and .03) [Revised, April 2017, to reflect conforming changes necessary due to the issuance of SSAE No. 18. As amended, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140.]

Objectives

.A3 Most governmental audit requirements specify that the auditor's opinion on compliance is at the program level. However, some governmental audit requirements may specify a different level (for example, at the applicable compliance requirement level). (Ref: par. .10) [Revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122.]

Definitions

Governmental Audit Requirement

.A4 Governmental audit requirements also may set forth specific supplementary requirements of the compliance audit (for example, procedures to be performed by the auditor, documentation requirements, the form of reporting, and continuing professional education requirements with which the auditor is required to comply). (Ref: par. .11) [Revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122.]

Adapting and Applying the AU-C Sections to a Compliance Audit (Ref: par. .12)

.A5 AU-C sections often identify audit procedures and contain examples that are specific to a financial statement audit. The auditor is not expected to adapt or apply all such procedures to the compliance audit, only those that, in the auditor's professional judgment, are relevant and necessary to meet the objectives of the compliance audit. [Revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122.]

Establishing Materiality Levels (Ref: par. .13)

.A6 In a compliance audit, the auditor's purpose for establishing materiality levels is to

a. determine the nature and extent of risk assessment procedures.

b. identify and assess the risks of material noncompliance.

c. determine the nature, timing, and extent of further audit procedures.

d. evaluate whether the entity complied with the applicable compliance requirements.

e. report findings of noncompliance and other matters required to be reported by the governmental audit requirement.

.A7 Generally, for all of the purposes identified in paragraph .A6, the auditor's consideration of materiality is in relation to the government program as a whole. However, the governmental audit requirement may specify a different level of materiality for one or more of these purposes. For example, the Uniform Guidance states that the auditor's determination of whether noncompliance is material for the purpose of reporting an audit finding is in relation to a type of compliance requirements identified in the

OMB *Compliance Supplement* (*Compliance Supplement*). (See paragraph .A10 for further information about the *Compliance Supplement*.) [As amended, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140.]

.A8 Because the governmental audit requirement usually is established by the grantors and the auditor's report on compliance is primarily for their use, the auditor's determination of materiality usually is influenced by the needs of the grantors. However, in a compliance audit, the auditor's judgment about matters that are material to users of the auditor's report also is based on consideration of the needs of users as a group, including grantors.

Identifying Government Programs and Applicable Compliance Requirements (Ref: par. .14)

.A9 Some governmental audit requirements specifically identify the applicable compliance requirements. Other governmental audit requirements provide a framework for the auditor to determine the applicable compliance requirements. For example, the *Compliance Supplement* provides such a framework for compliance audits under the Uniform Guidance. [As amended, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140.]

.A10 The following are some of the sources an auditor may consult when identifying and obtaining an understanding of the applicable compliance requirements:

a. The *Compliance Supplement*, which is issued by the OMB, and used in compliance audits under the Uniform Guidance, contains the compliance requirements that typically are applicable to federal government programs, as well as suggested audit procedures when compliance requirements are applicable and have a direct and material effect on the entity's compliance. Part 7 of the *Compliance Supplement* provides guidance for identifying compliance requirements for programs not included therein.

b. The applicable program-specific audit guide issued by the grantor agency, which contains the compliance requirements pertaining to the government program and suggested audit procedures to test for compliance with the applicable compliance requirements.

[As amended, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140.]

.A11 The following are procedures the auditor may perform to identify and obtain an understanding of the applicable compliance requirements if the *Compliance Supplement* or a program-specific audit guide is not applicable:

a. Reading laws, statutes, regulations, rules, and provisions of contracts or grant agreements that pertain to the government program

b. Making inquiries of management and other knowledgeable entity personnel (for example, the chief financial officer, internal auditors, legal counsel, compliance officers, or grant or contract administrators)

c. Making inquiries of appropriate individuals outside the entity, such as

    i. the office of the federal, state, or local program official or auditor, or other appropriate audit oversight organizations or regulators, about the laws and regulations applicable to entities within their jurisdiction, including statutes and uniform reporting requirements

    ii. a third-party specialist, such as an attorney

d. Reading the minutes of meetings of the governing board of the entity being audited

e. Reading audit documentation about the applicable compliance requirements prepared during prior years' audits or other engagements

f. Discussing the applicable compliance requirements with auditors who performed prior years' audits or other engagements

The procedures listed in this paragraph also may assist the auditor in obtaining a further understanding of the applicable compliance requirements even when the *Compliance Supplement* or program-specific audit guide is applicable. [As amended, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140.]

Performing Risk Assessment Procedures (Ref: par. .15–.17)

.A12 Obtaining an understanding of the government program, the applicable compliance requirements, and the entity's internal control over compliance establishes a frame of reference within which the auditor plans the compliance audit and exercises professional judgment about identifying and assessing risks of material noncompliance and responding to those risks throughout the compliance audit. The auditor is also responsible for evaluating the audit evidence obtained from the risk assessment procedures and, as applicable, revising the identification or assessment of risks of material noncompliance.[15] [As amended, effective for compliance audits for fiscal periods ending on or after December 15, 2023, by SAS No. 148.]

.A13 The nature and extent of the risk assessment procedures the auditor performs may vary from entity to entity and are influenced by factors such as the following:

- The newness and complexity of the applicable compliance requirements
- The auditor's knowledge of the entity's internal control over compliance with the applicable compliance requirements obtained in previous audits or other professional engagements

[15]Paragraphs .39 and .41 of section 315. [Footnote added, effective for compliance audits for fiscal periods ending on or after December 15, 2023, by SAS No. 148.]

- The nature of the applicable compliance requirements
- The services provided by the entity and how they are affected by external factors
- The level of oversight by the grantor or pass-through entity
- How management addresses findings

.A14 For purposes of GAAS, the system of internal control consists of the following five interrelated components: the control environment, the entity's risk assessment process, the entity's process to monitor the system of internal control, the information system and communication, and control activities.[16]Section 315 contains a detailed discussion of these components.[17] [Revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122. As amended, effective for compliance audits for fiscal periods ending on or after December 15, 2023, by SAS No. 148.]

.A15 Evaluating whether controls that address risks of material noncompliance are effectively designed, and determining whether those controls have been implemented involves considering whether the identified controls, individually or in combination, are capable of effectively preventing, or detecting and correcting, material noncompliance as well as establishing that the control exists and that the entity is using it.[18] [Paragraph added, effective for compliance audits for fiscal periods ending on or after December 15, 2023, by SAS No. 148.]

.A16 Section 315 includes additional requirements related to control activities related to risks arising from the use of IT that also apply to a compliance audit.[19] [Paragraph added, effective for compliance audits for fiscal periods ending on or after December 15, 2023, by SAS No. 148.]

.A17 The auditor's procedures described in paragraph .17, related to understanding how management has responded to findings and recommendations that could have a material effect on the entity's compliance with the applicable compliance requirements, are performed to assist the auditor in understanding whether management responded appropriately to such findings. Examples of external monitoring include regulatory reviews,

Footnote subsequently renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 148, August 2022.]

[17]Paragraphs .21–.26 and .27*b*–.31 and appendix C, "Understanding the Entity's System of Internal Control," of section 315. [Footnote added to reflect conforming changes necessary due to the issuance of SAS No. 122. Footnote renumbered, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 123. Footnote subsequently renumbered by the issuance of SAS No. 125, December 2011. Footnote subsequently renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered and amended, effective for compliance audits for fiscal periods ending on or after December 15, 2023, by SAS No. 148.]

[18]Paragraph .A105 of section 315. [Footnote added, effective for compliance audits for fiscal periods ending on or after December 15, 2023, by SAS No. 148.]

[19]Paragraphs .28–.29 of section 315. [Footnote added, effective for compliance audits for fiscal periods ending on or after December 15, 2023, by SAS No. 148.]

program reviews by government agencies or pass-through entities, and grantor reviews. Examples of internal monitoring include reports prepared by the internal audit function and internal quality assessments. [Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

Identifying and Assessing the Risks of Material Noncompliance (Ref: par. .18)

.A18 Inherent risk factors and other considerations in identifying and assessing the risks of material noncompliance may include the following:

- Criteria for identifying and assessing risks of material noncompliance identified by the governmental audit requirement as well as related communications from oversight organizations or regulators
- The complexity of the applicable compliance requirements
- The susceptibility of the applicable compliance requirements to noncompliance
- The length of time the entity has been subject to the applicable compliance requirements
- The auditor's observations about how the entity has complied with the applicable compliance requirements in prior years
- The potential effect on the entity of noncompliance with the applicable compliance requirements
- The degree of judgment involved in adhering to the compliance requirements
- The auditor's assessment of the risks of material misstatement in the financial statement audit

[As amended, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140. Paragraph renumbered and amended, effective for compliance audits for fiscal periods ending on or after December 15, 2023, by SAS No. 148.]

.A19 The auditor may find it helpful to consider the relevant application material in section 315, adapted as necessary for a compliance audit, when identifying and assessing the risks of material noncompliance.[20] [As amended, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140. Paragraph renumbered and amended, effective for compliance audits for fiscal periods ending on or after December 15, 2023, by SAS No. 148.]

.A20 Examples of situations in which there may be a risk of material noncompliance that is pervasive to the entity's noncompliance are as follows:

[20] Paragraphs .A235, .A237–.A244, and .A252–.A263 of section 315. [Footnote added, effective for compliance audits for fiscal periods ending on or after December 15, 2023, by SAS No. 148.]

- An entity that is experiencing financial difficulty and for which there is an increased risk that grant funds will be diverted for unauthorized purposes
- An entity that has a history of poor recordkeeping for its government programs

[Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

Performing Further Audit Procedures in Response to Assessed Risks

.A21 Section 330, *Performing Audit Procedures in Response to Assessed Risks and Evaluating the Audit Evidence Obtained*, provides guidance that may be adapted when developing an overall response to the risks of material noncompliance.[21] (Ref: par. .22) [Revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122. Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

.A22 A compliance audit includes designing procedures to detect both intentional and unintentional material noncompliance. The auditor can obtain reasonable, but not absolute, assurance about the entity's compliance because of factors such as the need for judgment, the use of sampling, the inherent limitations of internal control over compliance with applicable compliance requirements, and the fact that much of the evidence available to the auditor is persuasive rather than conclusive in nature. Also, procedures that are effective for detecting noncompliance that is unintentional may be ineffective for detecting noncompliance that is intentional and concealed through collusion between entity personnel and a third party or among management or employees of the entity. Therefore, the subsequent discovery that material noncompliance with applicable compliance requirements exists does not, in and of itself, evidence inadequate planning, performance, or judgment on the part of the auditor. (Ref: par. .23) [Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

.A23 An auditor may decide to use audit sampling to obtain sufficient appropriate audit evidence in a compliance audit. Section 530, *Audit Sampling*, discusses the factors to be considered in planning, designing, and evaluating audit samples, including sampling for tests of controls. In addition, the AICPA Audit Guide Government Auditing Standards *and Single Audits* contains guidance on sampling in the context of a compliance audit. (Ref: par. .23) [Revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122. As amended, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140. Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

.A24 To test for compliance with applicable laws and regulations, tests of details (including tests of transactions) may be performed in the following areas:

---

[21]Paragraphs .A1–.A3 of section 330. [Footnote added, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122. Footnote renumbered, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 123. Footnote subsequently renumbered by the issuance of SAS No. 125, December 2011. Footnote subsequently renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 148, August 2022.]

- Grant disbursements or expenditures
- Eligibility files
- Cost allocation plans
- Periodic reports filed with grantor agencies (Ref: par. .23)

[Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

.A25 The use of substantive analytical procedures to obtain evidence in responding to assessed risks of material noncompliance is generally less effective in a compliance audit than it is in a financial statement audit. However, substantive analytical procedures may contribute some evidence when performed in addition to tests of transactions and other auditing procedures necessary to provide the auditor with sufficient appropriate audit evidence. (Ref: par. .23) [Paragraph renumbered and amended, effective for compliance audits for fiscal periods ending on or after December 15, 2023, by SAS No. 148.]

.A26 Section 330 provides guidance related to designing and performing further audit procedures in response to the assessed risks of material noncompliance.[22] However, the paragraphs in section 330 that address the use of audit evidence about the operating effectiveness of controls obtained in prior audits are not applicable to a compliance audit.[23] (Ref: par. .24) [Revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122. As amended, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140. Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

.A27 Some governmental audit requirements, for example, in the Uniform Guidance, require tests of the operating effectiveness of controls identified as likely to be effective, even if the auditor believes that such testing would be inefficient. (Ref: par. .24) [As amended, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140. Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

Supplementary Audit Requirements

.A28 Examples of supplementary audit requirements are the requirements in the Uniform Guidance for the auditor to

- perform specified procedures to identify major programs.

[22]Paragraphs .06–.12, .15–.18, and .22–.25 of section 330. [Footnote added, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122. Footnote renumbered, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 123. Footnote subsequently renumbered by the issuance of SAS No. 125, December 2011. Footnote subsequently renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 148, August 2022.]

[23]Paragraph .13–.14 of section 330. [Footnote added, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122. Footnote renumbered, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 123. Footnote subsequently renumbered by the issuance of SAS No. 125, December 2011. Footnote subsequently renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 148, August 2022.]

- follow up on prior audit findings and perform procedures to assess the reasonableness of the summary schedule of prior audit findings. (Ref: par. .25)

[As amended, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140. Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

.A29 When there is conflicting guidance, the auditor may decide to consult with the government agency responsible for establishing audit guidance or that provides the funding. (Ref: par. .26) [Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

Written Representations

.A30 In some cases, management may include qualifying language in the written representations to the effect that representations are made to the best of management's knowledge and belief. However, such qualifying language is not appropriate for the representations in paragraph .27*a–b* and .27*l*. (Ref: par. .27) [Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

Subsequent Events

.A31 Two types of subsequent events may occur. The first type consists of events that provide additional evidence with respect to conditions that existed at the end of the reporting period that affect the entity's compliance during the reporting period. The second type consists of events of noncompliance that did not exist at the end of the reporting period but arose subsequent to the reporting period. (Ref: par. .29) [Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

.A32 An example of a matter of noncompliance that may occur subsequent to the period being audited but before the report release date that may warrant disclosure to prevent report users from being misled is the discovery of noncompliance in the subsequent period of such magnitude that it caused the grantor to stop funding the program. (Ref: par. .31) [Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

Evaluating the Sufficiency and Appropriateness of the Audit Evidence and Forming an Opinion (Ref: par. .32–.33)

.A33 In determining whether an entity has materially complied with the applicable compliance requirements, the auditor may consider the following factors:

a. The frequency of noncompliance with the applicable compliance requirements identified during the compliance audit

b. The nature of the noncompliance with the applicable compliance requirements identified

c. The adequacy of the entity's system for monitoring compliance with the applicable compliance requirements and the possible effect of any noncompliance on the entity

d. Whether any identified noncompliance with the applicable compliance requirements resulted in likely questioned costs that are material to the government program

[Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

.A34 The auditor's evaluation of whether the entity materially complied with applicable compliance requirements includes consideration of noncompliance identified by the auditor, regardless of whether the entity corrected the noncompliance after the auditor brought it to management's attention. [Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

Reporting

[.A35] [Paragraph deleted by the issuance of SAS No. 125, December 2011. Paragraph renumbered by the issuance of SAS No. 148, August 2022.][24]

.A36 An appropriate heading for the "Opinion" section indicates the level specified by the governmental audit requirement. For example, an appropriate heading for reports on compliance audits under the Uniform Guidance would be "Opinion on Each Major Federal Program." (Ref: par. .34*d*) [Paragraph added, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140. Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

.A37 Section 220A, *Quality Control for an Engagement Conducted in Accordance With Generally Accepted Auditing Standards*, requires that, on or before the date of the auditor's report, the engagement partner, through a review of the audit documentation and discussion with the engagement team, be satisfied that sufficient appropriate audit evidence has been obtained to support the conclusions reached and for the auditor's report to be issued.[25] When an engagement quality control review is performed, section 220A requires that the auditor's report not be released prior to the completion of the engagement quality control review.[26] (Ref: par. .34*m*) [Paragraph added, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140. Paragraph renumbered by the issuance of SAS No. 148, August 2022.]

.A38 If the report is a matter of public record or available for public inspection, removing personally identifiable information in the compliance audit report and findings of noncompliance will reduce the likelihood of sensitive information being disclosed. (Ref: par. .34*k–m* and .37) [Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 148, August 2022.]

---

[24][Footnote deleted by the issuance of SAS No. 125, December 2011. Footnote subsequently renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 148, August 2022.]

[25]See paragraph .19 of section 220A, *Quality Control for an Engagement Conducted in Accordance With Generally Accepted Auditing Standards*, for further discussion. [Footnote added, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140. Footnote renumbered by the issuance of SAS No. 148, August 2022.]

[26]Paragraph .21 of section 220A. [Footnote added, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140. Footnote renumbered by the issuance of SAS No. 148, August 2022.]

.A39 *Government Auditing Standards* also requires the auditor to obtain and report views of responsible officials concerning the findings, conclusions, and recommendations included in the auditor's report as well as any planned corrective actions.[27] (Ref: par. .42) [Paragraph renumbered and amended, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140. Paragraph subsequently renumbered by the issuance of SAS No. 148, August 2022.]

.A40 If views of responsible officials are included in the auditor's report or in an auditor-prepared document required by a governmental audit requirement that is incorporated by reference in the auditor's report, the auditor may add a paragraph to the auditor's written communication disclaiming an opinion on management's response. Following is an example of such a paragraph: (Ref: par. .42)

> *Government Auditing Standards* requires the auditor to perform limited procedures on Example Entity's response, described in the accompanying [*insert name of document*], to the [*insert type of findings, such as noncompliance or internal control over compliance*] findings identified in our compliance audit. Example Entity's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

[Paragraph renumbered and amended, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140. Paragraph subsequently renumbered by the issuance of SAS No. 148, August 2022.]

.A41 If the auditor is submitting a reworded form, schedule, or report or appropriately worded separate report, the auditor may include a separate communication to the agency explaining why the auditor's report was modified. (Ref: par. .43) [Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 148, August 2022.]

Documentation (Ref: par. .12 and .44–.47)

.A42 The auditor is not expected to prepare specific documentation of how the auditor adapted and applied each of the applicable AU-C sections to the objectives of a compliance audit. The documentation of the audit strategy, audit plan, and work performed cumulatively demonstrate whether the auditor has complied with the requirement in paragraph .12. [Revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122. Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 148, August 2022.]

[27] See the "Reporting Views of Responsible Officials" section of *Government Auditing Standards*. [Footnote renumbered and revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122. Footnote renumbered, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 123. Footnote subsequently renumbered by the issuance of SAS No. 125, December 2011. Footnote renumbered and amended, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140. Footnote subsequently renumbered, August 2022, to reflect conforming changes necessary due to the issuance of SAS No. 148]

Reissuance of the Compliance Report (Ref: par. .48)

.A43 The following are examples of situations in which the auditor might reissue the compliance report:

- A quality control review performed by a governmental agency indicates that the auditor did not test an applicable compliance requirement.
- The discovery subsequent to the date of the compliance report that the entity had another government program that was required to be tested.

[Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 148, August 2022.]

.A44 An example of an auditor-prepared document required by a governmental audit requirement that is incorporated by reference in the auditor's report is the schedule of findings and questioned costs in a compliance audit under the Uniform Guidance. [Paragraph renumbered and amended, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140. Paragraph subsequently renumbered by the issuance of SAS No. 148, August 2022.]

Appendix — AU-C Sections That Are Not Applicable to Compliance Audits[1]

.A45 The following AU-C sections and individually enumerated requirement paragraphs of specific AU-C sections are not applicable to a compliance audit performed under this section either because (*a*) they are not relevant to a compliance audit environment, (*b*) the procedures and guidance would not contribute to meeting the objectives of a compliance audit, or (*c*) the subject matter is specifically covered in this section. Where the table in this appendix specifies individual requirement paragraphs rather than an entire AU-C section, the application and other explanatory material paragraphs related to such requirement paragraphs also do not apply. However, an auditor may apply these AU-C sections and paragraphs if the auditor believes doing so will provide appropriate audit evidence in the specific circumstances to support the auditor's opinion on compliance.

[1][Footnote deleted, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122.]

AU-C Section	Paragraphs Not Applicable to Compliance Audits
210A, *Terms of Engagement*	Paragraphs .06*a* and .08*a*
240, *Consideration of Fraud in a Financial Statement Audit*	Paragraphs .26 and .32*b*
250, *Consideration of Laws and Regulations in an Audit of Financial Statements*	All
315, *Understanding the Entity and Its Environment and Assessing the Risks of Material Misstatement*	Paragraphs .19*b*, .20, .27*a*, .32–.38, .40, and .42*d*
330, *Performing Audit Procedures in Response to Assessed Risks and Evaluating the Audit Evidence Obtained*	Paragraphs .13–.15, .18–.22, .26, and .31–.32
501, *Audit Evidence — Specific Considerations for Selected Items*	All except paragraph .27*
505, *External Confirmations*	All
510, *Opening Balances — Initial Audit Engagements, Including Reaudit Engagements*	Paragraphs .06, .08–.13, and .15–.17
540A, *Auditing Accounting Estimates, Including Fair Value Accounting Estimates, and Related Disclosures*	All
550, *Related Parties*	All
560, *Subsequent Events and Subsequently Discovered Facts*	Paragraphs .09–.11 and .19–.20
570, *The Auditor's Consideration of an Entity's Ability to Continue as a Going Concern*	All
600A, *Special Considerations — Audits of Group Financial Statements (Including the Work of Component Auditors)*	Paragraphs .26, .39, .41*c*, .41*d*, .55, and .56*c*
700, *Forming an Opinion and Reporting on Financial Statements*	Paragraphs .13–.17, .21–.44, and .45–.61
701, *Communicating Key Audit Matters in the Independent Auditor's Report*	All
703, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA*	All
705, *Modifications to the Opinion in the Independent Auditor's Report*	Paragraphs .18–.20
706, *Emphasis-of-Matter Paragraphs and Other-Matter Paragraphs in the Independent Auditor's Report*	Paragraphs .06–.07
708, *Consistency of Financial Statements*	All
720, *The Auditor's Responsibilities Relating to Other Information Included in Annual Reports*	All
725, *Supplementary Information in Relation to the Financial Statements as a Whole*	All
730, *Required Supplementary Information*	All
800, *Special Considerations — Audits of Financial Statements Prepared in Accordance With Special Purpose Frameworks*	All
805, *Special Considerations — Audits of Single Financial Statements and Specific Elements, Accounts, or Items of a Financial Statement*	All

AU-C Section	Paragraphs Not Applicable to Compliance Audits
806, *Reporting on Compliance With Aspects of Contractual Agreements or Regulatory Requirements in Connection With Audited Financial Statements*	All
810, *Engagements to Report on Summary Financial Statements*	All
910, *Financial Statements Prepared in Accordance With a Financial Reporting Framework Generally Accepted in Another Country*	All
915, *Reports on Application of Requirements of an Applicable Financial Reporting Framework*	All
920, *Letters for Underwriters and Certain Other Requesting Parties*	All
925, *Filings With the U.S. Securities and Exchange Commission Under the Securities Act of 1933*	All
930, *Interim Financial Information*	All
940, *An Audit of Internal Control Over Financial Reporting That Is Integrated With an Audit of Financial Statements*	All
945, *Auditor Involvement With Exempt Offering Documents*	All
* SAS No. 142, *Audit Evidence* (sec. 500), amended section 501, *Audit Evidence — Specific Considerations for Selected Items*, to add paragraph .27 to section 501. That amendment is effective for audits of financial statements for periods ending on or after December 15, 2022. Consequently, the amendment relating to section 501 in this appendix becomes effective for compliance audits for fiscal periods ending on or after December 15, 2022, to align with the effective date of SAS No. 142. All other revisions to this appendix become effective for compliance audits for fiscal periods ending on or after December 15, 2023.	

[Revised, January 2011, to reflect conforming changes necessary due to the issuance of SAS Nos. 118–120. Revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS Nos. 122 and 123. Revised, August 2012, to reflect conforming changes necessary due to the issuance of SAS No. 126. As amended, effective for audits for periods ending on or after December 15, 2016, by SAS No. 130; Revised, July 2017, to reflect conforming changes necessary due to the issuance of SAS No. 131. Revised, December 2021, to reflect conforming changes necessary due to the issuance of SAS No. 137. Paragraph renumbered and amended, effective for compliance audits for fiscal periods ending on or after December 15, 2022, by SAS No. 148.]

Exhibit — Illustrative Combined Report on Compliance With Applicable Requirements and Internal Control Over Compliance — *(Unmodified Opinion on Compliance, No Material Weaknesses or Significant Deficiencies in Internal Control Over Compliance Identified)*

.A46 The following is an illustrative combined report on compliance with applicable requirements and internal control over compliance that contains the elements in paragraph .34. This illustrative report contains an unmodified opinion on compliance with no material weaknesses or significant deficiencies in internal control over compliance identified. The AICPA Audit Guide Government Auditing Standards *and Single Audits* contains illustrative language for other types of reports, including reports containing qualified or adverse opinions on compliance with either material weaknesses in internal control over compliance, significant deficiencies in internal control over compliance, or both identified.

<u>Independent Auditor's Report</u>

[*Addressee*]

Report on Compliance

Opinion on [*indicate the reporting level pursuant to governmental audit requirement*]

We have audited Example Entity's compliance with the [*identify the applicable compliance requirements or refer to the document that describes the applicable compliance requirements*] applicable to Example Entity's [*identify the government program(s) audited or refer to a separate schedule that identifies the program(s)*] for the year ended June 30, 20X1.

In our opinion, Example Entity complied, in all material respects, with the compliance requirements referred to above that are applicable to [*indicate the reporting level pursuant to governmental audit requirement*] for the year ended June 30, 20X1.

Basis for Opinion

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*[1] (*Government Auditing Standards*) issued by the Comptroller General of the United States; and [*insert the name of the governmental audit requirement or program-specific audit guide*]. Our responsibilities under those standards and [*insert the name of the governmental audit requirement or program-specific audit guide*] are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Example Entity and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. Our audit does not provide a legal determination of Example Entity's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Example Entity's government programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Example Entity's compliance based on our audit.

[1][Footnote deleted by the issuance of SAS No. 140, April 2020.]

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and [*insert the name of the governmental audit requirement or program-specific audit guide*] will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Example Entity's compliance with the requirements of the government program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and [*insert the name of the governmental audit requirement or program-specific audit guide*], we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Example Entity's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Example Entity's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with [*insert the name of the governmental audit requirement or program-specific audit guide*], but not for the purpose of expressing an opinion on the effectiveness of Example Entity's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance on a timely basis. A *material weakness* in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a compliance requirement will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the [*insert the name of the governmental audit requirement or program-specific audit guide*]. Accordingly, this report is not suitable for any other purpose.

[*Signature of the auditor's firm*]

[*City and state where the auditor's report is issued*]

[*Date of the auditor's report*]

[Revised, October 2011, to reflect conforming changes necessary due to the issuance of SAS No. 122. Revised, April 2013, to reflect conforming changes necessary due to the issuance of SAS No. 125. Paragraph renumbered and amended, effective for compliance audits for fiscal periods ending on or after December 15, 2021, by SAS No. 140. Paragraph subsequently renumbered and amended, effective for compliance audits for fiscal periods ending on or after December 15, 2023, by SAS No. 148.]

AU-C Section 940

An Audit of Internal Control Over Financial Reporting That Is Integrated With an Audit of Financial Statements

Source: SAS No. 130; SAS No. 135; SAS No. 140; SAS No. 145.

Effective for integrated audits for periods ending on or after December 15, 2016, unless otherwise indicated.

Note

In June 2022, the ASB issued SAS No. 146, *Quality Management for an Engagement Conducted in Accordance With Generally Accepted Auditing Standards*, which contains amendments to this section.

The amendments are effective for engagements conducted in accordance with generally accepted auditing standards for periods beginning on or after December 15, 2025, and can be viewed in the appendix of section 220 until the effective date, when they will be applied to this section.

In March 2023, the ASB issued SAS No. 149, *Special Considerations — Audits of Group Financial Statements (Including the Work of Component Auditors and Audits of Referred-to Auditors)*, which contains amendments to this section.

The amendments are effective for integrated audits for periods ending on or after December 15, 2026, and can be viewed in appendix C of section 600 until the effective date, when they will be applied to this section.

Introduction

Scope of This Section

.01 This section establishes requirements and provides guidance that applies only when an auditor is engaged to perform an audit of internal control over financial reporting (ICFR) that is integrated with an audit of financial statements (*integrated audit*). (Ref: par. .A1)

.02 Generally accepted auditing standards (GAAS) are written in the context of an audit of financial statements but are to be adapted as necessary in the circumstances when applied to an audit of ICFR that is integrated with an audit of financial statements.[1] This section includes special considerations related to performing an integrated audit.

Effective Date

.03 This section is effective for integrated audits for periods ending on or after December 15, 2016.

Objectives

.04 The objectives of the auditor in an audit of ICFR are to

a. obtain reasonable assurance about whether material weaknesses exist as of the date specified in management's assessment about the effectiveness of ICFR (*as of date*) and

b. express an opinion on the effectiveness of ICFR in a written report, and communicate with management and those charged with governance as required by this section, based on the auditor's findings. (Ref: par. .A2–.A4)

Definitions

.05 For purposes of GAAS, the following terms have the meanings attributed as follows:

Audit of ICFR. An audit of the design and operating effectiveness of an entity's ICFR.

Control objective. The aim or purpose of specified controls. Control objectives address the risks that the controls are intended to mitigate. In the context of ICFR, a control objective generally relates to a relevant assertion for a significant class of transactions, account balance, or disclosure and addresses the risk that the controls in a specific area will not provide reasonable assurance that a misstatement or omission in that relevant assertion is prevented, or detected and corrected, on a timely basis.

Criteria. The benchmarks used to measure or evaluate the subject matter. (Ref: par. .A5)

Detective control. A control that has the objective of detecting and correcting errors or fraud that have already occurred that could result in a misstatement of the financial statements.

Internal control over financial reporting (ICFR). A process effected by those charged with governance, management, and other personnel, designed to provide reasonable assurance regarding the preparation of reliable financial statements in accordance with the applicable financial reporting framework and includes those policies and procedures that

[1] Paragraph .02 of section 200, *Overall Objectives of the Independent Auditor and the Conduct of an Audit in Accordance With Generally Accepted Auditing Standards*.

i. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the entity;

ii. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with the applicable financial reporting framework, and that receipts and expenditures of the entity are being made only in accordance with authorizations of management and those charged with governance; and

iii. provide reasonable assurance regarding prevention, or timely detection and correction of unauthorized acquisition, use, or disposition of the entity's assets that could have a material effect on the financial statements.

ICFR has inherent limitations. ICFR is a process that involves human diligence and compliance and is subject to lapses in judgment and breakdowns resulting from human failures. ICFR also can be circumvented by collusion or improper management override. Because of such limitations, there is a risk that material misstatements will not be prevented, or detected and corrected, on a timely basis by ICFR. (Ref: par. .A7–.A8)

Management's assessment about ICFR. Management's conclusion about the effectiveness of the entity's ICFR, based on suitable and available criteria. Management's assessment is included in management's report on ICFR. (Ref: par. .A9)

Preventive control. A control that has the objective of preventing errors or fraud that could result in a misstatement of the financial statements.

Requirements

Preconditions for the Audit of ICFR

.06 Section 210A, *Terms of Engagement*, requires the auditor to establish whether the preconditions for an audit are present.[2] In an audit of ICFR, the auditor should

a. obtain the agreement of management that it acknowledges and understands its responsibility for

   i. designing, implementing, and maintaining effective ICFR.

   ii. evaluating the effectiveness of the entity's ICFR using suitable and available criteria.

   iii. providing management's assessment about ICFR in a report that accompanies the auditor's report (see paragraph .55).

   iv. supporting its assessment about the effectiveness of the entity's ICFR with sufficient evaluations and documentation.

   v. providing the auditor with

[2]Paragraph .06 of section 210A, *Terms of Engagement*.

1. access to all information of which management is aware that is relevant to management's assessment of ICFR, such as records, documentation, and other matters;
2. additional information that the auditor may request from management for the purpose of the audit of ICFR; and
3. unrestricted access to persons within the entity from whom the auditor determines it necessary to obtain audit evidence. (Ref: par. .A10–.A13)

b. determine that the as of date corresponds to the balance sheet date (or period ending date) of the period covered by the financial statements. (Ref: par. .A14)

.07 The auditor should evaluate the effectiveness of the entity's ICFR using the same suitable and available criteria used by management for its assessment. (Ref: par. .A15–.A18)

Requesting a Written Assessment

.08 In accordance with paragraph .06*a*(iii), the auditor should request from management a written assessment about the effectiveness of the entity's ICFR. Management's refusal to provide a written assessment represents a scope limitation, and the auditor should apply the requirements in paragraphs .74–.77.

Integrating the Audit of ICFR With the Financial Statement Audit

.09 Although the objectives of an audit of ICFR and an audit of financial statements are not the same, the auditor should plan and perform the integrated audit to achieve their respective objectives simultaneously. The auditor should design tests of controls

a. to obtain sufficient appropriate audit evidence to support the auditor's opinion on ICFR as of the date specified in management's assessment about ICFR and

b. to obtain sufficient appropriate audit evidence to support the auditor's control risk assessments for purposes of the audit of financial statements. (Ref: par. .A19–.A20)

.10 If the auditor is engaged to audit the effectiveness of an entity's ICFR for a period of time, the requirements and guidance in this section should be modified accordingly, and the auditor should integrate the audit of ICFR with an audit of financial statements covering the same period of time.

.11 The auditor should consider the effect of the results of the financial statement auditing procedures on the auditor's risk assessments and the testing necessary to conclude on the operating effectiveness of a control.

.12 If, during the audit of ICFR, the auditor identifies a deficiency in ICFR, the auditor should determine the effect of the deficiency, if any, on the nature, timing, and extent of substantive procedures to be performed to reduce audit risk in the audit of the financial statements to an acceptably low level. See paragraphs .52–.54 for requirements on evaluating the effects of findings, including those from the financial statement audit, when forming an opinion on the effectiveness of ICFR.

.13 When concluding on the effectiveness of controls for the purpose of the financial statement audit, the auditor should evaluate the results of any additional tests of controls performed by the auditor to achieve the objective related to expressing an opinion on the entity's ICFR. (Ref: par. .A21)

Planning the Audit of ICFR

.14 In accordance with section 300, *Planning an Audit*, the auditor should establish an overall audit strategy that sets the scope, timing, and direction of the audit of ICFR and that guides the development of the audit plan.[3] (Ref: par. .A22)

Role of Risk Assessment

.15 The auditor should focus more attention on areas of higher risk. A direct relationship exists between the degree of risk that a material weakness could exist in a particular area of the entity's ICFR and the amount of attention that would be devoted to that area. In addition, an entity's ICFR is less likely to prevent, or detect and correct, a misstatement caused by fraud than a misstatement caused by error. It is not necessary to test controls that, even if deficient, would not present a reasonable possibility of material misstatement to the financial statements. (Ref: par. .A23–.A25)

Addressing the Risk of Fraud

.16 The auditor should evaluate whether the entity's controls sufficiently address identified risks of material misstatement due to fraud and the risk of management override of other controls. (Ref: par. .A26)

.17 Section 240, *Consideration of Fraud in a Financial Statement Audit*, requires the auditor to consider whether other information obtained by the auditor indicates risks of material misstatement due to fraud.[4] If the auditor identifies deficiencies in controls designed to prevent, or detect and correct, misstatements caused by fraud during the audit of ICFR, the auditor should take into account those deficiencies when developing the response to risks of material misstatement during the financial statement audit.[5]

Using the Work of Internal Auditors or Others

.18 The external auditor should obtain an understanding of the work of the internal audit function and others sufficient to identify those activities related to the effectiveness of ICFR that are relevant to planning and performing the audit of ICFR. (Ref: par. .A27)

.19 The external auditor should evaluate the extent to which the external auditor will use the work of internal auditors or others to modify the nature or timing, or reduce the extent,

---

[3]Paragraph .07 of section 300, *Planning an Audit*.

[4]Paragraph .23 of section 240, *Consideration of Fraud in a Financial Statement Audit*.

[5]See paragraphs .28–.33 of section 240.

of audit procedures to be performed directly by the external auditor. When using the work of internal auditors, section 610, *Using the Work of Internal Auditors*, is applicable. When the external auditor plans to use the work of others in obtaining audit evidence or to provide direct assistance in the audit of ICFR, the external auditor should apply the requirements in section 610 as if others were internal auditors. (Ref: par. .A28–.A31)

Materiality

.20 The auditor should use the same materiality for planning and performing the audit of ICFR and the financial statement audit. (Ref: par. .A32)

Using a Top-Down Approach

.21 The auditor should use a top-down approach to the audit of ICFR to select the controls to test. (Ref: par. .A33–.A34)

Entity-Level Controls

.22 The auditor should identify and test those entity-level controls that are important to the auditor's conclusion about whether the entity has effective ICFR. (Ref: par. .A35–.A38)

Evaluating the Components of ICFR

.23 In an integrated audit, the auditor should evaluate the components of ICFR and determine whether

a. the components are present and functioning in the design, implementation, and operation of ICFR, and

b. the components are operating together in an integrated manner to achieve the entity's financial reporting objectives. (Ref: par. .A39–.A49)

Period-End Financial Reporting Process

.24 Because of its importance to financial reporting and to the integrated audit, the auditor should evaluate the period-end financial reporting process, which includes the following:

a. Procedures used to enter transaction totals into the general ledger

b. Procedures related to the selection and application of accounting policies

c. Procedures used to initiate, authorize, record, and process journal entries in the general ledger

d. Procedures used to record recurring and nonrecurring adjustments to the financial statements

e. Procedures for preparing financial statements (Ref: par. .A50)

.25 As part of evaluating the period-end financial reporting process, the auditor should assess

a. the inputs, procedures performed, and outputs of the processes the entity uses to produce its financial statements;

b. the extent of IT involvement in the period-end financial reporting process;

c. who participates from management;

d. the locations involved in the period-end financial reporting process;

e. the types of adjusting and consolidating entries; and

f. the nature and extent of the oversight of the process by management and those charged with governance.

Identifying Significant Classes of Transactions, Account Balances, and Disclosures, and Their Relative Assertions

.26 The auditor should identify significant classes of transactions, account balances, and disclosures, and their relevant assertions. To identify significant classes of transactions, account balances, and disclosures, and their relevant assertions, the auditor should evaluate the inherent risk factors[6] related to the financial statement line items and disclosures. (Ref: par. .A51–.A53) [As amended, effective for integrated audits for periods ending on or after December 15, 2023, by SAS No. 145.]

.27 As part of identifying significant classes of transactions, account balances, and disclosures, and their relevant assertions, the auditor should determine the likely sources of potential misstatements that would cause the financial statements to be materially misstated. (Ref: par. .A54–.A55)

.28 When an entity has components, the auditor should identify significant classes of transactions, account balances, and disclosures, and their relevant assertions, based on the group financial statements. (Ref: par. .A56)

Understanding Likely Sources of Misstatement

.29 To further understand the likely sources of potential misstatements, and as a part of selecting the controls to test, the auditor should

a. understand the flow of transactions related to the relevant assertions, including how these transactions are initiated, authorized, recorded, processed, and reported.

b. identify the points within the entity's processes at which a misstatement, including a misstatement due to fraud, could arise that, individually or in combination with other misstatements, would be material (for example, points at which information is initiated, transferred, or otherwise modified).

[6]See paragraph .12 of SAS No. 145, *Understanding the Entity and Its Environment and Assessing the Risks of Material Misstatement*. [Footnote added, effective for integrated audits for periods ending on or after December 15, 2023, by SAS No. 145.]

c. identify the controls that management has implemented to address these potential misstatements.

d. identify the controls that management has implemented over the prevention, or timely detection and correction, of unauthorized acquisition, use, or disposition of the entity's assets that could have a material effect on the financial statements. (Ref: par. .A57–.A58)

.30 Because of the degree of judgment necessary, the auditor should either directly perform the procedures that achieve the requirements in paragraph .29 or supervise the work of the internal auditors or others who provide direct assistance to the auditor.

.31 The auditor should understand how IT affects the entity's flow of transactions and, as required by section 315, *Understanding the Entity and Its Environment and Assessing the Risks of Material Misstatement*, the entity's general IT controls that address the risks arising from the use of IT.[7] (Ref: par. .A59) [As amended, effective for integrated audits for periods ending on or after December 15, 2023, by SAS No. 145.]

Selecting Controls to Test

.32 The auditor should identify and test those controls that are important to the auditor's conclusion about whether the entity's controls sufficiently address the assessed risk of material misstatement to each relevant assertion. (Ref: par. .A60–.A61)

Testing Controls

Evaluating Design Effectiveness

.33 The auditor should evaluate the design effectiveness of controls by determining whether the entity's controls, if operated as prescribed by persons possessing the necessary authority and competence to perform them effectively, satisfy the entity's control objectives, and can effectively prevent, or detect and correct, misstatements caused by errors or fraud that could result in material misstatements in the financial statements. (Ref: par. .A62–.A63)

Testing Operating Effectiveness

.34 The auditor should test the operating effectiveness of a control by determining whether the control is operating as designed and whether the person performing the control possesses the necessary authority and competence to perform the control effectively. (Ref: par. .A64–.A65)

Relationship of Risk to the Evidence to Be Obtained

.35 As the risk associated with the control being tested increases, the sufficiency and appropriateness of evidence that the auditor obtains should also increase. (Ref: par. .A66–.A69)

---

[7]Paragraph .26*c* of SAS No. 145. [Footnote renumbered and amended, effective for integrated audits for periods ending on or after December 15, 2023, by SAS No. 145.]

.36 The auditor should obtain evidence about the effectiveness of selected controls for each relevant assertion. The auditor is not responsible for obtaining sufficient appropriate audit evidence to support an opinion about the effectiveness of each individual control. (Ref: par. .A70–.A76)

.37 To obtain evidence about whether a selected control is effective, the auditor should test the control.

.38 When the auditor identifies control deviations, the auditor should determine the effect of the deviations on the auditor's assessment of the risk associated with the control being tested and the evidence to be obtained, as well as on the operating effectiveness of the control. (Ref: par. .A77)

Timing and Extent of Tests of Controls

.39 To express an opinion on ICFR as of a point in time, the auditor should obtain evidence that ICFR has operated effectively for a sufficient period of time, which may be less than the entire period (ordinarily one year) covered by the entity's financial statements. The auditor should balance performing the tests of controls closer to the as of date with the need to test controls over a sufficient period of time to obtain sufficient appropriate audit evidence of operating effectiveness. (Ref: par. .A78–.A81)

Rollforward Procedures

.40 When the auditor reports on the effectiveness of controls as of a specific date and obtains evidence about the operating effectiveness of controls at an interim date, the auditor should determine what additional evidence concerning the operation of the controls for the remaining period is necessary. (Ref: par. .A82–.A83)

Special Considerations for Subsequent Years' Audits

.41 In subsequent years' audits, the auditor should incorporate knowledge obtained during past audits performed by the auditor of the entity's ICFR into the decision-making process for determining the nature, timing, and extent of testing necessary. (Ref: par. .A84–.A86)

.42 The auditor should vary the nature, timing, and extent of testing of controls from period to period to introduce unpredictability into the testing and respond to changes in circumstances. (Ref: par. .A87)

Identifying Deficiencies in ICFR

.43 The auditor should determine whether, on the basis of the audit work performed, the auditor has identified one or more deficiencies in ICFR. (Ref: par. .A88)

Determination of Whether Material Weaknesses Exist as of the Date Specified in Management's Assessment About ICFR

.44 For purposes of forming an opinion on the effectiveness of ICFR, the auditor should evaluate the severity of each deficiency in ICFR to determine whether the deficiency, individually or in combination, is a material weakness as of the date specified in management's assessment about ICFR. In performing such evaluation, the auditor should determine whether deficiencies that affect the same significant class of transactions, account balance, or disclosure; relevant assertion; or component of ICFR, collectively result in a material weakness. (Ref: par. .A89–.A95)

.45 The auditor should evaluate the effect of compensating controls when determining whether a deficiency, or combination of deficiencies, in ICFR is a material weakness as of the date specified in management's assessment about ICFR. The auditor should test the operating effectiveness of such compensating controls to determine whether they operate at a level of precision that would prevent, or detect and correct, a material misstatement. (Ref: par. .A96)

.46 If the auditor initially determines that a deficiency, or a combination of deficiencies, in ICFR is not a material weakness, the auditor should consider whether prudent officials, having knowledge of the same facts and circumstances, would likely reach the same conclusion. (Ref: par. .A97)

Determination of Whether Significant Deficiencies Exist During the Integrated Audit

.47 The auditor should evaluate the severity of each deficiency in ICFR to determine whether the deficiency, individually or in combination, is a significant deficiency. In performing such evaluation, the auditor should determine whether deficiencies that affect the same significant class of transactions, account balance, or disclosure; relevant assertion; or component of ICFR collectively result in a significant deficiency. (Ref: par. .A98–.A99)

Subsequent Events

.48 The auditor should inquire of management and, when appropriate, those charged with governance, about whether there were any changes in ICFR or conditions that might significantly affect ICFR subsequent to the as of date but before the date of the auditor's report. To obtain additional information about changes in ICFR or other conditions that might significantly affect the effectiveness of the entity's ICFR, the auditor should inquire about and read, for this subsequent period, the following: (Ref: par. .A100)

a. Relevant internal audit (or similar functions, such as loan review in a financial institution) reports issued during the subsequent period

b. Reports regarding deficiencies issued by other independent auditors

c. Regulatory agency reports on the entity's ICFR

d. Information about the effectiveness of the entity's ICFR obtained through other engagements performed for the entity by the auditor

.49 If, as a result of the subsequent events procedures, the auditor obtains knowledge about a material weakness that existed as of the date specified in management's assessment about ICFR, the auditor should issue an adverse opinion, as required by paragraph .68. The auditor should also follow paragraph .72 if management's assessment about ICFR states that ICFR is effective. If the auditor is unable to determine the effect of the subsequent event on the effectiveness of the entity's ICFR as of the date specified in management's assessment about ICFR, the auditor should disclaim an opinion. The auditor should disclaim an opinion on management's disclosures about corrective actions taken by the entity, if any. (Ref: par. .A101)

.50 If the auditor obtains knowledge about conditions that did not exist at the as of date but arose subsequent to that date and before the release of the auditor's report and such subsequent information has a material effect on the entity's ICFR, the auditor should include in the auditor's report an emphasis-of-matter paragraph directing the reader's attention to the subsequently discovered fact and its effects as disclosed in management's report or an other-matter paragraph describing the subsequently discovered fact and its effects. (Ref: par. .A102)

.51 The auditor has no responsibility to keep informed of events subsequent to the date of the auditor's report; however, the auditor should respond appropriately to facts that become known to the auditor after the date of the auditor's report that, had they been known to the auditor at that date, may have caused the auditor to revise the auditor's report.

Concluding Procedures

Forming an Opinion

.52 The auditor should form an opinion on the effectiveness of ICFR by evaluating evidence obtained from all sources, including

a. the auditor's testing of controls for the ICFR audit,

b. any additional tests of controls performed to achieve the objective related to expressing an opinion on the financial statements,

c. misstatements detected during the financial statement audit, and

d. any identified deficiencies.

.53 As part of evaluating evidence obtained from all sources, the auditor should review reports issued during the year by the internal audit function (or similar functions) that address controls related to ICFR and evaluate deficiencies identified in those reports.

.54 In addition to evaluating the findings from the auditor's testing of controls for the audit of ICFR, the auditor should evaluate the effect of the findings of the substantive procedures performed in the audit of financial statements on the effectiveness of ICFR. This evaluation should include, at a minimum,

a. the risk assessments in connection with the selection and application of substantive procedures, especially those related to fraud;

b. findings with respect to noncompliance with laws and regulations;

c. findings with respect to related party transactions and complex or unusual transactions;

d. indications of management bias in making accounting estimates and selecting accounting principles; and

e. the nature and extent of misstatements detected by substantive procedures.

.55 After forming an opinion on the effectiveness of the entity's ICFR, the auditor should evaluate management's report, which will accompany the auditor's report, to determine whether it contains the following:

a. A statement regarding management's responsibility for ICFR

b. A description of the subject matter of the audit (for example, controls over the preparation of the entity's financial statements in accordance with accounting principles generally accepted in the United States of America)

c. An identification of the criteria against which ICFR is measured

d. Management's assessment about ICFR

e. A description of the material weakness(es), if any

f. The date as of which management's assessment about ICFR is made

.56 If the auditor determines that any required element of management's report is incomplete or improperly presented, the auditor should request management to revise its report. (Ref: par. .A103)

Obtaining Written Representations

.57 In an audit of ICFR, the auditor should obtain written representations from management

a. acknowledging management's responsibility for designing, implementing, and maintaining effective ICFR;

b. stating that management has performed an assessment of the effectiveness of the entity's ICFR and specifying the criteria;

c. stating that management did not use the auditor's procedures performed during the integrated audit as part of the basis for management's assessment about ICFR;

d. stating management's assessment about the effectiveness of the entity's ICFR based on the criteria as of a specified date;

e. stating that management has disclosed to the auditor all deficiencies in the design or operation of ICFR, including separately disclosing to the auditor all such deficiencies that it believes to be significant deficiencies or material weaknesses;

f. describing any fraud resulting in a material misstatement to the entity's financial statements and any other fraud that does not result in a material misstatement to the entity's financial statements, but involves senior management or management or other employees who have a significant role in the entity's ICFR;

g. stating whether the significant deficiencies and material weaknesses identified and communicated to management and those charged with governance during previous engagements pursuant to paragraph .59 have been resolved and specifically identifying any that have not; and

h. stating whether there were, subsequent to the date being reported on, any changes in ICFR or other conditions that might significantly affect ICFR, including any corrective actions taken by management with regard to significant deficiencies and material weaknesses (Ref: par. .A104)

[As amended, effective for integrated audits for periods ending on or after December 15, 2023, by SAS No. 145.]

.58 If management does not provide the written representations required by paragraph .57, the auditor should apply the requirements in paragraph .73. (Ref: par. .A105)

Communicating ICFR-Related Matters

.59 The auditor should communicate in writing to management and those charged with governance significant deficiencies and material weaknesses identified during the integrated audit, including those that were remediated during the integrated audit and those that were previously communicated but have not yet been remediated. (Ref: par. .A106–.A108)

.60 If the auditor concludes that the oversight of the entity's financial reporting and ICFR by the audit committee (or similar subgroups with different names) is ineffective, the auditor should communicate that conclusion in writing to the board of directors or other similar governing body.

.61 The written communications referred to in paragraphs .59–.60 should be made by the report release date, which is the date the auditor grants the entity permission to use the auditor's report. For a governmental entity, if such written communications would be publicly available prior to management's report on ICFR, the entity's financial statements, and the auditor's report thereon, the auditor is not required to make the written communications by the report release date. In that circumstance, the written communications should be made as soon as practicable, but no later than 60 days following the report release date. (Ref: par. .A109–.A110)

.62 The auditor should communicate in writing to management all deficiencies identified during the integrated audit on a timely basis, but no later than 60 days following the report release date, and inform those charged with governance when such a communication was or is expected to be made. In making the written communication referred to in this paragraph, the auditor is not required to communicate those deficiencies that are not material weaknesses or significant deficiencies that were included in previous written communications, regardless of whether those communications were made by the auditor, internal auditors, or others within the organization. (Ref: par. .A111–.A113)

.63 Because the integrated audit does not provide the auditor with reasonable assurance that the auditor has identified all deficiencies less severe than a material weakness, the auditor should not issue a report stating that no such deficiencies were identified during the integrated audit. Also, because the auditor issues a report that expresses an opinion on the effectiveness of the entity's ICFR, the auditor should not issue a report indicating that no material weaknesses were identified during the integrated audit.

Reporting on ICFR

.64 The auditor's report on the audit of ICFR should be in writing and should include the following:

a. *Title*. The auditor's report should have a title that clearly indicates that it is the report of an independent auditor.

b. *Addressee*. The auditor's report should be addressed, as appropriate, based on the circumstances of the engagement.

c. *Auditor's opinion on ICFR*. The first section of the auditor's report should include the auditor's opinion on ICFR and should have the heading "Opinion on Internal Control Over Financial Reporting." The "Opinion on Internal Control Over Financial Reporting" section of the auditor's report should also do the following:

    i. Identify the entity whose ICFR has been audited

    ii. State that the entity's ICFR has been audited

    iii. Identify the as of date

    iv. Identify the criteria against which ICFR is measured

    v. Include the auditor's opinion on whether the entity maintained, in all material respects, effective ICFR as of the specified date, based on the criteria

d. *Basis for opinion*. The auditor's report should include a section, directly following the "Opinion on Internal Control Over Financial Reporting" section, with the heading "Basis for Opinion," that does the following:

    i. States that the audit was conducted in accordance with GAAS and identifies the United States of America as the country of origin of those standards (Ref: par. .A114)

    ii. Refers to the section of the auditor's report that describes the auditor's responsibilities under GAAS

    iii. Includes a statement that the auditor is required to be independent of the entity and to meet the auditor's other ethical responsibilities, in accordance with the relevant ethical requirements relating to the audit[8]

---

[8]See paragraphs .A38–.A39 of section 700, *Forming an Opinion and Reporting on Financial Statements*. [Footnote added, effective for audits of financial statements for periods ending on or after December 15, 2021, by SAS No. 140. Footnote renumbered by the issuance of SAS No. 145, October 2021.]

   iv. States whether the auditor believes that the audit evidence the auditor has obtained is sufficient and appropriate to provide a basis for the auditor's opinion

e. *Responsibilities of management*. The auditor's report should include a section with the heading "Responsibilities of Management for Internal Control Over Financial Reporting." This section of the auditor's report should do the following:

   i. State that management is responsible for designing, implementing, and maintaining effective ICFR

   ii. State that management is responsible for its assessment about the effectiveness of ICFR

   iii. Include a reference to management's report on ICFR

f. *Auditor's responsibilities*. The auditor's report should include a section with the heading "Auditor's Responsibility for the Audit of Internal Control Over Financial Reporting." This section of the auditor's report should do the following:

   i. State that the objectives of the auditor are to

      1. obtain reasonable assurance about whether effective ICFR was maintained in all material respects

      2. issue an auditor's report that includes the auditor's opinion on ICFR

   ii. State that reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit of internal control over financial reporting conducted in accordance with GAAS will always detect a material weakness when it exists

   iii. Describe the audit by stating that, in performing an audit of ICFR in accordance with GAAS, the auditor's responsibilities are to

      1. exercise professional judgment and maintain professional skepticism throughout the audit

      2. obtain an understanding of ICFR, assess the risks that a material weakness exists, and test and evaluate the design and operating effectiveness of ICFR based on the assessed risk

Definition and Inherent Limitations of Internal Control Over Financial Reporting

g. The auditor's report should include a section with the heading "Definition and Inherent Limitations of Internal Control Over Financial Reporting" or other appropriate heading that includes the following:

   i. A definition of ICFR (the auditor should use the same description of the entity's ICFR as management uses in its report)

   ii. A paragraph stating that because of inherent limitations, ICFR may not prevent, or detect and correct, misstatements and that projections of any assessment of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate

h. *Signature of the auditor*. The auditor's report should include the manual or printed signature of the auditor's firm.

i. *Auditor's address*. The auditor's report should name the city and state where the auditor's report is issued.

j. *Date of the auditor's report*. The auditor's report should be dated, as required by paragraph .66

[As amended, effective for audits of financial statements for periods ending on or after December 15, 2021, by SAS No. 140.]

Separate Report on ICFR

.65 If the auditor issues a separate report on ICFR, the auditor should add the following paragraph, following the opinion paragraph within the "Opinion" section, to the auditor's report on the financial statements:

> We also have audited, in accordance with auditing standards generally accepted in the United States of America, [*entity name*]'s internal control over financial reporting as of December 31, 20X8, based on [*identify criteria*] and our report dated [*date of report, which should be the same as the date of the report on the financial statements*] expressed [*include nature of opinion*].
>
> The auditor also should add the following paragraph, following the opinion paragraph within the "Opinion on Internal Control Over Financial Reporting" section, to the report on ICFR:
>
> We also have audited, in accordance with auditing standards generally accepted in the United States of America, the [*identify financial statements*] of [*entity name*] and our report dated [*date of report, which should be the same as the date of the report on ICFR*] expressed [*include nature of opinion*]. (Ref: par. .A116–.A118)

[As amended, effective for audits of financial statements for periods ending on or after December 15, 2021, by SAS No. 140.]

Report Date

.66 The auditor should date the report on ICFR no earlier than the date on which the auditor has obtained sufficient appropriate audit evidence on which to base the auditor's opinion. Because the audit of ICFR is integrated with the audit of the financial statements, when issuing separate reports on the entity's financial statements and on ICFR, the dates of the reports should be the same. (Ref: par. .A118) [As amended, effective for audits of financial statements for periods ending on or after December 15, 2021, by SAS No. 140.]

Report Modifications

.67 The auditor should modify the report on ICFR if any of the following conditions exist:

a. One or more material weaknesses exist.

b. Elements of management's report are incomplete or improperly presented.

c. There is a limitation on the scope of the engagement. (Ref: par. .A119)

d. The auditor decides to refer to the report of a component auditor as the basis, in part, for the auditor's own opinion.

e. There is other information contained in management's report.

Adverse Opinions

.68 If there are deficiencies that, individually or in combination, result in one or more material weaknesses as of the date specified in management's assessment about ICFR, the auditor should express an adverse opinion on the entity's ICFR, unless there is a limitation on the scope of the engagement. (Ref: par. .A120–.A121)

.69 The auditor should determine the effect an adverse opinion on ICFR has on the auditor's opinion on the financial statements. Additionally, the auditor should disclose, as a separate paragraph within the "Adverse Opinion on Internal Control Over Financial Reporting" section to the report, whether the auditor's opinion on the financial statements was affected by the material weakness. (Ref: par. .A123) Paragraph renumbered and amended, effective for audits of financial statements for periods ending on or after December 15, 2021, by SAS No. 140.]

.70 When ICFR is not effective because one or more material weaknesses exist, the auditor's report should include the following in the "Basis for Adverse Opinion on Internal Control Over Financial Reporting" section:

a. The definition of a material weakness

b. A statement that one or more material weaknesses have been identified and an identification of the material weaknesses described in management's assessment about ICFR. (Ref: par. .A122)

[Paragraph renumbered and amended, effective for audits of financial statements for periods ending on or after December 15, 2021, by SAS No. 140.]

.71 If one or more material weaknesses have not been included in management's report accompanying the auditor's report, the auditor's report should be modified to state that one or more material weaknesses have been identified but not included in management's report. Additionally, the auditor's report should include a description of each material weakness not included in management's report. The auditor's description should include specific information about the nature of each material weakness and its actual and potential effect on the presentation of the entity's financial statements issued during the existence of the weakness. In this case, the auditor also should communicate, in writing, to those charged with governance that one or more material weaknesses were not disclosed or identified as a material weakness in management's report. If one or more material weaknesses have been included in management's report but the auditor concludes that the disclosure of such material weaknesses is not fairly presented in all material respects, the auditor's report should describe this conclusion as well as the information necessary to fairly describe each material weakness. [Paragraph renumbered by the issuance of SAS No. 140, April 2020.]

Elements of Management's Report Are Incomplete or Improperly Presented

.72 If the auditor determines that any required element of management's report, as described in paragraph .55, is incomplete or improperly presented and management does not revise its report, the auditor should modify the report on ICFR to include an other-matter paragraph describing the reasons for this determination. If the auditor determines that the required disclosure about one or more material weaknesses is not fairly presented in all material respects, the auditor should apply the requirements in paragraph .71.

Scope Limitations

.73 If, after accepting the integrated audit engagement, there is a limitation on the scope of the engagement with respect to ICFR, the auditor should withdraw from the integrated audit engagement or disclaim an opinion on ICFR and consider the implications on the financial statement audit.

.74 When a scope limitation arises because management refuses to furnish a written assessment about the effectiveness of ICFR, the auditor should withdraw from the integrated audit engagement. When withdrawal is not possible under applicable law or regulation, the auditor should disclaim an opinion on ICFR and consider the implications on the financial statement audit. (Ref: par. .A124)

.75 When disclaiming an opinion because of a scope limitation, the auditor should state that the auditor does not express an opinion on the effectiveness of ICFR within the "Disclaimer of Opinion on Internal Control Over Financial Reporting" section and state the substantive reasons for the disclaimer within the "Basis for Disclaimer of Opinion on Internal Control Over Financial Reporting" section. The auditor should amend the basis of opinion and auditor's responsibilities sections and should not identify the procedures that were performed nor include the statements describing the characteristics of an audit of ICFR, as described in paragraph .64*d*(i), paragraph .64*d*(ii), paragraph .64*d*(iv), and paragraph .64*f*; to do so might overshadow the disclaimer. (Ref: par. .A125–.A126) [As amended, effective for audits of financial statements for periods ending on or after December 15, 2021, by SAS No. 140.]

.76 When the auditor disclaims an opinion but has concluded that one or more material weaknesses exist, the auditor's report also should include the following:

a. The definition of a material weakness.

b. A statement that if one or more material weaknesses exist, an entity's internal control over financial reporting cannot be considered effective.

c. A statement that one or more material weaknesses have been identified and an identification of the material weaknesses described in management's assessment about ICFR.

d. A description of the material weaknesses identified in the entity's ICFR. This description should provide the users of the report with specific information about the nature of any material weakness and its actual and potential effect on the presentation of the entity's financial statements issued during the existence of the weakness.

The auditor also should apply the requirements in paragraphs .69 and .71. (Ref: par. .A127) [As amended, effective for audits of financial statements for periods ending on or after December 15, 2021, by SAS No. 140.]

.77 If the auditor concludes that the auditor cannot express an opinion because there has been a limitation on the scope of the audit, the auditor should communicate, in writing, to management and those charged with governance that the audit of ICFR cannot be satisfactorily completed.

Making Reference to a Component Auditor and Assuming Responsibility for the Work of a Component Auditor

.78 When an entity includes one or more components, the group engagement partner should evaluate whether the group engagement team will be able to obtain sufficient appropriate audit evidence through the group engagement team's work or use of the work of component auditors (that is, through assuming responsibility for the work of component auditors or making reference to the audit of ICFR of a component auditor in the auditor's report) to act as the auditor of the ICFR over the group financial statements and report as such on the ICFR over the group financial statements, as required by section 600A, *Special Considerations—Audits of Group Financial Statements (Including the Work of Component Auditors)*.[9] (Ref: par. .A128)

.79 As required by section 600A, the group engagement partner should determine whether to make reference to a component auditor in the report on the ICFR over the group financial statements.[10] Reference to the audit of a component auditor in the auditor's report on the ICFR over the group financial statements should not be made unless

[9]Paragraph .14 of section 600A, *Special Considerations—Audits of Group Financial Statements (Including the Work of Component Auditors)*. [Footnote renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 145, October 2021.]

[10]Paragraph .24 of section 600A. [Footnote renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 145, October 2021.]

a. the engagement partner has determined that the component auditor has performed an audit of the component's ICFR in accordance with the relevant requirements of GAAS (or, if applicable, the standards promulgated by the PCAOB) and

b. the component auditor has issued an auditor's report on ICFR that is not restricted as to use. (Ref: par. .A129–.A130)

Additional Information

.80 When management includes, either within management's report or in a document containing management's report and the related auditor's report, information in addition to the elements that are subject to the auditor's evaluation as described in paragraph .55, the auditor should do the following: (Ref: par. .A131–.A132)

a. Read the additional information to identify material inconsistencies with management's report and remain alert for material misstatements of fact while reading the additional information.

b. If the auditor identifies a material inconsistency or becomes aware of a material misstatement of fact, request management to correct the information, and to do the following, as applicable:

   i. If management agrees to make the correction, determine that the correction has been made.

   ii. If management refuses to make the correction, communicate the matter to those charged with governance and request that the correction be made.

   iii. If the correction is not made after communicating with those charged with governance, the auditor should do one or more of the following:

      1. Consider the implications for the auditor's report and communicate to those charged with governance about how the auditor plans to address the material inconsistency or material misstatement of fact in the auditor's report

      2. Withhold the auditor's report

      3. Withdraw from the engagement, when withdrawal is possible under the applicable law or regulation

c. When the additional information subject to the requirements of paragraph .80*a* is included in management's report and no material inconsistencies or material misstatements of fact are identified, the auditor should disclaim an opinion, in an other-matter paragraph, on the additional information.

[As amended, effective for audits of financial statements for periods ending on or after December 15, 2021, by SAS No. 140.]

Special Topics

Entities With Multiple Components

.81 In determining the components at which to perform tests of controls, the group engagement team should assess the risk of material misstatement to the financial statements associated with the component and correlate the amount of attention devoted to the component with the degree of risk. (Ref: par. .A133–.A135)

.82 In assessing and responding to risk, the group engagement team should test, or have a component auditor test on the group engagement team's behalf, controls over specific risks that present a reasonable possibility of material misstatement to the group financial statements. (Ref: par. .A136)

.83 In applying the requirement in paragraph .42 regarding special considerations for subsequent years' audits, the group engagement team should vary the nature, timing, and extent of tests of controls at components from year to year.

Special Situations

.84 For equity method investment components, the scope of the audit should include controls over the reporting in the entity's financial statements of the entity's portion of the investees' income or loss, the investment balance, adjustments to the income or loss and investment balance, and related disclosures, in accordance with the applicable financial reporting framework. (Ref: par. .A137)

.85 Except as indicated in paragraph .86, the scope of the audit should include entities that are acquired on or before the date specified in management's assessment about ICFR and operations that are accounted for as discontinued operations on the date specified in management's assessment about ICFR that are reported in accordance with the applicable financial reporting framework in the entity's financial statements.

.86 In situations in which management elects to limit its assessment by excluding certain entities, the auditor should evaluate whether it is appropriate, in the auditor's judgment, to do so. If the auditor concludes that it is appropriate, the auditor should include in either the "Opinion on Internal Control Over Financial Reporting" or "Basis or Opinion" section of the report a disclosure similar to management's regarding the exclusion of an entity from the scope of both management's assessment about ICFR and the auditor's audit of ICFR. Additionally, the auditor should evaluate the appropriateness of management's disclosure related to such a limitation. (Ref: par. .A138) [As amended, effective for audits of financial statements for periods ending on or after December 15, 2021, by SAS No. 140.]

.87 If the auditor believes that management's disclosure about the limitation requires modification, the auditor should communicate the matter to the appropriate level of management. If, in the auditor's judgment, management does not respond appropriately to the auditor's communication within a reasonable period of time, the auditor should inform those charged with governance of the matter as soon as practicable. If management and those charged with governance do not respond appropriately, the auditor should modify the auditor's report on the audit of ICFR to include an other-matter paragraph describing the reasons why the auditor believes management's disclosure requires modification.

Use of Service Organizations

.88 When the entity uses the services of a service organization, the auditor should consider the activities of the service organization when determining the evidence required to support the auditor's opinion on the effectiveness of an entity's ICFR. (Ref: par. .A139–.A140)

.89 The auditor is required to perform the procedures in section 402, *Audit Considerations Relating to an Entity Using a Service Organization*, with respect to the activities performed by the service organization.[11] In an audit of ICFR, the auditor should also obtain evidence that controls at the service organization that are relevant to the auditor's opinion on ICFR are operating effectively. (Ref: par. .A141–.A142)

.90 If the auditor plans to use a type 2 report as audit evidence that controls are operating effectively, the auditor should determine whether the type 2 report provides sufficient appropriate audit evidence about the effectiveness of the controls to support the auditor's opinion by evaluating

a. the time period covered by the tests of controls and its relation to the as of date;

b. the scope of the service auditor's work and the services and processes covered, the controls tested, and the tests that were performed and the way in which tested controls relate to the entity's controls; and

c. the results of those tests of controls and the service auditor's opinion on the operating effectiveness of the controls. (Ref: par. .A143)

.91 The auditor should determine whether complementary user entity controls identified in the type 2 report are relevant in addressing the risks of material misstatement and, if so, evaluate the entity's design and implementation of the relevant complementary user entity controls and test their operating effectiveness. (Ref: par. .A144)

.92 In determining whether the type 2 report provides sufficient appropriate audit evidence to support the auditor's opinion on ICFR, the auditor should be satisfied regarding the following:

a. The service auditor's professional competence and independence from the service organization. (Ref: par. .A145)

b. The adequacy of the standards under which the type 2 report was issued. (Ref: par. .A146)

.93 The auditor should inquire of management to determine whether management has identified any changes in the service organization's controls subsequent to the period

[11]Paragraphs .09–.19 of section 402, *Audit Considerations Relating to an Entity Using a Service Organization*. [Footnote renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 145, October 2021.]

covered by the service auditor's report. If management has identified such changes, the auditor should evaluate the effect of such changes on the effectiveness of the entity's ICFR. The auditor also should evaluate whether the results of other procedures the auditor performed indicate that there have been changes in the controls at the service organization. (Ref: par. .A147)

.94 The auditor should determine whether to obtain additional evidence about the operating effectiveness of controls at the service organization based on the procedures performed by management or the auditor and the results of those procedures and on an evaluation of the following risk factors:

a. The elapsed time between the time period covered by the tests of controls in the service auditor's report and the as of date

b. The significance of the activities of the service organization

c. Whether there are errors that have been identified in the service organization's processing

d. The nature and significance of any changes in the service organization's controls identified by management or the auditor (Ref: par. .A148)

.95 When a significant period of time has elapsed between the time period covered by the tests of controls in the service auditor's report and the as of date, additional procedures should be performed to obtain sufficient appropriate audit evidence about the operating effectiveness of the controls at the service organization that are relevant to the auditor's opinion on ICFR.

.96 The auditor should not refer to the service auditor's report when expressing an opinion on ICFR.

Benchmarking of Automated Controls

.97 To determine whether to use a benchmarking strategy for testing an automated application control, the auditor should assess the following risk factors:

a. The extent to which the application control can be matched to a defined program within an application

b. The extent to which the application is stable (that is, there are few changes from period to period)

c. The availability and reliability of a report of the compilation dates of the programs placed in production (Ref: par. .A149–.A152)

.98 When using a benchmarking strategy, the auditor should obtain evidence to determine that the automated application control has not changed. (Ref: par. .A153–.A154)

.99 After a period of time, the length of which depends upon the circumstances, the baseline of the operation of an automated application control should be reestablished. To determine when to reestablish a baseline, the auditor should evaluate the following factors:

a. The effectiveness of the IT control environment, including controls over application and system software acquisition and maintenance, access controls, and computer operations

b. The auditor's understanding of the nature of changes, if any, on the specific programs that contain the controls

c. The nature and timing of other related tests

d. The consequences of errors associated with the application control that was benchmarked

e. Whether the control is sensitive to other business factors that may have changed (Ref: par. .A155)

Application and Other Explanatory Material

Scope of This Section (Ref: par. .01–.02)

.A1 Certain regulatory bodies, such as the FDIC, require the audit of ICFR and the audit of financial statements to be performed by the same auditor.[12] Inherent difficulties exist when integrating the audit of ICFR and the audit of the financial statements to meet the requirements of this section when the audit of the financial statements is performed by a different auditor. Nonetheless, if the audit of the financial statements and the audit of ICFR are performed by different auditors, the audits are required by this section to be integrated.

Objectives (Ref: par. .04)

.A2 See section 200, *Overall Objectives of the Independent Auditor and the Conduct of an Audit in Accordance With Generally Accepted Auditing Standards*, for additional explanation related to the auditor's objective to obtain reasonable assurance.[13]

.A3 Effective ICFR provides an entity with reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements in accordance with the applicable financial reporting framework. If one or more material weakness exists, the entity's ICFR cannot be considered effective. The evaluation of the effectiveness of the entity's ICFR required by this section encompasses all relevant control objectives of the entity's ICFR; therefore, the identification of one material weakness in ICFR does not

[12]See Section 112 of the Federal Deposit Insurance Corporation Improvement Act (FDICIA) (Section 36 of the Federal Deposit Insurance Act [FDI Act], 12.U.S.C. 1831m) and its implementing regulation, 12 CFR Part 363.3(b). [Footnote renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 145, October 2021.]

[13]Paragraph .06 of section 200. [Footnote renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 145, October 2021.]

justify the auditor ceasing to perform procedures to evaluate the effectiveness of all relevant control objectives of the entity's ICFR.

.A4 The auditor is not required to plan and perform the integrated audit to identify deficiencies that, individually or in combination, are less severe than a material weakness.

Definitions (Ref: par. .05)

Criteria

.A5 For purposes of this section, the subject matter is ICFR.

Internal Control Over Financial Reporting

.A6 For purposes of a financial statement audit, SAS No. 145, *Understanding the Entity and Its Environment and Assessing the Risks of Material Misstatement*, defines the term system of internal control and recognizes that internal control frameworks may use different terms that are similar to the concept of the system of internal control. This section defines the term internal control over financial reporting, which is a system of internal control that supports the preparation of reliable financial statements, to more clearly define ICFR for purposes of expressing an opinion on the effectiveness of ICFR, based on suitable and available criteria. [Paragraph added, effective for integrated audits for periods ending on or after December 15, 2023, by SAS No. 145.]

.A7 The auditor's procedures performed as part of the integrated audit are not part of an entity's ICFR. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A8 For insured depository institutions (IDIs) subject to the internal control reporting requirements of Section 112 of the Federal Deposit Insurance Corporation Improvement Act (FDICIA), ICFR includes controls over the preparation of the IDI's financial statements in accordance with generally accepted accounting principles (GAAP) and with the instructions to the Consolidated Financial Statements for Bank Holding Companies. ICFR also includes controls over the preparation of the IDI's financial statements in accordance with GAAP and controls over the preparation of schedules equivalent to the basic financial statements in accordance with the Federal Financial Institutions Examination Council Instructions for Consolidated Reports of Condition and Income (Call Report Instructions). [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Management's Assessment About ICFR

.A9 Exhibit C, "Illustrative Management Report," includes an illustration of a management report. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Preconditions for the Audit of ICFR (Ref: par. .06–.07)

.A10 Management is responsible for identifying and documenting the controls and the control objectives that they were designed to achieve. Such documentation serves as a basis for management's assessment about ICFR. Documentation of the design of controls, including changes to those controls, is evidence that controls upon which management's assessment about ICFR is based are

- identified.
- capable of being communicated to those responsible for their performance.
- capable of being monitored and evaluated by the entity.

[Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A11 Management's documentation may take various forms, for example, entity policy manuals, accounting manuals, narrative memoranda, flowcharts, decision tables, procedural write-ups, or completed questionnaires. No one particular form of documentation is prescribed, and the extent of documentation may vary depending upon the size and complexity of the entity and the entity's monitoring activities. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A12 Management's monitoring activities also may provide evidence of the design and operating effectiveness of ICFR in support of management's assessment about ICFR. Monitoring of controls is a process to assess the effectiveness of ICFR performance over time. It involves assessing the effectiveness of controls on a timely basis, identifying and reporting deficiencies to appropriate individuals within the organization, and taking necessary corrective actions. Management accomplishes monitoring of controls through ongoing evaluations, separate evaluations, or a combination of the two. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A13 Ongoing evaluations are often built into the normal recurring activities of an entity and include regular management and supervisory activities. The greater the degree and effectiveness of ongoing evaluations, the less need for separate evaluations. Management may perform a combination of ongoing and separate evaluations. The scope and frequency of separate evaluations is a matter of management judgment. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A14 Ordinarily, the auditor is engaged to audit the effectiveness of the entity's ICFR as of the end of the entity's fiscal year; however, management may select a different date. If the auditor is engaged to audit the effectiveness of an entity's ICFR at a date different from the end of the entity's fiscal year, the audit is, nevertheless, required by paragraph .06*b* to be integrated with a financial statement audit as of the date specified in management's assessment. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A15 Appropriate criteria are both suitable and available to the intended users of management's report on ICFR. Suitable criteria exhibit all of the following characteristics:

- *Relevance*. Criteria are relevant to ICFR.
- *Objectivity*. Criteria are free from bias.

- *Measurability*. Criteria permit reasonably consistent measurements, qualitative or quantitative, of ICFR.
- *Completeness*. Criteria are complete when the evaluation of the effectiveness of ICFR prepared in accordance with the criteria does not omit relevant factors that could reasonably be expected to affect decisions of the intended users made on the basis of management's report on ICFR.

[Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A16 Management may select criteria for ICFR that are available publicly in published frameworks or criteria that are available only to specified parties (for example, terms of a contract or criteria issued by an industry association that are available only to those in the industry). When criteria are available only to specified parties, section 905, *Alert That Restricts the Use of the Auditor's Written Communication*, requires that the auditor's report include an other-matter paragraph that restricts the use of the auditor's report.[13] [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A17 *Internal Control—Integrated Framework* (2013), issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 COSO framework) and the U.S. Government Accountability Office's *Standards for Internal Control in the Federal Government* (the Green Book), provide suitable and available criteria against which management may evaluate and report on the effectiveness of the entity's ICFR. If management selects another framework, see paragraph .A15 for guidance on evaluating the suitability of the framework selected by management. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A18 *Internal control*, as defined by the framework used by management, may be more broadly defined than ICFR. However, this section focuses only on ICFR. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Integrating the Audit of ICFR With the Financial Statement Audit (Ref: par. .09–.13)

.A19 Obtaining sufficient appropriate audit evidence to support the operating effectiveness of controls for purposes of the financial statement audit ordinarily allows the auditor to modify the substantive procedures that otherwise would have been necessary to opine on the financial statements. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A20 Section 500, *Audit Evidence*, provides additional explanation with respect to obtaining sufficient appropriate audit evidence. [Revised, December 2022, to reflect conforming changes necessary due to the issuance of SAS No. 142. Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

---

[13]Paragraph .06 of section 905, *Alert That Restricts the Use of the Auditor's Written Communication*. [Footnote renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 145, October 2021.]

.A21 Consideration of the results of tests of controls may cause the auditor to alter the nature, timing, and extent of substantive procedures and to plan and perform further tests of controls, particularly in response to identified deficiencies. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Planning the Audit of ICFR (Ref: par. .14)

.A22 Evaluating whether the following matters are important to the entity's financial statements and ICFR and, if so, how they may affect the auditor's procedures may assist the auditor in planning the audit of ICFR:

- Knowledge of the entity's ICFR obtained during other engagements performed by the auditor or, if applicable, during a review of a predecessor auditor's working papers
- Matters affecting the industry in which the entity operates, such as financial reporting practices, economic conditions, laws and regulations, and technological changes
- Matters relating to the entity's business, including its organization, operating characteristics, and capital structure
- The extent of recent changes, if any, in the entity, its operations, or its ICFR
- The auditor's preliminary judgments about financial statement materiality, risk, and other factors relating to the determination of material weaknesses
- Deficiencies previously communicated to those charged with governance or management
- Legal or regulatory matters of which the entity is aware
- The type and extent of available evidence related to the effectiveness of the entity's ICFR
- Preliminary judgments about the effectiveness of ICFR
- Public information about the entity relevant to the evaluation of the likelihood of material financial statement misstatements and the effectiveness of the entity's ICFR
- Knowledge about risks related to the entity evaluated as part of the auditor's procedures regarding acceptance or continuance of the client relationship or the integrated audit engagement
- The relative complexity of the entity's operations

[Paragraph renumbered and amended, effective for integrated audits for periods ending on or after December 15, 2023, by SAS No. 145.]

Role of Risk Assessment (Ref: par. .15)

.A23 Risk assessment underlies the entire audit process described by this section, including the determination of significant classes of transactions, account balances, and disclosures, and their relevant assertions, the selection of controls to test, and the determination of the evidence necessary to conclude on the effectiveness of a given control. The risk assessment procedures described in section 315 support both the financial statement audit and the audit of ICFR. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Scaling the Audit

.A24 The size and complexity of the entity, its business processes, and structure may affect the way in which the entity achieves many of its control objectives. Many smaller entities have less complex operations. Additionally, some larger, complex entities may have less complex units or processes. Factors that might indicate less complex operations include fewer business lines; less complex business processes and financial reporting systems; more centralized accounting functions; extensive involvement by senior management in the day-to-day activities of the business; and fewer levels of management, each with a wide span of control. Accordingly, a smaller, less complex entity, or even a larger, less complex entity might achieve its control objectives differently from a more complex entity. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A25 The size and complexity of the entity, its business processes, and structure also may affect the auditor's risk assessment and the determination of the necessary procedures and the controls necessary to address those risks. Scaling is most effective as a natural extension of the risk-based approach and applicable to audits of all entities. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Addressing the Risk of Fraud (Ref: par. .16–.17)

.A26 Section 240 addresses the auditor's identification and assessment of the risks of material misstatement due to fraud.[15] Controls that might address these risks include

- controls over significant unusual transactions, particularly those that result in late or unusual journal entries;
- controls over journal entries and adjustments made in the period-end financial reporting process;
- controls over related party transactions;
- controls related to significant accounting estimates; and
- controls that mitigate incentives for, and pressures on, management to falsify or inappropriately manage financial results.

[Paragraph renumbered and amended, effective for integrated audits for periods ending on or after December 15, 2021, by SAS No. 135. Paragraph subsequently renumbered and amended, effective for integrated audits for periods ending on or after December 15, 2023, by SAS No. 145.]

---

[15] Paragraphs .25–.27 of section 240. [Footnote renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 145, October 2021.]

Using the Work of Internal Auditors or Others (Ref: par. .18–.19)

.A27 The extent of the procedures necessary to obtain the understanding required by paragraph .18 will vary, depending on the nature of those activities. In performing risk assessment procedures, the auditor is required to inquire of appropriate individuals within the internal audit function (if such function exists).[16]SAS No. 145 provides guidance with respect to such inquiries and certain additional procedures based on the responses to such inquiries.[17] [Paragraph renumbered and amended, effective for integrated audits for periods ending on or after December 15, 2023, by SAS No. 145.]

.A28 In an audit of ICFR, the external auditor may use the work of the internal audit function in obtaining audit evidence or use internal auditors to provide direct assistance under the direction, supervision, and review of the external auditor. For purposes of the audit of ICFR, however, the auditor also may use the work performed by, or receive direct assistance from, others. Others include entity personnel (in addition to internal auditors) and third parties working under the direction of management or those charged with governance that provide evidence about the effectiveness of ICFR. In an integrated audit, the auditor also may use the work of internal auditors or others to obtain evidence supporting the assessment of control risk for purposes of the financial statement audit. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A29 As the risk associated with a control increases, the need for the auditor to directly perform work on the control increases (for example, for controls that address specific fraud risks, use of the work of the internal audit function or others would be limited, if it could be used at all). [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A30 For purposes of evaluating the competence and objectivity of others in accordance with section 610, *competence* means the attainment and maintenance of a level of understanding, knowledge, and skills that enables that person to ably perform the tasks assigned to them, and *objectivity* means the ability to perform those tasks impartially and with intellectual honesty, without allowing bias, conflict of interest, or undue influence of others to override professional judgments.[18] The more objective and the higher level of competence, the more likely the external auditor may use the work of others and make use of it in more areas. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A31 Others may have an approach that differs from that of an internal audit function, particularly with respect to the level of formality. However, it would be inappropriate to use the work of others that do not have a systematic and disciplined approach, including quality control, as required by section 610. Section 610 provides additional requirements

---

[16]Paragraph .14 of SAS No. 145. [Footnote renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered and amended, effective for integrated audits for periods ending on or after December 15, 2023, by SAS No. 145.]

[17]Paragraphs .A25 and appendix D of SAS No. 145. [Footnote renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered and amended, effective for integrated audits for periods ending on or after December 15, 2023, by SAS No. 145.]

[18]Paragraphs .13 and .A5–.A9 of section 610, *Using the Work of Internal Auditors*. [Footnote renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 145, October 2021.]

and guidance in determining when to use the work, in which areas, and to what extent. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Materiality (Ref: par. .20)

.A32 Section 320, *Materiality in Planning and Performing an Audit*, provides additional explanation of materiality. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Using a Top-Down Approach (Ref: par. .21)

.A33 The *top-down approach* describes the auditor's sequential thought process in identifying risks and the controls to test, not necessarily the order in which the auditor will perform the audit procedures. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A34 A top-down approach involves

- beginning at the financial statement level;
- using the auditor's understanding of the overall risks to ICFR;
- focusing on entity-level controls, which may be indirect [19] or direct controls [20] as described in SAS No. 145;
- working down to significant classes of transactions, account balances, and disclosures, and their relevant assertions, which directs attention to classes of transactions, accounts, disclosures, and assertions that present a reasonable possibility of material misstatement of the financial statements;
- verifying the auditor's understanding of the risks in the entity's processes; and
- selecting controls for testing that sufficiently address the assessed risk of material misstatement to each relevant assertion.

[Paragraph renumbered and amended, effective for integrated audits for periods ending on or after December 15, 2023, by SAS No. 145.]

Entity-Level Controls (Ref: par. .22)

.A35 The auditor's evaluation of entity-level controls can result in increasing or decreasing the testing that the auditor otherwise would have performed on other controls. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A36 Entity-level controls include

---

[19] See paragraph .A113 of SAS No. 145. [Footnote added, effective for integrated audits for periods ending on or after December 15, 2023, by SAS No. 145.]

[20] See paragraph A141 of SAS No. 145. [Footnote added, effective for integrated audits for periods ending on or after December 15, 2023, by SAS No. 145.]

- controls related to the control environment;
- controls over management override;
- the entity's risk assessment process;
- centralized processing and controls, including shared service environments;
- controls to monitor results of operations;
- controls to monitor other controls, including activities of the internal audit function, those charged with governance, and self-assessment programs;
- controls over the period-end financial reporting process; and
- programs and controls that address significant business risks.

[Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A37 Entity-level controls vary in nature and precision:

- Some entity-level controls, such as certain control environment controls, have an important but indirect effect on the likelihood that a misstatement will be prevented, or detected and corrected, on a timely basis. These controls might affect the other controls that the auditor selects for testing and the nature, timing, and extent of procedures the auditor performs on other controls.
- Some entity-level controls monitor the effectiveness of other controls. Such controls might be designed to identify possible breakdowns in lower level controls, but not at a level of precision that would, by themselves, sufficiently address the assessed risk that material misstatements to a relevant assertion will be prevented, or detected and corrected, on a timely basis. These controls, when operating effectively, might allow the auditor to reduce the testing of other controls.
- Some entity-level controls might be designed to operate at a level of precision that would adequately prevent, or detect and correct, on a timely basis misstatements to one or more relevant assertions. If an entity-level control sufficiently addresses the assessed risk of material misstatement, the auditor need not test additional controls relating to that risk.

[Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Considerations Specific to Smaller, Less Complex Entities

.A38 Controls over management override are important to effective ICFR for all entities and may be particularly important at smaller, less complex entities because of the increased involvement of senior management in performing controls and in the period-end financial reporting process. For smaller, less complex entities, the controls that address the risk of management override might be different from those at a larger entity. For example, a smaller, less complex entity might rely on more detailed oversight by those charged with governance that focuses on the risk of management override. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Evaluating the Components of ICFR (Ref: par. .23)

.A39 ICFR is often described as consisting of five components: control environment, risk assessment, control activities, information and communication, and monitoring. The components are necessary to an effective system of ICFR.[21] This description does not necessarily reflect how an entity designs, implements, and maintains ICFR nor how it may classify any particular component. Auditors may use different terminology or frameworks to describe the various aspects of ICFR and their effect on the audit other than those used in this section, provided that all the components described in this section are addressed. Entities select and develop controls within each component. Controls are interrelated and may support multiple objectives. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A40 The 2013 COSO framework includes principles related to each component that are suitable to all entities. The 2013 COSO framework presumes that all principles are relevant because they have a significant bearing on the presence and functioning of an associated component. There may be a rare industry, operating, or regulatory situation in which management has determined that a principle is not relevant to a component. Considerations in applying this judgment may include the entity structure recognizing any legal, regulatory, industry, or contractual requirements for governance of the entity, and the level of use and dependence on technology used by the entity. The 2013 COSO framework states that management must support its determination that a principle is not relevant with the rationale of how, in the absence of that principle, the associated component can be present and functioning.[22] [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A41 When management uses the 2013 COSO framework, the guidance described in paragraphs .A42–.A49 to evaluate the five components is applicable. When management uses the Green Book or another framework, the auditor may adapt the guidance in paragraphs .A42–.A49, as necessary, based on the criteria contained in the framework used by management. For example, when management uses the Green Book, the auditor assesses the relevant principles in the Green Book in lieu of the principles listed in paragraphs .A42–.A49. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Control Environment

---

[21]Some material in this section relies upon the Committee of Sponsoring Organizations of the Treadway Commission's (COSO) *Internal Control—Integrated Framework*. The copyright is held by COSO, and the material is used with COSO's permission. [Footnote renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 145, October 2021.]

[22]"Suitability and Relevance of Components and Principles" in section 3, "Effective Internal Control" of *Internal Control—Integrated Framework* (COSO, 2013). [Footnote renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 145, October 2021.]

.A42 The following principles are relevant to the auditor's evaluation of whether the control environment is present and functioning in the design, implementation, and operation of ICFR to achieve the entity's financial reporting objectives:

- The entity demonstrates a commitment to integrity and ethical values.
- Those charged with governance demonstrate independence from management and exercise oversight of the development and performance of ICFR.
- Management establishes, with oversight of those charged with governance, structures, reporting lines, and appropriate authorities and responsibilities in the pursuit of the entity's financial reporting objectives.
- The entity demonstrates a commitment to attract, develop, and retain competent individuals in alignment with the entity's financial reporting objectives.
- The entity holds individuals accountable for their ICFR responsibilities in the pursuit of the entity's financial reporting objectives.

[Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A43 The evaluation of whether those charged with governance demonstrate independence from management and exercise oversight of the development and performance of ICFR is performed in the context of the entity's governance structure. As described in section 260, *The Auditor's Communication With Those Charged With Governance*, governance structures may vary by entity, reflecting influences such as size and ownership characteristics.[23] For example, in some smaller entities, those charged with governance and management may be the same people. In such smaller entities, the independence of those charged with governance from management may not be necessary to support the achievement of the entity's financial reporting objectives. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A44 The Green Book refers to those charged with governance as the oversight body. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Risk Assessment

.A45 The following principles are relevant to the auditor's evaluation of whether the entity's risk assessment is present and functioning in the design, implementation, and operation of ICFR to achieve the entity's financial reporting objectives:

a. The entity specifies financial reporting objectives with sufficient clarity to enable the identification and assessment of risks related to these objectives.

[23]Paragraph .A6 of section 260, *The Auditor's Communication With Those Charged With Governance*. [Footnote renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 145, October 2021.]

b. The entity identifies risks to the achievement of financial reporting objectives across the entity and analyzes risks as a basis for determining how the risks need to be managed.

c. The entity considers the potential for fraud in assessing risks to the achievement of financial reporting objectives.

d. The entity identifies and assesses changes that could significantly impact ICFR.

[Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Control Activities Relevant to the Audit of ICFR

.A46 The following principles are relevant to the auditor's evaluation of whether the entity's control activities relevant to the audit of ICFR are present and functioning in the design, implementation, and operation of ICFR to achieve the entity's financial reporting objectives:

a. The entity selects and develops control activities that contribute to the mitigation of risks to the achievement of financial reporting objectives to acceptable levels.

b. The entity selects and develops general control activities over technology to support the achievement of financial reporting objectives.

c. The entity deploys control activities through policies that establish what is expected and procedures that put policies into action.

[Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A47 Control activities relevant to the audit of ICFR include those related to each significant class of transactions, account balance, and disclosure, and its relevant assertions (see paragraphs .26–.28). [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Information and Communication

.A48 The following principles are relevant to the auditor's evaluation of whether the entity's information and communication, including the related business processes relevant to financial reporting, is present and functioning in the design, implementation, and operation of ICFR to achieve the entity's financial reporting objectives:

a. The entity obtains or generates and uses relevant, quality information to support the functioning of ICFR.

b. The entity internally communicates information, including financial reporting objectives and responsibilities, necessary to support the functioning of ICFR.

c. The entity communicates with external parties regarding matters affecting the functioning of ICFR.

[Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Monitoring Activities

.A49 The following principles are relevant to the auditor's evaluation of whether the entity's monitoring activities are present and functioning in the design, implementation, and operation of ICFR to achieve the entity's financial reporting objectives:[24]

a. The entity selects, develops, and performs ongoing or separate evaluations to ascertain whether the components of internal control are present and functioning.

b. The entity evaluates and communicates deficiencies in ICFR in a timely manner to those parties responsible for taking corrective action, including senior management and those charged with governance, as appropriate.

[Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Period-End Financial Reporting Process (Ref: par. .24–.25)

.A50 Because the annual period-end financial reporting process normally occurs after the as of date, those controls usually cannot be tested until after the as of date. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Identifying Significant Classes of Transactions, Account Balances, and Disclosures, and Their Relative Assertions (Ref: par. .26–.28)

.A51 Inherent risk factors are relevant to the identification of significant classes of transactions, account balances, and disclosures, and their relevant assertions. Inherent risk factors may be qualitative or quantitative and affect the susceptibility of assertions to misstatement. Inherent risk factors are described in SAS No. 145. [Paragraph renumbered and amended, effective for integrated audits for periods ending on or after December 15, 2023, by SAS No. 145.]

.A52 The inherent risk factors that the auditor is required to evaluate in the identification of significant classes of transactions, account balances, and disclosures, and their relevant assertions, are the same in the audit of ICFR as in the audit of the financial statements; accordingly, significant classes of transactions, account balances, and disclosures, and their relevant assertions, are the same in an integrated audit. [Paragraph renumbered and amended, effective for integrated audits for periods ending on or after December 15, 2023, by SAS No. 145.]

.A53 The risk assessment procedures performed in connection with a financial statement audit are described in section 315. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A54 The auditor might determine the likely sources of potential misstatements by asking himself or herself "What could go wrong?" within a given significant class of transactions,

[24]Paragraphs .A102–.A107 and appendix B, "Internal Control Components," of section 315. [Footnote renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 145, October 2021.]

account balance, or disclosure. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A55 The components of a potential significant class of transactions, account balance, or disclosure might be subject to significantly different risks. If so, different controls might be necessary to adequately address those risks. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A56 Multiple components are discussed further beginning in paragraphs .78 and .81. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Understanding Likely Sources of Misstatement (Ref: par. .29–.31)

.A57 Performing walk-throughs will frequently be the most effective way of achieving the objectives in paragraph .29. A *walk-through* involves following a transaction from origination through the entity's processes, including information systems, until it is reflected in the entity's financial statements, using the same documents and IT that entity personnel use. Walk-through procedures are inquiry of appropriate personnel, observation of the application of specific controls, inspection of relevant documentation, and control reperformance. The auditor may choose any combination of these procedures; however, inquiry alone is not sufficient for achieving the objectives in paragraph .29. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A58 A walk-through includes questioning the entity's personnel about their understanding of what is required by the entity's prescribed procedures and controls at the points at which important processing procedures occur. These probing questions, combined with the other walk-through procedures, allow the auditor to gain a sufficient understanding of the process and to be able to identify important points at which a necessary control is missing or not designed effectively. Additionally, probing questions that go beyond a narrow focus on the single transaction used as the basis for the walk-through may provide an understanding of the different types of significant transactions handled by the process. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A59 The identification of risks and controls within IT is not a separate evaluation. Instead, it is an integral part of the top-down approach used to identify likely sources of misstatement and the controls to test, as well as to assess risk and allocate audit effort. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Selecting Controls to Test (Ref: par. .32)

.A60 There might be more than one control that addresses the assessed risk of material misstatement to a particular relevant assertion; conversely, one control might address the assessed risk of material misstatement to more than one relevant assertion. It may not be necessary to test all controls related to a relevant assertion nor necessary to test redundant controls, unless redundancy is, itself, a control objective. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A61 The decision concerning whether a control would be selected for testing depends on which controls, individually or in combination, sufficiently address the assessed risk of material misstatement to a given relevant assertion rather than on how the control is labeled (for example, entity-level control, transaction-level control, control activity, monitoring control, preventive control, or detective control). [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Testing Controls

Evaluating Design Effectiveness (Ref: par. .33)

.A62 Procedures performed to evaluate design effectiveness may include a mix of inquiry of appropriate personnel, observation of the application of specific controls, and inspection of relevant documentation. Walk-throughs that include these procedures ordinarily are sufficient to evaluate design effectiveness. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Considerations Specific to Smaller, Less Complex Entities

.A63 A smaller, less complex entity might achieve its control objectives in a different manner from a larger, more complex organization. For example, a smaller, less complex entity might have fewer employees in the accounting function, limiting opportunities to segregate duties and leading the entity to implement different controls to achieve its control objectives. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Testing Operating Effectiveness (Ref: par. .34)

.A64 Procedures performed to test operating effectiveness may include a mix of inquiry of appropriate personnel, observation of the application of specific controls, inspection of relevant documentation, and reperformance of the control. Inquiry alone, however, is not sufficient for such purposes. Section 330, *Performing Audit Procedures in Response to Assessed Risks and Evaluating the Audit Evidence Obtained*, provides additional guidance on other audit procedures, in combination with inquiry, which may be appropriate when testing the operating effectiveness of controls.[25] [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A65 In some situations, particularly in smaller, less complex entities, an entity might use a third party to provide assistance with certain financial reporting functions. When assessing the competence of personnel responsible for an entity's financial reporting and associated controls, the auditor may take into account the combined competence of entity personnel and other parties that assist with functions related to financial reporting. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Relationship of Risk to the Evidence to Be Obtained (Ref: par. .35–.38)

.A66 For each control selected for testing, the evidence necessary to persuade the auditor that the control is effective depends upon the risk associated with the control. The risk

[25] Paragraphs .A28–.A30 of section 330, *Performing Audit Procedures in Response to Assessed Risks and Evaluating the Audit Evidence Obtained*. [Footnote renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 145, October 2021.]

associated with a control consists of the risk that the control might not be effective and, if not effective, the risk that a material weakness exists. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A67 Factors that affect the risk associated with a control may include

- the nature and materiality of misstatements that the control is intended to prevent, or detect and correct;
- the inherent risk associated with the related account(s) and assertion(s);
- whether there have been changes in the volume or nature of transactions that might adversely affect control design or operating effectiveness;
- whether the account has a history of errors;
- the effectiveness of entity-level controls, especially controls that monitor other controls;
- the nature of the control and the frequency with which it operates;
- the degree to which the control relies on the effectiveness of other controls (for example, the control environment or IT general controls);
- the competence of the personnel who perform the control or monitor its performance and whether there have been changes in key personnel who perform the control or monitor its performance;
- whether the control relies on performance by an individual or is automated (that is, an automated control would generally be expected to be lower risk if relevant IT general controls are effective); and
- the complexity of the control and the significance of the judgments that would be made in connection with its operation.

[Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A68 Generally, a conclusion that a control is not operating effectively can be supported by less evidence than is necessary to support a conclusion that a control is operating effectively. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Considerations Specific to Smaller, Less Complex Entities

.A69 A smaller, less complex entity or component with simple business processes and centralized accounting operations might have relatively simple information systems that make greater use of off-the-shelf packaged software without modification. In the areas where off-the-shelf software is used, the auditor's testing of IT controls might focus on the application controls built into the prepackaged software that management relies on to achieve its control objectives and the IT general controls that are important to the effective operation of those application controls. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A70 The auditor's objective is to express an opinion on the entity’s ICFR overall. This allows the auditor to vary the evidence obtained regarding the effectiveness of individual controls selected for testing based on the risk associated with the individual control. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A71 The evidence provided by the auditor's tests of the effectiveness of controls depends upon the mix of the nature, timing, and extent of the auditor's procedures. Further, for an individual control, different combinations of the nature, timing, and extent of testing may provide sufficient appropriate audit evidence in relation to the risk associated with the control. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A72 Walk-throughs might provide sufficient appropriate audit evidence of operating effectiveness, depending on

- the risk associated with the control being tested,
- the frequency of operation of the control,
- whether the control is an IT application control,
- the specific procedures performed as part of the walk-through, and
- the results of those procedures.

[Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A73 The operating effectiveness of a control cannot be inferred from the absence of misstatements detected by substantive procedures. The absence of misstatements detected by substantive procedures, however, informs the auditor’s risk assessments in determining the testing necessary to conclude on the operating effectiveness of a control. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Nature of Tests of Controls

.A74 Some types of tests, by their nature, produce greater evidence of the effectiveness of controls than other tests. The following tests that the auditor might perform are presented in order of the evidence that they ordinarily would produce, from least to most: inquiry, observation, inspection of relevant documentation, and reperformance of a control. Inquiry alone, however, does not provide sufficient appropriate audit evidence to support a conclusion about the effectiveness of a control. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A75 The nature of the tests of effectiveness that will provide sufficient appropriate audit evidence depends, to a large degree, on the nature of the control to be tested, including whether the operation of the control results in documentary evidence of its operation. Documentary evidence of the operation of some controls, such as management's philosophy and operating style, might not exist. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Considerations Specific to Smaller, Less Complex Entities

.A76 A smaller, less complex entity or unit might have less formal documentation regarding the operation of its controls. In those situations, testing controls through inquiry combined with other procedures, such as observation of the application of specific controls, inspection of less formal documentation, or reperformance of certain controls, might provide sufficient appropriate audit evidence about whether the control is effective. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A77 A *control deviation* occurs when a control does not operate as designed. Control deviations are evaluated when determining whether a deficiency in internal control exists. Because effective ICFR cannot and does not provide absolute assurance of achieving the entity's control objectives, an individual control does not necessarily have to operate without any deviation to achieve the entity's control objectives and to be considered effective. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Timing and Extent of Tests of Controls (Ref: par. .39)

.A78 The objective of the tests of controls in an audit of ICFR is to obtain evidence about the effectiveness of controls to support the auditor's opinion on the entity's ICFR. The auditor's opinion relates to the effectiveness of the entity's ICFR as of a point in time and as a whole. Accordingly, an audit of ICFR may entail testing the design and operating effectiveness of controls not tested when expressing an opinion only on the financial statements; however, in both an audit of ICFR and a financial statement audit, the auditor directs attention to controls that present a reasonable possibility that, if missing or deficient, would result in a material misstatement of the financial statements. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A79 Testing controls over a longer period of time provides more evidence of the effectiveness of controls than testing over a shorter period of time. Further, testing performed closer to the as of date provides more evidence than testing performed earlier in the year. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A80 The more extensively a control is tested, the greater the evidence obtained from that test. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A81 Prior to the as of date, management might implement changes to the entity's controls to make them more effective or efficient or to address deficiencies. If the auditor determines that the new controls achieve the related objectives of the criteria and have been in effect for a sufficient period to permit the auditor to assess their design and operating effectiveness by performing tests of controls, the auditor will not need to test the design and operating effectiveness of the superseded controls for purposes of expressing an opinion on ICFR. If the operating effectiveness of the superseded controls is important to the auditor's control risk assessment in the financial statement audit, the auditor tests the design and operating effectiveness of those superseded controls, as appropriate. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Rollforward Procedures (Ref: par. .40)

.A82 The additional evidence that is necessary to update the results of testing from an interim date to the entity's period-end depends on the following factors:

- The specific control tested prior to the as of date, including the risks associated with the control, the nature of the control, and the results of those tests
- The sufficiency of the evidence of operating effectiveness obtained at an interim date
- The length of the remaining period
- The possibility that there have been any significant changes in ICFR subsequent to the interim date

[Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A83 In some circumstances, such as when evaluation of these factors indicates a low risk that the controls are no longer effective during the rollforward period, inquiry alone might be sufficient as a rollforward procedure. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Special Considerations for Subsequent Years' Audits (Ref: par. .41–.42)

.A84 Factors that affect the risk associated with a control in subsequent years' audits include those in paragraph .A67 and the following:

- The nature, timing, and extent of procedures performed in previous audits
- The results of the previous years' testing of the control
- Whether there have been changes in the control or the process in which it operates since the previous audit

[Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A85 After taking into account the risk factors identified in paragraphs .A67 and .A84, the additional information available in subsequent years' audits might permit the auditor to assess the risk as lower than in the initial year. This, in turn, might permit the auditor to reduce testing in subsequent years. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A86 The auditor also may use a benchmarking strategy for automated application controls in subsequent years' audits. Benchmarking is described further beginning in paragraph .97. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A87 The auditor might test controls at a different interim period, increase or reduce the number and types of tests performed, or change the combination of procedures used. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Identifying Deficiencies in ICFR (Ref: par. .43)

.A88 The findings from audit work performed on the financial statements and on ICFR are relevant in determining whether the auditor has identified any deficiencies in ICFR. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Determination of Whether Material Weaknesses Exist as of the Date Specified in Management's Assessment About ICFR (Ref: par. .44–.46)

.A89 The severity of a deficiency, or a combination of deficiencies, in ICFR depends on

- the magnitude of the potential misstatement resulting from the deficiency or deficiencies and
- whether there is a reasonable possibility that the entity's controls will fail to prevent, or detect and correct, a misstatement of a class of transaction, an account balance, or a disclosure.

A material weakness may exist even though the auditor has not identified misstatements during the integrated audit. Paragraph .A97 provides indicators of material weaknesses. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A90 Factors that affect the magnitude of a misstatement that might result from a deficiency, or deficiencies, in ICFR include, but are not limited to, the following:

- The financial statement amounts or total of transactions exposed to the deficiency
- The volume of activity (in the current period or expected in future periods) in the account or class of transactions exposed to the deficiency

[Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A91 In evaluating the magnitude of the potential misstatement, the maximum amount by which an account balance or total of transactions can be overstated is generally the recorded amount, whereas understatements could be larger. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A92 Risk factors affect whether there is a reasonable possibility that a deficiency, or a combination of deficiencies, in ICFR will result in a misstatement of an account balance or a disclosure. The factors include the following:

- The nature of the financial statement, classes of transactions, account balances, disclosures, and assertions involved
- The cause and frequency of the exceptions detected as a result of the deficiency, or deficiencies, in ICFR
- The susceptibility of the related asset or liability to loss or fraud

- The subjectivity, complexity, or extent of judgment required to determine the amount involved
- The interaction or relationship of the control(s) with other controls
- The interaction with other deficiencies in ICFR
- The possible future consequences of the deficiency, or deficiencies, in ICFR
- The importance of controls, such as the following, to the financial reporting process:
  - — General monitoring controls (such as oversight of management)
  - — Controls over the prevention and detection of fraud
  - — Controls over the selection and application of significant accounting policies
  - — Controls over significant transactions with related parties
  - — Controls over significant unusual transactions
  - — Controls over the period-end financial reporting process (such as controls over nonrecurring journal entries)

[As amended, effective for integrated audits for periods ending on or after December 15, 2021, by SAS No. 135. Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A93 The evaluation of whether a deficiency in ICFR presents a reasonable possibility of misstatement may be made without quantifying the probability of occurrence as a specific percentage or range. Also, in many cases, the probability of a small misstatement will be greater than the probability of a large misstatement. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A94 Controls may be designed to operate individually, or in combination, to effectively prevent, or detect and correct, misstatements. For example, controls over accounts receivable may consist of both automated and manual controls designed to operate together to prevent, or detect and correct, misstatements in the account balance. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A95 A deficiency in ICFR on its own may not be sufficiently important to constitute a material weakness. However, a combination of deficiencies affecting the same significant class of transactions, account balance, or disclosure; relevant assertion; or component of ICFR may increase the risks of misstatement to such an extent to give rise to a material weakness. A combination of deficiencies that affect the same significant class of transactions, account balance, or disclosure; relevant assertion; or component of ICFR also may collectively result in a significant deficiency. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A96 A compensating control can limit the severity of a deficiency in ICFR and prevent it from being a material weakness. Only compensating controls that operate at a level of precision that would prevent, or detect and correct, a material misstatement are capable of having a mitigating effect. Although compensating controls can mitigate the effects of a deficiency in ICFR, they do not eliminate the deficiency. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A97 Indicators of material weaknesses in ICFR include

- identification of fraud, whether or not material, on the part of senior management. For the purpose of this indicator, the term *senior management* includes the principal executive and financial officers as well as any other members of senior management who play a significant role in the entity's financial reporting process;
- restatement of previously issued financial statements to reflect the correction of a material misstatement due to fraud or error;
- identification by the auditor of a material misstatement of the financial statements under audit in circumstances that indicate that the misstatement would not have been detected and corrected by the entity's ICFR; and
- ineffective oversight of the entity's financial reporting and ICFR by those charged with governance.

[Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Determination of Whether Significant Deficiencies Exist During the Integrated Audit (Ref: par. .47)

.A98 Paragraphs .A89–.A96 provide guidance related to evaluating the severity of identified deficiencies in ICFR. Paragraph .A97 provides indicators of material weaknesses. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A99 The evaluation of the severity of each deficiency in ICFR to determine whether the deficiency, individually or in combination, is a significant deficiency is made for purposes of communicating in writing to management and those charged with governance significant deficiencies identified during the integrated audit. See paragraphs .59–.63 for the communication requirements. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Subsequent Events (Ref: par. .48–.51)

.A100 Section 560, *Subsequent Events and Subsequently Discovered Facts*, establishes requirements and provides guidance on subsequent events for a financial statement audit that are adapted and applied, as necessary, to the audit of ICFR. The auditor is required by paragraph .57 to obtain certain written representations from management relating to subsequent events. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A101 Refer to paragraph .80 when disclaiming an opinion on management's disclosures about corrective actions. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A102 The evaluation of such subsequently discovered facts is similar to the evaluation of subsequently discovered facts in an audit of financial statements, as described in section 560. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Concluding Procedures (Ref: par. .52–.56)

.A103 If management does not revise its report, paragraph .72 applies. Paragraph .71 also applies if the auditor determines that management's required disclosure about one or more material weaknesses is not fairly presented in all material respects. If management refuses to furnish a report that includes management's assessment about ICFR, paragraph .74 applies. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Obtaining Written Representations (Ref: par. .57–.58)

.A104 See section 580, *Written Representations*, for additional requirements and guidance with respect to obtaining written representations from management as part of an audit of financial statements. Section 580 addresses matters such as who should sign the letter, the period to be covered by the letter, and when to obtain an updated letter. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A105 Management's refusal to furnish written representations constitutes a limitation on the scope of the audit. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Communicating ICFR-Related Matters (Ref: par. .59–.63)

.A106 Section 265, *Communicating Internal Control Related Matters Identified in an Audit*, does not apply to integrated audits. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A107 Early communication to management or those charged with governance may be important for some matters because of their relative significance and the urgency of corrective follow-up action. Regardless of the timing of the written communication of significant deficiencies and material weaknesses, the auditor may communicate these orally in the first instance to management and, when appropriate, those charged with governance to assist them in taking timely remedial action to minimize the risks of material misstatement. However, oral communication does not relieve the auditor of the responsibility to communicate the significant deficiencies and material weaknesses in writing. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A108 If a previously communicated significant deficiency or material weakness remains, the current year's communication may repeat the description from the previous communication or simply reference the previous communication and the date of that communication. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A109 See section 230, *Audit Documentation*, for additional guidance related to the report release date.[26] [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A110 The auditor's written communication for a governmental entity would generally not be made prior to management's report on ICFR, the entity's financial statements, and the auditor's report thereon, being made publicly available. This is in order to provide the user with the appropriate context to evaluate the significant deficiencies or material weaknesses identified during the integrated audit that are contained in the written communication. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A111 The auditor is not required to perform procedures that are sufficient to identify all deficiencies; rather, the auditor need only communicate deficiencies of which the auditor is aware. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A112 Unlike in an audit of financial statements that is not integrated with an audit of ICFR, the auditor is required to communicate in writing deficiencies that do not rise to the level of significant deficiencies or material weaknesses. This is because identifying deficiencies in ICFR is the focus of an audit of ICFR, whereas identifying deficiencies is incidental to an audit of financial statements (that is not integrated with an audit of ICFR), which is focused on identifying misstatements of the financial statements. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A113 Because the auditor's written communication of deficiencies identified during the integrated audit forms part of the final audit file, the written communication is subject to the overriding requirement for the auditor to complete the assembly of the final audit file on a timely basis, no later than 60 days following the report release date.[27] [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Reporting on ICFR (Ref: par. .64–.65)

Considerations Specific to Governmental Entities

.A114 When the audit is also conducted in accordance with *Government Auditing Standards* (also known as the Yellow Book), the auditor may state that the audit was conducted in accordance with the auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. If significant deficiencies in ICFR are identified in such an audit and the auditor's report refers to *Government Auditing Standards*, those standards require the auditor to report such deficiencies as findings. The following is an illustration of that communication through the addition of other-matter paragraphs to the auditor's report:

[26]Paragraph .A2 of section 230, *Audit Documentation*. [Footnote renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 145, October 2021.]

[27]Paragraph .16 of section 230. [Footnote renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 145, October 2021.]

In accordance with *Government Auditing Standards*, we are required to report findings of significant deficiencies. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies in ABC Company's internal control described below [*or in the accompanying schedule of findings*] to be significant deficiencies.

Government Auditing Standards require the auditor to perform limited procedures on ABC Company's response, described below [*or in the accompanying schedule of findings*], to the findings identified in our audit of internal control over financial reporting. ABC Company's response was not subjected to the other auditing procedures applied in the audit of internal control over financial reporting and, accordingly, we express no opinion on the response.

[As amended, effective for audits of financial statements for periods ending on or after December 15, 2021, by SAS No. 140. Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

[.A115] [Paragraph deleted by the issuance of SAS No. 140, April 2020. Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A116 The auditor may choose to issue a combined report (that is, one report containing both an opinion on the financial statements and an opinion on ICFR) or separate reports on the entity's financial statements and on ICFR. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A117 If the auditor issues a separate report on ICFR and expresses an adverse opinion on ICFR, the disclosure required by paragraph .69 related to the effect of the adverse opinion on ICFR on the auditor's opinion on the financial statements may be combined with the report language described in paragraph .65. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A118 Section 220A, *Quality Control for an Engagement Conducted in Accordance With Generally Accepted Auditing Standards*, requires that, on or before the date of the auditor's report, the engagement partner, through a review of the audit documentation and discussion with the engagement team, be satisfied that sufficient appropriate audit evidence has been obtained to support the conclusions reached and for the auditor's report to be issued.[28] When an engagement quality control review is performed, section 220A requires that the auditor's report not be released prior to the completion of the engagement quality control review.[29] [Paragraph added, effective for audits of financial statements for

[28]See paragraph .19 of section 220A, *Quality Control for an Engagement Conducted in Accordance With Generally Accepted Auditing Standards*, for further discussion. [Footnote added, effective for audits of financial statements for periods ending on or after December 15, 2021, by SAS No. 140. Footnote subsequently renumbered by the issuance of SAS No. 145, October 2021.]

[29]Paragraph .21 of section 220A. [Footnote added, effective for audits of financial statements for periods ending on or after December 15, 2021, by SAS No. 140. Footnote subsequently renumbered by the issuance of SAS No. 145, October 2021.]

periods ending on or after December 15, 2021, by SAS No. 140. Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Report Modifications (Ref: par. .67)

.A119 A *limitation on the scope of the audit* refers to the auditor's inability to obtain sufficient appropriate audit evidence, which may arise from the following:

- Circumstances beyond the entity's control
- Circumstances relating to the nature or timing of the auditor's work
- Limitations imposed by management

[Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 145, October 2021.]

Adverse Opinions (Ref: par. .68–.71)

.A120 Paragraphs .44–.47 describe the evaluation of deficiencies. See paragraphs .73–.77 when the scope of the engagement has been limited. [Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 145, October 2021.]

.A121 Section 705, *Modifications to the Opinion in the Independent Auditor's Report*, establishes requirements and provides guidance on adverse opinions for a financial statement audit that are adapted and applied, as necessary, to the audit of ICFR. Exhibit A, "Illustrative Reports," of this section includes an illustration of the application of the reporting requirements in section 705.[30] [Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 145, October 2021.]

.A122 As described in paragraph .A116, if the auditor issues a separate report on ICFR in this circumstance, the disclosure required by paragraph .69 may be combined with the report language described in paragraph .65. [Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 145, October 2021.]

.A123 The auditor's report need only refer to the "material weaknesses described in management's report" and need not include a description of each material weakness, provided each material weakness is included and fairly presented in all material respects in management's report, as described in paragraph .71. [Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 145, October 2021.]

---

[30] Illustration 2, "Adverse Opinion on ICFR," of exhibit A, "Illustrative Reports." [Footnote renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 145, October 2021.]

Scope Limitations (Ref: par. .73–.77)

.A124 The auditor may be separately engaged to audit only the financial statements after withdrawing from the integrated audit. In such circumstances, the auditor cannot disregard knowledge obtained in the integrated audit engagement in determining whether to accept, or in performing, the financial statement audit. [Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 145, October 2021.]

.A125 Section 705 establishes requirements and provides guidance on disclaimers of opinion for a financial statement audit that are adapted and applied, as necessary, to the audit of ICFR. Exhibit A of this section includes an illustration of the application of the reporting requirements in section 705.[31] [Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 145, October 2021.]

.A126 In an audit of ICFR, the auditor is not required to perform any additional work prior to issuing a disclaimer when the auditor concludes that the auditor will not be able to obtain sufficient appropriate audit evidence to express an opinion. [Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 145, October 2021.]

.A127 The auditor's report need only refer to the "material weaknesses described in management's report" and need not include a description of each material weakness, provided each material weakness is included and fairly presented in all material respects in management's report. [Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 145, October 2021.]

Making Reference to a Component Auditor and Assuming Responsibility for the Work of a Component Auditor (Ref: par. .78–.79)

.A128 Section 600A addresses special considerations that apply to group audits, in particular those that involve component auditors. Section 600A is applicable, adapted as necessary, to the audit of ICFR, considering the requirements and guidance related to multiple components discussed beginning in paragraphs .28 and .81. [Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 145, October 2021.]

.A129 The group engagement partner may decide to assume responsibility for the work of the component auditor or to make reference to the component auditor in the report on the ICFR over the group financial statements. The decision about whether to make reference to a component auditor in the report on the audit of ICFR might differ from the corresponding decision as it relates to the audit of the financial statements. For example, the audit report on the group financial statements may make reference to the audit of a significant equity investment performed by a component auditor, but the report on the ICFR over the group

---

[31] Illustration 3, "Disclaimer of Opinion on ICFR," of exhibit A. [Footnote renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 145, October 2021.]

financial statements might not make a similar reference because management's assessment about ICFR ordinarily would not extend to controls at the equity method investee. See paragraph .84 for further discussion of the evaluation of the controls for an equity method investment. [Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 145, October 2021.]

.A130 Section 600A establishes requirements and provides guidance when assuming responsibility for the work of a component auditor and when making reference to a component auditor in the auditor's report on the financial statements that are adapted and applied, as necessary, to the audit of ICFR. Exhibit A of this section includes an illustration of the application of the reporting requirements in section 600A.[32] [Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 145, October 2021.]

Additional Information (Ref: par. .80)

.A131 The additional information as discussed in paragraph .80 typically relates to circumstances in which management includes a description of a response to an identified material weakness, including plans to remediate but is not limited to those matters. The following is an example of wording used to disclaim an opinion on such additional information.[33]

> **Other Matter**
>
> We did not perform auditing procedures on [*describe additional information, such as management's cost-benefit statement*], and accordingly, we do not express an opinion or provide any assurance on it.

[Paragraph renumbered and amended, effective for audits of financial statements for periods ending on or after December 15, 2021. Paragraph subsequently renumbered by the issuance of SAS No. 145, October 2021.]

.A132 An entity may publish various documents that contain information in addition to management's report and the auditor's report on ICFR. Section 250, *Consideration of Laws and Regulations in an Audit of Financial Statements*, as well as section 720, may require the auditor to take additional action. [Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 145, October 2021.]

---

[32] Illustration 4, "Unmodified Opinion on ICFR Making Reference to a Component Auditor," of exhibit A. [Footnote renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 145, October 2021.]

[33] The requirements in section 720, *The Auditor's Responsibilities Relating to Other Information Included in Annual Reports*, would also apply if the information and related auditor's reports are included in an entity's annual report. [Footnote added, effective for audits of financial statements for periods ending on or after December 15, 2021, by SAS No. 140. Footnote subsequently renumbered by the issuance of SAS No. 145, October 2021.]

Special Topics

Entities With Multiple Components (Ref: par. .81–.83)

.A133 As indicated in paragraph .A128 of this section, section 600A is applicable, adapted as necessary, to the audit of ICFR, considering the requirements and guidance related to components discussed in this section. [Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 145, October 2021.]

.A134 In determining the components at which to perform tests of controls, the group engagement team may also take into account work performed by the internal audit function or others on behalf of management. For example, if the internal audit function's planned procedures include relevant audit work at various components, the auditor may coordinate work with the internal auditors and reduce the number of components at which the group engagement team, or a component auditor on the group engagement team's behalf, would otherwise need to perform audit procedures. [Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 145, October 2021.]

.A135 The group engagement team may eliminate from further consideration components that, individually or when aggregated with others, do not present a reasonable possibility of material misstatement to the group financial statements. [Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 145, October 2021.]

.A136 In lower risk components, the group engagement team first might evaluate whether testing entity-level controls, including controls in place to provide assurance that appropriate controls exist throughout the organization, provides sufficient appropriate audit evidence. The group engagement team or a component auditor on the group engagement team's behalf may test the operating effectiveness of controls over specific risks or group-wide controls. [Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 145, October 2021.]

Special Situations (Ref: par. .84–.87)

.A137 The audit of ICFR ordinarily would not extend to controls at the equity method investee. [Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 145, October 2021.]

.A138 The auditor may conclude it is appropriate for management to limit the assessment by excluding certain entities when, for example, management has insufficient time to assess the controls at the as of date for a recently acquired business or does not have sufficient access to a consolidated variable interest entity. However, in the case of an acquired entity, it would not be appropriate for management to limit its assessment if the period of such limitation extends beyond one year from the date of acquisition, nor would it be appropriate for management's assessment to be limited for more than one annual management report on ICFR. Law or regulation may specifically address situations in which it is appropriate for management to limit its assessment by excluding certain entities and also may require specific disclosures in these cases. If, in the auditor's judgment, it is appropriate for management to limit its assessment by excluding certain entities, the auditor may limit the audit of ICFR in the same manner, and the auditor's opinion would not be affected by a scope limitation. [Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 145, October 2021.]

Use of Service Organizations (Ref: par. .88–.96)

.A139 Section 402 contains the requirements and application guidance for auditors of the financial statements of entities that use a service organization (user auditors). Section 402 addresses an auditor's responsibility for obtaining sufficient appropriate audit evidence in an audit of the financial statements of an entity that uses one or more service organizations (a user entity). Refer to section 402 for guidance when the service organization uses a subservice organization.[34] [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A140 Section 402 identifies the situations in which a service organization's services and controls over them are part of a user entity's information system.[35] If the service organization's services are part of the user entity's information system, as described therein, then they are part of the user entity's ICFR. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A141 Evidence that the controls that are relevant to the auditor's opinion on ICFR are operating effectively may be obtained by following the procedures described in section 402.[36] These procedures include one or more of the following:

a. Obtaining and reading a service auditor's report on management's description of a service organization's system and the suitability of the design and operating effectiveness of controls, which includes a description of the service auditor's tests of controls and results (a type 2 report), if available

b. Performing appropriate tests of controls at the service organization

c. Using another auditor to perform tests of controls at the service organization on behalf of the auditor

[Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A142 A report on management's description of a service organization's system and the suitability of the design of controls (a type 1 report) does not include a description of the service auditor's tests of controls and results of those tests or the service auditor's opinion

[34] Paragraph .A20 of section 402. [Footnote renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 145, October 2021.]

[35] Paragraph .03 of section 402. [Footnote renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 145, October 2021.]

[36] Paragraphs .16–.17 of section 402. [Footnote renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 145, October 2021.]

on the operating effectiveness of controls and, therefore, does not provide evidence of the operating effectiveness of controls. Type 1 and type 2 reports are described in section 402. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A143 These factors are similar to factors the auditor would consider in determining whether the report provides sufficient appropriate audit evidence to support the auditor's assessed level of control risk in an audit of the financial statements, as described in section 402.[37] [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A144 Section 402 defines *complementary user entity controls* as those controls that management of the service organization assumes, in the design of its service, will be implemented by user entities, and, if necessary to achieve the control objectives stated in management's description of the service organization's system, are identified as such in that description. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A145 Appropriate sources of information concerning the service auditor's professional competence and independence are discussed in section 402.[38] [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A146 Standards promulgated by a body designated by Council, pursuant to the "Compliance With Standards Rule" of the AICPA Code of Professional Conduct, are presumed to be adequate. Although the International Auditing and Assurance Standards Board (IAASB) is not such a body, AT-C section 320, *Reporting on an Examination of Controls at a Service Organization Relevant to User Entities' Internal Control Over Financial Reporting*, may be helpful when the service auditor's report is issued in accordance with International Standard on Assurance Engagements 3402, *Assurance Reports on Controls at a Service Organization*, promulgated by the IAASB.[39] [Revised, April 2017, to reflect conforming changes necessary due to the issuance of SSAE No. 18. Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A147 Changes in the service organization's controls may include

- changes communicated to management from the service organization, including those related to the service organization's processes and information systems.
- changes in personnel at the service organization with whom management interacts.
- changes in the design or implementation of controls that were necessary to achieve the control objectives.
- changes in reports or other data received from the service organization.

---

[37]Paragraphs .A32–.A39 of section 402. [Footnote renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 145, October 2021.]

[38]Paragraphs .A21–.A22 of section 402. [Footnote renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 145, October 2021.]

[39][Footnote deleted, April 2017, to reflect conforming changes necessary due to the issuance of SSAE No. 18. Footnote subsequently renumbered by the issuance of SAS No. 140, April 2020. Footnote subsequently renumbered by the issuance of SAS No. 145, October 2021.]

- changes in contracts or service level agreements with the service organization.
- errors identified in the service organization's processing or incidents of noncompliance with laws and regulations or fraud.

[Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A148 As risk increases, the need for the auditor to obtain additional evidence increases. If the auditor concludes that additional evidence about the operating effectiveness of controls at the service organization is required, the auditor's additional procedures might include

- evaluating procedures performed by management and the results of those procedures.
- contacting the service organization, through the user entity, to obtain specific information.
- requesting that a service auditor be engaged to perform procedures that will supply the necessary information.
- visiting the service organization and performing such procedures.

[Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Benchmarking of Automated Controls (Ref: par. .97–.99)

.A149 Entirely automated application controls are generally less susceptible to breakdowns due to human failure. This feature may allow the auditor to use a benchmarking strategy. *Benchmarking* is the process of testing an automated application control to establish a baseline that can be combined with effective IT general controls to allow the auditor to conclude that the automated application controls are effective without repeating the specific tests of operating effectiveness. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A150 When the risk factors assessed in determining a benchmarking strategy indicate lower risk, the control being evaluated might be well-suited for benchmarking. When these factors indicate increased risk, the control being evaluated is less suited for benchmarking. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A151 A report of the compilation dates of the programs placed in operation may be used as evidence that controls within the program have not changed. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A152 Benchmarking automated application controls can be especially effective for entities using purchased software when the possibility of program changes is remote (for example, when the vendor does not allow access or modification to the source code). [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A153 If general controls over program changes, access to programs, and computer operations are effective and continue to be tested, and if the auditor determines that the automated application control has not changed since the auditor established a baseline (that is, last tested the application control), the auditor may conclude that the automated application control continues to be effective without repeating the prior year's specific tests of the operation of the automated application control. The nature and extent of the evidence that the auditor obtains to determine that the control has not changed may vary depending on the circumstances, including the strength of the entity's program change controls. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A154 The consistent and effective functioning of the automated application controls may be dependent upon the related files, tables, data, and parameters. For example, an automated application for calculating interest income might be dependent on the continued integrity of a rate table used by the automated calculation. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

.A155 A control may be sensitive to other business factors that may have changed. For example, an automated control may have been designed with the assumption that only positive amounts will exist in a file. Such a control would no longer be effective if negative amounts (credits) begin to be posted to the account. [Paragraph renumbered by the issuance of SAS No. 145, October 2021.]

Exhibit A — Illustrative Reports

.A156 The following illustrate the report elements described in this section. The illustrations assume that the audit of internal control over financial reporting (ICFR) and the audit of the financial statements were performed by the same auditor. Report modifications are discussed beginning in paragraph .67 of this section.

Illustration 1 — Unmodified Opinion on ICFR

Illustration 2 — Adverse Opinion on ICFR

Illustration 3 — Disclaimer of Opinion on ICFR

Illustration 4 — Unmodified Opinion on ICFR Making Reference to a Component Auditor

Illustration 5 — Combined Report Expressing an Unmodified Opinion on ICFR and an Unmodified Opinion on the Financial Statements

Illustration 1 — Unmodified Opinion on ICFR

The following is an illustrative report expressing an unmodified opinion on ICFR.

Independent Auditor's Report

[*Appropriate Addressee*]

Report on Internal Control Over Financial Reporting[1]

Opinion on Internal Control Over Financial Reporting

We have audited ABC Company's internal control over financial reporting as of December 31, 20XX, based on [*identify criteria*].[2] In our opinion, ABC Company maintained, in all material respects, effective internal control over financial reporting as of December 21, 20XX, based on [*identify criteria*].

We also have audited, in accordance with auditing standards generally accepted in the United States of America (GAAS), the [*identify financial statements*] of ABC Company, and our report dated [*date of report, which should be the same as the date of the report on the audit of ICFR*] expressed [*include nature of opinion*].

Basis for Opinion

We conducted our audit in accordance with GAAS. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Internal Control Over Financial Reporting section of our report. We are required to be independent of ABC Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for Internal Control Over Financial Reporting

Management is responsible for designing, implementing, and maintaining effective internal control over financial reporting, and for its assessment about the effectiveness of internal control over financial reporting, included in the accompanying [*title of management's report*].

Auditor's Responsibilities for the Audit of Internal Control Over Financial Reporting

Our objectives are to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects and to issue an auditor's report that includes our opinion on internal control over financial reporting. Reasonable

---

[1]The subtitle "Report on Internal Control Over Financial Reporting" is unnecessary in circumstances when the second subtitle, "Report on Other Legal and Regulatory Requirements," is not applicable.

[2]For example, the following may be used to identify the criteria: "criteria established in the *Internal Control—Integrated Framework* (2013), issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO)."

assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit of internal control over financial reporting conducted in accordance with GAAS will always detect a material weakness when it exists.

In performing an audit of internal control over financial reporting in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Obtain an understanding of internal control over financial reporting, assess the risks that a material weakness exists, and test and evaluate the design and operating effectiveness of internal control over financial reporting based on the assessed risk.

Definition and Inherent Limitations of Internal Control Over Financial Reporting

An entity's internal control over financial reporting is a process effected by those charged with governance, management, and other personnel, designed to provide reasonable assurance regarding the preparation of reliable financial statements in accordance with [*applicable financial reporting framework, such as accounting principles generally accepted in the United States of America*]. An entity's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the entity; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with [*applicable financial reporting framework, such as accounting principles generally accepted in the United States of America*], and that receipts and expenditures of the entity are being made only in accordance with authorizations of management and those charged with governance; and (3) provide reasonable assurance regarding prevention, or timely detection and correction of unauthorized acquisition, use, or disposition of the entity's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent, or detect and correct, misstatements. Also, projections of any assessment of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

The following is an illustrative report expressing an adverse opinion on ICFR. In this example, the opinion on the financial statements is not affected by the adverse opinion on ICFR.

<u>**Independent Auditor's Report**</u>

[*Appropriate Addressee*]

Report on Internal Control Over Financial Reporting[1]

Adverse Opinion on Internal Control Over Financial Reporting

We have audited ABC Company's internal control over financial reporting as of December 31, 20XX, based on [*identify criteria*].[2] In our opinion, because of the effect of the material weakness described in the Basis for Adverse Opinion section on the achievement of the objectives of [*identify criteria*], ABC Company has not maintained effective internal control over financial reporting as of December 31, 20XX, based on [*identify criteria*].

We also have audited, in accordance with auditing standards generally accepted in the United States of America (GAAS), the [*identify financial statements*] of ABC Company, and our report dated [*date of report, which should be the same as the date of the report on the audit of ICFR*] expressed [*include nature of opinion*].

We considered the material weakness described in the Basis for Adverse Opinion on Internal Control Over Financial Reporting section in determining the nature, timing, and extent of audit procedures applied in our audit of the 20XX financial statements, and this report does not affect such report on the financial statements

Basis for Adverse Opinion on Internal Control Over Financial Reporting

A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. The following material weakness has been identified and included in the accompanying [*title of management's report*].

[*Identify the material weakness described in management's report.*][3]

---

[1]The subtitle "Report on Internal Control Over Financial Reporting" is unnecessary in circumstances when the second subtitle, "Report on Other Legal and Regulatory Requirements," is not applicable.

[2]For example, the following may be used to identify the criteria: "criteria established in the *Internal Control—Integrated Framework* (2013), issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO)."

[3]See paragraphs .68–.71 of this section for specific reporting requirements. The auditor's report need only refer to the material weaknesses described in management's report and need not include a description of each material weakness, provided each material weakness is included and fairly presented in all material respects in management's report.

We conducted our audit in accordance with GAAS. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Internal Control Over Financial Reporting section of our report. We are required to be independent of ABC Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for Internal Control Over Financial Reporting

Management is responsible for designing, implementing, and maintaining effective internal control over financial reporting, and for its assessment about the effectiveness of internal control over financial reporting, included in the accompanying [*title of management's report*].

Auditor's Responsibilities for the Audit of Internal Control Over Financial Reporting

Our objectives are to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects and to issue an auditor's report that includes our opinion on internal control over financial reporting. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit of internal control over financial reporting conducted in accordance with GAAS will always detect a material weakness when it exists.

In performing an audit of internal control over financial reporting in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Obtain an understanding of internal control over financial reporting, assess the risks that a material weakness exists, and test and evaluate the design and operating effectiveness of internal control over financial reporting based on the assessed risk.

Definition and Inherent Limitations of Internal Control Over Financial Reporting

An entity's internal control over financial reporting is a process effected by those charged with governance, management, and other personnel, designed to provide reasonable assurance regarding the preparation of reliable financial statements in accordance with [*applicable financial reporting framework, such as accounting principles generally accepted in the United States of America*]. An entity's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the entity; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with [*applicable financial reporting framework, such as accounting principles generally accepted in the United States of America*], and that receipts and expenditures of the entity are being made only in accordance with authorizations of management and those charged with governance; and (3) provide reasonable assurance regarding prevention, or timely detection and correction, of unauthorized acquisition, use, or disposition of the entity's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent, or detect and correct, misstatements. Also, projections of any assessment of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate.

Illustration 3 — Disclaimer of Opinion on ICFR

The following is an illustrative report expressing a disclaimer of opinion on ICFR. In this example, the auditor is applying paragraph .76 of this section because a material weakness was identified during the limited procedures performed by the auditor.

Independent Auditor's Report

[*Appropriate Addressee*]

Report on Internal Control Over Financial Reporting[1]

Disclaimer of Opinion on Internal Control Over Financial Reporting

We were engaged to audit ABC Company's internal control over financial reporting as of December 31, 20XX, based on [*identify criteria*].[2] Because of the significance of the matter described in the Basis for Disclaimer of Opinion on Internal Control Over Financial Reporting section, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the effectiveness of ABC Company's internal control over financial reporting.

We have audited, in accordance with auditing standards generally accepted in the United States of America (GAAS), the [*identify financial statements*] of ABC Company, and our report dated [*date of report, which should be the same as the date of the report on the audit of ICFR*] expressed [*include nature of opinion*].

We considered the material weakness described in the [*include section title of where the material weakness information is included in the report*][3] section in determining the nature, timing, and extent of audit procedures applied in our audit of the 20XX financial statements, and this report does not affect such report on the financial statements.

Basis for Disclaimer of Opinion on Internal Control Over Financial Reporting

[*Provide description of the matter giving rise to the disclaimer of opinion*]

Responsibilities of Management for Internal Control Over Financial Reporting

Management is responsible for designing, implementing, and maintaining effective internal control over financial reporting and for its assessment about the effectiveness of internal control over financial reporting included in the accompanying [*title of management's report*].

---

[1]The subtitle "Report on Internal Control Over Financial Reporting" is unnecessary in circumstances when the second subtitle, "Report on Other Legal and Regulatory Requirements," is not applicable.

[2]For example, the following may be used to identify the criteria: "criteria established in the *Internal Control—Integrated Framework* (2013), issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO)."

[3]In this illustration, the material weakness information is included in a separate section with the title "Material Weakness." [Footnote added, effective for audits of financial statements for periods ending on or after December 15, 2021.]

Auditor's Responsibilities for the Audit of Internal Control Over Financial Reporting

Our responsibility is to conduct an audit of ABC Company's internal control over financial reporting in accordance with GAAS. However, because of the matter described in the Basis for Disclaimer of Opinion on Internal Control Over Financial Reporting section, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

We are required to be independent of ABC Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Definition and Inherent Limitations of Internal Control Over Financial Reporting

An entity's internal control over financial reporting is a process effected by those charged with governance, management, and other personnel, designed to provide reasonable assurance regarding the preparation of reliable financial statements in accordance with [*applicable financial reporting framework, such as accounting principles generally accepted in the United States of America*]. An entity's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the entity; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with [*applicable financial reporting framework, such as accounting principles generally accepted in the United States of America*], and that receipts and expenditures of the entity are being made only in accordance with authorizations of management and those charged with governance; and (3) provide reasonable assurance regarding prevention, or timely detection and correction of unauthorized acquisition, use, or disposition of the entity's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent, or detect and correct, misstatements. Also, projections of any assessment of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Material Weakness[4]

A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. If one or more material weaknesses exist, an entity's internal control over financial reporting cannot be considered effective. The following material weakness has been included in the accompanying [*title of management's report*].

---

[4]Paragraph .76 does not specify the placement of this information. The sample in the illustrative auditor's report includes the information in a separate section with the title "Material Weakness;" however, auditors have discretion to present this information in the part of the report they consider appropriate. [Footnote added, effective for audits of financial statements for periods ending on or after December 15, 2021.]

[*Identify the material weakness described in management's report and include a description of the material weakness, including its nature and actual and potential effect on the presentation of the entity's financial statements issued during the existence of the material weakness.*]

Report on Other Legal and Regulatory Requirements

Illustration 4 — Unmodified Opinion on ICFR Making Reference to a Component Auditor

The following is an illustrative report expressing an unmodified opinion on ICFR when the engagement partner decides to make reference to the report of a component auditor.

Independent Auditor's Report

[*Appropriate Addressee*]

Report on Internal Control Over Financial Reporting[1]

Opinion on Internal Control Over Financial Reporting

We have audited ABC Company's internal control over financial reporting as of December 31, 20XX, based on [*identify criteria*].[2] In our opinion, based on our audit and the report of the other auditors, ABC Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 20XX, based on [*identify criteria*].

We did not audit the effectiveness of internal control over financial reporting of B Company, a wholly owned subsidiary, whose financial statements reflect total assets and revenues constituting 20 percent and 30 percent, respectively, of the related consolidated financial statement amounts as of and for the year ended December 31, 20XX. The effectiveness of B Company's internal control over financial reporting was audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the effectiveness of B Company's internal control over financial reporting, is based solely on the report of the other auditors.

We also have audited, in accordance with auditing standards generally accepted in the United States of America (GAAS), the [*identify financial statements*] of ABC Company, and our report dated [*date of report, which should be the same as the date of the report on the audit of ICFR*] expressed [*include nature of opinion*], based on our audit and the report of the other auditors.

Basis for Opinion

We conducted our audit in accordance with GAAS. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Internal Control Over Financial Reporting section of our report. We are required to be independent of ABC Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

---

[1]The subtitle "Report on Internal Control Over Financial Reporting" is unnecessary in circumstances when the second subtitle, "Report on Other Legal and Regulatory Requirements," is not applicable.

[2]For example, the following may be used to identify the criteria: "criteria established in the *Internal Control—Integrated Framework* (2013), issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO)."

Responsibilities of Management for the Audit of Internal Control Over Financial Reporting

Management is responsible for designing, implementing, and maintaining effective internal control over financial reporting and for its assessment about the effectiveness of internal control over financial reporting included in the accompanying [*title of management's report*].

Auditor's Responsibilities for the Audit of Internal Control Over Financial Reporting

Our objectives are to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects and to issue an auditor's report that includes our opinion on internal control over financial reporting. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit of internal control over financial reporting conducted in accordance with GAAS will always detect a material weakness when it exists.

In performing an audit of internal control over financial reporting in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Obtain an understanding of internal control over financial reporting, assess the risks that a material weakness exists, and test and evaluate the design and operating effectiveness of internal control over financial reporting based on the assessed risk.

Definition and Inherent Limitations of Internal Control Over Financial Reporting

An entity's internal control over financial reporting is a process effected by those charged with governance, management, and other personnel, designed to provide reasonable assurance regarding the preparation of reliable financial statements in accordance with [*applicable financial reporting framework, such as accounting principles generally accepted in the United States of America*]. An entity's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the entity; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with [*applicable financial reporting framework, such as accounting principles generally accepted in the United States of America*], and that receipts and expenditures of the entity are being made only in accordance with authorizations of management and those charged with governance; and (3) provide reasonable assurance regarding prevention, or timely detection and correction of unauthorized acquisition, use, or disposition of the entity's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent, or detect and correct, misstatements. Also, projections of any assessment of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Illustration 5 — Combined Report Expressing an Unmodified Opinion on ICFR and an Unmodified Opinion on the Financial Statements

The following is an illustrative combined report expressing an unmodified opinion on ICFR and an unmodified opinion on the financial statements. The circumstances include the following:

- An audit of a complete set of general purpose financial statements (single year). The audit is not a group audit.
- Management is responsible for the preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America as promulgated by the Financial Accounting Standards Board.
- The terms of the audit engagement reflect the description of management's responsibility for the financial statements in section 210A, *Terms of Engagement*.
- The auditor has concluded that an unmodified (that is, "clean") opinion is appropriate based on the audit evidence obtained.
- Based on the audit evidence obtained, the auditor has concluded that there are no conditions or events, considered in the aggregate, that raise substantial doubt about the entity's ability to continue as a going concern for a reasonable period of time in accordance with section 570, *The Auditor's Consideration of an Entity's Ability to Continue as a Going Concern*.
- The auditor has not been engaged to communicate key audit matters.

Independent Auditor's Report

[*Appropriate Addressee*]

Report on the Financial Statements and Internal Control[1]

Opinions on the Financial Statements and Internal Control Over Financial Reporting

We have audited the financial statements of ABC Company, which comprise the balance sheet as of December 31, 20XX, and the related statements of income, changes in stockholders' equity, and cash flows for the year then ended, and the related notes to the financial statements. In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of ABC Company as of December 31, 20XX, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We also have audited ABC Company's internal control over financial reporting as of December 31, 20XX, based on [*identify criteria*].[2] In our opinion, ABC Company maintained,

[1]The subtitle "Report on the Financial Statements and Internal Control" is unnecessary in circumstances when the second subtitle, "Report on Other Legal and Regulatory Requirements," is not applicable.

in all material respects, effective internal control over financial reporting as of December 31, 20XX, based on [*identify criteria*].

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements and Internal Control Over Financial Reporting section of our report. We are required to be independent of ABC Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements and Internal Control Over Financial Reporting

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of effective internal control over financial reporting relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management is also responsible for its assessment about the effectiveness of internal control over financial reporting, included in the accompanying [*title of management's report*].

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ABC Company's ability to continue as a going concern [*insert the time period set by the applicable financial reporting framework*].

Auditor's Responsibilities for the Audits of the Financial Statements and Internal Control Over Financial Reporting

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and about whether effective internal control over financial reporting was maintained in all material respects, and to issue an auditor's report that includes our opinions.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit of financial statements or an audit of internal control over financial reporting conducted in accordance with GAAS will always detect a material misstatement or a material weakness when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered to be material if there is a

[2]For example, the following may be used to identify the criteria: "criteria established in the *Internal Control—Integrated Framework* (2013), issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO)."

substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit of financial statements and an audit of internal control over financial reporting in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the statement audit in order to design audit procedures that are appropriate in the circumstances.
- Obtain an understanding of internal control over financial reporting relevant to the audit of internal control over financial reporting, assess the risks that a material weakness exists, and test and evaluate the design and operating effectiveness of internal control over financial reporting based on the assessed risk.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ABC Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the financial statement audit.

Definition and Inherent Limitations of Internal Control Over Financial Reporting

An entity's internal control over financial reporting is a process effected by those charged with governance, management, and other personnel, designed to provide reasonable assurance regarding the preparation of reliable financial statements in accordance with accounting principles generally accepted in the United States of America. An entity's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the entity; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with accounting principles generally accepted in the United States of America, and that receipts and expenditures of the entity are being made only in accordance with authorizations of management and those charged with governance; and (3) provide reasonable assurance regarding prevention, or timely detection and correction of unauthorized acquisition, use, or disposition of the entity's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent, or detect and correct, misstatements. Also, projections of any assessment of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Report on Other Legal and Regulatory Requirements

Exhibit B — Illustrative Written Communication of Significant Deficiencies and Material Weaknesses

.A157 The following is an illustrative written communication of significant deficiencies and material weaknesses.

To Management and [*identify the body or individuals charged with governance, such as the entity's board of directors*] of ABC Company:

In connection with our audit of ABC Company's (the Company) financial statements as of December 31, 20XX, and for the year then ended, and our audit of the Company's internal control over financial reporting as of December 31, 20XX (integrated audit), auditing standards generally accepted in the United States of America require that we advise you of the following matters relating to internal control over financial reporting (internal control) identified during our integrated audit.

Our responsibility is to plan and perform our integrated audit to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and whether effective internal control was maintained in all material respects (that is, whether material weaknesses exist as of the date specified in management's assessment). The integrated audit is not designed to detect deficiencies that, individually or in combination, are less severe than a material weakness.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. [*We consider the following deficiencies in the Company's internal control to be material weaknesses:*

[*Describe the material weaknesses that were identified during the integrated audit and provide an explanation of their potential effects. The auditor may separately identify those material weaknesses that exist as of the date specified in management's assessment about ICFR by referring to the auditor's report.*]

[*A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the Company's internal control over financial reporting to be significant deficiencies:*]

[*Describe the significant deficiencies that were identified during the integrated audit and provide an explanation of their potential effects.*]

This communication is intended solely for the information and use of management, [*identify the body or individuals charged with governance*], others within the organization, and [*identify any governmental authorities to which the auditor is required to report*] and is not intended to be and should not be used by anyone other than these specified parties.[1]

[*Auditor's signature*]

---

[1]When the engagement is also performed in accordance with *Government Auditing Standards*, see paragraph .11 of section 905, *Alert That Restricts the Use of the Auditor's Written Communication*, for alternative reporting requirements.

[*Auditor's city and state*]

[*Date*]

[Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 145, October 2021.]

Exhibit C — Illustrative Management Report

.A158 The following is an illustrative management report containing the reporting elements described in paragraph .55 of this section with no material weaknesses reported.

Management's Report on Internal Control Over Financial Reporting

ABC Company's internal control over financial reporting is a process effected by those charged with governance, management, and other personnel, designed to provide reasonable assurance regarding the preparation of reliable financial statements in accordance with [*applicable financial reporting framework, such as accounting principles generally accepted in the United States of America*]. An entity's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the entity; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with [*applicable financial reporting framework, such as accounting principles generally accepted in the United States of America*], and that receipts and expenditures of the entity are being made only in accordance with authorizations of management and those charged with governance; and (3) provide reasonable assurance regarding prevention, or timely detection and correction, of unauthorized acquisition, use, or disposition of the entity's assets that could have a material effect on the financial statements.

Management of ABC Company is responsible for designing, implementing, and maintaining effective internal control over financial reporting. Management assessed the effectiveness of ABC Company's internal control over financial reporting as of December 31, 20XX, based on [*identify criteria*].[1] Based on that assessment, management concluded that, as of December 31, 20XX, ABC Company's internal control over financial reporting is effective, based on [*identify criteria*].

Internal control over financial reporting has inherent limitations. Internal control over financial reporting is a process that involves human diligence and compliance and is subject to lapses in judgment and breakdowns resulting from human failures. Internal control over financial reporting also can be circumvented by collusion or improper management override. Because of its inherent limitations, internal control over financial reporting may not prevent, or detect and correct, misstatements. Also, projections of any assessment of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

ABC Company

Report signers, if applicable

Date

[1]For example, the following may be used to identify the criteria: "criteria established in the *Internal Control—Integrated Framework* (2013), issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO)."

[Paragraph renumbered by the issuance of SAS No. 140, April 2020. Paragraph subsequently renumbered by the issuance of SAS No. 145, October 2021.]

Exhibit D — Reporting Under Section 112 of the Federal Deposit Insurance Corporation Improvement Act

.A159

1. The Federal Deposit Insurance Corporation (FDIC) has provided guidance on the meaning of the term *financial reporting* for purposes of compliance by insured depository institutions (IDIs) with Section 112 of the Federal Deposit Insurance Corporation Improvement Act (FDICIA) (Section 36 of the Federal Deposit Insurance Act [FDI Act], 12.U.S.C. 1831m), and its implementing regulation, 12 CFR Part 363. The FDIC's guidance indicates that financial reporting, at a minimum, includes both financial statements prepared in accordance with generally accepted accounting principles (GAAP) for the IDI (or its holding company) and financial statements prepared for regulatory reporting purposes. Financial statements prepared for regulatory reporting purposes include the schedules equivalent to the GAAP-based financial statements that are included in an IDI's (or its holding company's) appropriate regulatory report (for example, Schedules RC, RI, and RI-A in the Consolidated Reports of Condition and Income [Call Report]). Accordingly, to comply with the FDICIA and Part 363, management of the IDI (or its holding company) and the auditor are required to identify and test controls over the preparation of GAAP-based financial statements as well as the schedules equivalent to the GAAP-based financial statements that are included in the IDI's (or its holding company's) appropriate regulatory report. Further, both management and the auditor are required to include in their report on the IDI's (or its holding company's) internal control over financial reporting (ICFR) a specific description indicating that the scope of ICFR included controls over the preparation of the IDI's (or its holding company's) GAAP-based financial statements as well as the schedules equivalent to the GAAP-based financial statements that are included in the IDI's (or its holding company's) appropriate regulatory report.[1]

Definition of ICFR for FDICIA Purposes

2. In accordance with paragraph .64*g* of this section, the auditor's report is required to include a definition of ICFR that uses the same description of ICFR that management uses in its report. The following is an illustrative definition paragraph that may be used when an IDI that is an insured bank (which is not subject to Section 404 of the Sarbanes-Oxley Act of 2002) elects to report on controls for FDICIA purposes at the bank holding company level:

> An entity's internal control over financial reporting is a process effected by those charged with governance, management, and other personnel, designed to provide reasonable assurance regarding the preparation of reliable financial statements in accordance with accounting principles generally accepted in the United States of America. Because management's assessment and our audit were conducted to meet the reporting requirements of Section 112 of the Federal Deposit Insurance Corporation Improvement Act (FDICIA), our audit of [*Holding Company's*] internal control over financial reporting

[1] Refer to Section 36 of the Federal Deposit Insurance Act (FDI Act), Section 363.1: Scope and Definitions, for the requirements pertaining to compliance by subsidiaries of holding companies.

included controls over the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America and with the instructions to the Consolidated Financial Statements for Bank Holding Companies (Form FR Y-9C).[2] An entity's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the entity; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with accounting principles generally accepted in the United States of America, and that receipts and expenditures of the entity are being made only in accordance with authorizations of management and those charged with governance; and (3) provide reasonable assurance regarding prevention, or timely detection and correction of unauthorized acquisition, use, or disposition of the entity's assets that could have a material effect on the financial statements.

Requirements When the IDI Is Required to Report on ICFR at the IDI Level

3. This paragraph and the following paragraphs are applicable and provide guidance when an IDI is required by 12 CFR Part 363 to report on ICFR at the IDI level. An IDI that is a subsidiary of a holding company may use the consolidated holding company's financial statements (group financial statements) to satisfy the audited financial statements requirement of 12 CFR Part 363, provided certain criteria are met.[3] For some IDIs, however, an audit of ICFR is required at the IDI level. An audit of ICFR is required to be integrated with an audit of financial statements. Accordingly, to comply with the integrated audit requirements in this section, when the IDI elects to use the holding company's group financial statements to satisfy the audited financial statements requirement of 12 CFR Part 363 and the audit of ICFR is required to be performed at the IDI level, the auditor would be required to perform procedures necessary to obtain sufficient appropriate audit evidence to enable the auditor to express an opinion on the IDI's financial statements and on its ICFR. When the IDI does not prepare financial statements at the IDI level for external distribution, "financial statements" for this purpose may consist of the IDI's financial information in a reporting package or equivalent schedules and analyses that include the IDI information necessary for the preparation of the holding company's group financial statements, including disclosures. The measurement of materiality is determined based on the IDI's financial information rather than the holding company's group financial statements.[4] If the auditor is unable to apply the procedures necessary to obtain sufficient appropriate audit evidence with respect to the IDI's financial information, the auditor is required by paragraph .73 of this section to withdraw from the engagement or disclaim an opinion on the effectiveness of ICFR at the IDI level.

---

[2]This sentence would be modified if the insured depository institution (IDI) reports at the institution level rather than at the bank holding company level to refer to the Federal Financial Institutions Examination Council Instructions for Consolidated Reports of Condition and Income instead of to the Form FR Y-9C. This sentence would also be modified if the IDI reports at a holding company level and employs another approach to reporting on controls over the preparation of regulatory reports as permitted by Section 36 of the FDI Act.

[3]See footnote 1.

[4]See paragraph .10 of section 320, *Materiality in Planning and Performing an Audit*.

Evaluation of IDI Financial Reporting Process

4. As previously described, the FDIC indicated that financial reporting, at a minimum, includes both financial statements prepared in accordance with generally accepted accounting principles (GAAP) for the IDI (or its holding company) and financial statements prepared for regulatory purposes. Financial statements prepared for regulatory reporting purposes include the schedules equivalent to the GAAP-based financial statements that are included in an IDI's (or its holding company's) appropriate regulatory report. When the IDI does not prepare financial statements for external distribution, the auditor is, nevertheless, required by paragraph .24 of this section to evaluate the IDI's period-end financial reporting process. This process includes, among other things, the IDI's procedures for preparing financial information for purposes of the holding company's group financial statements, which are prepared in accordance with GAAP, and the schedules equivalent to the GAAP-based financial statements that are included in the IDI's appropriate regulatory report.

Organization Structure

5. The period-end financial reporting process may occur either at the IDI or the holding company, or both. The organizational structure, including where the controls relevant to the IDI's financial information operate, may affect how the auditor evaluates this process. For example

a. when the period-end financial reporting process occurs at the holding company and the IDI comprises substantially all of the consolidated total assets, there may be no distinguishable difference between the IDI's and its holding company's process for purposes of the integrated audit. This is because the auditor's risk assessment, including the determination of significant classes of transactions, account balances, and disclosures, and their relevant assertions, the selection of controls to test, and the determination of the evidence necessary to conclude on the effectiveness of a given control, would likely be the same for the IDI and the holding company.[5] In this circumstance, the period-end financial reporting process of the holding company would be, in effect, the period-end financial reporting process of the IDI and, therefore, would be included in the scope of the integrated audit of the IDI.

b. when the period-end financial reporting process occurs at the holding company and the IDI does not comprise substantially all of the consolidated total assets, the IDI's financial reporting process may be sufficient for the auditor to meet the requirement in paragraph .24 of this section, if the necessary GAAP information is prepared by the IDI or the holding company, and the process can be evaluated by the auditor. The auditor may determine that the IDI's preparation of the IDI's appropriate regulatory report, together with other financial information at the IDI level that is incorporated into the holding company's group financial statements, is sufficient for this purpose. In this circumstance, both the period-end financial reporting process of the holding company, as it relates to the financial information of the IDI, and the period-end financial reporting process of the IDI, with respect to the preparation of

[5] See paragraph .A23 of this section.

the schedules equivalent to the basic financial statements that are included in the IDI's appropriate regulatory report, would be included in the scope of the integrated audit of the IDI.

IDI Not Subject to Section 404 of Sarbanes-Oxley Act of 2002

6. The illustrative reports in exhibit A, "Illustrative Reports," of this section may be used to report on the effectiveness of the IDI's ICFR. Because 12 CFR Part 363 does not require the auditor to issue a separate auditor's report on the IDI's financial statements, the requirement in paragraph .65 of this section to add a paragraph to the ICFR report that references the financial statement audit will not apply when the auditor does not issue a separate auditor's report on the IDI's financial statements. In accordance with paragraph .64 of this section, the auditor's report on ICFR is required to include a definition of ICFR that uses the same description of ICFR as management uses in its report. The following is an illustrative definition paragraph that may be used when an IDI that is not subject to Section 404 of the Sarbanes-Oxley Act of 2002 is required to report on controls for FDICIA purposes at the IDI level, and the IDI uses the holding company's group financial statements to satisfy the audited financial statements requirement of 12 CFR Part 363:

> An entity's internal control over financial reporting is a process effected by those charged with governance, management, and other personnel, designed to provide reasonable assurance regarding the preparation of reliable financial statements in accordance with generally accepted accounting principles. Because management's assessment and our audit were conducted to meet the reporting requirements of Section 112 of the Federal Deposit Insurance Corporation Improvement Act (FDICIA), our audit of [*IDI's*] internal control over financial reporting included controls over the preparation of financial information for purposes of [*consolidated holding company's*] financial statements in accordance with accounting principles generally accepted in the United States of America and controls over the preparation of schedules equivalent to basic financial statements in accordance with the Federal Financial Institutions Examination Council Instructions for Consolidated Reports of Condition and Income (Call Report Instructions). An entity's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the entity; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the entity are being made only in accordance with authorizations of management and those charged with governance; and (3) provide reasonable assurance regarding prevention, or timely detection and correction of unauthorized acquisition, use, or disposition of the entity's assets that could have a material effect on the financial statements.

Use of the *Internal Control — Integrated Framework* (2013) (COSO)

7. Management may evaluate and report on the effectiveness of the IDI's ICFR based on the report *Internal Control—Integrated Framework* (2013), issued by Committee of Sponsoring Organizations of the Treadway Commission's (COSO). For purposes of reporting under Section 112 of FDICIA, the COSO criteria relevant to internal reporting objectives are appropriate only for the IDI and its regulatory agencies that are presumed to have an adequate understanding of the level of the auditor's service on historical financial information, considering the IDI does not prepare external GAAP-based financial statements. Accordingly, the report is required to include an other-matter paragraph, under an appropriate heading, that restricts its use.[6] An example of such a restriction is as follows:

> ***Restriction on Use***[7]
>
> This report is intended solely for the information and use of management, [*identify the body or individuals charged with governance*], others within the organization, the Federal Deposit Insurance Corporation and [*other federal bank regulatory agency*] and is not intended to be and should not be used by anyone other than these specified parties.

8. Likewise, the auditor's report and management's assessment about ICFR refer to the COSO criteria relevant to internal reporting objectives. For example, the following may be used to identify the criteria: "criteria established in the *Internal Control—Integrated Framework* (2013), issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) relevant to internal reporting objectives for the express purpose of meeting the regulatory requirements of Section 112 of the Federal Deposit Insurance Corporation Improvement Act (FDICIA)."

[Paragraph renumbered and amended, effective for audits of financial statements for periods ending on or after December 15, 2021, by SAS No. 140. Paragraph subsequently renumbered by the issuance of SAS No. 145, October 2021.]

---

[6]See paragraphs .06*a* and .07 of section 905, *Alert That Restricts the Use of the Auditor's Written Communication*. Although reports on internal control issued in accordance with the guidance in this appendix are required to be restricted as to use, Section 36 of the FDI Act and Title 12 U.S. *Code of Federal Regulations* Part 363 require that these reports be available for public inspection.

[7]Another appropriate heading may be used.

AU-C Section 945

Auditor Involvement With Exempt Offering Documents

Source: SAS No. 133; SAS No. 137.

Effective for exempt offering documents with which the auditor is involved that are initially distributed, circulated, or submitted on or after June 15, 2018, unless otherwise indicated.

Introduction

Scope of This Section

.01 This section addresses the auditor's responsibilities when both of the following conditions exist:

a. The auditor's report on financial statements or the auditor's review report on interim financial information of an entity is included or incorporated by reference in an offering document relating to either of the following:

    i. Securities, when either the transaction or the securities themselves are exempt from registration under the Securities Act of 1933, as amended (Securities Act of 1933)

    ii. Franchise offerings regulated by the Federal Trade Commission (FTC) or applicable state franchise laws

    Hereafter, such security and franchise offerings are referred to as "exempt offerings" for purposes of this section.

b. The auditor performs one or more of the activities in paragraph .08*b* with respect to the exempt offering document.

In such situations, the auditor is deemed to be involved with the exempt offering document. (Ref: par. .A1–.A3)

.02 Exempt offerings are made pursuant to federal or state securities laws and regulations or pursuant to federal or state franchise laws and regulations, including, in each case, the antifraud provisions thereof.[1] Exempt offerings include, but are not limited to, the following:

---

[1]Exhibit A, "Examples of Exempt Offerings," provides examples of types of offerings within the scope of this section.

- Securities transactions that are exempt from the registration requirements of Section 5 of the Securities Act of 1933, such as private placement offerings, exempt public offerings, and municipal securities offerings
- Offerings of securities issued or backed by governmental, municipal, banking, tax-exempt, or other entities that are exempt from registration under the Securities Act of 1933
- Franchise offerings

Effective Date

.03 This section is effective for exempt offering documents with which the auditor is involved that are initially distributed, circulated, or submitted on or after June 15, 2018. (Ref: par. .A4)

Objectives

.04 The objectives of the auditor when involved with an exempt offering document are to perform procedures specified in this section and respond appropriately as follows:

a. When the auditor determines that information included or incorporated by reference in the exempt offering document could undermine the credibility of the financial statements and the auditor's report thereon

b. To facts that become known to the auditor after the date of the auditor's report that, had they been known to the auditor at that date, may have caused the auditor to revise the auditor's report

Definitions

.05 For purposes of this section, the following terms have the meanings attributed as follows:

Exempt offering document. The disclosure document that provides financial and nonfinancial information related to the entity issuing the exempt offering (or in the case of a franchise offering, the franchisor) and the offering itself. (Ref: par. .A5)

Security. *Security* has the meaning as defined in Section 2(a)(1) of the Securities Act of 1933, as amended.

.06 References in this section to an auditor's report are to be read to encompass an auditor's report on financial statements[2] or an auditor's review report on interim financial information in accordance with section 930, *Interim Financial Information*.

---

[2]An auditor's report in accordance with section 700, *Forming an Opinion and Reporting on Financial Statements*, section 800, *Special Considerations—Audits of Financial Statements Prepared in Accordance With Special*

.07 References in this section to an auditor's report that is included in an exempt offering document are to be read to also encompass an auditor's report that is incorporated by reference in an exempt offering document.

Requirements

Involvement

.08 The auditor is involved with an exempt offering document and should apply the requirements of this section in connection with an exempt offering document when both of the following conditions exist:

a. The auditor's report is included in the exempt offering document.

b. The auditor performs one or more of the following activities with respect to the exempt offering document: (Ref: par. .A6)

    i. Assisting the entity in preparing information included in the exempt offering document (Ref: par. .A7–.A10)

    ii. Reading a draft of the exempt offering document at the entity's request (Ref: par. .A11)

    iii. Issuing a comfort or similar letter in accordance with section 920, *Letters for Underwriters and Certain Other Requesting Parties*, or an agreed-upon procedures report in accordance with AT-C section 215, *Agreed-Upon Procedures Engagements*, in lieu of a comfort or similar letter on information included in the exempt offering document (Ref: par. .A12–.A14)

    iv. Participating in due diligence discussions with underwriters, placement agents, broker-dealers, or other financial intermediaries in connection with the exempt offering (Ref: par. .A15)

    v. Issuing a practitioner's attestation report on information relating to the exempt offering (Ref: par. .A16–.A17)

    vi. Providing written agreement for the use of the auditor's report in the exempt offering document (Ref: par. .A18–.A23)

    vii. Updating an auditor's report for inclusion in the exempt offering document (Ref: par. .A24–.A25)

When the auditor is involved with an exempt offering document, the auditor should perform the procedures in paragraphs .09–.15 at or shortly before the date of distribution, circulation, or submission of the exempt offering document, and as appropriate upon any subsequent distribution, circulation, or submission of the exempt offering document. (Ref: par. .A26)

Purpose Frameworks, or section 805, *Special Considerations—Audits of Single Financial Statements and Specific Elements, Accounts, or Items of a Financial Statement*.

Other Information Included in the Exempt Offering Document

.09 When the auditor is involved with an exempt offering document, the auditor should perform the procedures described in paragraphs .15–.23 of section 720, *The Auditor's Responsibilities Relating to Other Information Included in Annual Reports*, adapted as necessary, on the exempt offering document. When performing those procedures, the auditor should determine that the auditor's role is not described in the exempt offering document in a way that indicates that the auditor's responsibility is greater than the auditor intends. (Ref: par. .A27–.A31) [As amended, effective for exempt offering documents with which the auditor is involved that are initially distributed, circulated, or submitted on or after December 15, 2021, by SAS No. 137.]

Subsequent Events and Subsequently Discovered Facts

.10 When the auditor is involved with an exempt offering document, the auditor should do the following:

a. Perform procedures designed to identify events occurring between the date of the auditor's report and the date of the distribution, circulation, or submission of the exempt offering document that, had they been known to the auditor as of the date of the auditor's report, may have caused the auditor to revise the auditor's report (hereafter referred to as "subsequent events" for purposes of this section). Such procedures should include the following: (Ref: par. .A32–.A35)

   i. Obtaining an understanding of any procedures that management may have performed to identify such events

   ii. Inquiring of management and, when appropriate, those charged with governance about whether any such events have occurred that might affect the financial statements

   iii. Reading minutes, if any, of the meetings of the entity's management and those charged with governance that have been held since the date of the auditor's report and inquiring about matters discussed at any such meetings for which minutes are not yet available

   iv. Reading the entity's most recent subsequent interim financial statements, if any

b. Obtain updated written representations from management about the following:

   i. Whether any information has come to management's attention that would cause management to believe that any of the previous representations should be modified

   ii. Whether any events have occurred subsequent to the date of the auditor's report that would require adjustment to, or disclosure in, the financial statements

   iii. That management provided complete minutes of the meetings of the entity's management and those charged with governance, or summaries of actions of recent meetings for which minutes have not yet been prepared since previous representations were provided

iv. That management provided communications received from regulatory agencies concerning noncompliance with, or deficiencies in, financial reporting practices since previous representations were provided

.11 If a predecessor auditor's report on a prior period is included in the exempt offering document but the predecessor auditor did not audit the entity's separate financial statements for the most recent audited period for which the entity's audited financial statements are included in the exempt offering document, and the predecessor auditor is involved with the exempt offering then the predecessor auditor should perform the following procedures:

a. Read the financial statements of the subsequent period to be presented on a comparative basis.

b. Compare the prior period financial statements that the predecessor auditor reported on with the financial statements of the subsequent period to be presented on a comparative basis.

c. Inquire of and request written representations from management of the former client, at or near the date of distribution, circulation, or submission of the exempt offering document about the following:

   i. Whether any information has come to management's attention that would cause management to believe that any of the previous representations should be modified

   ii. Whether any events have occurred subsequent to the date of the latest prior period financial statements reported on by the predecessor auditor that, had they been known to the auditor as of the date of the auditor's report, may have caused the auditor to revise the auditor's report

d. Obtain a representation letter from the successor auditor stating whether the successor auditor's audit revealed any matters that, in the successor auditor's opinion, might have a material effect on, or require disclosure in, the financial statements reported on by the predecessor auditor.

.12 When a predecessor auditor of an acquired entity is involved with an exempt offering document and the acquirer's audited financial statements included in the exempt offering document reflect a time period that includes the date of acquisition, the predecessor auditor may be unable to perform all of the procedures in paragraph .11 of this section. In such circumstances, the predecessor auditor should obtain written representations from management of the former client, and a representation letter from the successor auditor as described in paragraph .11*c–d* of this section.

.13 If the auditor identifies subsequent events that may require adjustment of, or disclosure in, the audited financial statements or reviewed interim financial information, the auditor should not agree to the inclusion of the auditor's report in the exempt offering document until the auditor's consideration of the subsequent events, including the effect on the auditor's report, has been satisfactorily evaluated in accordance with section 560, *Subsequent Events and Subsequently Discovered Facts*.[3]

.14 If the auditor becomes aware of subsequently discovered facts, the auditor should not agree to the inclusion of the auditor's report in the exempt offering document until the auditor's consideration of the subsequently discovered facts, including the effect on the auditor's report, has been satisfactorily evaluated in accordance with section 560.[4]

.15 If management does not revise the financial statements in circumstances in which the auditor believes they need to be revised, in addition to following the requirements in section 560, the auditor should not agree to the inclusion of the auditor's report in the exempt offering document.[5]

Application and Other Explanatory Material

Scope of This Section (Ref: par. .01)

.A1 Securities offerings and franchise offerings may be offered by means other than a registered offering through exemptions to registration afforded under federal or state laws and regulations based on the size and nature of the offering or the issuing entity or franchisor, as applicable. Securities offered through means other than a registration statement under the Securities Act of 1933 and franchise offerings are within the scope of this section. Exhibit A, "Examples of Exempt Offerings," provides examples of types of offerings within the scope of this section. Section 925, *Filings With the U.S. Securities and Exchange Commission Under the Securities Act of 1933*, addresses the auditor's responsibilities when financial statements of a nonissuer are included or incorporated by reference in a registration statement under the Securities Act of 1933.

.A2 Auditors may include a provision in the terms of the engagement requiring the entity to obtain permission from the auditor before using the auditor's report in connection with an exempt offering document. The existence of such a provision in an engagement letter does not establish involvement unless the auditor performs one or more of the activities in paragraph .08*b* with respect to the exempt offering document. An example provision for an engagement letter may read as follows:

> The Entity may wish to include our report on these financial statements in an exempt offering document. The Entity agrees that the aforementioned auditor's report, or reference to our Firm, will not be included in any such offering document without our prior permission or consent. Any agreement to perform work in connection with an exempt offering document, including an agreement to provide permission or consent, will be a separate engagement.

[3] Paragraph .11 of section 560, *Subsequent Events and Subsequently Discovered Facts*.

[4] Paragraphs .15–.18 of section 560.

[5] Paragraphs .17–.18 of section 560.

.A3 The auditor may include in the terms of the engagement a provision that any exempt offering document issued by the entity with which the auditor is not involved, other than as determined by paragraph .08, will clearly indicate the auditor is not involved with the contents of such offering document. An example disclosure related to an exempt offering document may read as follows:

> [*Name of Firm*], our independent auditor, has not been engaged to perform and has not performed, since the date of its report included herein, any procedures on the financial statements addressed in that report. [*Name of Firm*] also has not performed any procedures relating to this offering document.

Effective Date (Ref: par. .03)

.A4 Some exempt offerings have multiple stages, for example distribution of a preliminary offering document and a final offering document. For such exempt offerings, the effective date relates to the distribution, circulation, or submission of the initial exempt offering document on or after June 15, 2018. Other exempt offerings, such as franchise offerings, may be updated annually. For such exempt offerings, the effective date relates to the initial or updated exempt offering document distributed, circulated, or submitted on or after June 15, 2018.

Definitions (Ref: par. .05)

.A5 An exempt offering document may also be referred to as an offering statement, offering memorandum, offering circular, or a franchise disclosure document.

Involvement

Performance of Activities (Ref: par. .08b)

.A6 Auditors may become aware of an offering through a communication from an entity or through the receipt of a draft exempt offering document from an underwriter, placement agent, broker-dealer, or the entity. Awareness of an exempt offering by the auditor does not, by itself, constitute involvement.

Assisting in Preparing Information (Ref: par. .08bi)

.A7 Assistance in preparing information as described in paragraph .08*b*i is predicated upon the auditor being reasonably aware that the information will be included in a specific exempt offering document. For example, an auditor assisting the entity with the preparation of a schedule for the entity's internal purposes that the entity later includes in an exempt offering document would not be considered assisting the entity in preparing information as described in paragraph .08*b*i.

.A8 Information does not include the audited financial statements or interim financial information covered by the auditor's report. Further, information does not include required supplementary information, or other information that accompanied those financial statements that the auditor already considered during the audit of the financial statements or review of interim financial information.

.A9 Self-review, management participation, and advocacy threats to a covered member's compliance with the AICPA Code of Professional Conduct may exist when a member provides corporate finance consulting services to an entity.[6] A member may assist the entity in drafting its exempt offering document or memorandum without impairing independence[7] if the member complies with the AICPA Code of Professional Conduct.[8,9]

.A10 Providing written or oral comments to the entity on the exempt offering document is considered assisting the entity in preparing information included in the exempt offering document, regardless of whether the entity requested the auditor to read the document or the auditor did so voluntarily.

Reading a Draft of the Exempt Offering Document (Ref: par. .08bii)

.A11 Reading a draft of the exempt offering document encompasses situations in which the auditor reads the exempt offering document at the request of the entity even if the auditor does not ultimately provide written or oral comments.

Issuing a Comfort or Similar Letter or an Agreed-Upon Procedures Report in Accordance With AT-C Section 215 (Ref: par. .08biii)

.A12 Underwriting agreements between an entity and its underwriters may include a request for the entity's auditor to prepare and issue a comfort letter that will assist the underwriters with their due diligence in connection with the exempt offering. Comfort letters may also be requested by parties other than the underwriters. Section 920 addresses the auditor's responsibilities related to the issuance of comfort letters.

.A13 An auditor may issue a comfort letter that provides negative assurance to a requesting party (as defined in section 920) only if the requesting party provides the written opinion from external legal counsel or the required representation letter described in section 920.[10] If the requesting party does not provide the required written opinion from external legal counsel or a representation letter, the auditor may issue a similar letter that does not provide negative assurance, but that instead includes certain statements required by section 920.[11]

.A14 When a comfort letter is requested by a party other than a requesting party as defined in section 920, the auditor should not provide that party with a comfort letter or

[6]The "Independence Rule" (ET sec. 1.200.001) of the AICPA Code of Professional Conduct.

[7]The "Corporate Finance Consulting" interpretation (ET sec. 1.295.130.02*f*) of the "Nonattest Services" subtopic (ET sec. 1.295) under the "Independence Rule" of the AICPA Code of Professional Conduct.

[8]The "General Requirements for Performing Nonattest Services" interpretation (ET sec. 1.295.040) of the "Nonattest Services" subtopic under the "Independence Rule."

[9]The "Corporate Finance Consulting" interpretation (ET sec. 1.295.130.03) of the "Nonattest Services" subtopic under the "Independence Rule" also lists examples of types of corporate finance consulting services that would impair a member's independence in connection with an offering.

[10]Paragraphs .07, .11, and .A92 of section 920, *Letters for Underwriters and Certain Other Requesting Parties*.

similar letter described in section 920.[12] Instead, the auditor may accept an engagement to perform agreed-upon procedures requested by that party in accordance with the attestation standards and may issue a practitioner's report.[13]

Participating in Due Diligence Discussions (Ref: par. .08biv)

.A15 As part of their due diligence process, underwriters and their counsel may ask to meet with the entity's auditors and discuss the specific exempt offering, either formally or informally.[14] Such meetings are often referred to as oral due diligence meetings; however, other communication methods may be used. The discussion typically focuses on the audit engagement, the entity's financial statements, and the entity's system of internal control over financial reporting. Auditors use professional judgment in determining whether to participate in due diligence discussions if the underwriter has not provided the written opinion from external legal counsel or representation letter as described in section 920.[15] If the auditor agrees to participate, auditors use professional judgment in determining which questions in an oral due diligence meeting can be addressed.

Issuing a Practitioner's Attestation Report on Information Relating to the Exempt Offering (Ref: par. .08bv)

.A16 During the offering process, management or other parties to the offering may engage a practitioner to perform an attestation engagement on information related to the offering. For example, in an exempt debt offering, management or its legal advisers may engage a practitioner to perform agreed-upon procedures on the entity's compliance with the revenue coverage requirements on outstanding debt securities or to recompute the calculation of escrow account requirements for an advance refunding of debt securities. If the practitioner engaged to perform the attestation engagement is the auditor whose report accompanies the financial statements included in the exempt offering document, the auditor is deemed to be involved with the exempt offering document. A practitioner's attestation report relating to an exempt offering need not be referred to or included in the exempt offering document to involve the auditor of the financial statements with the offering.

.A17 If the practitioner engaged to perform the attestation engagement is not the financial statement auditor, the practitioner engaged to perform the attestation engagement is not deemed to be involved with the exempt offering document in the manner described in this section.

[12]Paragraph .13 of section 920.

[13]AT-C section 215, *Agreed-Upon Procedures Engagements.*

[14]The "Confidential Client Information Rule" (ET sec 1.700.001) of the AICPA Code of Professional Conduct states that the auditor should not disclose any confidential client information without the specific consent of the client.

[15]Paragraphs .07, .11, and .A92 of section 920.

Providing Written Agreement for the Use of the Auditor's Report in the Exempt Offering Document (Ref: par. .08bvi)

.A18 For securities exempt from registration under the Securities Act of 1933, it may not be necessary for the auditor to provide any type of written agreement. If the auditor is asked to provide written agreement, the auditor may provide an inclusion letter indicating that the auditor agrees to the inclusion of the auditor's report in the exempt offering document.

.A19 An inclusion letter is a letter requested by and addressed to the entity that is signed and dated by the auditor indicating that the auditor agrees to the inclusion or incorporation by reference of the auditor's report in the exempt offering document.

.A20 For securities exempt from registration under the Securities Act of 1933, an inclusion letter may also be referred to as an *agree-to-include letter*, an *acknowledgement letter*, or an *awareness letter*. Note that *awareness letter* is defined in section 925 with a different meaning in that context.

.A21 The following example language may be used to indicate that the auditor agrees to inclusion of the auditor's report on financial statements in an exempt offering document:

Independent Auditor's Inclusion Letter

We agree to the inclusion [*or* incorporation by reference] in the [*name of Offering Document*] dated [*insert issuance date of Offering Document*] of our report, dated [*insert date of auditor's report on the financial statements*], on our audit of the financial statements of [*name of Entity*] as of December 31, 20X2 [and 20X1], and for the year[s] then ended.

.A22 For franchise offerings regulated by the FTC, certain states may require a *consent of accountant* which may also be referred to as an *acknowledgement letter*.

.A23 The following example language may be used to indicate the auditor's agreement to the inclusion of the auditor's report on financial statements in a franchise offering document:

Independent Auditor's Acknowledgment

We agree to the inclusion in the [*name of Offering Document*, for example the Franchise Disclosure Document] dated [*issuance date of Offering Document*] issued by [*name of Franchisor*] ("the Franchisor") of our report, dated [*insert date of auditor's report on the financial statements*], relating to the financial statements of the Franchisor as of December 31, 20X2 [and 20X1], and for the year[s] then ended.

Updating an Auditor's Report for Inclusion in the Exempt Offering Document (Ref: par. .08bvii)

.A24 Updating an auditor's report involves, for example, signing an updated auditor's report when the previously issued financial statements are corrected for an accounting error or reflect a retrospective application of a change in accounting principle.

.A25 The following examples would not constitute updating an auditor's report for purposes of paragraph .08*b*vii:

- Providing a copy of or re-signing a previously issued auditor's report
- Revising an originally issued auditor's report to eliminate references made by the auditor in the original report required by *Government Auditing Standards*
- Revising an originally issued report to eliminate references made by the auditor in the original report to supplementary information that the auditor reported on in relation to the basic financial statements

Distribution, Circulation, or Submission (Ref: par. .08)

.A26 As discussed in paragraph .A4, exempt offerings may have multiple stages. Thus, a single offering could involve multiple applications of this section. Requesting management to keep the auditor advised of the progress of the preparation of the exempt offering document proceedings through the final distribution, circulation, or submission of the final exempt offering document is important so that the auditor's consideration of events occurring after the date of the auditor's report up to the distribution, circulation, or submission of the final exempt offering document can be completed.

Other Information Included in the Exempt Offering Document (Ref: par. .09)

.A27 When revision of the other information in the exempt offering document is necessary due to a material misstatement that management refuses to correct, section 720 requires the auditor to communicate the matter with those charged with governance and request that the correction be made. If the other information is not corrected after communicating with those charged with governance, the auditor is required to take appropriate action in accordance with paragraph .21 of section 720. With regard to exempt offerings, actions may also include determining whether to withhold the auditor's agreement to include the auditor's report. In such cases, the auditor may consider it appropriate to obtain legal advice. [As amended, effective for exempt offering documents with which the auditor is involved that are initially distributed, circulated, or submitted on or after December 15, 2021, by SAS No. 137.]

References to the Auditor as an "Expert"

.A28 The term *expert* has a specific statutory meaning under the Securities Act of 1933. Outside the Securities Act of 1933 context, the term *expert* is typically undefined. Accordingly, except as described in paragraph .A31 of this section, when an entity wishes to make reference to the auditor's role in connection with an exempt offering, the caption to that section of the document would generally be titled "Independent Auditors" (or something similar) rather than "Experts," with no reference to the auditor as an expert anywhere in the exempt offering document.

.A29 The following is an example of a typical description of the auditor's role when an entity wishes to make reference to the auditor in an exempt offering document:

> **Independent Auditors**
>
> The financial statements of [*name of Entity*] as of December 31, 20X2 [and 20X1], and for the year[s] then ended, included in this offering document, have been audited by [*name of Firm*], independent auditors, as stated in their report appearing herein.

.A30 If the entity refuses to delete references to the auditor as an "expert," the auditor may consider whether to withhold permission to include the auditor's report in the exempt offering document, based on the auditor's professional judgment. In such circumstances, the auditor may consider it appropriate to obtain legal advice.

.A31 In situations in which the term *expert* is sufficiently defined the auditor may agree to be referred to as an expert outside the context of a registration statement filed under the Securities Act of 1933, as amended. For example, if the term *expert* is defined under applicable state law, the auditor may agree to be named as an expert in an exempt offering document in an intrastate offering. An understanding of any auditor liability provisions that may be included in the applicable federal or state statutes is an important consideration. In such circumstances, the auditor may consider it appropriate to obtain legal advice.

Subsequent Events and Subsequently Discovered Facts (Ref: par. .10–.15)

.A32 The general objective of the subsequent event procedures described in this section is to identify subsequent events or act upon any subsequently discovered facts that become known to the auditor after the date of the auditor's report that, had they been known to the auditor at that date, may have caused the auditor to revise the auditor's report. After financial statements have been issued or are available to be issued, the accounting framework pursuant to which they were prepared may not require accounting for or disclosure of events occurring after that date. Financial statements included in an exempt offering document may have previously been issued; accordingly, the auditor's subsequent event procedures are performed to update the auditor's awareness of the existence of any events or facts that may cause revision to the financial statements, including disclosures, or the auditor's report thereon through the date of distribution, circulation, or submission of the exempt offering document.

.A33 When applying the procedures described in paragraphs .11–.15 of this section, the auditor may consider the application and other explanatory material in section 560.

.A34 An illustrative updating management representation letter is included in section 580, *Written Representations*.[16]

Considerations Specific to Governmental Entities

.A35 In determining the extent of subsequent event procedures to perform in connection with a governmental debt offering, and the related management representations to request as addressed in paragraph .10*b* of this section, the auditor may consider the structure of the government and which component units relate to the debt offering. A component unit not guaranteeing the repayment is ordinarily not a relevant entity to the users of the debt offering. Alternatively, if the debt is offered solely by a particular component unit, the scope of subsequent event procedures would likely be limited to the applicable component unit responsible for the repayment of the debt. However, if the full set of financial statements for the reporting entity were included in the exempt offering document, the scope of subsequent event procedures would likely also encompass the primary government.

[16]Exhibit C, "Illustrative Updating Management Representation Letter," of section 580, *Written Representations*.

Exhibit A — Examples of Exempt Offerings (Ref: par. .A1)

.A36

1. The Securities Act of 1933 provides for two broad types of exemptions to the requirement that securities be registered with the SEC under Section 5 of the 1933 Act: exempt securities (under Section 3 of the 1933 Act) and exempt transactions (generally under Sections 4 and 4A of the 1933 Act. With Section 3 exempt securities, the exemption lies with the nature of the security, and thus each transaction involving that security will itself be exempt. With Section 4 exempt transactions, however, the exemption is applicable only to a single transaction, and does not necessarily carry over to subsequent transactions. Each transaction involving that security must be analyzed to determine if it too is exempt from Section 5 registration requirements. The following list is not intended to be comprehensive. The exemptions listed are frequently subject to conditions and definitional limitations that are not summarized here.

Exempt Securities

2. Examples of exempt securities (subject to conditions and, in some cases, restrictive definitions) include the following:

- Securities issued or guaranteed by federal, state, and local governments, including most industrial development bonds (Section 3(a)(2))
- Any security issued or guaranteed by banks or employee benefit plans (Section 3(a)(2))
- Short-term commercial paper with a maturity of nine months or less (Section 3(a)(3))
- Securities issued by non-profit religious, educational or charitable organizations (Section 3(a)(4))
- Securities issued by savings and loans and farmer's cooperatives (Section 3(a)(5))
- Railroad equipment trusts (Section 3(a)(6))
- Certificates of receivers and trustees issued with court approval (Section 3(a)(7))
- Insurance policies and annuity contracts (Section 3(a)(8))
- Equity securities issued in connection with the acquisition by a bank holding company of a bank or savings association (Section 3(a)(12))
- Securities issued by certain church employee plans (Section 3(a)(13))
- Security futures products and standardized options (Section 3(a)(14))

Exempt Transactions

3. Examples of exempt transactions include the following:

- Transactions by any person other than an issuer, underwriter, or dealer (Section 4(a)(1))
- Transaction by an entity not involving any public offering (the "private placement" exemption), including offerings under Regulation D Rule 506 and Rule 144A (Section 4(a)(2))
- Transactions by a dealer, with certain exceptions (Section 4(a)(3))
- Brokers' transactions executed on customer orders (Section 4(a)(4))
- Offers or sales by an entity to accredited investors (under certain conditions) (Section 4(a)(5))
- Regulation CF transactions (crowdfunding) (Section 4(a)(6))
- Private resales of securities (Section 4(a)7))
- Small issues of securities, including Regulation A offerings and offerings under Rules 504 and 505 of Regulation D (Section 3(b) and Section 3(c))
- Voluntary exchanges between an entity and security holders (Section 3a)(9))
- Judicially or administratively approved exchanges (Section 3a)(10))
- Intrastate offerings (Section 3(a)(11))

Other Common Exemptions

4. Examples of other common exemptions include these:

- Rule 701 exemptions for compensatory arrangements
- Regulation S (offshore offers and sales)

Franchise Offerings

5. Franchise offerings are regulated at the federal and state level. Federal regulation occurs through the FTC under the *Disclosure Requirements and Prohibitions Concerning Franchising* (the FTC rule). The FTC rule requires franchisors to provide a franchise disclosure document to each prospective buyer, but does not require franchise disclosure documents to be filed or registered with the FTC. At the state level, regulations vary widely. Some states have franchise statutes and regulations that are more stringent than the FTC requirements, and which may require a franchisor to file or register its offering with state franchise authorities.

AU-C Appendixes

AU-C Appendix A

Historical Background

In 1917, the American Institute of Certified Public Accountants, then known as the American Institute of Accountants, at the request of the Federal Trade Commission, prepared "a memorandum on balance-sheet audits," which the Federal Trade Commission approved and transmitted to the Federal Reserve Board.

The Federal Reserve Board, after giving the memorandum its provisional endorsement, published it in the *Federal Reserve Bulletin* of April 1917; reprints were widely disseminated for the consideration of "banks, bankers, banking associations; merchants, manufacturers, and associations of manufacturers; auditors, accountants, and associations of accountants" in pamphlet form with the title of "Uniform Accounting: a Tentative Proposal Submitted by the Federal Reserve Board."

In 1918, it was reissued under the same sponsorship, with a new title "Approved Methods for the Preparation of Balance-Sheet Statements." There was practically no change from 1917 except that, as indicated by the respective titles and corresponding change in the preface, instead of the objective of "a uniform system of accounting to be adopted by manufacturing and merchandising concerns," the new objective was "the preparation of balance-sheet statements" for the same businesses.

In 1929, a special committee of the Institute undertook revision of the earlier pamphlet in the light of the experience of the past decade; again under the auspices of the Federal Reserve Board, the revised pamphlet was issued in 1929 as "Verification of Financial Statements."

The preface of the 1929 pamphlet spoke of its predecessors as having been criticized, on the one hand, by some accountants for being "more comprehensive than their conception of the so-called balance-sheet audit," and, on the other hand, by other accountants because "the procedure would not bring out all the desired information." This recognition of opposing views evidenced the growing realization of the impracticability of uniform procedures to fit the variety of situations encountered in practice. Of significance is the appearance in the opening paragraph of "General Instructions" in the 1929 publication of the statement:

The extent of the verification will be determined by the conditions in each concern. In some cases, the auditor may find it necessary to verify a substantial portion or all of the transactions recorded upon the books. In others, where the system of internal check is good, tests only may suffice. The responsibility for the extent of the work required must be assumed by the auditor.

Between 1932 and 1934, there was correspondence, dealing with both accounting and auditing matters, between the Institute's special committee on cooperation with stock exchanges and the committee on stock list of the New York Stock Exchange. The views expressed were an important development in the recognition of the position of accountancy in finance and business. The series of letters was published in 1934 under the title *Audits of Corporate Accounts*.

In 1936, a committee of the Institute prepared and published a further revision of the earlier pamphlets under the title of "Examination of Financial Statements by Independent Public Accountants." The Institute availed itself of the views of persons outside the ranks of the profession whose opinions would be helpful, but the authority behind and responsibility for the publication of the pamphlet rested wholly with the Institute as the authoritative representative of a profession that had by that time become well established in the business community.

In the 1936 revision, aside from the very briefly noted "Modifications of Program for Larger or Smaller Companies," the detailed procedures were restrictively stated to be an "outline of examination of financial statements of a small or moderate size company." Moreover, the nature and extent of such examinations were based on the purpose of the examination, the required detail to be reported on, the type of business, and, most important of all, the system of internal control; variations in the extent of the examination were specifically related to "the size of the organization and the personnel employed" and were said to be "essentially a matter of judgment which must be exercised by the accountant."

It is possible from the foregoing narrative to trace the development of the profession's view of an audit based on the experience of three decades. The succession of titles is illustrative. The earliest ambition for "uniform accounting" was quickly realized to be unattainable, and the same listed procedures were related instead to "balance-sheet statements." Then, with the gradually greater emphasis on periodic earnings, the earlier restrictive consideration of the balance sheet was superseded in the 1929 title, "Verification of Financial Statements," by according the income statement at least equal status. When in turn the 1936 revision was undertaken, there was a growing realization that, with the complexity of modern business and the need of the independent auditor to rely on testing, such a word as "verification" was not an accurate portrayal of the independent auditor's function. Accordingly, the bulletin of that year was stated to cover an "examination" of financial statements.

Statements on Auditing Procedure

The Committee on Auditing Procedure had its beginning on January 30, 1939, when the executive committee of the Institute authorized the appointment of a small committee "to examine into auditing procedure and other related questions in the light of recent public discussion."

On May 9 of that year, the report "Extensions of Auditing Procedure" of this special committee was adopted by the Council of the Institute and authority given for its publication and distribution, and in the same year the bylaws were amended to create a standing Committee on Auditing Procedure.

In 1941, the executive committee authorized the issuance to Institute members, in pamphlet form, of the Statements on Auditing Procedure, prepared by the Committee on Auditing Procedure, previously published only in *The Journal of Accountancy*.

The Statements on Auditing Procedure were designed to guide the independent auditor in the exercise of his judgment in the application of auditing procedures. In no sense were they intended to take the place of auditing textbooks; by their very nature textbooks must deal in a general way with the description of procedures and refinement of detail rather than the variety of circumstances encountered in practice that require the independent auditor to exercise his judgment.

Largely to meet this need, the Institute began the series of Statements on Auditing Procedure. The first of these presented the report of the original special committee, as modified and approved, at the Institute's annual meeting on September 19, 1939, and issued under the title of "Extensions of Auditing Procedure."

Statement No. 1 presented conclusions drawn from the experience and tradition of the profession which largely furnished the foundation for the Committee's present structural outline of auditing standards; the other Statements on Auditing Procedure appropriately fit into that structural outline.

The "Codification of Statements on Auditing Procedure" was issued by the Committee on Auditing Procedure in 1951 to consolidate the features of the first 24 pronouncements, which were of continuing usefulness.

When the SEC adopted the requirement that a representation on compliance with generally accepted auditing standards be included in the independent auditor's report on financial statements filed with the SEC, it became apparent that a pronouncement was needed to define these standards. Accordingly, the Committee on Auditing Procedure undertook a special study of auditing standards (as distinguished from auditing procedures) and submitted a report that was published in October 1947 under the title "Tentative Statement of Auditing Standards—Their Generally Accepted Significance and Scope." The recommendations of this brochure ceased to be tentative when, at the September 1948 meeting, the membership of the Institute approved the summarized statement of auditing standards.

In 1954 the tentative brochure was replaced by the booklet *Generally Accepted Auditing Standards—Their Significance and Scope*, which was issued as a special report of the Committee on Auditing Procedure. This pronouncement also gave recognition to the approval of Statement on Auditing Procedure No. 23 (Revised), *Clarification of Accountant's Report When Opinion Is Omitted* (1949) and the issuance of the codification (1951).

Statement on Auditing Procedure No. 33 was issued in 1963 as a consolidation of, and a replacement for, the following pronouncements of the Committee on Auditing Procedure: *Internal Control* (1949), *Generally Accepted Auditing Standards* (1954), *Codification of Statements on Auditing Procedure* (1951), and Statements on Auditing Procedure Nos. 25–32, which were issued between 1951 and 1963. Statement No. 33 was a codification of earlier committee pronouncements that the committee believed to be of continuing interest to the independent auditor.

Statements on Auditing Standards

After issuance of Statement on Auditing Procedure No. 33, 21 additional Statements on Auditing Procedure, Nos. 34–54, were issued by the Committee on Auditing Procedure. In November 1972, these pronouncements were codified in Statement on Auditing Standards (SAS) No. 1, *Codification of Auditing Standards and Procedures*. Also, in 1972, the name of the committee was changed to the Auditing Standards Executive Committee to recognize its role as the AICPA's senior technical committee charged with interpreting generally accepted auditing standards.

The Auditing Standards Executive Committee issued 22 additional statements through No. 23. These statements were incorporated in this publication, which provides a continuous codification of SASs.

Creation of the Auditing Standards Board

As a result of the recommendations of the Commission on Auditors' Responsibilities, an independent study group appointed by the AICPA, a special committee was formed to study the structure of the AICPA's auditing standard-setting activity. In May 1978, the AICPA Council adopted the recommendations of that committee to restructure the Committee. Accordingly, in October 1978 the Auditing Standards Board (ASB) was formed as the successor to prior senior technical committees on auditing matters. The ASB was given the following charge:

The AICPA Auditing Standards Board shall be responsible for the promulgation of auditing standards and procedures to be observed by members of the AICPA in accordance with the Institute's rules of conduct.

The board shall be alert to new opportunities for auditors to serve the public, both by the assumption of new responsibilities and by improved ways of meeting old ones, and shall as expeditiously as possible develop standards and procedures that will enable the auditor to assume those responsibilities.

Auditing standards and procedures promulgated by the board shall—

a. Define the nature and extent of the auditor's responsibilities.

b. Provide guidance to the auditor in carrying out his duties, enabling him to express an opinion on the reliability of the representations on which he is reporting.

c. Make special provision, where appropriate, to meet the needs of small enterprises.

d. Have regard to the costs which they impose on society in relation to the benefits reasonably expected to be derived from the audit function.

The Auditing Standards Board shall provide auditors with all possible guidance in the implementation of its pronouncements, by means of interpretations of its statements, by the issuance of guidelines, and by any other means available to it.

Changes Created by Sarbanes-Oxley Act of 2002

AICPA members who perform auditing and other related professional services have been required to comply with SASs promulgated by the AICPA ASB. These standards constitute what is known as generally accepted auditing standards (GAAS). Prior to Sarbanes-Oxley, the ASB's auditing standards have applied to audits of all entities.

However, as a result of the passage of the Sarbanes-Oxley Act of 2002 (the Act), the PCAOB was designated as the body to establish standards relating to the preparation and issuance of audit reports for entities within its jurisdiction as defined by the Act. Public accounting firms auditing those entities are required to be registered with the PCAOB and to adhere to all PCAOB rules and standards in those audits. In 2003, the PCAOB adopted the then-existing Audit and Attest Standards as its interim auditing standards.

The preparation and issuance of audit reports for those entities not subject to the Act, as amended, (that is, those audits that are not within the PCAOB's jurisdiction) continue to be governed by GAAS promulgated by the ASB.

The Reconstituted ASB

In February 2004, the AICPA's Board of Directors unanimously recommended that the AICPA's Governing Council take the following action at its meeting in May 2004:

- Designate the PCAOB as a body with the authority to promulgate auditing and related attestation standards, quality control, ethics, independence, and other standards relating to the preparation and issuance of audit reports for entities as defined by the Act, as amended.
- Amend the ASB's current designation to recognize the ASB as a body with the authority to promulgate auditing, attestation, and quality control standards relating to the preparation and issuance of audit reports for entities not within the PCAOB's jurisdiction.

As a result of this action, the ASB was reconstituted and its jurisdiction amended by AICPA Council to recognize the ASB as a body with the authority to promulgate auditing, attestation and quality control standards relating to the preparation and issuance of audit and attestation reports for entities not within the PCAOB's jurisdiction.

U.S. Auditing Standards — AICPA (Clarified)

In October 2011, the ASB issued SAS No. 122, *Statements on Auditing Standards: Clarification and Recodification*, which was the culmination of a multiyear Clarity Project to clarify the SASs and converge them with the International Standards on Auditing. Beginning with SAS No. 122, all new SASs are now included in the section *U.S. Auditing Standards—AICPA (Clarified)*. SAS No. 122 is effective for audits of financial statements for periods ending on or after December 15, 2012. Refer to individual AU-C sections for specific effective date language.

ISA 800 (Revised)	Special Considerations — Audits of Financial Statements Prepared in Accordance with Special Purpose Frameworks
ISA 805 (Revised)	Special Considerations — Audits of Single Financial Statements and Specific Elements, Accounts or Items of a Financial Statement
ISA 810 (Revised)	Engagements to Report on Summary Financial Statements

This analysis was prepared by the AICPA Audit and Attest Standards staff to highlight substantive differences between the Statements on Auditing Standards and International Standards on Auditing, and the rationales therefore. This analysis is not authoritative and is prepared for informational purposes only. It has not been acted on, or reviewed by, the Auditing Standards Board.

Statements on Auditing Standards (SASs) are issued by the Auditing Standards Board (ASB), the senior committee of the AICPA designated to issue pronouncements on auditing matters for nonissuers.[1] The "Compliance With Standards Rule" (ET sec. 1.310.001) of the AICPA Code of Professional Conduct requires an AICPA member who performs an audit of a nonissuer to comply with standards promulgated by the ASB.

The ASB has a strategic objective to converge its standards with those developed by the International Auditing and Assurance Standards Board (IAASB) of the International Federation of Accountants (IFAC). Each SAS differs from its corresponding ISA only where the ASB believes compelling reasons exist for the differences. As described in this appendix, nearly all ISA requirements are also requirements of auditing standards generally accepted in the United States of America (GAAS). The ASB also has a strategic objective of

[1]See the definition of the term *nonissuer* in the AU-C Glossary. [Footnote revised, February 2017, to better reflect the AICPA Council Resolution designating the PCAOB to promulgate technical standards.]

minimizing unnecessary differences with the auditing standards of the PCAOB. Accordingly, GAAS contain additional requirements that address issues specific to the United States of America or that have been retained from previous SASs.

An AICPA member practicing in the United States of America may be engaged to audit the financial statements of a nonissuer in accordance with the ISAs. In those circumstances where the auditor's report states that the audit was conducted in accordance with the ISAs, the U.S. auditor should comply with both the ISAs and, as required by the AICPA Code of Professional Conduct, GAAS. An engagement of this nature is normally conducted by performing an audit in accordance with GAAS plus performing any additional procedures required by the ISAs.

The purpose of this appendix is to assist the U.S. auditor in planning and performing an engagement in accordance with the ISAs. This document provides a brief description of how each ISA differs from the comparable U.S. standard. However, to fully understand how the ISA might affect the nature, timing, and extent of the procedures performed in an engagement in accordance with GAAS, the auditor should consider the ISAs in their entirety by considering the standards together with the related guidance included in the ISAs. In performing an audit in accordance with the ISAs, the auditor also needs to comply with the International Ethics Standards Board for Accountants' (IESBA) *International Code of Ethics for Professional Accountants (including International Independence Standards)*.

This analysis compares the ISAs included in the 2021 edition of the *Handbook of International Quality Control, Auditing, Review, Other Assurance, and Related Services Pronouncements*, to the AICPA's *Professional Standards*, as of May 2022. References to GAAS are made to the relevant AU-C sections. This analysis describes the differences in terms of

a. differences in wording,

b. requirements in the ISAs not in GAAS,

c. requirements in GAAS not in the ISAs,

d. differences between requirements, and

e. the placement of certain requirements within GAAS

General

In converging with the ISAs, the ASB has made various changes to the wording of the ISAs throughout the SASs. Such changes have been made to use terms applicable in the United States and to make the SASs easier to read and apply in the United States. The ASB believes that such changes do not create differences between the application of the ISAs and the application of GAAS. Selected changes are described in the analysis that follows.

ISA 200, *Overall Objectives of the Independent Auditor and the Conduct of an Audit in Accordance with International Standards on Auditing*, Compared to Section 200, *Overall Objectives of the Independent Auditor and the Conduct of an Audit in Accordance With Generally Accepted Auditing Standards*

Requirements in the ISAs Not in GAAS

The ISAs provide for reporting on financial statements that are prepared in accordance with fair presentation financial reporting frameworks and compliance financial reporting frameworks. In the ISAs, compliance frameworks do not necessarily require fair presentation. GAAS address reporting on financial statements that are prepared in accordance with fair presentation frameworks only, because the ASB believes that in the United States, users of financial statements expect all fair presentation frameworks to be fair presentation financial reporting frameworks.

Requirements in GAAS Not in the ISAs

GAAS, as described in paragraph .25 of section 200, contain two categories of professional requirements: unconditional requirements and presumptively mandatory requirements. Paragraph .25 of section 200 describes the auditor's obligation to comply with (1) an unconditional requirement in all cases where such requirement is relevant, and (2) a presumptively mandatory requirement in all cases where such a requirement is relevant except in rare circumstances. The ISAs contain only one category of professional requirements, with which paragraphs 22–23 of ISA 200 require the auditor to comply when such requirements are relevant except in rare circumstances. The ASB retained two categories of professional requirements so as not to create unnecessary differences with the application of the auditing standards promulgated by the PCAOB, which contain the same two categories of professional requirements as described in section 200.

Paragraphs .27–.28 of section 200 contain requirements relating to interpretive publications and other auditing publications. The ISAs do not address interpretive publications or other auditing publications.

ISA 210, *Agreeing the Terms of Audit Engagements*, Compared to Section 210A, *Terms of Engagement*

Requirements in the ISAs Not in GAAS

Paragraphs 11–12 of ISA 210 contain requirements relating to situations when law or regulation prescribes management's responsibilities. Paragraph 18 of ISA 210 contains requirements relating to situations when law or regulation supplements financial reporting standards established by an authorized or recognized standards-setting organization. The ASB believes that these situations are not applicable to nonissuers in the United States and, accordingly, such requirements are not included in GAAS.

Requirements in GAAS Not in the ISAs

Paragraphs .11–.12 of section 210A address the auditor's communications with predecessor auditors in initial audit or reaudit engagements. ISA 210 does not contain these requirements. The ASB believes these requirements and related application material are appropriate for inclusion in GAAS.

Paragraph 13 of ISA 210 requires that for recurring audits, the auditor should assess whether there is a need to remind the entity of the existing terms of the engagement. Paragraph .13 of section 210A requires the auditor to remind the entity of the existing terms of the engagement and to document the reminder. The ASB believes that it is important to review the terms of the engagement with the entity each year.

Placement of Certain Requirements Within GAAS

Paragraphs 19–20 of ISA 210 contain requirements relating to situations when the financial reporting framework is prescribed by law or regulation. These requirements are addressed in section 800, *Special Considerations — Audits of Financial Statements Prepared in Accordance With Special Purpose Frameworks*. The different placement of these requirements does not create differences between the ISAs as a whole and GAAS as a whole.

ISA 220 (Revised), *Quality Management for an Audit of Financial Statements*, Compared to Section 220, *Quality Management for an Engagement Conducted in Accordance With Generally Accepted Auditing Standards*

Requirements in the ISAs Not in GAAS

Paragraph 21 of ISA 220 contains requirements relating to audits of listed entities. Such requirements are not applicable to audits of nonissuers in the United States and, accordingly, such requirements are not included in GAAS.

Differences Between Requirements

Paragraph .36*d* of section 220 requires that when an engagement quality review is performed, the engagement quality review be completed before the engagement partner releases the auditor's report. Paragraph 36(d) of ISA 220 requires that the quality review be completed before the engagement partner dates the auditor's report. The ASB believes that the flexibility of using the report release date provides greater benefit than the logistical cost of restricting the time available for completing the engagement quality review. As noted in the application material to section 220, when the engagement quality review results in additional procedures being performed, the date of the report would be changed.

ISA 230, *Audit Documentation*, Compared to Section 230, *Audit Documentation*

Requirements in GAAS Not in the ISAs

Paragraph .10 of section 230 requires the auditor to include abstracts or copies of significant contracts or agreements in documentation of auditing procedures related to inspection of those significant contracts or agreements. ISA 230 does not require the auditor to include abstracts or copies of the entity's records. Paragraph A3 of ISA 230 (which is application material relating to the requirement in paragraph 8 of ISA 230, which corresponds to paragraph .08 in section 230) states, "the auditor may include abstracts or copies of the entity's records (for example, significant and specific contracts and agreements) as part of audit documentation."

When performing auditing procedures related to inspection of significant contracts or agreements, the ASB believes that, in the context of the preparation of audit documentation that is sufficient to enable an experienced auditor to understand the audit evidence obtained, it is important to include abstracts or copies of such contracts or agreements. Further, the PCAOB standards include a requirement that documentation of auditing procedures related to the inspection of significant contracts or agreements should include abstracts or copies of the documents.[2] The ASB does not want to create a difference with PCAOB standards in this regard.

Differences Between Requirements

Paragraph 14 of ISA 230 requires the auditor to assemble the audit documentation in an audit file and complete the administrative process of assembling the final audit file on a timely basis after the date of the auditor's report, and the related application and other explanatory material indicates that an appropriate time limit within which to complete the assembly of the final audit file is ordinarily not more than 60 days after the date of the auditor's report. Paragraph .16 of section 230 requires the auditor to assemble the audit documentation in an audit file and complete the administrative process of assembling the final audit file on a timely basis, no later than 60 days following the report release date. The auditor is required by paragraph .15 of section 230 to document the report release date in the audit documentation.

Paragraph 15 of ISA 230 requires that after the assembly of the final audit file has been completed, the auditor not delete or discard audit documentation of any nature before the end of its retention period. Paragraph A23 of ISA 230 states, "the retention period for audit engagements is ordinarily no shorter than five years from the date of the auditor's report, or, if later, the date of the group auditor's report." Paragraph .17 of section 230 requires that after the documentation completion date, the auditor not delete or discard audit documentation before the end of the specified retention period, and goes on to state

[2] Paragraph 10 of PCAOB Auditing Standard No. 3, *Audit Documentation*.
All AS sections can be found in AICPA *PCAOB Standards and Related Rules*.

that "such retention period, however, should not be shorter than five years from the report release date."

The ASB believes that it is appropriate to be consistent with the standards of the PCAOB in relation to the date from which the documentation completion and retention periods are measured.[3] Notwithstanding that the documentation completion period is measured from the same date in GAAS and in the PCAOB standard, the ASB continues to believe that a 60-day period is appropriate for GAAS as opposed to the 45-day period in the PCAOB standard.

ISA 240, *The Auditor's Responsibilities Relating to Fraud in an Audit of Financial Statements*, Compared to Section 240, *Consideration of Fraud in a Financial Statement Audit*

Differences in Wording

Paragraph 12 of ISA 240 and paragraph .11 of section 240 define *fraud*. However, the definition of fraud in paragraph .11 of section 240 was revised by changing the words "to obtain an unjust or illegal advantage" to "results in a misstatement in financial statements that are the subject of an audit." The ASB believes that (*a*) the definition in ISA 240 is too broad and could inappropriately expose auditors to additional liability in the United States, and (*b*) the meaning of *unjust* could be interpreted very broadly and subjectively in its application and could imply a scope well beyond the intent of the standard.

In addition, paragraph .11 of section 240 includes the definition of the term *significant unusual transaction* as *significant transactions that are outside the normal course of business for the entity or that otherwise appear to be unusual due to their timing, size, or nature*. This concept is in the ISAs but not as a defined term. The term *significant unusual transactions* has been used throughout GAAS instead of the phrases *nonroutine transactions* or *significant transactions that are outside the normal course of business for the entity or that otherwise appear to be unusual due to their timing, size, or nature.* This change was made to be more consistent with terminology used in the auditing standards of the PCAOB.

The ASB believes that these differences in wording do not create significant differences between the application of the ISAs and the application of GAAS.

Requirements in GAAS Not in the ISAs

Section 240 contains requirements that have been expanded from the requirements of ISA 240, or elevated from application material in ISA 240, as follows:

- The requirement in paragraph 15 of ISA 240 for the auditor to investigate inconsistent responses to auditor inquiries of management or those charged with governance has

[3] Paragraphs 14–15 of PCAOB Auditing Standard No. 3.

been expanded in paragraph .14 of section 240 to also include responses that are otherwise unsatisfactory (for example, vague or implausible responses).

- The requirement in paragraph 16 of ISA 240 that requires members of the engagement team to discuss the susceptibility of the entity's financial statements to material misstatements has been expanded in paragraph .15 of section 240 to include additional discussion items from application and other explanatory material in ISA 240 to requirements in section 240. These include a required brainstorming session focused very specifically on, among other things, internal and external fraud factors and the possibility of management override of controls. In addition, section 240 further clarifies the requirement for participation of key engagement team members and the engagement partner in the discussion and brainstorming sessions. Lastly, section 240 requires appropriate communication throughout the audit among the engagement team members. Several of these discussion items have been elevated from paragraphs A10–A11 of ISA 240.

- The requirement in paragraph 45 of ISA 240 to document the significant decisions reached during the discussion among the engagement team regarding fraud-related matters has been expanded in paragraph .43 of section 240 to also require documenting how and when the discussion occurred and the audit team members who participated.

- Procedures elevated from paragraph A19 of ISA 240 to requirements in paragraph .19 of section 240, related to making inquiries of internal audit as part of performing risk assessment procedures, include determining (*a*) whether internal audit has performed any procedures to identify or detect fraud during the year, and (*b*) whether management has satisfactorily responded to any findings resulting from these inquiries.

- The requirement in paragraph 35 of ISA 240 to evaluate whether the results of analytical procedures at or near the end of the reporting period indicate a previously unrecognized risk of material misstatement due to fraud has been expanded in paragraph .34 of section 240 to include the accumulated results of auditing procedures, including analytical procedures performed as substantive tests or when forming an overall conclusion. Section 240 also specifically requires performance of analytical procedures relating to revenue accounts through the end of the reporting period, in light of the generally higher risk of financial statement fraud involving revenue.

- The requirements in paragraph 33(a) of ISA 240 address designing and performing auditing procedures to test the appropriateness of journal entries. In addition to essential guidance about addressing the risk of possible management override of controls, included in paragraph .32*a* of section 240 are requirements to

  — obtain an understanding of the entity's financial reporting process and controls over journal entries and other adjustments, and, in accordance with paragraph. 27*b* of section 315, *Understanding the Entity and Its Environment and Assessing the Risks of Material Misstatement*, evaluate the design and determine whether the controls have been implemented.

— consider fraud risk factors, the nature and complexity of accounts, and entries processed outside the normal course of business, elevated from the application and other explanatory material contained in paragraph A44 of ISA 240 in order to emphasize the importance of these considerations.

— include identification and testing of specific journal entries regardless of controls.

- The requirement for the auditor to design and perform auditing procedures to review accounting estimates for biases and evaluate whether the circumstances producing the bias, if any, represent a risk of material misstatement due to fraud, in paragraph 33(b) of ISA 240, has been expanded in paragraph .32*b* of section 240 to include those estimates that are based on highly sensitive assumptions.

In addition, the following requirements in section 240 were expanded from the requirements of ISA 240 to be consistent with requirements in PCAOB AS 2410, *Related Parties*,[4] that the ASB believes will enhance audit quality for audits of financial statements of nonissuers.

- The requirement in paragraphs 18–20 of ISA 240 relating to required inquires has been expanded. Paragraph .17 of section 240 has been expanded to require inquiries of management about the existence, and if so, the nature, terms, and business purpose of, and involvement of related parties in, any significant unusual transactions. Similarly, the requirements in paragraphs .19 and .21 of section 240 have been expanded to include inquiry about whether the entity entered into any significant unusual transactions.

- The requirement in paragraph 33(c) of ISA 240 for the evaluation of significant transactions that are outside the normal course of business (that is, significant unusual transactions) has been expanded to include the following procedures:

  — Reading the underlying documentation and evaluating whether the terms and other information about the transaction are consistent with explanations from inquiries and other audit evidence about the business purpose (or the lack thereof) of the transaction

  — Determining whether the transaction has been authorized and approved in accordance with the entity's established policies and procedures

  — Evaluating whether significant unusual transactions that the auditor has identified have been properly accounted for and disclosed in the financial statements

[4]All AS sections can be found in AICPA *PCAOB Standards and Related Rules*.

ISA 250 (Revised), *Consideration of Laws and Regulations in an Audit of Financial Statements*, Compared to Section 250, *Consideration of Laws and Regulations in an Audit of Financial Statements*

Differences in Wording

Changes to the wording of section 250 include:

- In paragraphs .10*a* and .13, changing the phrase "compliance with the provisions of those laws and regulations generally recognized to have a direct and material effect on the determination of material amounts and disclosures in the financial statements" to the phrase "material amounts and disclosures in the financial statements that are determined by the provisions of those laws and regulations generally recognized to have a direct effect on their determination." This change was made to address the ASB's concerns that the requirement in ISA 250 (Revised) expanded the auditor's responsibility to encompass all aspects of those laws and regulations described in paragraph .06*a* of section 250, as opposed to focusing on the amounts and disclosures included in the financial statements. The ASB has discussed this issue with the IAASB, and the wording in section 250 reflects the intent of ISA 250 (Revised). The IAASB made subsequent changes to the application material in ISA 250 (Revised) to make this clear.
- In paragraphs .10*b* and .14, changing "to help identify" to "that may identify." The ASB believes that the wording of section 250 better conveys the intent of ISA 250 (Revised).
- In paragraph .18, adding the phrase "(at a level above those involved with the suspected noncompliance, if possible)."

Such changes have been made to make section 250 easier to read and apply. The ASB believes that such changes do not create differences between the application of ISA 250 (Revised) and the application of section 250.

Placement of Certain Requirements Within GAAS

Paragraph 17 of ISA 250 (Revised) requires the auditor to request management and, when appropriate, those charged with governance to provide written representations regarding identified or suspected instances of noncompliance with relevant laws and regulations. The ASB believes this requirement is more appropriately placed in section 580, *Written Representations*. The placement of these requirements does not create differences between the ISAs as a whole and GAAS as a whole.

ISA 260 (Revised), *Communication with Those Charged with Governance*, Compared to Section 260, *The Auditor's Communication With Those Charged With Governance*

Differences in Wording

Changes to the wording of section 260 from ISA 260 (Revised) include

- in paragraph .12, requiring that the auditor communicate with those charged with governance "the auditor's views about qualitative aspects of the entity's significant accounting practices" compared with the requirement in paragraph 16 of ISA 260 (Revised) that the auditor communicate with those charged with governance "the auditor's views about significant qualitative aspects of the entity's accounting practices." The ASB believes that the wording of section 260 better conveys the intent of ISA 260 (Revised).
- in paragraph .16, changing the wording in ISA 260 (Revised) from "Written communications need not include all matters that arose during the course of the audit" to "This communication need not include matters that arose during the course of the audit that were communicated with those charged with governance and satisfactorily resolved."

Such changes have been made to make section 260 easier to read and apply. The ASB believes that such changes do not create differences between the application of ISA 260 (Revised) and the application of section 260.

Requirements in the ISAs Not in GAAS

Paragraphs 17 and 20 of ISA 260 (Revised) require the auditor to communicate certain matters regarding independence in the case of listed entities. These requirements are not applicable to the audits of nonissuers in the United States and, therefore, are not included in section 260.

Requirements in GAAS Not in the ISAs

Paragraph .12*a* of section 260 requires the auditor, when applicable, to determine that those charged with governance are informed about the process used by management in formulating particularly sensitive accounting estimates and about the basis for the auditor's conclusions regarding the reasonableness of those estimates. Additional matters required by paragraphs .12–.13 of section 260 for the auditor to communicate to those charged with governance, that are not required by ISA 260 (Revised), are

- significant unusual transactions.
- matters that are difficult or contentious for which the auditor consulted outside the engagement team and that are, in the auditor's professional judgment, significant and

relevant to those charged with governance regarding their responsibility to oversee the financial reporting process.

The fact that uncorrected misstatements or matters underlying those uncorrected misstatements could potentially cause future-period financial statements to be materially misstated, even if the auditor has concluded that the uncorrected misstatements are immaterial to the financial statements under audit. Paragraph .14*a* and *c* of section 260 require, when not all of those charged with governance are involved in managing the entity, the auditor to communicate (*a*) material, corrected misstatements that were brought to the attention of management as a result of audit procedures, and (*b*) the auditor's views about significant matters that were the subject of management's consultations with other accountants on accounting or auditing matters when the auditor is aware that such consultation has occurred. Paragraph .12*c* of section 260 requires the auditor to communicate disagreements with management, if any. ISA 260 (Revised) does not require communication of these matters. The ASB believes that it is important for these matters to be communicated to those charged with governance of non issuers in the United States.

Paragraph .17 of section 260 requires that if, as part of its communication to those charged with governance, management communicated some or all of the matters the auditor is required to communicate, the auditor should communicate any omitted or inadequately described matters to those charged with governance, and paragraph .21 includes a related documentation requirement. Paragraph .18 of section 260 requires the auditor, when communicating matters in accordance with section 260 in writing, to indicate in the communication that it is intended solely for the information and use of those charged with governance and, if appropriate, management and is not intended to be, and should not be, used by anyone other than these specified parties. ISA 260 (Revised) does not require this indication, nor does it prohibit it. The ASB believes that this communication meets the criteria for a by-product report under section 905, *Alert That Restricts the Use of the Auditor's Written Communication*.

Placement of Certain Requirements Within GAAS

Consistent with requirements in paragraphs 12–13 of ISA 450, *Evaluation of Misstatements Identified during the Audit*, paragraph .13 of section 260 contains a requirement for the auditor to communicate certain matters regarding uncorrected misstatements. The ASB believes that this communication with those charged with governance is more appropriately placed in section 260.

ISA 265, *Communicating Deficiencies in Internal Control to Those Charged with Governance and Management*, Compared to Section 265, *Communicating Internal Control Related Matters Identified in an Audit*

Differences in Wording

Section 265 includes and defines the term *material weakness*, whereas ISA 265 does not.

The definitions of *material weakness*, *deficiency in internal control*, and *significant deficiency in internal control* have been modified to align with the definitions of these terms used in the standards of the PCAOB. The ASB believes that consistency between its standards and those of the PCAOB in the use and definition of these terms is essential in the United States due to legal and regulatory requirements, including those pertaining to the evaluation of the effectiveness of an entity's internal control over financial reporting.

Requirements in GAAS Not in the ISAs

Section 265 requires the auditor to evaluate each deficiency to determine, on the basis of the audit work performed, whether, individually or in combination, the deficiencies constitute significant deficiencies or material weaknesses. ISA 265 does not explicitly refer to the auditor's evaluation of each deficiency in making this determination. The ASB believes that the requirement in section 265 is consistent with the intent of ISA 265.

Section 265 requires the auditor to communicate significant deficiencies and material weaknesses to management and those charged with governance. Because ISA 265 does not include or define the term *material weakness*, ISA 265 does not contain a requirement to separately identify or communicate material weaknesses.

Section 265 includes an additional requirement for the auditor to consider, if the auditor determines that a deficiency, or a combination of deficiencies, in internal control is not a material weakness, whether prudent officials, having knowledge of the same facts and circumstances, would likely reach the same conclusion (paragraph .10).

Section 265 explicitly requires the auditor to document the communication of other deficiencies in internal control that are communicated orally to management (paragraph .12*b*).

Paragraphs 9–10 of ISA 265 require the auditor to communicate to those charged with governance and management on a timely basis. Paragraph .13 of section 265 requires the communication to be made no later than 60 days following the report release date. ISA 265 recognizes in paragraph A13 that the written communication of significant deficiencies forms part of the final audit file and is subject to the overriding requirement for the auditor to complete the assembly of the final audit file on a timely basis. ISA 230 states that an appropriate time limit within which to complete the assembly of the final audit file is ordinarily not more than 60 days after the date of the auditor's report.

In addition to the required elements of the written communication identified in paragraph 11 of ISA 265, paragraph .14 of section 265 requires that the following additional items/elements be included in the written communication:

- The definition of *material weakness* and, when relevant, the definition of *significant deficiency*
- An explanation that the auditor is not expressing an opinion on the effectiveness of internal control

- An explanation that the auditor's consideration of internal control was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies
- A statement restricting the use of the communication to management, those charged with governance, others within the organization, and any governmental authority to which the auditor is required to report

Paragraph .15 of section 265 includes reporting requirements when the auditor issues a written communication stating that no material weaknesses were identified during the audit of the financial statements. Paragraph .16 of section 265 prohibits the issuance of a written communication stating that no significant deficiencies were identified during the audit. ISA 265 does not address the issuance of communications indicating no material weaknesses or no significant deficiencies.

ISA 300, *Planning an Audit of Financial Statements*, Compared to Section 300, *Planning an Audit*

Requirements in GAAS Not in the ISAs

Paragraph .12 of section 300 contains requirements regarding the auditor's obligations for determining the extent of involvement of professionals possessing specialized skills. ISA 300 does not contain these requirements. The ASB believes these requirements, and the related application material, are necessary for the auditor's consideration of the need for specialized skills and knowledge in the audit.

ISA 315 (Revised 2019), *Identifying and Assessing the Risks of Material Misstatement*, Compared to Section 315, *Understanding the Entity and Its Environment and Assessing the Risks of Material Misstatement*

Differences in Wording

Definitions

The definition of *inherent risk factors* has been enhanced for understandability to include "[d]epending on the degree to which the inherent risk factors affect the susceptibility of an assertion to misstatement, the level of inherent risk varies on a scale that is referred to as the spectrum of inherent risk." The definition of *relevant assertions* has been enhanced for understandability by including "[a] risk of material misstatement exists when (*a*) there is a reasonable possibility of a misstatement occurring (that is, its likelihood), and (*b*) if it were to occur, there is a reasonable possibility of the misstatement being material (that is, its magnitude)." The additional language is found in the application material of section 200.

Control Environment, the Entity's Risk Assessment Process, the Entity's Process to Monitor the System of Internal Control, and the Information System and Communication Components

Paragraphs .21*b*, .22*b*, .24*c*, and .25*c* of section 315 include language to clarify that the evaluations required by these paragraphs are based on the auditor's required understanding of the respective components. Such language was used in lieu of presenting the requirements in a table format similar to paragraphs 21–26 of ISA 315 (Revised 2019). In addition, .25*c* of section 315 was clarified to indicate that the auditor considers the nature and complexity of the entity consistent with the evaluations required by paragraphs .21*b*, .22*b*, and .24*c*.

In understanding, as part of the entity's risk assessment process, the entity's process for identifying business risks relevant to financial reporting objectives, paragraph .22*a*(i) of section 315 was enhanced to clarify that such understanding includes the potential for fraud, which is consistent with inquiries related to management's assessment of the risk that the financial statements may be materially misstated due to fraud required by paragraph .17*a* of section 240 and paragraph 17(a) of ISA 240.

Assessing Control Risk

Paragraph 34 of ISA 315 (Revised 2019) states that if the auditor plans to test the operating effectiveness of controls, the auditor shall assess control risk. Paragraph .38 of section 315 provides further clarification that, for identified risks of material misstatement at the assertion level, the auditor should assess control risk based on the auditor's understanding of controls and the auditor's plan. Paragraph 34 of ISA 315 (Revised 2019) further states that if the auditor does not plan to test the operating effectiveness of controls, the auditor's assessment of control risk shall be such that the assessment of the risk of material misstatement is the same as the assessment of inherent risk. To be consistent with the wording of the auditing standards of the PCAOB, paragraph .38 of section 315 requires the auditor to assess control risk at the "maximum level" if the auditor does not plan to test the operating effectiveness of controls, such that the assessment of the risk of material misstatement is the same as the assessment of inherent risk. Paragraph A71 of ISA 540 (Revised) indicates, as an example, that if control risk is assessed as maximum, the auditor contemplates no reliance on the effective operation of controls.

The ASB believes these changes do not create differences between the application of ISA 315 (Revised 2019) and the application of section 315.

Differences Between Requirements

As part of obtaining an understanding the control activities component, paragraph 26(a)(ii) of ISA 315 (Revised 2019) requires the auditor to understand controls over journal entries, including nonstandard journal entries used to record nonrecurring, unusual transactions or adjustments. Paragraph .27*b* of section 315 requires the auditor to understand controls over journal entries and other adjustments as required by paragraph .32*a* of section 240. ISA 240 does not include a requirement equivalent to the requirement in paragraph .32*a* of section 240, as described in the analysis of ISA 240 herein.

ISA 320, *Materiality in Planning and Performing an Audit*, Compared to Section 320, *Materiality in Planning and Performing an Audit*

Differences in Wording

Paragraphs .02, .04, and .10 use different words to describe the concept of materiality, in order to be consistent with the description of materiality used by the U.S. judicial system, the auditing standards of PCAOB, the SEC, and FASB. The ASB believes that such consistency in the United States is in the public interest.

The ASB believes that these differences do not create differences between the application of ISA 320 and the application of section 320.

ISA 330, *The Auditor's Responses to Assessed Risks*, Compared to Section 330, *Performing Audit Procedures in Response to Assessed Risks and Evaluating the Audit Evidence Obtained*

Requirements in GAAS Not in the ISAs

Paragraph .20 of section 330 includes a requirement to confirm accounts receivable unless certain conditions exist. This requirement is not in the ISAs. The ASB believes it is appropriate to include this requirement.

Differences Between Requirements

To be consistent with the wording of the comparable requirements in the comparable auditing standard issued by the PCAOB, the requirement in paragraph .07 of section 330 has been modified with the words "relevant" and "material," and the requirement in paragraph .10 of section 330 has been expanded to specifically include addressing, when applicable, whether the person performing the control possesses the necessary authority and competence to perform the control effectively. The ASB believes these differences do not create differences between the application of ISA 330 and the application of section 330.

Paragraph 18 of ISA 330 requires the auditor, irrespective of the assessed risks of material misstatement, to design and perform substantive procedures for each material class of transactions, account balance, and disclosure. To be consistent with the comparable requirement in PCAOB AS 2301, *The Auditor's Responses to the Risks of Material Misstatement*, paragraph .18 of section 330 specifies that the auditor should perform substantive procedures for each relevant assertion of each significant class of transactions, account balance, and disclosure, regardless of the assessed level of control risk. However, consistent with the comparable requirement in ISA 315 (Revised 2019), for material classes of transactions, account balances, or disclosures that have not been determined to be significant classes of transactions, account balances, or disclosures, paragraph .40 of section 315 requires the auditor to evaluate whether the auditor's determination remains appropriate.

Placement of Certain Requirements Within GAAS

Paragraph .25 of section 330 includes a requirement for the auditor addressing the means of selecting items for testing. This requirement is in the ISAs in ISA 500, *Audit Evidence*. The ASB believes this requirement is more appropriately placed in section 330. The placement of this requirement does not create a difference between the ISAs as a whole and GAAS as a whole.

ISA 402, *Audit Considerations Relating to an Entity Using a Service Organization*, Compared to Section 402, *Audit Considerations Relating to an Entity Using a Service Organization*

Differences in Wording

The definitions of *Report on a description of a service organization's system and the suitability of the design of controls (type 1 report)* and *Report on a description of a service organization's system and the suitability of the design and operating effectiveness of controls* (*type 2 report*), in paragraph .08 of section 402, indicate that management's written assertion is an element of these reports. This is consistent with the definitions of these terms in International Standard on Assurance Engagements 3402, *Assurance Reports on Controls at a Service Organization*. The definitions of these terms in paragraph 8 of ISA 402 do not include management's written assertion as an element of the reports. The ASB believes that the definitions are consistent with the intent of ISA 402 and that the modifications do not create differences between the application of ISA 402 and the application of section 402.

Paragraphs 12, 14, and 17 of ISA 402 contain requirements that relate to the auditor's understanding of controls at the service organization. The wording in paragraphs .12, .14, and .17 of section 402 were revised to more clearly refer to the identified controls at the service organization that address risks of material misstatement at the assertion level in accordance with paragraphs .27 and .29*b* of section 315. The ASB believes that such changes do not create differences between the application of ISA 402 and the application of section 402.

ISA 450, *Evaluation of Misstatements Identified during the Audit*, Compared to Section 450, *Evaluation of Misstatements Identified During the Audit*

Placement of Certain Requirements Within GAAS

Paragraphs 12–13 of ISA 450 require the auditor to communicate certain matters regarding uncorrected misstatements to those charged with governance. The ASB believes that the requirements for this communication are more appropriately placed in section 260.

Paragraph 14 of ISA 450 requires the auditor to request written representations from management and, where appropriate, those charged with governance regarding uncorrected misstatements. The ASB believes this requirement is more appropriately placed in section 580.

The placement of these requirements does not create differences between the ISAs as a whole and GAAS as a whole.

ISA 500, *Audit Evidence*, Compared to Section 500, *Audit Evidence*

Placement of Certain Requirements Within GAAS

Paragraph 8 of ISA 500 includes a requirement addressing auditor's responsibilities when the information to be used as audit evidence has been prepared using the work of a management's expert. The ASB believes this requirement is more appropriately placed in section 501, *Audit Evidence — Specific Considerations for Selected Items*. Paragraph 10 of ISA 500 includes a requirement for the auditor addressing the means of selecting items for testing. The ASB believes this requirement is more appropriately placed in section 330. The placement of these requirements does not create a difference between the ISAs as a whole and GAAS as a whole.

Requirements in GAAS Not in the ISAs

Paragraph .07*b* of section 500 explicitly requires the auditor, when evaluating information to be used as audit evidence, to take into account whether such information corroborates or contradicts assertions in the financial statements. The ASB believes that this requirement assists the auditor in applying professional skepticism.

Differences Between Requirements

The objective of section 500 differs from the objective of ISA 500 in that it is more broadly focused on considering the attributes of information to be used as audit evidence in assessing whether sufficient appropriate audit evidence has been obtained. The requirements in section 500 have been reworded to be consistent with this change in focus. The ASB believes that these differences do not result in the need for additional procedures when performing an audit in accordance with the ISAs as well as with GAAS.

ISA 501, *Audit Evidence — Specific Considerations for Selected Items*, Compared to Section 501, *Audit Evidence — Specific Considerations for Selected Items*

Requirements in GAAS Not in the ISAs

Section 501 contains specific requirements relating to auditing investments in securities when valuations are based on investee financial results that are not in ISA 501. The ASB concluded that it was appropriate to include these specific requirements.

Certain requirements in section 501 are based on the premise that the applicable financial reporting framework complies with FASB *Accounting Standards Codification* 450, *Contingencies*. In addition, the audit inquiry letters required under section 501 have been subjected to the provisions of the 1975 agreement between the AICPA and the American Bar Association (ABA treaty). Consequently, section 501 contains specific requirements relating to litigation, claims and assessments that are not contained in ISA 501. The ASB decided to include such content in section 501 because it is particular to the U.S. environment and relevant in practice.

Placement of Certain Requirements Within GAAS

Paragraph 12 of ISA 501 requires the auditor to request written representations from management and, where appropriate, those charged with governance regarding litigation and claims. The ASB believes this requirement is more appropriately placed in section 580. The placement of these requirements does not create differences between the ISAs as a whole and GAAS as a whole.

ISA 505, *External Confirmations*, Compared to Section 505, *External Confirmations*

Differences in Language

The definition of *external confirmation* has been expanded to include an example of a medium through which a response may be obtained. The example — direct access by the auditor to information held by a third party — addresses a situation that is increasingly common. The ASB believes that the inclusion of this concept clarifies the definition and is consistent with the intent of the definition in ISA 505.

ISA 510, *Initial Audit Engagements — Opening Balances*, Compared to Section 510, *Opening Balances — Initial Audit Engagements, Including Reaudit Engagements*

Requirements in GAAS Not in the ISAs

Paragraph .07 of section 510 states that the auditor, when the prior period financial statements were audited by a predecessor auditor, should request management to authorize the predecessor auditor to allow a review of the predecessor auditor's audit documentation and to respond fully to inquiries by the auditor. Other requirements related to reviewing the predecessor auditor's audit documentation do not differ between ISA 510 and section 510.

Paragraph .13 of section 510 requires the auditor to respond when management refuses to inform the predecessor auditor that the prior period financial statements may need revision or if the auditor is not satisfied with the resolution of the matter. The ASB believes it is important to address this situation.

Paragraph .14 of section 510 states that the auditor should not make reference to the report or work of the predecessor auditor as the basis, in part, for the successor auditor's own opinion. The ASB believes this requirement is necessary in the United States to clearly distinguish this situation from the circumstances in section 600A, *Special Considerations — Audits of Group Financial Statements (Including the Work of Component Auditors)*, in which the auditor determines to make reference to the audit of a component auditor in the auditor's report on the group financial statements.

Differences Between Requirements

Paragraph 6(c) of ISA 510 requires the auditor to perform one or more of three identified procedures, in addition to the procedures required in paragraph 6(a–b) of ISA 510, to obtain sufficient appropriate audit evidence about whether the opening balances contain misstatements that materially affect the current period's financial statements. Two of the three procedures are (*a*) reviewing the predecessor auditor's audit documentation to obtain evidence regarding opening balances, and (*b*) evaluating whether audit procedures performed in the current audit provide evidence relevant to the opening balances. The ASB does not believe that either of these procedures, on its own, provides sufficient evidence regarding opening balances, and accordingly, the ASB has redrafted paragraph .08*c* of section 510 to require the auditor to evaluate whether audit procedures performed in the current period provide evidence relevant to the opening balances and also to perform one or both of the other procedures identified in paragraph .08*c*(i–ii) of section 510.

ISA 520, *Analytical Procedures*, Compared to Section 520, *Analytical Procedures*

Differences in Wording

The ASB has made various changes to the wording throughout section 520 in comparison with ISA 520. The changes to section 520 include the following:

- In paragraph .05*c*, adding the parenthetical "(taking into account whether substantive analytical procedures are to be performed alone or in combination with tests of details)" to clarify that the auditor can use as audit evidence a substantive analytical procedure that is less precise than performance materiality when such analytical procedure is combined with other substantive audit procedures.
- In paragraph .05*d*, adding "compare the recorded amounts, or ratios developed from recorded amounts, with the expectations." The ASB is of the understanding that such procedure is presumed in ISA 520.

Such changes have been made to make section 520 easier to read and apply. The ASB believes that the changes made do not create differences between the application of ISA 520 and the application of section 520.

Requirements in GAAS Not in the ISAs

Section 520 includes specific documentation requirements, in paragraph .08, which ISA 520 does not. The ASB believes that the requirements are appropriate and should be retained from SAS No. 56, *Analytical Procedures*.

ISA 530, *Audit Sampling*, Compared to Section 530, *Audit Sampling*

Differences in Wording

The definition of *audit sampling* in paragraph 5 of ISA 530 was revised in section 530 because the ASB believes that the ISA 530 wording defining audit sampling to require the auditor to select items such that "each item has a chance of selection" is too imprecise to be meaningful. The definition was revised to (*a*) focus on conclusions about the population, and (*b*) include the fundamental concept of representativeness. Paragraph .08 of section 530, which establishes a requirement with respect to the selection of items in a population, reflects the revised definition of *audit sampling*.

Requirements in the ISAs Not in GAAS

The requirement in paragraph 13 of ISA 530 that addresses the issue of anomalies is not included in section 530. The ASB expressed concerns about terms used in paragraph 13 of ISA 530, such as "in the extremely rare circumstances" and "a high degree of certainty." These terms are not used in GAAS and the ASB believes these terms would not be consistently interpreted in practice. The ASB also believes that the deletion from section 530 of the option to consider a misstatement an anomaly will enhance audit quality because misstatements identified by the auditor during audit sampling will be treated in the same manner as any other misstatement identified by the auditor and, thus, will prevent the misuse of anomalies.

Paragraph 14 of ISA 530 requires, for tests of details, the projection of misstatements found in a sample to the population. The ASB believes that projection of misstatements is also relevant to tests of controls and tests of compliance, and accordingly, has broadened the requirement in paragraph .14 of section 530 to project the results of audit sampling to also include tests of controls and tests of compliance.

Other

The appendixes of ISA 530 were not included in section 530 because the guidance contained therein is covered by AICPA Audit Guide *Audit Sampling*.

ISA 540, *Auditing Accounting Estimates, Including Fair Value Accounting Estimates, and Related Disclosures*, Compared to Section 540, *Auditing Accounting Estimates, Including Fair Value Accounting Estimates, and Related Disclosures*

Placement of Certain Requirements Within GAAS

Paragraph 37 of ISA 540 (Revised) requires the auditor to request written representations from management and, when appropriate, those charged with governance about whether the methods, significant assumptions, and the data used in making the accounting estimates and the related disclosures are appropriate to achieve recognition, measurement, or disclosure that is in accordance with the applicable financial reporting framework. The auditor is also required to consider the need to obtain representations about specific accounting estimates, including in relation to the methods, assumptions, or data used. The ASB believes this requirement is more appropriately placed in section 580. The placement of this requirement does not create a difference between the ISAs as a whole and GAAS as a whole.

ISA 550, *Related Parties*, Compared to Section 550, *Related Parties*

Requirements in GAAS Not in the ISAs

ISA 550 distinguishes between fair presentation and compliance frameworks and between financial reporting frameworks that contain related party requirements and financial reporting frameworks that have minimal or no related party requirements. However, the ASB believes that fair presentation frameworks are the only financial reporting frameworks used in the United States. Further, to achieve fair presentation, disclosures related to related parties, such as those required by generally accepted accounting principles (GAAP), are necessary and, accordingly, section 550 defines *related party* as "a party as defined in GAAP." Thus, section 550 does not refer to applicable financial reporting frameworks; the applicability, objectives, and requirements of section 550 are the same regardless of the applicable financial reporting framework.

In addition, the following requirements in section 550 were expanded from the requirements of ISA 550 to minimize differences with requirements in PCAOB AS 2410, *Related Parties*, that the ASB believes will enhance audit quality for audits of financial statements of nonissuers.

- Paragraphs .14–.15 of section 550 expand the inquiries required by ISA 550 to include inquiries of management and others within the entity regarding (1) the business purpose of entering into a transaction with a related party versus an unrelated party; (2) whether the entity modified or terminated any transactions with related parties during the period; and (3) related party transactions that were not authorized or approved in accordance with the entity’s policies or procedures or for which exceptions were granted, and the reasons for granting those exceptions.
- Paragraph .16 of section 550 requires that, unless all of those charged with governance are involved in managing the entity, the auditor should inquire of those charged with governance (or the audit committee or, at least, its chair) regarding
  - — their understanding of the entity's relationships and transactions with related parties that are significant to the entity and
  - — whether any of those charged with governance have concerns regarding relationships or transactions with related parties and, if so, the substance of those concerns.
- Paragraph .17 of section 550 expands the documents the auditor is required to inspect for indications of the existence of unidentified related party transactions to

include summaries of actions of recent meetings for which minutes have not yet been prepared.

- Paragraph .22 of section 550 requires the auditor to evaluate whether the entity has properly identified its related party relationships and transactions, including the performance of procedures to test the accuracy and completeness of the related party relationships and transactions identified by the entity.
- Paragraph .23 of section 550 requires the auditor to perform procedures that address the related risks of material misstatement on balances with affiliated entities as of concurrent dates.

Paragraph 23 of ISA 550 requires the auditor to perform specified procedures for identified significant related party transactions outside the entity's normal course of business. Paragraph .26 of section 550 requires the auditor to perform the same specified procedures for identified related party transactions that are required to be disclosed in the financial statements or determined to be a significant risk.

Placement of Certain Requirements Within GAAS

Paragraph 26 of ISA 550 requires the auditor to request that management and, when appropriate, those charged with governance, provide written representations regarding related party transactions. The ASB believes this requirement is more appropriately placed in section 580. The placement of this requirement does not create a difference between the ISAs as a whole and GAAS as a whole.

ISA 560, *Subsequent Events*, Compared to Section 560, *Subsequent Events and Subsequently Discovered Facts*

Differences in Wording

Paragraph 5 of ISA 560 defines *subsequent events* to include both events occurring between the date of the financial statements and the date of the auditor's report and facts that become known to the auditor after the date of the auditor's report. Section 560 includes separate definitions for *subsequent events* and *subsequently discovered facts* to clearly distinguish the auditor's responsibilities for each. The definition of *subsequently discovered facts* was also expanded to use language that is consistent with language in the objectives and requirements of ISA 560 (paragraphs 4(b) and 14) but that is not specifically included in the definition in ISA 560.

Paragraph 5 of ISA 560 further defines *the date the financial statements are issued*, which is the date the auditor's report and audited financial statements are made available to third parties. This term was deleted from section 560 because the applicable financial reporting framework may define the financial statement issuance date. In addition, because GAAS define the report release date, the ASB believes the definition could cause confusion with respect to the release versus the issuance of the auditor's report. Although the definition was deleted, the requirements in section 560 were modified to use terms that are well understood in the United States and to be consistent with the intent of the requirements in ISA 560.

Paragraph 12 of ISA 560 permits the auditor to dual date the auditor's report when law or regulation does not prohibit management from restricting the revision of the financial statements to the effects of the subsequent event or events causing that revision and those responsible for approving the financial statements are not prohibited from restricting their approval to that revision. In the United States, no such prohibition by law or regulation exists. Accordingly, paragraph .13 of section 560 omits the reference to law or regulation.

Because the date of the auditor's report and the report release date are within the auditor's control, the requirements in paragraphs .12–.18 of section 560 were restructured with reference to the report release date in lieu of reference to the date that the financial statements were issued. Similar changes were made to the related application and other explanatory material.

Paragraph 15(b) of ISA 560 requires the auditor to review the steps taken by management to ensure that anyone in receipt of the previously issued financial statements, together with the auditor's report thereon, is informed of the situation. Paragraphs .16*b* and .17*b* of section 560 require the auditor to determine whether management's steps are timely and appropriate. The ASB believes this is consistent with the intent of the requirements of ISA 560.

The ASB believes these changes do not create differences between the application of ISA 560 and the application of section 560.

Requirements in the ISAs Not in GAAS

Certain requirements in ISA 560 also require the auditor to provide the auditor's report or a new or revised auditor's report. These references were eliminated from the requirements in section 560 because the ASB believes that it is not necessary to require the auditor to provide the auditor's report.

Paragraph 12(b) of ISA 560, which is an optional form of dual dating, was not included in section 560 because it is uncommon in the United States to provide a new or revised auditor's report that includes a statement in an emphasis-of-matter paragraph that conveys that the auditor's procedures on subsequent events are restricted solely to the revision of the financial statements, as described in the relevant note to the financial statements.

Requirements in GAAS Not in the ISAs

Section 560 includes an additional objective in paragraph .06, requirements in paragraphs .19–.20, and application and other explanatory material in paragraphs .A27–.A30 related to a predecessor auditor's responsibilities when reissuing the auditor's report on previously issued financial statements that are to be presented on a comparative basis with audited financial statements of a subsequent period. ISA 560 does not include such requirements.

Paragraph 9 of ISA 560 requires the auditor to request that management and, when appropriate, those charged with governance provide written representations regarding subsequent events. This requirement is included in paragraph .18 of section 580. However, if the financial statements are subsequently revised, paragraph .13*a–b* of section 560 include additional requirements for the auditor to request management to provide certain representations when the auditor either dates the auditor's report as of a later date or includes an additional date limited to the revision (that is, dual dates the auditor's report for that revision). These representations are not included in ISA 560.

Placement of Certain Requirements Within GAAS

Paragraph 5 of ISA 560 defines *the date of approval of the financial statements*. This definition was deleted from the definitions of section 560 because the ASB did not believe it was necessary to its application and because the term is described in paragraph .A57 of section 700, *Forming an Opinion and Reporting on Financial Statements*.

Paragraphs 11(b)(ii) and 15(c)(i) of ISA 560 require that the new auditor's report not be dated earlier than the date of approval of the revised financial statements. This requirement is not included in section 560 because the requirements for dating the report are addressed in section 700.

As noted in the preceding section, the requirement in paragraph 9 of ISA 560 regarding written representations has been moved to section 580.

Paragraph 16 of ISA 560 requires the auditor to include in the new or revised auditor's report an emphasis-of-matter paragraph or other-matter paragraph in situations when the financial statements are revised after the financial statements have been issued. Paragraph 16 of ISA 710, *Comparative Information — Corresponding Figures and Comparative Financial Statements*, includes a similar requirement related to comparative financial statements and the auditor's opinion on prior period financial statements, when reporting on prior period financial statements in connection with the current period's audit, differs from the opinion previously expressed. Requirements have been placed in paragraph .16*c* of section 560 and paragraphs .13–.14 of section 708, *Consistency of Financial Statements*, that when considered together, achieve the intent of the requirements in paragraph 16 of ISA 560 and paragraph 16 of ISA 710.

The ASB believes such placements do not create differences between the ISAs as a whole and GAAS as a whole.

ISA 570 (Revised), *The Auditor's Consideration of an Entity's Ability to Continue as a Going Concern*, Compared to Section 570, *The Auditor's Consideration of an Entity's Ability to Continue as a Going Concern*

Differences in Language

Section 570 is intended to be applicable to audits of financial statements prepared under various financial accounting frameworks and accordingly was written to be framework-neutral. In discussing certain concepts, reference to accounting terms is necessary. To better explain and illustrate those concepts, section 570 uses terminology that is more commonly used in the Unites States, such as terminology from the FASB standards and GASB statements, for example "substantial doubt."

Requirements in GAAS Not in the ISAs

Section 570 includes a definition of reasonable period of time that includes the period of time required by the applicable financial reporting section, in paragraph .11, and also includes application material in paragraph .A6 with examples of the periods contained in various financial reporting frameworks. ISA 570 (Revised) does not include this definition or the related application material.

Paragraph .10 of section 570 contains an objective of the auditor to evaluate the possible financial statement effects, including the adequacy of disclosure regarding the entity's ability to continue as a going concern. The ASB believes that the inclusion of this objective is important to address disclosures, particularly for accounting frameworks that contain explicit disclosure requirements. ISA 570 (Revised) does not include this objective.

Paragraph .17 contains a requirement to obtain sufficient appropriate evidence when management's plans include financial support by third parties or the entity's owner-manager and such support is necessary in supporting management's assertions about the entity's ability to continue as a going concern. The ASB believes that this requirement is important to address this situation.

Paragraph .18 of section 570 contains a requirement of the auditor to request written representations from management about management's plans to mitigate the adverse effects of conditions or events that indicate there is substantial doubt about the entity's ability to continue as a going concern and the completeness of the financial statement disclosures that management is aware that are relevant to the entity's ability to continue as a going concern. Paragraphs .29–.30 include requirements that address comparative presentations and eliminating a going-concern emphasis-of-matter paragraph from a reissued report. Paragraph .32 of section 570 contains a requirement of the auditor to document specific matters related to the auditor's evaluation and conclusions about conditions or events that are identified, when considered in the aggregate, raise substantial doubt about the entity's ability to continue as a going concern before consideration of management's plans. The ASB believes it is important to retain these requirements from SAS No. 126, *The Auditor's Consideration of an Entity's Ability to Continue as a Going Concern*.

ISA 580, *Written Representations*, Compared to Section 580, *Written Representations*

Differences in Wording

Paragraph 8 of ISA 580 describes management's responsibility in the case of a fair presentation framework. The ASB believes that all the acceptable financial reporting frameworks in the United States are fair presentation frameworks, and, thus, the requirements of section 580 reflect this perspective.

Requirements in the ISAs Not in GAAS

Paragraph 15 of ISA 580 contains a requirement related to situations in which law or regulation requires management to make written public statements about its responsibilities. The ASB believes that these situations are not applicable to nonissuers in the United States and, accordingly, such requirements are not included in section 580.

Differences Between Requirements

Paragraph 14 of ISA 580 requires that the date of the written representations be as near as practicable to, but not after, the date of the auditor's report on the financial statements. Paragraph .20 of section 580 requires that the date of the written representations be as of the date of the auditor's report. Paragraph .A27 of section 580 states that, occasionally, circumstances may prevent management from signing the representation letter and returning it to the auditor on the date of the auditor's report. In these circumstances, the auditor may accept management's oral confirmation, on or before the date of the representations, that management has reviewed the final representation letter and will sign the representation letter without exception as providing sufficient appropriate audit evidence for the auditor to date the report. However, possession of the signed management representation letter prior to releasing the auditor's report is necessary because paragraph .21 of section 580 requires that the representations be in the form of a written letter from management.

Paragraph .17 of section 580 requires the auditor to request management to provide written representations that it has disclosed to the auditor the identify of all the entity's related parties. The corresponding requirement in paragraph 26 of ISA 550, *Related Parties*, does not include the word *all* with regard to the entity's related parties.

Placement of Certain Requirements Within GAAS

The following ISAs contain requirements for requesting written representations:

- Paragraph 40 of ISA 240
- Paragraph 17 of ISA 250
- Paragraph 14 of ISA 450
- Paragraph 12 of ISA 501
- Paragraph 37 of ISA 540 (Revised)
- Paragraph 26 of ISA 550
- Paragraph 9 of ISA 560

Such requirements have been included in paragraphs .12–.19 of section 580. The ASB believes these requirements, which relate to representations that would be obtained for every audit engagement, are more appropriately placed in section 580. The placement of these requirements does not create differences between the ISAs as a whole and GAAS as a whole.

ISA 600, *Special Considerations — Audits of Group Financial Statements (Including the Work of Component Auditors)*, Compared to , *Special Considerations — Audits of Group Financial Statements (Including the Work of Component Auditors)*

Differences in Wording

All the requirements in ISA 600 are addressed to either the group engagement partner or the group engagement team. In section 600, requirements that, in the circumstances, may be appropriately fulfilled by the firm are addressed to the auditor of the group financial statements. These requirements, in paragraphs .16 and .29, relate to engagement acceptance and modification of the auditor's opinion on the group financial statements. The ASB believes that this does not create a substantive difference between the requirements of ISA 600 and the requirements of section 600A.

Requirements in the ISAs Not in GAAS

ISA 600 does not permit the auditor's report on the group financial statements to make reference to a component auditor unless required by law or regulation to include such reference. Section 600A permits the auditor, in the auditor's report on the group financial statements, to make reference to the audit of a component auditor.

The ASB believes that the ability to make reference to the report of another auditor is appropriate in the United States for several reasons. No compelling practice issues suggest a need to change an approach that has always been permitted by GAAS in the United States. The size, complexity, and diversity of some audits, in particular the audit of the federal government in which withdrawing from the engagement or disclaiming an opinion are not viable options, make eliminating the option to make reference to a component auditor problematic. In addition, the ASB believes that there will be considerable practical problems with access issues, particularly with equity investments, under the approach in ISA 600. The ASB believes that there is no difference in the effectiveness of the audit in either approach when the audits are conducted in accordance with GAAS. Accordingly, section 600A contains requirements and application and other explanatory material relating to making reference to the report of another auditor that are not in ISA 600, which results in substantive differences in the wording of the objectives, requirements, and application material between ISA 600 and section 600A. A group audit conducted in accordance with GAAS when the group engagement partner determines to make reference to the audit performed by a component auditor would not comply with the ISAs. As such, in an audit conducted under both GAAS and the ISAs, the auditor of the group financial statements would need to assume responsibility for the work of all component auditors and, therefore, plan the audit accordingly to comply with both sets of standards.

When no reference is made to a component auditor in the auditor's report on the group financial statements, no substantive differences exist between the requirements of ISA 600 and the requirements of section 600A.

Differences Between Requirements

Paragraph .41*c* of section 600A expands the requirement in paragraph 40(e) of ISA 600 to clarify that the communication of a list of related parties prepared by group management and any other related parties of which the group engagement team is aware includes the nature of the entity's relationships and transaction with those related parties. This clarification is not in ISA 600.

ISA 610 (Revised 2013), *Using the Work of Internal Auditors*, Compared to Section 610, *Using the Work of Internal Auditors*

Requirements in the ISAs Not in GAAS

Using Internal Auditors to Provide Direct Assistance

Determining Whether Internal Auditors Can Be Used to Provide Direct Assistance

Section 610 does not include paragraph 26 of ISA 610 (Revised 2013) because obtaining direct assistance from internal auditors is not prohibited in the United States.

Paragraph 27 of ISA 610 (Revised 2013) contains a requirement that the external auditor's evaluation of the existence and significance of threats to the internal auditors' objectivity include inquiry of the internal auditors regarding interests and relationships that may create a threat to their objectivity. This requirement is not included in section 610 because the ASB believes it is implicit in the overall requirement to evaluate the internal auditor's objectivity.

Determining the Nature and Extent of Work That Can Be Assigned to Internal Auditors Providing Direct Assistance

GAAS do not include paragraph 30 of ISA 610 (Revised 2013) in section 610 because the paragraph precludes the external auditor's use of internal auditors to provide direct assistance in specified circumstances. The ASB believes that the requirements in paragraphs 30*a* and 30*b* were not necessary in the context of audits of nonissuers in the United States. These requirements are partly redundant with the requirement in paragraph .27 of section 610 regarding the need for the auditor to consider the amount of judgment involved in determining the nature and extent of work to assign to internal auditors and the nature, timing, and extent of the review thereof. Additional material was added to paragraph .A42 section 610 to further emphasize that as materiality of the financial statement amounts increases, and either the assessed risks of material misstatement or the amount of judgment involved increases, the need for the external auditor to perform procedures directly increases. The ASB further concluded that the requirements in paragraphs 30*c* and 30*d* were not necessary because an appropriate assessment of the objectivity of the internal auditors in accordance with section 610 would result in a conclusion that it would not be appropriate for internal auditors' work to be used in the situations addressed by those paragraphs.

Using Internal Auditors to Provide Direct Assistance

Paragraph 33*b* of ISA 610 (Revised 2013) requires that, prior to using internal auditors to provide direct assistance for purposes of the audit, the external auditor obtain written agreement from the internal auditors that they will keep confidential specific matters as instructed by the external auditor and inform the external auditor of any threat to their objectivity. Given the established practice and historical experience of using internal auditors to provide direct assistance, the ASB did not believe that it was necessary to include this requirement for the audits of nonissuers in the United States. However, the ASB added application material to indicate that the auditor may determine it necessary to instruct the internal auditors to keep specific matters confidential and, in some situations, may determine it to be necessary to request written acknowledgement from the internal auditors of having understood such instruction (paragraph .A41 of section 610).

Differences Between Requirements

Using Internal Auditors to Provide Direct Assistance

Paragraph 31 of ISA 610 (Revised 2013) establishes a requirement that, in communicating with those charged with governance, an overview of the planned scope and timing of the audit in accordance with ISA 260, *Communication with Those Charged with Governance*, the external auditor should communicate the nature and extent of the planned use of internal auditors to provide direct assistance *so as to reach a mutual understanding that such use is not excessive in the circumstances of the engagement*. The ASB decided to revise this paragraph to improve the clarity of the requirement and eliminate the requirement to explicitly obtain a mutual understanding with those charged with governance that the proposed nature and extent of the use of internal auditors to provide direct assistance is not excessive because it was not considered necessary in the context of audits of nonissuers in the United States. The ASB believes that the external auditor's communication required by paragraph .28 of section 610 provides those charged with governance the opportunity to voice any concerns.

Paragraph 34*a* of ISA 610 (Revised 2013) requires the external auditor to direct, supervise and review the work performed by internal auditors on the engagement in accordance with ISA 220. It further states that the "nature, timing and extent of direction, supervision, and review shall recognize that the internal auditors are not independent of the entity and be responsive to the outcome of the evaluation of the factors in paragraph 29 of this ISA." The ASB omitted the phrase *recognize that the internal auditors are not independent of the entity* from the comparable requirement in paragraph .31*a* because the ASB did not believe there was any incremental effect of the phrase on the nature, timing, and extent of the external auditor's required actions. The ASB also believes that the fact that internal auditors are not independent of the entity is already implicit in, and encompassed by, the external auditor's evaluation of the factors in paragraph .27 of section 610.

In paragraph .31*c* of section 610, the ASB revised paragraph 34*b* of ISA 610 (Revised 2013) to express the requirement in terms more commonly understood in the United States and that are more consistent with the terminology in section 610.

Requirements in GAAS Not in the ISAs

Using Internal Auditors to Provide Direct Assistance

The ASB added paragraph 31*b*, which represents a requirement to instruct internal auditors to bring accounting and auditing issues to the attention of the external auditors. The ASB believes that it is important to retain this requirement from SAS No. 65, *The Auditor's Consideration of the Internal Audit Function in an Audit of Financial Statements*.

The ASB believes these differences do not create a difference between the application of ISA 610 (Revised 2013) and the application of section 610.

ISA 620, *Using the Work of an Auditor's Expert,* Compared to Section 620, *Using the Work of an Auditor's Specialist*

Differences in Wording

Paragraph 12(b) of ISA 620 requires the auditor to evaluate the significant assumptions and methods of the auditor's specialist. The ASB expanded the wording of this requirement to more clearly articulate the auditor's responsibility in this regard. The ASB believes this does not create a difference between the application of ISA 620 and the application of section 620.

Requirements in the ISAs Not in GAAS

Paragraph 14 of ISA 620 contains a conditional requirement regarding the auditor's reference to the auditor's specialist in the auditor's report when such reference is required by law or regulation. Because such reference is not required by law or regulation in the United States, such requirement is not included in section 620.

ISA 700 (Revised), *Forming an Opinion and Reporting on Financial Statements*, Compared to Section 700, *Forming an Opinion and Reporting on Financial Statements*

Differences in Wording

Paragraph 13(d) of ISA 700 (Revised) requires the auditor to evaluate, among other things, whether, in view of the requirements of the applicable financial reporting framework, the information that should have been included has been included, and whether such information is appropriately classified, aggregated or disaggregated, and characterized. Paragraph .15*d* of section 700 uses the term "presented" instead of "characterized" in the otherwise identical requirement. The ASB believes replacing "characterized" with "presented" addresses the presentation in paragraph 13(d)(ii) of ISA 700 (Revised) and therefore this does not create a difference between the application of ISA 700 (Revised) and section 700.

Paragraph 34(a) of ISA 700 (Revised) requires the auditor's report to describe management's responsibility for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. Paragraph .32*a* of section 700 requires the auditor's report to describe management's responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements. The ASB believes section 700 better conveys management's responsibility in the United States.

Paragraph 38(b) of ISA 700 (Revised) requires the auditor's report to state that reasonable assurance is a high level of assurance, but not a guarantee that an audit conducted in accordance with the ISAs will always detect a material misstatement when it exists. Paragraph .35*b* of section 700 states that reasonable assurance is a high level of assurance but not absolute assurance and therefore is not a guarantee. The ASB believes this does not create a difference in the application of ISAs and the application of GAAS.

Paragraph 39(b)(iv) of ISA 700 requires the auditor's report to describe an audit by stating what the auditor's responsibilities are in ISA 570 (Revised). As noted previously in the ISA 570 (Revised) section of this appendix, section 570 is intended to be applicable to audits of financial statements prepared under various financial accounting frameworks and accordingly was written to be framework-neutral. In discussing certain concepts, reference to accounting terms is necessary. To better explain and illustrate those concepts, section 570 uses terminology that is more commonly used in the Unites States, such as terminology from the FASB standards and GASB statements, for example "substantial doubt." Accordingly, the language in the auditor's report aligns with the requirements in section 570.

Requirements in the ISAs Not in GAAS

Compliance Framework

Paragraphs 7(b), 19, and 26 of ISA 700 (Revised) discuss financial statements prepared in accordance with a compliance framework. GAAS do not include any references to compliance frameworks because the ASB believes that in the United States, users of financial statements expect all financial reporting frameworks to be fair presentation frameworks. Accordingly, section 700 is written in the context of a complete set of general-purpose financial statements prepared in accordance with a fair presentation framework.

Definitions

Paragraph 7(b) of ISA 700 (Revised) defines *fair presentation framework*. Section 700 does not include this definition because fair presentation framework is already defined in section 200. As noted previously, section 700 does not include any references to compliance frameworks; therefore, there is no need to emphasize the differences between a fair presentation framework and a compliance framework in section 700.

Use of True and Fair View

Paragraphs 25(b) and 36 of ISA 700 (Revised) indicate that the description in the auditor's report can refer either to the preparation and fair presentation of the financial statements or the preparation of financial statements that give a true and fair view. GAAS do not include any references to "true and fair view" because such wording has not historically been used in the United States; GAAS continues to require the use of "present fairly, in all material respects" in the auditor's opinion.

Requirements for Listed Entities

Paragraphs 30, 40(b), and 46 of ISA 700 (Revised) contain requirements relating to audits of listed entities. Such requirements are not applicable to audits of nonissuers in the United States and, accordingly, such requirements are not included in GAAS.

Opinion Section

Paragraph 24(d) of ISA 700 (Revised) requires the opinion section of the auditor's report to refer to the summary of significant accounting policies. Section 700 does not include this requirement because the ASB believes the notes to the financial statements are an integral part of the financial statements, and specific notes need not be identified in the opinion section. The ASB believes this does not create a difference between the application of ISA 700 (Revised) and the application of section 700.

Responsibilities of Management for the Financial Statements

Paragraph 33 of ISA 700 (Revised) requires the report to use a term that is appropriate in the context of the legal framework in the particular jurisdiction and need not refer specifically to "management" when the auditor's report discusses management's responsibilities. Section 700 does not include this requirement because the ASB believes this paragraph relates to jurisdictions in which the structure of the boards and corporate law are different than in the United States. In the United States, the ASB believes reference to management is sufficient. The ASB believes this does not create a difference between the application of ISA 700 (Revised) and the application of section 700.

Paragraph 35 of ISA 700 (Revised) requires the auditor's report to identify those responsible for the oversight of the financial reporting process, when those responsible for such oversight are different from those who fulfill the responsibilities described in paragraph 34 of ISA 700 (Revised). Section 700 does not include this requirement because the ASB believes that distinction may cause confusion in a nonissuer environment. The ASB believes this does not create a difference in the application of the ISA 700 (Revised) and the application of section 700.

Auditor's Responsibilities for the Audit of the Financial Statements

Paragraph 38(c)(ii) of ISA 700 (Revised) requires the auditor's report to state that misstatements can arise from fraud or error and either (i) describe that they are considered material, if individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements; or (ii) provide a definition or description of materiality in accordance with the applicable financial reporting framework. Section 700 requires the auditor to include the description in (i) and does not include the option in (ii) to provide a definition or description of materiality in accordance with the applicable financial reporting framework. The ASB believes this will create more consistency in reporting and was mindful to minimize differences between the PCAOB form of auditor's report and section 700. The ASB believes this does not create a difference in the application of ISA 700 (Revised) and the application of section 700.

Paragraph 39(c) of ISA 700 (Revised) requires the auditor's report to further describe the auditor's responsibilities in a group audit engagement. Section 700 does not include this requirement because GAAS permits for the auditor to have divided responsibility in group audit situations and therefore the reporting language in section 600A provides transparency as to the responsibilities of the auditor in such situations. The ASB believes this does not create a difference in the application of the ISA 700 (Revised) and the application of section 700.

Information Presented in the Financial Statements

Paragraph 54 of ISA 700 (Revised) contains requirements when supplementary information that is not required by the applicable financial reporting framework is presented with the audited financial statements. If such supplementary information is not clearly differentiated from the audited financial statements, ISA 700 (Revised) requires the auditor to ask management to change how the unaudited supplementary information is presented and if management refuses to do so, the auditor should explain in the auditor's report that such supplementary information has not been audited. In the United States, section 725, *Supplementary Information in Relation to the Financial Statements as a Whole*, addresses the auditor's responsibility when engaged to report on supplementary information. At the present time, no ISAs exist that correspond to section 725. GAAS do not include the requirement for the auditor to ask management to change how the unaudited supplementary information is presented when the supplementary information is not clearly differentiated from the audited financial statements.

Requirements in GAAS Not in the ISAs

Responsibilities of Management for the Financial Statements

Paragraph .33 of section 700 adds a requirement that the description about management's responsibilities for the financial statements in the auditor's report should not be referenced to a separate statement by management about such responsibilities, even if such a statement is included in a document containing the auditor's report.

ISA 700 (Revised) does not contain this requirement, which the ASB believes is appropriate for inclusion in GAAS.

Auditor's Report for Audits Conducted in Accordance With the Standards of the PCAOB and GAAS When the Audit Is Not Within the Jurisdiction of the PCAOB

Paragraph .46 of section 700 adds a requirement on how to report when conducting an audit of financial statements in accordance with the standards of the PCAOB and the audit is not within the jurisdiction of the PCAOB. ISA 700 (Revised) does not contain this requirement which is specific to the United States.

Differences Between Requirements

Basis for Opinion — Auditor Independence

Paragraph 28(c) of ISA 700 (Revised) requires the "Basis for Opinion" section to include a statement that the auditor is independent of the entity in accordance with the relevant ethical requirements relating to the audit, and has fulfilled the auditor's other ethical responsibilities in accordance with these requirements. The statement should identify the jurisdiction of origin of the relevant ethical requirements or refer to the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)*. Paragraph .28*c* of section 700 requires the "Basis for Opinion" section to include a statement that the auditor is required to be independent of the entity and to meet the auditor's other ethical responsibilities, in accordance with the relevant ethical requirements relating to the audit and does not require identification of the jurisdiction of origin of the relevant ethical requirements. The ASB believes section 700 better conveys the auditor's independence and ethical responsibilities in the Unites States while minimizing differences between the PCAOB form of the auditor's report and section 700. The ASB believes having different statements about the auditor's responsibilities for independence in the GAAS report and in the PCAOB report would cause confusion in the United States and that such difference between the two reports is not necessary.

Key Audit Matters

Paragraph 31 of ISA 700 (Revised) requires that when the auditor is otherwise required by law or regulation or decides to communicate key audit matters in the auditor's report, the auditor should do so in accordance with ISA 701. Paragraph .30 of section 700 requires that when the auditor is engaged to communicate key audit matters the auditor should do so in accordance with section 701. The ASB is not aware of law or regulation in the United States that requires communication of key audit matters for nonissuers and believes this does not create a difference in the application of the ISAs and the application of GAAS.

Auditor's Responsibilities for the Audit of the Financial Statements

Paragraph 39(b)(v) requires the report to describe an audit by stating that the auditor's responsibilities are to evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation. Paragraph .36*d* of section 700 requires the auditor to include in the auditor's report the auditor's responsibility to evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements. The ASB believes this does not create a difference in the application of the ISAs and the application of GAAS.

Auditor's Report for Audits Conducted in Accordance With the Standards of the PCAOB and GAAS When the Audit Is Not Within the Jurisdiction of the PCAOB

Paragraph .46 of section 700 adds a requirement on how to report when conducting an audit of financial statements in accordance with the standards of the PCAOB and the audit is not within the jurisdiction of the PCAOB. ISA 700 (Revised) does not contain this requirement which is specific to the United States.

Placement of Certain Requirements Within GAAS

Comparative Financial Statements

Section 700 addresses comparative financial statements and comparative information, which are not addressed in ISA 700 (Revised), but are addressed in ISA 710, *Comparative Information — Corresponding Figures and Comparative Financial Statements* See the section "ISA 710, *Comparative Information — Corresponding Figures and Comparative Financial Statements*, Compared to Section 700, *Forming an Opinion and Reporting on Financial Statements*," following for a comparison of the requirements of section 700 and the requirements of ISA 710. ISA 710 addresses reporting in other jurisdictions that are not common to the United States, including corresponding figures that are not covered by the auditor's report. For simplicity, the ASB decided to include those requirements and application material that apply in the United States in section 700 rather than have a separate AU-C section.

Key Audit Matters

Paragraph 40(c) of ISA 700 (Revised) requires the report to describe key audit matters in the auditor's responsibilities section of the auditor's report. For simplicity, and because GAAS does not require the communication of KAM in the auditor's report, section 701 requires a description of key audit matters, when the auditor is engaged to include key audit matters in the auditor's report, to be placed in a separate key audit matters section.

Auditor's Report Prescribed by Law or Regulation

Paragraph 50 of ISA 700 (Revised) discusses the auditor's report prescribed by law or regulation. Section 700 does not contain this section because it does not pertain to general purpose financial statements in the United States. Auditor's reports prescribed by law or regulation are addressed in section 800.

The ASB believes that the placement of these requirements does not create differences between the application of the ISAs as a whole and the application of GAAS as a whole.

ISA 701, *Communicating Key Audit Matters in the Independent Auditor's Report*, Compared to Section 701, *Communicating Key Audit Matters in the Independent Auditor's Report*

Differences in Wording

Going Concern

Paragraph 15 of ISA 701 describes the interaction between descriptions of key audit matters and other elements required to be included in the auditor's report. Section 700 contains the same section; however, section 700 aligns with the terminology used in section 570.

Requirements in the ISAs Not in GAAS

Required Communication of Key Audit Matters

ISA 701 addresses the auditor's responsibilities to communicate key audit matters in the auditor's report and applies to audits of complete sets of general purpose financial statements of listed entities and circumstances when the auditor otherwise decides to communicate key audit matters in the auditor's report. Section 701 does not require the communication of key audit matters. This is not inconsistent with ISA 701 because ISA 701 only requires listed entities to communicate key audit matters. In the United States, audits of listed entities are within the jurisdiction of the PCAOB and therefore GAAS does not contain a similar requirement. The ASB believes this does not create a difference in the application of the ISAs and the application GAAS.

ISA 705 (Revised), *Modifications to the Opinion in the Independent Auditor's Report*, Compared to Section 705, *Modifications to the Opinion in the Independent Auditor's Report*

Requirements in the ISAs Not in GAAS

Compliance Framework

GAAS do not include any references to compliance frameworks because the ASB believes that in the United States, users of financial statements expect all financial reporting frameworks to be fair presentation frameworks. Accordingly, the reference to compliance frameworks in paragraphs 17(b) and 18(b) of ISA 705 (Revised) are included in paragraphs .18–.19 of section 705.

Use of True and Fair View

GAAS do not include any references to "true and fair view" because such wording has not historically been used in the United States; GAAS continue to require the use of "present fairly, in all material respects" in the auditor's opinion. Accordingly, the references to "true and fair view" in paragraphs 17(a)–18(a) of ISA 705 (Revised) are not included in paragraphs .18–.19 of section 705. The ASB believes this does not result in a difference in the application of the ISAs and the application of GAAS.

Multiple Uncertainties

Paragraph 10 of ISA 705 (Revised) requires the auditor to disclaim an opinion when, in extremely rare circumstances involving multiple uncertainties, the auditor concludes that, notwithstanding having obtained sufficient appropriate audit evidence regarding each of the individual uncertainties, it is not possible to form an opinion on the financial statements due to the potential interaction of the uncertainties and their possible cumulative effect on the financial statements. Section 705 does not include this requirement because the ASB believes that a disclaimer of opinion is appropriate only when the auditor is not able to obtain sufficient appropriate audit evidence.

Differences Between Requirements

Management-Imposed Scope Limitation

Paragraph 13(b)(i) of ISA 705 (Revised) requires the auditor to withdraw from the audit when the auditor is unable to obtain sufficient appropriate audit evidence, and the auditor concludes that the possible effects on the financial statements of undetected misstatements, if any, could be both material and pervasive so that a qualification of the opinion would be inadequate to communicate the gravity of the situation. Paragraph .13*b* of section 705 changes this requirement so that the auditor should either disclaim an opinion on the financial statements or withdraw from the engagement, when practical, under such circumstances. The ASB believes that in the United States, the auditor should not be required to withdraw from an engagement but, rather, should be able to decide whether to withdraw or disclaim an opinion on the financial statements based upon the pervasiveness of the effects on the financial statements. The ASB believes this does not create differences between the application of ISA 705 (Revised) and the application of section 705.

Description of Auditor's Responsibilities When the Auditor Disclaims an Opinion

Paragraph 28(c) of ISA 705 (Revised) requires the auditor, when the auditor disclaims an opinion on the financial statements due to an inability to obtain sufficient appropriate audit evidence, to amend the description of the auditor's responsibilities section of the auditor's report to include the statement about auditor independence and other ethical responsibilities required by paragraph 28(c) of ISA 700 (Revised). Paragraph .29*c* of section 705 requires a statement that the auditor is required to be independent and to meet other ethical responsibilities, in accordance with the relevant ethical requirements relating to the audit, required by paragraph .28*c* of section 700 or paragraph .67*c* or .107*c* of section 703, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA*. The ASB believes that the requirement in section 700 better conveys the auditor's independence and ethical responsibilities in the Unites States while being mindful to minimize differences between the PCAOB form of the auditor's report and section 700. The wording in section 705 aligns with section 700 requirements.

Considerations When the Auditor Expresses an Adverse Opinion or Disclaims an Opinion on the Financial Statements

Paragraph 29 of ISA 705 (Revised) precludes the auditor from including a Key Audit Matters section in accordance with ISA 701 when the auditor disclaims an opinion. Paragraph .30 of section 705 precludes the auditor from including a Key Audit Matters section when the auditor expresses an adverse opinion or disclaims an opinion on the financial statements. The ASB believes this incremental requirement to be appropriate for inclusion in GAAS.

ISA 706 (Revised), *Emphasis of Matter Paragraphs and Other Matter Paragraphs in the Independent Auditor's Report*, Compared to Section 706, *Emphasis-of-Matter Paragraphs and Other-Matter Paragraphs in the Independent Auditor's Report*

Differences Between Requirements

Emphasis-of-Matter Paragraphs in the Auditor's Report

Paragraph 9(a) of ISA 706 (Revised) requires the auditor, when the auditor includes an emphasis-of-matter paragraph in the auditor's report, to use an appropriate heading that includes the term "Emphasis of Matter." In the same situation, paragraph .09*a* of section 706 requires the auditor to use an appropriate heading and only requires the use of the term "Emphasis of Matter" to be included in the heading when key audit matters are communicated in the auditor's report. Because key audit matters are not required under GAAS, the ASB believes it is only necessary to require the use of the term "emphasis-of-matter" when the term is needed to help differentiate between an emphasis-of-matter section and a key audit matters section.

ISA 710, *Comparative Information — Corresponding Figures and Comparative Financial Statements*, Compared to Section 700, *Forming an Opinion and Reporting on Financial Statements*

Differences in Wording

The definitions of *comparative information* and *comparative financial statements* in paragraph 6(a) and (c) of ISA 710 have been revised to reflect U.S. conventions.

Requirements in the ISAs Not in GAAS

ISA 710 addresses reporting in other jurisdictions that are not common in the United States, including corresponding figures that are not covered by the auditor's report. GAAS do not include any references to corresponding figures because these are not common in the United States.

Requirements in GAAS Not in the ISAs

Comparative Information

Paragraph .48 of section 700 requires that when expressing an opinion on all periods presented, a continuing auditor should update the report on the financial statements of one or more prior periods presented on a comparative basis with those of the current period. The auditor's report on comparative financial statements should not be dated earlier than the date on which the auditor has obtained sufficient appropriate audit evidence on which to support the opinion for the most recent audit.

Paragraph .50 of section 700 contains a requirement that if comparative information is presented, and the entity requests the auditor to express an opinion on all periods presented, the auditor should consider whether the information included for the prior periods contains sufficient detail to constitute a fair presentation in accordance with the applicable financial reporting framework.

Audit Procedures

Paragraph .51 of section 700 contains a requirement that the audit procedures in paragraphs .51–.53 of section 700 should apply regardless of whether comparative financial statements or comparative information is presented for the prior period.

Prior Period Financial Statements

Paragraph .56 of section 700 includes requirements on what to disclose in an emphasis-of-matter paragraph or other-matter paragraph when reporting on prior period financial statements in connection with the current period's audit, and the auditor's opinion on such prior period financial statements differs from the opinion the auditor previously expressed.

Paragraph .57 of section 700 adds "and the predecessor auditor's report on the prior period's financial statements is not reissued" to the requirement. This was added to clarify that if the report was reissued, section 560 would apply. In addition, a requirement was added to include in the other-matter paragraph the nature of an emphasis-of-matter paragraph or other-matter paragraph included in the predecessor auditor's report, if any.

Prior Period Financial Statements Not Audited

Paragraphs .59–.60 of section 700 include requirements on how to report when prior period financial statements were not audited, reviewed, or compiled, to better clarify what is covered in section 700 related to comparative financial statements and comparative information.

ISA 710 does not contain these requirements. The ASB believes these requirements and related application material are appropriate for inclusion in GAAS.

Placement of Certain Requirements Within GAAS

ISA 710 addresses reporting in other jurisdictions that are not common to the United States, including corresponding figures that are not covered by the auditor's report. For simplicity, the ASB decided to include certain requirements and application material for comparative financial statements and comparative information in section 700 rather than having a separate AU-C section. The ASB believes that the requirements in section 700 related to comparative financial statements and comparative information are consistent with the intent of ISA 710 and that the placement of these requirements does not create differences between the application of the ISAs as a whole and the application of GAAS as a whole.

ISA 720 (Revised), *The Auditor's Responsibilities Relating to Other Information in Documents Containing Audited Financial Statements*, Compared to Section 720, *The Auditor's Responsibilities Relating to Other Information Included in Annual Reports*

Differences in Wording

The ASB has made various changes to the wording throughout section 720, in comparison with ISA 720. The changes to section 720 include the following:

- Adding paragraph .02, which clarifies that section 720 “may be applied, and adapted as necessary in the circumstances, to other documents to which the auditor, at management's request, devotes attention."
- In paragraph .05, deleting the phrase "either by law, regulation or custom" from the definition of *other information* to avoid confusion with required supplementary information.
- Adding paragraph .09, which clarifies that the section does not apply to supplementary information addressed by section 725, *Supplementary Information in Relation to the Financial Statements as a Whole*, or required supplementary information addressed by section 730, *Required Supplementary Information*. There are no equivalent ISAs to sections 725 and 730.
- In paragraph .12, adding the phrase "other-matter" to clarify the report modification.
- In paragraph .17, adding the wording "by the entity in determining whether such matter is a material misstatement of fact" to clarify that the advice is received by the entity.

Such changes have been made to make section 720 easier to read and apply. The ASB believes that such changes do not create differences between the application of ISA 720 (Revised) and the application of section 720.

Requirements in GAAS not in the ISAs

Paragraph .13*a* of section 720 includes a requirement that the auditor obtain management's written acknowledgment regarding which document or documents comprise the annual report and the entity's planned manner and timing of the issuance of such documents.

Paragraph .14 of section 720 includes a requirement for the auditor to take appropriate action if the auditor becomes aware that the entity did not provide the auditor with the final version of documents determined in accordance with paragraph .13*a* to be part of the annual report prior to the issuance of those documents to third parties.

The ASB believes that these incremental requirements are appropriate for inclusion in GAAS.

Requirements in the ISAs not in GAAS

Section 720 does not include reporting requirements when the auditor is required by law or regulation of a specific jurisdiction to refer to the other information in the auditor's report using a specific layout or wording. The ASB believes that such requirements are not necessary in the U.S. environment.

Differences Between Requirements

Paragraph .21 of section 720 provides the option for the auditor to withhold the auditor's report if the auditor concludes that a material misstatement exists in other information obtained prior to the date of the auditor's report, and the other information is not corrected after communicating with those charged with governance. The ASB believes it important to retain this option from the previous SAS.

Paragraph .24 of section 720 requires that the auditor report on the other information only when the auditor has obtained all of the other information at the date of the auditor's report. ISA 720 (Revised) requires that the auditor report on the other information when the auditor "has obtained some or all of the other information" at the date of the auditor's report. The ASB believes that, because a framework for annual reports rarely exists in the nonissuer environment in the United States, a requirement to report when "some" of the other information is obtained at the date of the auditor's report could confuse users of the auditor's report and therefore is not in the public interest.

ISA 800 (Revised), *Special Considerations — Audits of Financial Statements Prepared in Accordance with Special Purpose Frameworks*, Compared to Section 800, *Special Considerations — Audits of Financial Statements Prepared in Accordance With Special Purpose Frameworks*

Differences in Wording

Definitions

Paragraph 6 of ISA 800 defines a *special purpose framework* as a financial reporting framework (a fair presentation framework or a compliance framework) designed to meet the financial information needs of specific users. Section 800 defines a special purpose framework as one of the following bases of accounting: cash, tax, regulatory, contractual, or other basis of accounting, all of which are fair presentation frameworks in the United States. An other basis of accounting is a basis of accounting that uses a definite set of logical, reasonable criteria that is applied to all material items appearing in financial statements.

Considerations When Planning and Performing the Audit

Paragraph 9 of ISA 800 requires the auditor to determine whether application of the ISAs requires special consideration in the circumstances of the engagement. However, paragraph .12 of section 800 requires the auditor to adapt all AU-C sections relevant to the audit as necessary in the circumstances of the engagement. The ASB believes that the requirement in section 800 is consistent with the intent of ISA 800 and that such changes do not create differences between the application of ISA 800 and the application of section 800.

Requirements in GAAS Not in the ISAs

Considerations When Accepting the Engagement

Paragraph .11 of section 800 includes a requirement for the auditor, when accepting the engagement, to obtain the agreement of management that it acknowledges and understands its responsibility to include all informative disclosures, including specified disclosures, that are appropriate for the special purpose framework used to prepare the entity's financial statements.

Description of the Applicable Financial Reporting Framework

Paragraph .15 of section 800 includes a requirement for the auditor to evaluate whether the financial statements are suitably titled, include a summary of significant accounting policies, and adequately describe how the special purpose framework differs from GAAP.

Fair Presentation

If the special purpose financial statements contain items that are the same as, or similar to, those in financial statements prepared in accordance with GAAP, paragraph .18 of section

800 includes a requirement for the auditor to evaluate whether the financial statements include informative disclosures similar to those required by GAAP. Paragraph .18 of section 800 also requires the auditor to evaluate whether additional disclosures, beyond those specifically required by the framework, related to matters that are not specifically identified on the face of the financial statements or other disclosures may be necessary for the financial statements to achieve fair presentation.

Restricting the Use of the Auditor's Report

Paragraph .21 of section 800 requires the auditor's report to include an other-matter paragraph that restricts the use of the auditor's report when the special purpose financial statements are prepared in accordance with a contractual basis of accounting, a regulatory basis of accounting, or an other basis of accounting when required pursuant to paragraphs .06*a–b* of section 905, *Alert That Restricts the Use of the Auditor's Written Communication*, except for the circumstances described in paragraph .22 of section 800. In accordance with paragraph .22 of section 800, the other-matter paragraph is not required when the special purpose financial statements are prepared in accordance with a regulatory basis of accounting and the special purpose financial statements together with the auditor's report are intended for general use. In this circumstance, the auditor is required to express an opinion on whether the financial statements are prepared in accordance with GAAP and, in a separate paragraph, an opinion on whether the financial statements are prepared in accordance with the special purpose framework.

Auditor's Report Prescribed by Law or Regulation

Paragraph .22 of section 800 identifies the required minimum elements to be included in the auditor's report when the auditor is required by law or regulation to use a specific layout, form, or wording of the auditor's report. Paragraph .24 requires the auditor to reword the prescribed form of report or attach an appropriately worded separate report if the prescribed specific layout, form, or wording of the auditor's report is not acceptable or would cause an auditor to make a statement that the auditor has no basis to make.

These requirements are not included in ISA 800.

Differences Between Requirements

Auditor's Report

Paragraph 13 of ISA 800 requires the auditor's report to describe the purpose for which the financial statements are prepared and, if necessary, the intended users, or refer to a note in the special purpose financial statements that contains that information. Section 800 does not require this description when the special purpose financial statements are prepared in accordance with the cash or tax basis of accounting.

Alerting Readers That the Financial Statements Are Prepared in Accordance With a Special Purpose Framework

Paragraph 14 of ISA 800 requires the auditor's report to include an emphasis-of-matter paragraph alerting users of the auditor's report that the financial statements are prepared in accordance with a special purpose framework and that, as a result, the financial statements may not be suitable for another purpose. Paragraph .20*c* of section 800 requires the emphasis-of-matter paragraph to state that the special purpose framework is a basis of accounting other than GAAP and only requires the auditor's report to state that the "financial statements may not be suitable for another purpose" when a description of the purpose for which the financial statements are prepared or a reference to a note in the special purpose financial statements that contains that information is required by paragraph .19*a*. In accordance with paragraph .22 of section 800, the emphasis-of-matter paragraph is not required when the special purpose financial statements are prepared in accordance with a regulatory basis of accounting and the special purpose financial statements together with the auditor's report are intended for general use.

Placement of Certain Requirements Within GAAS

Paragraph .14 of section 800 indicates that the following requirements in section 570 apply irrespective of whether the going concern basis of accounting is relevant to the preparation of the financial statements:

- To conclude whether, in the auditor's judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the entity's ability to continue as a going concern for a reasonable period of time
- When such substantial doubt exists, to evaluate the adequacy of the financial statement disclosures

The ASB believes this is essential guidance for section 800 that does not create a difference in the application of the requirements of the ISAs and the requirements of GAAS.

ISA 805 (Revised), *Special Considerations — Audits of Single Financial Statements and Specific Elements, Accounts or Items of a Financial Statement*, Compared to Section 805, *Special Considerations — Audits of Single Financial Statements and Specific Elements, Accounts, or Items of a Financial Statement*

Requirements in the ISAs Not in GAAS

Form of Opinion

Paragraph 9 of ISA 805 requires the auditor to consider whether the expected form of opinion is appropriate in the circumstances. This requirement was not included in section 805 because the circumstances to which it relates are not applicable in the United States.

Requirements in GAAS Not in the ISAs

Materiality

Paragraph .14 of section 805 requires the auditor to determine materiality for the single financial statement being reported on, and in the case of an audit of one or more specific elements of a financial statement, materiality for each individual element reported on.

Considerations When Accepting the Engagement and Planning and Performing the Audit

Paragraph .10 of section 805 requires the auditor to obtain an understanding of (*a*) the purpose for which the single financial statement or specific element of a financial statement is prepared, (*b*) the intended users, and (*c*) the steps taken by management to determine that the application of the financial reporting framework is acceptable in the circumstances. The ASB believes this requirement is necessary in determining the acceptability of the financial reporting framework that is applicable to a single financial statement or a specific element of a financial statement.

Paragraph .09 of section 805 requires the auditor to determine whether the auditor will be able to perform procedures on interrelated items as a consideration when accepting the engagement. Paragraph .13 of section 805 includes a requirement for the auditor to perform procedures on interrelated items as necessary to meet the objective of the audit. In the case of an audit of a specific element that is, or is based upon, the entity's stockholders' equity or net income (or the equivalents thereto), paragraph .13 of section 805 further requires the auditor to perform procedures necessary to obtain sufficient appropriate audit evidence about financial position, or financial position and results of operations, respectively, because of the interrelationship between the element and the balance sheet accounts and the income statement accounts.

Reporting on an Incomplete Presentation but One That Is Otherwise in Accordance With GAAP

When the auditor reports on an incomplete presentation but one that is otherwise in accordance with GAAP, paragraph .24 of section 805 requires the auditor to include an emphasis-of-matter paragraph in the auditor's report, alerting users as to the purpose of the presentation and that the presentation is incomplete. ISA 805 does not address reporting on incomplete presentations that are otherwise in accordance with the applicable financial reporting framework.

ISA 805 does not contain these requirements.

Differences Between Requirements

Reporting on the Entity's Complete Set of Financial Statements and a Single Financial Statement or a Specific Element of Those Financial Statements

Paragraph 12 of ISA 805 requires the auditor to express a separate opinion for each engagement when undertaking an engagement to report on a single financial statement or a specific element of a financial statement in conjunction with an engagement to audit the entity's complete set of financial statements. Paragraph .16 of section 805 requires that the separate opinions be in separate auditor's reports and that the report on a specific element include certain information about the auditor's report on the entity's complete set of financial statements.

Paragraph .20 of section 805 address the case of an audit of a specific element of a financial statement when the opinion in the auditor's report on an entity's complete set of financial statements is modified and the modification of the auditor's opinion is relevant to the audit of the specific element. In such cases, the auditor is required to express either an adverse opinion or disclaim an opinion on the specific element, depending on the reasons for the modification of the auditor's opinion on the complete set of financial statements. ISA 805 does not specifically require an adverse opinion or disclaimer of opinion in such circumstances.

Paragraph 16 of ISA 805 addresses situations when the auditor concludes that it is necessary to express an adverse opinion or disclaim an opinion on the entity's complete set of financial statements as a whole, but in the context of a separate audit of a specific element that is included in those financial statements, the auditor nevertheless considers it appropriate to express an unmodified opinion on that element. In addition to the matters in ISA 805, paragraph .21 of section 805 precludes such reporting when the specific element is, or is based upon, the entity's stockholders' equity or net income (or the equivalent thereto).

ISA 810 (Revised), *Engagements to Report on Summary Financial Statements*, Compared to Section 810, *Engagements to Report on Summary Financial Statements*

Differences in Wording

Paragraph .05 of section 810 includes more specificity than is in paragraph 3 of ISA 810, including an objective to perform the procedures necessary as the basis for the auditor's opinion on the summary financial statements, and a description of the opinion. The ASB believes that these changes do not create differences between the intent of ISA 810 and the intent of section 810.

Paragraph 6(b)(ii) of ISA 810 requires that management make the audited financial statements available to the intended users of the summary financial statements without undue difficulty. Section 810 requires in paragraph .09*b*(ii) that management make the audited financial statements readily available. This is not a substantive difference between ISA 810 and the section 810. The terminology in section 810 aligns with section 930, *Interim Financial Information*.

If the summary financial statements contain comparatives that were reported on by another auditor, both ISA 810 and section 810 require the auditor's report on the summary financial statements to contain certain matters. Such matters are included directly in paragraph .23 of section 810 and incorporated in paragraph 22 of ISA 810 by reference to ISA 710.

Requirements in the ISAs Not in GAAS

Paragraphs 6–7 of ISA 810 include requirements pertaining to (*a*) criteria established by law or regulation, (*b*) situations in which law or regulation does not require the audited financial statements to be made available, and (*c*) accepting the engagement when required by law or regulation to do so. These requirements were not included in section 810 because they are not applicable to the United States.

Paragraph 9 of ISA 810 permits the use of two different phrases when opining on summary financial statements. Paragraph .14 of section 810 only includes one of these phrases, which is consistent with practice.

Paragraphs 10–11 of ISA 810 address situations when regulation prescribes the wording of the opinion on the summary financial statements in terms that are different from those described in ISA 810. These requirements were not included in section 810 as they are not applicable in the United States.

Paragraph 15 of ISA 810 requires the auditor to evaluate the appropriateness of using a different addressee, if the addressee of the summary financial statements is not the same as the addressee of the auditor's report on the audited financial statements. Section 810 does not include this requirement because the ASB believes having different addressees is never appropriate.

Differences Between Requirements

Paragraph 19 of ISA 810 addresses the reporting elements when the auditor expresses an unmodified opinion on the summary financial statements and the auditor's report on the audited financial statements contains certain specified elements, including a statement that describes an uncorrected material misstatement of other information. In ISA 810, the requirement in this paragraph only applies when the auditor expresses an unmodified opinion on the summary financial statements. The comparable requirement in paragraph .18 of section 810 applies when the auditor expresses either an unmodified opinion or an adverse opinion on the summary financial statements and does not address situations in which the auditor's report on the audited financial statements includes a statement that describes an uncorrected material misstatement of other information.

Section 810, in paragraph .21, eliminated the reference to the restriction on distribution of the auditor's report in paragraph 20 of ISA 810. In the United States, use of an auditor's report is restricted, not its distribution. An auditor is not responsible for controlling management's distribution of restricted-use reports.

[Revised, October 2023, to reflect the updated title of the IESBA Code of Ethics for Professional Accountants.]

AUDIT PROCEDURES
Alternative audit procedures 200.26, 505.A11
Assessed risks of material misstatement due to fraud 240.30, 240.A43–.A46
Audit evidence and risk 240.A57
Audit sampling 530.09–.11, 530.A18–.A20
Considerations specific to governmental entities 330.A18, 402.A11
Considerations specific to smaller entities 330.A19
Documentation 230.08–.14, 230.A4–.A23, 330.30–.33
Engagement team 220A.09, 220A.A9–.A11, 240.A12–.A13
Evaluating evidence obtained 330.01–.A76
Examples of, to address assessed risks of material misstatement due to fraud 240.A77
External confirmation 505.02–.03, 505.07, 505.A1–.A8
Financial reporting framework generally accepted in another country 910.A2, 910.A4
Financial statement effects of laws on governmental entities 935.14, 935.35, 935.A9–.A11, 935.A24
GAAS 200.20–.29, 200.A60–.A91
Going concern 570.16–.17; 570.A28–.A38

Group financial statements See audits of group financial statements, special considerations under financial statements
Illustrations 935.A46 See also illustrations
Inquiry, combination with 330.A28
Management override of controls 240.31–.32, 240.44, 240.A47–.A54
Misstatements 320.06, 450.08, 450.A20
Nature, timing, and extent 300.12, 300.A3, 300.A5, 300.A14–.A16, 300.A27, 320.13, 320.11, 320.13, 320.A1, 330.A4–.A20, 402.19, 620.08, 620.A11–.A14
Opening balances—initial audit engagements 510.06–.13, 510.A3–.A16
Other audit procedures 501.A39
Overall objectives of the auditor 200.23
Performing 530.09–.11, 530.A18–.A20
Planning 260.A24
Professional judgment 200.18, 200.A29–.A33
Professional skepticism 200.17, 200.A23–.A28
Registration statement 925.03, 925.07–.08, 925.A3
Response to assessed risks of material misstatement 330.01–.A76
Subsequent events procedures 925.09–.12, 925.A9–.A11
Substantive procedures 330.18–.24, 330.A47–.A67
Summary financial statements 810.11, 810.A9
Tests of controls 330.08–.17, 330.A21–.A46
That identify noncompliance with laws and regulations 250.07–.08, 250.14–.20, 250.A14–.A19, 250.A22–.A23
Unpredictability 240.A42
Use of objectives 200.A80–.A81
AUDIT RISK
Defined 600A.07, 200.14
Detection risk 200.A49–.A51
Fraud 600A.A35–.A37
Group engagement team 600A.20–.21, 600A.31, 600A.34, 600A.56–.57, 600A.A39
Material misstatement 200.A40–.A48
group financial statements, in 600A.A38, 600A.A92
AUDIT SAMPLING
Evaluating the results 530.14, 530.A26–.A28
Nature and cause of deviations and misstatements 530.12, 530.A21–.A23
Performing audit procedures 530.09–.11, 530.A18–.20
Projecting the results 530.13, 530.A24–.A25
Questioned costs 935.11, 935.33, 935.A33, 935.A44
Sample design, size, and selection of items for testing 530.06–.08, 530.A7–.17
AUDIT STRATEGY
Characteristics of the engagement 300.A27
Establishing the overall strategy 300.A27
Nature of communications 300.A27
Reporting objectives 300.A27
Timing of the audit 300.A27
AUDIT TESTS
Information provided to specialist 9620.09–.17

Use of findings of specialists 9620.11–.12
AUDITING ACCOUNTING ESTIMATES
Communication with those charged with governance, management, or other relevant parties 540.37, 540.A146–.A147, 540.A153

ILLUSTRATIONS
A report in which the auditor of the group financial statements is making reference to the audit of the financial statements of a component prepared using a different financial reporting framework than that used for the group financial statements and performed by a component auditor in accordance with GAAS 600A.A97
A report in which the auditor of the group financial statements is making reference to the audit of the financial statements of a component prepared using the same financial reporting framework as that used for the group financial statements and performed by a component auditor in accordance with auditing standards other than GAAS 600A.A97
A report in which the auditor of the group financial statements is making reference to the audit of the financial statements of a component prepared using the same financial reporting framework as that used for the group financial statements and performed by a component auditor in accordance with generally accepted auditing standards 600A.A97
A report on compliance with aspects of contractual agreements given in a combined report, and no instances of noncompliance were identified 806.A8
A report on compliance with aspects of contractual agreements provided in a separate report when instances of noncompliance are identified 806.A8
A report on compliance with aspects of contractual agreements provided in a separate report when no instances of noncompliance are identified 806.A8
A report on compliance with aspects of contractual agreements provided in a separate report when instances of noncompliance are identified, and a waiver has been obtained 806.A8
A report on compliance with aspects of contractual agreements provided in a separate report when instances of noncompliance are identified, and the auditor has disclaimed an opinion on the financial statements 806.A8
A report with a qualified opinion when the group engagement team is not able to obtain sufficient appropriate audit evidence on which to base the group audit opinion 600A.A97
A separate report when the auditor is disclaiming an opinion on the financial statements 725.A17
A separate report when the auditor is issuing an adverse opinion on the financial statements 725.A17
A separate report when the auditor is issuing a qualified opinion on the financial statements and a qualified opinion on the supplementary information 725.A17
A separate report when the auditor is issuing an unmodified opinion on the financial statements and an unmodified opinion on the supplementary information 725.A17
Adverse opinion on ICFR 940.A156

All required supplementary information omitted 730.A3
Alternate wording of the letter for companies that are permitted to present interim earnings data for a 12-month period 920.A93-18
Alternate wording when auditors are aware of a decrease in a specified financial statement item 920.A93-17
Alternate wording when auditor's report on audited financial statements contains an emphasis-of-matter paragraph 920.A93-12
Alternate wording when more than one auditor is involved 920.A93-14
Alternate wording when recent earnings data are presented in capsule form 920.A93-16
Alternate wording when reference to examination of annual management's discussion and analysis and review of interim management's discussion and analysis is made 920.A93-21
Alternate wording when the procedures that the requesting party has requested the auditor to perform on interim financial information are less than a review in accordance with generally accepted auditing standards applicable to reviews of interim financial information 920.A93-19
Alternate wording when the sec has agreed to a departure from its accounting requirements 920.A93-15
An auditor's report containing an adverse opinion due to a material misstatement of the financial statements 705.A32
An auditor's report containing a disclaimer of opinion due to the auditor's inability to obtain sufficient appropriate audit evidence about multiple elements of the financial statements 705.A32
An auditor's report containing a disclaimer of opinion due to the auditor's inability to obtain sufficient appropriate audit evidence about a single element of the financial statements 705.A32
An auditor's report containing a qualified opinion due to a material misstatement of the financial statements 705.A32
An auditor's report containing a qualified opinion for inadequate disclosure 705.A32
An auditor's report containing a qualified opinion due to the auditor's inability to obtain sufficient appropriate audit evidence 705.A32
An auditor’s report containing an unmodified opinion and includes a going concern section when management is required under the applicable financial reporting framework to include a statement in the notes to the financial statements that conditions or events have been identified and substantial doubt exists and disclosure in the financial statements is adequate 570.A65
An auditor’s report containing an unmodified opinion and includes an emphasis-of-matter paragraph because substantial doubt has been alleviated 570.A65
An auditor's report in which the auditor is expressing an unmodified opinion in the current year and a disclaimer of opinion on the prior-year statements of income, changes in stockholders’ equity, and cash flows 705.A32
An auditor's report in which the auditor is expressing an unmodified opinion in the prior year and a modified opinion (qualified opinion) in the current year 705.A32
An auditor's report on a complete set of financial statements prepared in accordance with a contractual basis of accounting 800.A35

An auditor's report on a complete set of financial statements prepared in accordance with a regulatory basis of accounting (the financial statements together with the auditor's report are intended for general use) 800.A35
An auditor's report on a complete set of financial statements prepared in accordance with a regulatory basis of accounting (the financial statements together with the auditor's report are not intended for general use) 800.A35
An auditor's report on a complete set of financial statements prepared in accordance with the cash basis of accounting 800.A35
An auditor's report on a complete set of financial statements prepared in accordance with the tax basis of accounting 800.A35
An auditor's report on a single financial statement prepared in accordance with a general purpose framework 800.A35
An auditor's report on a single financial statement prepared in accordance with a special purpose framework 800.A35
An auditor's report on a specific element, account, or item of a financial statement prepared in accordance with a general purpose framework 805.A25
An auditor's report on a specific element, account, or item of a financial statement prepared in accordance with a special purpose framework 805.A25
An auditor's report on an incomplete presentation but one that is otherwise in accordance with generally accepted accounting principles 805.A25
An auditor’s report on comparative financial statements prepared in accordance with accounting principles generally accepted in the United States of America 700.A81
An auditor’s report on comparative financial statements prepared in accordance with accounting principles generally accepted in the United States of America, including communication of key audit matters 700.A81
An auditor’s report on comparative financial statements prepared in accordance with accounting principles generally accepted in the United States of America when the audit has been conducted by a registered firm in accordance with both auditing standards generally accepted in the United States of America and the auditing and professional practice standards of the Public Company Accounting Oversight Board 700.A81
An auditor’s report on comparative financial statements prepared in accordance with accounting principles generally accepted in the United States of America when the audit has been conducted by a nonregistered firm in accordance with both auditing standards generally accepted in the United States of America and the auditing standards of the Public Company Accounting Oversight Board 700.A81
An auditor’s report on comparative financial statements prepared in accordance with accounting principles generally accepted in the United States of America when the audit has been conducted in accordance with both auditing standards generally accepted in the United States of America and international standards on auditing 700.A81
An auditor’s report on financial statements for a single year prepared in accordance with accounting principles generally accepted in the United States of America 700.A81
An auditor’s report on financial statements for a single year prepared in accordance with accounting principles generally accepted in the United States of America when comparative summarized financial information derived from audited financial statements for the prior year is presented 700.A81
An auditor’s report on financial statements for a single year prepared in accordance with accounting principles generally accepted in the United States of America

when comparative summarized financial information derived from unaudited financial statements for the prior year is presented 700.A81
An auditor's report on supplementary information 9725.03–.04
An auditor's report with an emphasis-of-matter paragraph because there is uncertainty relating to a pending unusually important litigation matter 706.A17
An auditor's report with an other-matter paragraph that may be appropriate when an auditor issues an updated report on the financial statements of a prior period that contains an opinion different from the opinion previously expressed 706.A17
An auditor's report with a qualified opinion due to a material misstatement of the financial statements and an emphasis-of-matter paragraph because there is uncertainty relating to a pending unusually important litigation matter 706.A17
An Auditor’s Report That Includes a Key Audit Matters Section, an Emphasis-of-Matter Paragraph, and an Other-Matter Paragraph 706.A17
An other-matter paragraph when the auditor is disclaiming an opinion on the financial statements 725.A17
An other-matter paragraph when the auditor is issuing an adverse opinion on the financial statements 725.A17
An other-matter paragraph when the auditor is issuing a qualified opinion on the financial statements and a qualified opinion on the supplementary information 725.A17
An other-matter paragraph when the auditor is issuing an unmodified opinion on the financial statements and an unmodified opinion on the supplementary information 725.A17
An adverse opinion is expressed on the audited financial statements (as a result of the adverse opinion on the audited financial statements, it is inappropriate to express, and the auditor does not express, an opinion on the summary financial statements) 810.A22
An adverse opinion is expressed on the summary financial statements because they are not consistent, in all material respects, with the audited financial statements, in accordance with the applied criteria 810.A22
An unmodified opinion is expressed on the summary financial statements and a qualified opinion is expressed on the audited financial statements 810.A22
An unmodified opinion is expressed on the summary financial statements (the auditor's report on the summary financial statements is dated later than the date of the auditor's report on the financial statements from which the summary financial statements are derived) 810.A22
Auditor's consideration of the internal audit function in an audit of financial statements 610.A4
Auditor’s reports on group financial statements 600.A227
Auditor's written communication 265.A39
Combined report expressing an unmodified opinion on ICFR and an unmodified opinion on the financial statements 940.A156
Combined report on compliance with applicable requirements and internal control over compliance 935.A46
Comments on a financial forecast 920.A93-9
Comments on pro forma financial information 920.A93-7
Comments on tables, statistics, and other financial information—complete description of procedures and findings 920.A93-10

Comments on tables, statistics, and other financial information: descriptions of procedures and findings regarding tables, statistics, and other financial information—attached securities offering (or selected pages) identifies items to which procedures were applied through the use of designated symbols 920.A93-12
Comments on tables, statistics, and other financial information—summarized description of procedures and findings regarding tables, statistics, and other financial information 920.A93-11
Component auditor's confirmation letter 600A.A95
Detailed representation letter for a review of interim financial information 930.A74
Disclaimer of opinion on ICFR 940.A156
Emphasis-of-matter paragraph when a going concern emphasis-of-matter paragraph was included in the prior year's audit report, and conditions giving rise to the emphasis-of-matter paragraph continue to exist 930.A76
Emphasis-of-matter paragraph when a going concern emphasis-of-matter paragraph was not included in the prior year's audit report, and conditions or events exist as of the interim reporting date covered by the review that might be indicative of the entity's possible inability to continue as a going concern 930.A76
Experts section in a registration statement filed under the Securities Act of 1933 925.A15
Illustration of report with disclaimer of opinion on results of operations and cash flows and unmodified opinion on financial position 510.A20
Illustrative audit inquiry letter to legal counsel 501.A89
